RECORDS OF TOWN MEETINGS

SPECIAL TOWN MEETING

January 7, 1954

On a warrant duly issued by the Selectmen under the date of December 23, 1953, and signed by Alonzo F. Swift, Jr., Daniel E. Callahan, Jr., Walter J. Dempsey, and Harry B. Butters, Selectmen of Norwood, the meeting was called to order by the Moderator, Francis C. Foley. The proper service of this warrant was duly attested by James E. Quinn, Constable of Norwood.

All the requirements of the statutes and by-laws relating to the calling of the town meeting were complied with. The warrant calling the meeting was read by Town Clerk and Accountant, Walter A. Blasenak. The articles contained in the warrant, and the action thereunder being as follows:

ARTICLE 1. To hear and act upon the report of the committee appointed by the Moderator pursuant to action under Article 1 of the Special Town Meeting of April 16, 1953 to obtain plans and estimates for an addition to the Callahan School.

Voted: That the report of the Committee be accepted as a report of progress. (Said report was a verbal report.)

ARTICLE 2. To see if the Town will vote to amend the existing Zoning By-Law by altering the district boundaries established under Section 17 of said By-Law with respect to a certain portion of existing Single Residence District and to establish same as Single Residence 1 with respect to the following area, namely:

Beginning at a point on the easterly sideline of Neponset Street, said point being the intersection of the southerly sideline of Meadow Street and the westerly sideline of Neponset Street and said point being N 23° 27' W and 97.51 feet distant from a stone bound on the easterly sideline of Neponset Street; thence running S 23° 27' E a distance of 1206.61 feet along the westerly sideline of Neponset Street to the beginning of a curve of radius 975 feet; thence running southeasterly along said curve, which is the easterly sideline of Neponset Street, 116.04 feet to a point; thence running S 30° 19' E a distance of 348.45 feet along the easterly sideline of Neponset Street to a point, thence running S 33° 07' E a distance of 362.82 feet along the easterly sideline of Neponset Street to a point; thence turning and running S 38° 27' E a distance of 445.66 feet along the easterly sideline of Neponset Street to the beginning of a curve of radius 825 feet; thence running southeasterly along said curve, which is the easterly sideline of Neponset Street a distance of 401.49 feet to a point; thence running S 10° 34' E a distance of 159.65 feet along the easterly sideline of Neponset Street to the beginning of a curve of radius 575 feet; thence running southeasterly along said curve which is the easterly sideline of Neponset Street a distance of 404.60 feet to a point; thence running S 50° 53' E a distance of 78.20 feet along the easterly sideline of Neponset Street

to the beginning of a curve of radius 1025 feet, thence running southeasterly along said curve which is the easterly sideline of Neponset Street a distance of 118.07 feet to a point; thence running S 44° 17' E a distance of 486.30 feet along the easterly sideline of Neponset Street to the beginning of a curve of radius 775. feet; thence running southeasterly along said curve which is the easterly sideline of Neponset Street a distance of 153.75 feet to a point, thence running S 32° 55' E a distance of 32.0 feet along the easterly sideline of Neponset Street to a point in the center line of the Neponset River, thence turning and running in a generally northerly direction, in an irregular line, along the center line of the Neponset River which is part of the boundary line between the Town of Canton and the Town of Norwood a distance of 1530 feet more or less to a point, thence turning and running in a northwesterly direction along a curve of radius 2025 feet a distance of 40 feet more or less to a point; thence turning and running N 10° 34' W a distance of 6.04 feet to the beginning of a curve of radius 1825 feet; thence running northwesterly along said curve a distance of 888.15 feet to a point; thence turning and running N 38° 27' W a distance of 399.09 feet to a point, thence turning and running N 33° 07' W a distance of 291.80 feet to a point; thence turning and running N 30° 19' W a distance of 322.51 feet to a point; thence turning and running N 23° 27' W a distance of 728.25 feet to a point; thence turning and running S 66° 33' W a distance of 492.94 feet to a point in the southerly sideline of Meadow Street, thence turning and running N 80° 23' 50" W a distance of 187.85 feet along the southerly sideline of Meadow Street to the beginning of a curve of radius 440 feet, thence turning and running northwesterly along said curve which is the southerly sideline of Meadow Street a distance of 120.87 feet to a point; thence running N 64° 39' 30" W a distance of 393.11 feet along the southerly sideline of Meadow Street to the point of beginning and establishing the same as Single Residence 1, as shown on plan on file with the Town Clerk.

Voted: To so amend.

ARTICLE 2. To see if the Town will vote to raise and appropriate a sum of money for the purpose of constructing and originally equipping and furnishing an addition to the Callahan School building; determine whether the money shall be provided for by appropriation from available funds in the treasury including the Post-War Rehabilitation Fund and/or the Sale of Real Estate Fund, by taxation, or by borrowing under the authority of chapter 44 of the General Laws and chapter 645 of the Acts of 1948 as amended by chapter 528 of the Acts of 1950; appoint a committee to expend said sum of money for said purposes or take any action in relation thereto.

Voted: The sum of \$144,000.00 be raised and appropriated for the purpose of constructing an addition to the Callahan School Building and for originally equipping and furnishing said addition, and to meet said appropriation, the sum of \$34,000.00 be raised in the tax levy of the current year and that the Treasurer, with approval of the Selectmen, be and hereby is authorized to borrow the sum of \$110,000.00 under authority of Chapter 44 of the General Laws and to issue bonds or notes of the town therefor, payable in accordance with the provisions of Chapter 44 of the General Laws so that the whole loan shall be paid in not

more than ten years from the date of issue of the first bond or note and that the Moderator appoint a committee to expend said sum of money for said purpose.

ARTICLE 3. To see if the Town will vote a resolution requesting the Receiver in Bankruptcy or the Referee in Bankruptcy of Westover Corporation to extend the time for the Norwood Civic Association to complete plans for the purchase of Westover properties.

Voted: That the Receiver in Bankruptcy or the Referee in Bankruptcy of Westover Corporation extend the time for the Norwood Civic Association to complete plans for the purchase of the Westover Corporation properties and that the Chairman of the Board of Selectmen, the Chairman of the Finance Commission and the Chairman of the Planning Board present said resolutions.

Voted: That this meeting be dissolved.

Attest: WALTER A. BLASENAK

Town Clerk and Accountant

ANNUAL TOWN MEETING

Monday, January 18, 1954, adjourned to March 25, 1954

On a warrant duly issued by the Selectmen under the date of January 4, 1954, and signed by Charles L. Rich, Daniel E. Callahan, Jr., Walter J. Dempsey, Harry B. Butters and Alonzo F. Swift, Jr., Selectmen of Norwood, the meeting was called to order by the Moderator, Francis C. Foley. The proper service of this warrant was duly attested by James E. Quinn, Constable of Norwood.

of the Board of Health, the results of said recount were as follows:

Roy T. Lydon	2,032
John P. Dixon	1,982
Blanks	410

Attest: WALTER A. BLASENAK
 Town Clerk and Accountant

SPECIAL TOWN MEETING

March 25, 1954

On a warrant duly issued by the Selectmen under the date of March 16,
1954 and signed by Harry B. Butters, Walter J. Dempsey, Daniel E. Callahan,
Jr., Charles L. Rich and Alouzo F. Swift, Jr., Selectmen of Norwood, the
meeting was called to order by the Moderator, Francis C. Foley. The proper
service of this warrant was duly attested by James E. Quinn, Constable of
Norwood.

All the requirements of the statutes and by-laws relating to the calling
of the town meeting were complied with. The warrant calling the meeting
was read by Town Clerk and Accountant, Walter A. Blasenak. The articles
contained in the warrant, and the action thereunder being as follows:

ARTICLE 1. To see if the Town will vote to amend the existing Zoning
By-Law by altering the district boundaries established under Section 17 of
said By-Laws with respect to a certain portion of the existing Trunk Highway
"A" District and to establish same as Trunk Highway "B" District with respect
to the following area:

Beginning at a point on the westerly sideline of the Boston Providence Turnpike, said point being 300 feet northerly of the point of intersection of the northerly sideline of Sumner Street and said westerly sideline of the Boston Providence Turnpike, thence running N 15° 27' 20" E, a distance of 1239 feet along said westerly sideline of the Boston Providence Turnpike to a point thence running northerly and northeasterly a distance of 964 feet along said westerly sideline of the Boston Providence Turnpike on a curve of a radius 5040.00 feet to a point, thence turning and running N 76° 02' 10" W a distance of 150.23 feet to a point, thence turning and running southwesterly and southerly a distance of 948 feet along a curve of radius 5190.00 feet, to a point, thence turning and running S 74° 32' 40" E a distance of 150 feet to the point of beginning said area bounded northerly and southerly by present Trunk Highway "B" District, by withdrawing the area from Trunk Highway "A" and establishing the same as Trunk Highway "B", as shown on plan on file with the Town Clerk.

Voted: To so amend.

ARTICLE 2. To see if the Town will vote to amend the existing Zoning By-Law by altering the district boundaries established under Section 17 of said By-Law with respect to a certain portion of existing Single Residence 1 with respect to the following area, namely:

Beginning at a point on the easterly sideline of Neponset Street, said point being the intersection of the southerly sideline of Meadow Street and the easterly sideline of Neponset Street and said point being N 23° 27' W and 97.51 feet distant from a stone bound on the easterly sideline of Neponset Street; thence running S 23° 27' E a distance of 1206.61 feet along the easterly sideline of Neponset Street to the beginning of a curve of radius 975 feet; thence running southeasterly along said curve which is the easterly sideline of Neponset Street, 116.04 feet to a point; thence running S 30° 19' E a distance of 348.45 feet along the easterly sideline of Neponset Street to a point, thence running S 33° 07' E a distance of 362.82 feet along the easterly sideline of Neponset Street to a point, thence turning and running S 38° 27' E a distance of 445.66 feet along the easterly sideline of Neponset Street to the beginning of a curve of radius 825 feet; thence running southeasterly along said curve, which is the easterly sideline of Neponset Street a distance of 401.49 feet to a point; thence running S 10° 34' E a distance of 159.65 feet along the easterly sideline of Neponset Street to the beginning of a curve of radius 575 feet; thence running southeasterly along said curve which is the easterly sideline of Neponset Street a distance of 404.60 feet to a point; thence running S 50° 53' E a distance of 78.20 feet along the easterly sideline of Neponset Street to the beginning of a curve of radius 1025 feet, thence running southeasterly along said curve which is the easterly sideline of Neponset Street a distance of 118.07 feet to a point; thence running S 44° 17' E a distance of 486.30 feet along the easterly sideline of Neponset Street to the beginning of a curve of radius 775. feet; thence running southeasterly along said curve which is the easterly sideline of Neponset Street a distance of 153.75 feet to a point, thence running S 32° 55' E a distance of 32.0 feet along the easterly sideline of Neponset Street to a point in the center line of the Neponset River, thence turning

and running in a generally northerly direction, in an irregular line, along the center line of the Neponset River which is part of the boundary line between the Town of Canton and the Town of Norwood a distance of 1530 feet more or less to a point, thence turning and running in a northwesterly direction along a curve of radius 2025 feet a distance of 40 feet more or less to a point; thence turning and running N 10° 34' W a distance of 6.04 feet to the beginning of a curve of radius 1825 feet; thence running northwesterly along said curve a distance of 888.15 feet to a point; thence turning and running N 38° 27' W a distance of 399.09 feet to a point; thence turning and running N 33° 07' W a distance of 291.80 feet to a point; thence turning and running N 30° 19' W a distance of 322.51 feet to a point; thence turning and running N 23° 27' W a distance of 728.25 feet to a point; thence turning and running S 66° 33' W a distance of 492.94 feet to a point in the southerly sideline of Meadow Street, thence turning and running N 80° 23' 50" W a distance of 187.35 feet along the southerly sideline of Meadow Street to the beginning of a curve of radius 440 feet, thence turning and running northwesterly along said curve which is the southerly sideline of Meadow Street a distance of 120.87 feet to a point; thence running N 64° 39' 30" W a distance of 393.11 feet along the southerly sideline of Meadow Street to the point of beginning and establishing the same as Single Residence 1, as shown on plan on file with the Town Clerk.

Voted: That action under Articles 2, 3 and 4 be taken up and acted upon together.

ARTICLE 3. To see if the Town will vote to amend the existing Zoning By-Law by altering the district boundaries established under Section 17 of said By-Law with respect to a certain portion of existing General Residence District and to establish same as Single Residence 1 with respect to the following area, namely:

Beginning at a point in the southerly sideline of Prescott Road, said point being S 64° 27' 40" W a distance of 1000.66 feet from the westerly sideline of Neponset Street, thence running S 64° 27' 40" W a distance of 1000.66 feet in part along the southerly sideline of Prescott Road to a point, thence turning and running S 31° 02' 42" E a distance of 3245 feet more or less to a point in the center line of the Neponset River, which point is on the boundary line between the Town of Canton and the Town of Norwood, thence turning and running along the center line of the Neponset River in an irregular line and in a generally easterly direction a distance of 1900 feet more or less to a point; said center line of the Neponset River being part of the boundary line between the Town of Canton and the Town of Norwood, thence turning and running N 44° 17' W a distance of 260 feet more or less to a point; thence turning and running N 50° 53' W a distance of 76.76 feet to the beginning of a curve of radius 1625 feet; thence running northwesterly along said curve a distance of 1143.45 feet to a point; thence turning and running N 38° 27' W a distance of 445.76 feet to the beginning of a curve of radius 2025 feet; thence running northwesterly along said curve a distance of 287.46 feet to a point; thence running N 30° 19' W a distance of 517.60 feet to the beginning of a curve of radius 2025 feet; thence running N 23° 27' W a distance of 421.94

feet to the point of beginning, by withdrawing the area from General Residence to Single Residence 1 as shown on plan on file with the Town Clerk.

ARTICLE 4. To see if the Town will vote to amend the existing Zoning By-Law by altering the district boundaries established under Section 17 of said By-Law with respect to a certain portion of existing Single Residence District and to establish same as Single Residence 1, with respect to the following area, namely:

Beginning at a point on the westerly sideline of Neponset Street, said point being S 23° 27' E 1137.43 feet distant from a stone bound marking the beginning of the curve at the southwesterly corner of Neponset Street and Dean Street, thence running S 23° 27' E a distance of 458.41 feet along said westerly sideline of Neponset Street to the beginning of a curve of radius 1025 feet, thence running southeasterly along said curve which is the westerly sideline of Neponset Street a distance of 122.84 feet to a point; thence running S 30° 19' E a distance of 517.60 feet along the westerly sideline of Neponset Street to the beginning of a curve of radius 1025 feet; thence running southeasterly along said curve which is the westerly sideline of Neponset Street a distance of 145.50 feet to a point, thence running S 38° 27' E a distance of 501.62 feet along the westerly sideline of Neponset Street to the beginning of a curve of radius 775 feet; thence running southeasterly along said curve which is the westerly sideline of Neponset Street a distance of 377.16 feet to a point, thence running S 10° 34' E a distance of 159.65 feet along the westerly sideline of Neponset Street to the beginning of a curve of radius 625 feet; thence running southeasterly along said curve which is the westerly sideline of Neponset Street a distance of 439.79 feet to a point; thence running S 50° 53' E a distance of 78.20 feet along the westerly sideline of Neponset Street to the beginning of a curve of radius 975 feet, thence running southeasterly along said curve which is the westerly sideline of Neponset Street a distance of 112.31 feet to a point; thence running S 44° 17' E, a distance of 486.30 feet along the westerly sideline of Neponset Street to the beginning of a curve of radius 725 feet, thence running southeasterly along said curve which is the westerly sideline of Neponset Street a distance of 143.83 feet to a point; thence running S 32° 55' E a distance of 17.0 feet along the westerly sideline of Neponset Street to a point in the center line of the Neponset River, which point is on the boundary line between the Town of Canton and the Town of Norwood; thence turning and running along the center line of the Neponset River in an irregular line and in a generally westerly direction a distance of 1550 feet to a point, said center line of the Neponset River being part of the boundary line between the Town of Canton and the Town of Norwood, thence turning and running N 44° 17' W a distance of 260 feet more or less to a point; thence turning and running N 50° 53' W a distance of 76.76 feet to the beginning of a curve of radius 1625 feet, thence running northwesterly along said curve a distance of 1143.35 feet to a point; thence running N 10° 34' W a distance of 103.80 feet to a point; thence turning and running N 38° 27' W a distance of 445.76 feet to the beginning of a curve of radius 2025 feet; thence running northwesterly along said curve to distance of 287.46 feet to a point; thence running N 30° 19' W a distance of 517.60 feet to the beginning of a curve of radius 2025 feet; thence running northwesterly along

said curve 242.69 feet to a point; thence running N 23° 27' W a distance of 421.94 feet to a point in the southerly sideline of Prescott Road, thence turning and running N 64° 27' 40" E a distance of 1000.66 feet, in part along the southerly sideline of Prescott Road to the point of beginning and establishing the same as Single Residence 1, as shown on plan on file with the Town Clerk.

Voted: That action under Articles 2, 3 and 4 be postponed and taken up at the next special town meeting.

ARTICLE 5. To see if the Town will vote to authorize the Selectmen to purchase or take by eminent domain for protection of the town's water supply as approved by the Massachusetts Department of Health under General Laws Chapter 40, Section 41, certain parcels of land comprising a total area of approximately 18.83 acres as shown on a plan entitled "Town of Norwood, Mass., A. W. Thompson, Town Engineer" and raise and appropriate a sum of money for such purpose or take any other action in the matter.

Voted: To so authorize the Selectmen and further voted that the sum of \$1,450.00 be raised and appropriated by taxation.

ARTICLE 6. To see if the Town will vote to authorize the Board of Health to modify the terms of the existing garbage collection contract and raise and appropriate a sum of money to provide for additional payment under said contract or take any other action in the matter.

Voted: To so authorize the Board of Health and further voted by taxation, the sum of \$6,000.00.

ARTICLE 7. To see if the Town will vote to authorize the Selectmen to purchase or take by eminent domain for purposes of a town way a certain parcel of land on Roosevelt Avenue at Adams Street being the area marked "Not a Way" on plan entitled "Plan of Lots in President Park, Norwood, Mass." by George A. Smith Civil Engineer dated August 1909 and recorded with Norfolk Deeds, Plan Book 62, Plan 2978 and raise and appropriate a sum of money for such purpose, or take any other action in the matter.

Voted: Indefinite Postponement.

ARTICLE 8. To see if the Town will vote to authorize the Town Treasurer and Collector of Taxes in his capacity of Town Treasurer to sell at public auction or at private sale and convey by an appropriate deed to be executed in behalf of the Town the following described parcel of land owned by the Town and acquired through tax title, at a price less than the cost to the Town of acquiring such parcel, together with such sum or sums as will be the equivalent of the taxes that would have been thereafter assessed upon the same together with interest thereon, if the Town had not acquired title thereto; namely: A parcel of land containing approximately 4317 square feet, situated on Garfield Avenue and shown on the Assessors' Survey Plan, Map 4, Sheet 6, Lot 64.

Voted: That the Town Treasurer and Collector of Taxes in his capacity of Town Treasurer be authorized to sell at public auction or at private sale and convey by appropriate deed to be executed in behalf of the Town the following described parcel of land owned by the Town and acquired through tax title, at a price less than the cost to the Town of acquiring such parcel together with such sum or sums as will be the equivalent of the taxes that would have been thereafter assessed upon the same together with interest thereon, if the Town had not acquired title thereto: namely: A parcel of land containing approximately 4317 square feet, situated on Garfield Avenue and shown on the Assessors' Survey Plan, Map 4, Sheet 6, Lot 64.

ARTICLE 9. To see what sum of money the Town will vote to raise and appropriate for Christmas Decorations.

Voted: By taxation, the sum of \$2,500.00.

ARTICLE 10. To see what sum of money the Town will vote to raise and appropriate for the improvement of the parking areas in the rear of the Norwood Theatre and adjacent to the Memorial Municipal Building.

Voted: By taxation, the sum of \$2,500.00.

ARTICLE 11. To see what sum of money the Town will vote to transfer from the appropriation voted at the Special Town Meeting, April 16, 1953 for plans and estimates for an addition to the Callahan School to the appropriation for the construction of an addition to the Callahan School Building and originally equipping and furnishing said addition.

Voted: That the sum of \$4,500.00 be transferred from the appropriation voted at the Special Town Meeting, April 16, 1953 for plans and estimates for an addition to the Callahan School to the appropriation for the construction of an addition to the Callahan School Building and originally equipping and furnishing said addition.

ARTICLE 12. To see what sum of money the Town will vote to raise and appropriate for the purpose of repairing and improving the runway at the Norwood Municipal Airport.

Voted: By taxation, the sum of \$6,000.00.

ARTICLE 13. To see what sum of money the Town will vote to raise and appropriate for the expense of Fourth of July Celebration.

Voted: By taxation, the sum of \$500.00.

Voted: That this meeting be adjourned until April 1, 1954 at 7:30 P.M. Junior High School and Articles 2 to 26 be laid on the table and to be acted upon on April 1, 1954.

Voted: That this meeting be dissolved.

Attest: WALTER A. BLASENAK

Town Clerk and Accountant

ADJOURNED ANNUAL TOWN MEETING

January 18, 1954 to March 25, 1954

Adjourned to April 1, 1954

On a notice duly attested by the Town Clerk and Accountant, Walter A. Blasenak and dated March 29, 1954, the Adjourned Annual Town Meeting was called to order by the Moderator, Francis C. Foley. The proper service of this notice was duly attested by James E. Quinn, Constable of Norwood.

The articles in the warrant and the action thereunder is as follows:

ARTICLE 2. To hear and act on the reports of Town Officers and Committees:

Voted: That the 82nd Annual Report of the officials of the Town of Norwood be received and accepted as printed.

Voted: That the report of the Finance Commission and its recommendations with respect to appropriation estimates for the year 1954 be received and acted upon.

Johnson, thence southerly 240 feet by land of Domenic & Barbara E. Pungitore and Shaw Street, thence easterly 135 feet by land of Dante J. & Sarah Ciancarelli, Marie L. Billotta, Joseph M. & Caroline J. Ioannilli, Joseph N. Giampa, and Vita Denisi to Lenox Avenue, thence easterly 110.27 feet by Lenox Avenue, thence northerly 304 feet by land of Salvatore & Pauline Lamont, thence northwesterly 95 feet by land of the Town of Norwood, thence northerly 252 feet by land of the Town of Norwood, thence easterly 85 feet by land of the Town of Norwood, thence northerly 415 feet by lands of the Town of Norwood and Domenic R. Giampa to Cross Street, thence westerly 257 feet by the southerly line of Cross Street to the point of beginning and containing 4.9 acres more or less; to raise and appropriate a sum of money for such purpose; to determine whether the money shall be provided by appropriation from available funds in the treasury or otherwise; or take any other action in relation thereto.

Under ARTICLE 6, the following action was taken:

Voted: That the Selectmen be and hereby are authorized to acquire by purchase or take by eminent domain for school purposes the following described parcel of land: Beginning at a point in the southerly line of Cross Street . . . (as completely described in ARTICLE 6 above) . . . and containing 4.9 acres more or less; and be it further voted that the sum of \$4,300.00 be raised by taxation and appropriated for said purpose.

(On rising vote, voting Yes, 86; voting No, 1.)

ARTICLE 7. To see if the Town will vote to determine a site or sites for a new school building or school buildings; to appoint a committee to obtain plans and estimates for a suitable building or buildings on such site or sites as the town may determine; to raise and appropriate a sum of money for the use of said committee; to determine whether the money shall be provided by appropriation from available funds in the treasury or otherwise; or take any other action in relation thereto.

A motion was made and seconded to acquire for school purposes a tract of land known as the "Bolster piece" which is located in the area between Walpole Street, Fisher Street, Nichols Street, and the Ellis Pond. After considerable discussion the vote was taken and the motion failed to carry. Under ARTICLE 7, the following action was taken:

Voted: That the Moderator appoint a Committee of Nine, such Committee to consist of a member of the Board of Selectmen, a member of the Finance Commission, a member of the School Committee, a member of the Planning Board and five Town Meeting Members to make a survey with reference to the need and location of additional school buildings, such Committee to report with its recommendations to a Town Meeting to be held on or before April 16, 1953, and further voted, that the sum of \$500.00 be raised by taxation for the use of said Committee.

(On voice vote, declared unanimously carried.)

The following article appeared in the warrant for the Special Town Meeting of April 16, 1953:

ARTICLE 1. To hear and act upon the report of the committee appointed under ARTICLE 7 of the Special Town Meeting of January 29, 1953 to make a survey with reference to the need and location of additional school buildings and to see if the Town will vote to determine a site or sites for a new school building or school buildings; to appoint a committee to obtain plans and estimates for a suitable building or buildings on such site or sites as the town may determine; to raise and appropriate a sum of money for the use of said committee; to determine whether the money shall be provided by appropriation from available funds in the treasury or otherwise; or take any other action in relation thereto.

The Committee of Nine submitted the following report:

The Committee appointed by the Moderator pursuant to action taken under ARTICLE 7 of the Special Town Meeting held on January 29, 1953, herein submits its initial report:

The assignment to this Committee was "To make a survey with reference to the need and location of additional school buildings, and to report with its recommendations to a Town Meeting to be held on or before April 16, 1953."

Prior to arriving at its decisions, the Committee considered information and statistics presented by Monsignor Minihan and Father Carroll with respect to St. Catherine's Parochial School, and by Mr. Lynch, Superintendent of Schools, with respect to the Norwood Public Schools. The Committee also collected and considered information and statistics from outside sources. Statistics on births to Norwood residents since 1921 and Norwood population figures since 1920 were provided by the office of the Town Clerk and Accountant. The Building Inspector furnished statistics on building permits issued. The Town Engineer provided information on undeveloped areas in the Town.

Under the guidance of Mr. Lynch, Superintendent of Schools, the Committee visited and observed every room in every public school building in the Town.

Giving due weight to all factors, available statistics and forecasts, and based on the present educational set-up, the Committee makes the following recommendations:

1. That a four-room addition be constructed at the Callahan School, to be ready for occupancy at the opening of the school year in September, 1954; and that the Moderator appoint a Building Committee at this time to secure the services of an architect for the preparation of plans and estimates of costs.

2. That a six-room, three-story and basement addition be constructed at the Junior High School, to be ready for occupancy at the opening of the school year in September, 1955; and that the Moderator appoint a separate Building Committee at this time to secure the services of an architect for the preparation of plans and estimates of costs. The six rooms to be provided under this recommendation are to be used for elementary school purposes during the present heavy demand for elementary school facilities.

3. That it is the judgment of the Committee that the present capacity of the Junior High School will be adequate for Junior High School purposes exclusively until September, 1960.

4. That it is the judgment of the Committee that the present capacity of the Senior High School will be adequate for Senior High School purposes exclusively until September, 1958.

5. It is the opinion and recommendation of the Committee that another Committee be appointed by the Moderator in 1956 to make a report of conditions as they may then exist.

In connection with the desirability, advisability and necessity of acquiring additional sites for future school buildings, the Committee reports as follows:

1. The Committee has already met with Mr. Francis Willett with reference to the so-called Bolster parcel in the proximity of Fisher Street; and

2. Has visited and examined the so-called Hennessey parcel, off Pleasant Street; but

3. Has not had sufficient time to consider other sites or to arrive at any decision in connection therewith.

Your Committee therefore asks that it be authorized to continue its study with respect to this feature and report back at a later Town Meeting. With this in mind the Committee requests that this be considered an interim report or report of progress.

Mr. Kiley wishes it noted that in signing this report he has in no way changed his opinion with regard to the decision reached by the School Committee.

Respectfully submitted,

WILLIAM C. KENDRICK, *Chairman*
JAMES J. HAWLEY, *Secretary*
JAMES J. DRUMMEY
WALTER J. GOTOVICH
HARRY F. HOWARD
JOHN F. KILEY, JR.
CHARLES L. RICH
JOSEPH E. RILEY
ROBERT W. WILLIAMSON

Under ARTICLE 1, the following action was taken:

Voted: That a committee of seven be appointed by the Moderator to obtain plans and estimates for an addition to the Callahan School and that the sum of Fourteen Thousand (\$14,000) Dollars be raised by taxation and appropriated for the use of said committee in engaging the services of an architect in connection therewith.

(On voice vote, declared unanimously carried.)

Voted: That a committee of seven be appointed by the Moderator to obtain plans and estimates for an addition to the Junior High School and that the sum of Eighteen Thousand (\$18,000) Dollars be raised by taxation and appropriated for use of the committee in engaging the services of an architect in connection therewith.

(On voice vote, declared unanimously carried.)

Voted: That the committee appointed under ARTICLE 7 of the warrant for the special town meeting held January 29, 1953 in connection with a survey as to the need and location of additional school buildings be authorized to continue its study and report to a later town meeting.

(On voice vote, declared unanimously carried.)

Meetings

The Committee of Nine met on the following dates:

February 8, 15, 22, 27.

March 4, 8, 11, 19, 25.

April 1, 5, 10.

In addition to the above meetings of the full committee, a number of meetings were held by sub-committees of the committee and many of the members were assigned projects and interviews which later were reported to and made part of the records of the full committee.

PRESENTATION FROM THE SCHOOL DEPARTMENT**BY LINCOLN D. LYNCH**

February 16, 1953

Proposal

Herewith is an outlined presentation, prepared in response to a request by the Members of the Committee of Nine, recently appointed by the Moderator, for the purpose of determining the location of new school housing facilities.

As I understand this request, it is to present such facts and considerations as were weighed by the School Committee in its decision to recommend the erection of a school house in that section of the Westover area lying between Walpole and Nichols Street and between Fisher Street and Ellis Pond.

PART I**Basic Assumptions**

The following statements as related to school locations and to growth of school enrollments are based upon the assumptions that:

A. The Neponset Valley will not be drained in the foreseeable future,

B. Norwood will be affected by the outward population growth of the Metropolitan area,

C. Norwood's zoning regulations and community policy concerning betterment costs with respect to real estate development will be modified in such manner as to encourage growth,

D. An economical elementary school housing facility should be planned to have, ultimately, at least 13 classrooms, as well as other features designed to offer a complete school service, e. g. assembly hall, office, etc.,

1. small schools may be justified in housing very small children in neighborhoods made small by barriers which may isolate the neighborhood, e. g. town boundaries, main routes, etc.,
2. portable housing and/or transportation may be necessary to meet temporary enrollment demands.

PART II

Areas

A. Neponset (Plains),

1. Area will develop slowly, comparatively,
 - a. guessing—approximately 25 houses per year.
 - b. a few owners control most of the available building areas,
 - c. location has less appeal for many.
 1. distance from school, church, and shopping centers,
 2. isolated (so-to-speak) by, Route #1 and Neponset lowlands,
 3. small area has no potential for self-containment — churches, schools, shopping centers, etc.
2. Area will need school housing facilities,
 - a. When enrollments are high enough to require housing (school) because of excessive transportation costs, and
 - b. when there is, or will be, enough enrollment potential to justify a building which will provide a complete and economical school service.
3. Area should be provided a school-housing service planned for peak and low enrollment periods,
 - a. portable housing supplement is one answer, transportation another,
4. until housing is required, children in this area will be a “floating” group, transported to available housing.

B. Ellis Gardens,

1. separated from Forbes estate by railroad and Upland Road,
2. may be brought closer for foot travel to Callahan School by road construction,
 - a. in 1952—85 of 123 children are being transported to Callahan School (residence more than 1 1/4 miles by travelled, plowed roads),
3. is now, and has been isolated by Town Bounds, Upland Road, Route #1, and lowlands—and could be further isolated by a east-west (major) highway,
4. appears to have nearly reached maximum housing development,
5. location has less appeal for many for reasons similar to those given for Neponset (see Part II, Sec. A-1-c, 1, 2, 3),
6. small school housing may be justified (see Part I, Sec. D, 1, 2).

C. Union and Summer Streets,

1. enrollment potential in foreseeable future is not enough to cause concern..

D. Forbes Estate.

1. close to Shattuck district.
2. future plans for its development are not known.

E. Holmwood-Wilson Streets,

1. location has appeal for many for reasons similar to those given for Neponset and Ellis Garden Areas (see Part II, Sec. A-1-c, 1, 2, 3),
2. location of a nearby Playground on Wilson Street is a factor,
 - a. small school on adjacent land may sometime be justified. Problem is in some respects similar to that of Ellis Gardens (see Part I, Sec. D, 1, 2),
3. contiguous to Westover area—taken together—a growth potential of considerable size,
4. it is distant from Winslow School, but, if space is made available, pupils could be transported from outer limits,
5. accessible school in Westover is a solution.

F. Westover,

1. considered with Holmwood, has a very considerable growth potential—room for at least 1,000 large house lots,
2. lies between two school neighborhoods—Shattuck and Winslow—both filled to capacity,
3. no area is yet set aside for school site—to service this area,
4. if and when fully developed, it will require elementary and Junior High School services. Proximity to Senior High School makes it somewhat more desirable, for many, as a residence area.

G. Cleveland Park (Lenox Ave.),

1. bounded—northerly by Nahatan Street—southerly by Dean Street—easterly by Route #1—westerly by railroad tracks,
 - a. less restrictive zoning regulations, announced plans of builders—lead to belief that it will be nearly fully developed in near future,
 - b. centrality of neighborhood suggests availability to relieve enrollment pressures from several neighborhoods on its periphery.

PART III**Enrollments 1952-53****A. Callahan School,**

1. fastest growing—crowded beyond capacity now,
2. relief may be effected by,
 - a. addition,
 - b. withdrawal of enrollees from Ellis Gardens,
 - c. new schoolhouse construction in Cleveland Park-Lenox Avenue Area (or elsewhere).

B. Balch School,

1. large enough to meet needs of its neighborhood, as well as (temporarily), a large group of children transported from Neponset Plain area,

2. can accommodate (temporarily) some Cleveland Park residents,
3. if relief is needed it can be provided by,
 - a. schoolhouse in Cleveland Park Area,
 - b. schoolhouse in Neponset Area,
 - c. schoolhouse in Westover—freeing space in Winslow School (1/3 mile from Balch) for some Balch enrollees.
- C. Winslow School—filled to capacity—now,
 1. additions—impractical.
- D. Shattuck School—same as Winslow.
- E. West School—same as Shattuck and Winslow.

PART IV

Practical Alternatives

- A. Build School in Cleveland Park-Lenox Avenue Area,
 1. the school will be midway between Balch and Callahan Schools,
 2. it will relieve Callahan enrollment pressure by housing children who live between Nahatan and Dean Streets and West of Route #1,
 3. it will free space in Balch for growing Neponset Plain, Union Street groups as well as for growth in Balch neighborhood,
 4. it will free more space in Junior High School building for surpluses from Winslow & Shattuck districts (until the Junior High School is filled with 7th, 8th, and 9th grade enrollees). Later, surplus enrollees from the eastern edges of the Winslow and Shattuck districts may attend by way of approaches at the Plimpton Press and Nahatan Street Bridges,
 5. it will place a schoolhouse where the children live, and in the center of an area which will probably provide enrollees, numerous enough to fill it.
- B. Build School in Westover Area,
 1. the school will be between Shattuck and Winslow, relieving enrollment pressures on both,
 2. it will free space in Junior High School for future needs of grades 7, 8, and 9,
 3. it will accommodate children from Ellis Gardens section, most of whom are now transported to Callahan, thus relieving Callahan (temporarily) of enrollment pressures,
 4. it will place a school house near the center of Norwood's largest potential residential area, Holmwood-Wilson Street-Westover.

- C. Add to Callahan School,
 - 1. while providing seating capacity for surplus enrollments, it will,
 - a. house children from other districts at unnecessary transportation expenses,
 - b. not provide school facilities where they are needed—near the homes of children who attend,
 - c. or could be, if an east-west super-highway were built nearby, on the edge of a district.

PART V

Conclusion

- A. For purposes of calculation, it may be assumed that there are, in each of the areas—Ellis Gardens—Neponset—Cleveland Park—and Winslow-Shattuck, 120 pupils who are or may be affected by whatever decision is made in the matter of new school location,
- B. while there is overcrowding of elementary schools in each of 3 of the 4 school districts, there is not enough surplus in any one district to fill a seven room school. Expedients must be planned for, principally by transportation of “floating” (so-called) groups.

LINCOLN D. LYNCH

Voted: That the Supplementary and Concluding Report of the Committee of Nine be accepted, and that the reports be printed in their entirety in the Town Report for the year 1954:

Supplementary and Concluding

REPORT OF THE COMMITTEE OF NINE

To make a survey with reference to the need and location of additional school buildings.

At the Town Meeting of April 16, 1953 this committee reported in part as follows:

“In connection with the desirability, advisability and necessity of acquiring additional sites for future school buildings, the Committee . . . has not had sufficient time . . . to arrive at any decision in connection therewith.”

At the Town Meeting of April 16, 1953 it was on voice vote declared unanimously

Voted: That the Committee appointed under ARTICLE 7 of the Warrant for the special town meeting held January 29, 1953 in connection with a survey as to the need and location of additional school buildings be authorized to continue its study and report to a later town meeting.

Since April 16, 1953, your Committee has held 15 meetings. All relevant facts, information and opinions have been given thorough consideration. Your Committee has had the cooperation of the School Committee and the Planning Board. It is your Committee's recommendation that the town acquire by purchase or take by eminent domain for school purposes the parcels of land described below:

Parcel 1. Land of Abraham Shagoury lying westerly of Walpole Street and bounded northeasterly by land now or formerly of Abraham Shagoury, southeasterly by Walpole Street and land now or formerly of Davis, Kallgren and Shagoury, southwesterly by a proposed parkway running between Walpole Street and Nichols Street, southwesterly also by land now or formerly of Housing Securities Corporation and northwesterly by Nichols Street, containing 11.2 acres more or less.

Parcel 2. Land now or formerly of Housing Securities Corporation lying westerly of Walpole Street and bounded northeasterly by land of Shagoury, southeasterly and southwesterly by a proposed parkway running between Walpole Street and Nichols Street and land of Housing Securities Corporation and northwesterly by Nichols Street, containing 7.9 acres more or less.

all as shown on a plan entitled “Proposed School Site Between Walpole Street and Nichols Street” by A. W. Thompson, Town Engineer—dated March 12, 1954.

The present owner of record of Parcel 1 has given the Town an option (expiring December 31, 1954) to purchase said parcel containing 11.12 acres (more or less) for \$1500.00 per acre.

Your Committee has not been able to obtain a definite comitment or offer on Parcel 2, but feels it is reasonable to assume that the Town could acquire Parcel 2 containing 7.9 acres (more or less) by purchase or take by eminent domain at a cost not exceeding \$1500.00 per acre.

Your Committee recommends that its reports in their entirety be included in the Town Report for the year 1954.

Respectfully submitted,

WILLIAM C. KENDRICK, Chairman
JAMES J. HAWLEY, Secretary
JAMES J. DRUMMEY
WALTER J. GOTOVICH
HARRY F. HOWARD
JOHN F. KILEY, JR.
CHARLES L. RICH
JOSEPH E. RILEY
ROBERT W. WILLIAMSON

ARTICLE 8. To see if the Town will vote to authorize the Selectmen to acquire by purchase or take by eminent domain for school purposes the following described parcels of land.

Parcel 1. A parcel of land lying westerly of Walpole Street and bounded northeasterly by land of Shagoury; southeasterly and southwesterly by a proposed parkway running between Walpole Street and Nichols Street and land of Housing Securities Corporation; and northwesterly by Nichols Street, containing 7.9 acres more or less;

Parcel No. 2. A parcel of land lying westerly of Walpole Street and bounded northeasterly by land of Shagoury; southeasterly by Walpole Street and land of Davis. Kallgren and Shagoury; southwesterly by a proposed parkway running between Walpole Street and Nichols Street and land of Housing Securities Corporation; and northwesterly by Nichols Street, containing 11.2 acres more or less; both parcels being shown on plan by A. W. Thompson, Town Engineer, dated March 12, 1954;

to raise and appropriate a sum of money for such purposes; to determine whether the money shall be provided by appropriation from available funds in the treasury or otherwise, or take any other action in relation thereto.

Voted: To so authorize the Selectmen and that the sum of \$29,000. be appropriated for said purpose of which the sum of \$9,150.14 be transferred from Sale of Real Estate Fund and the sum of \$19,849.86 be transferred from Surplus Revenue.

ARTICLE 4. To hear and act upon the report of the committee appointed under Article 1 of the special town meeting of April 16, 1953 to secure the services of an architect for the preparation of plans and estimates of costs for an addition to the Junior High School.

Voted: That the report of the Committe of Seven to Secure Plans and Estimates for an Addition to the Junior High School be accepted and the Committee discharged.

The Report of the Committee of Seven to Secure Plans and Estimates for an Addition to the Junior High School is as follows:

REPORT OF THE COMMITTEE OF SEVEN TO SECURE PLANS
AND ESTIMATES FOR AN ADDITION TO THE JUNIOR HIGH
SCHOOL.

At the Special Town Meeting of April 16, 1953, the report of the Committee of Nine to make a survey with reference to the need of and location of additional school buildings had recommended a six room, three story and basement addition to the Junior High School. It was VOTED: That a committee of seven be appointed by the Moderator to obtain plans and estimates for an addition to the Junior High School and that the sum of Eighteen Thousand (\$18,000) Dollars be raised by taxation and appropriated for use of the committee in engaging the services of an architect in connection therewith..

The Committee of Seven has held 18 meetings since its organization and a chronological summary of what has been done follows:

The first five meetings were held jointly with the Callahan Committee and included a meeting with John Marshall, Administrator, State School Building Assistance Commission, to discuss the requirements for obtaining State Aid and the procedures to be followed. Mr. Upham was engaged as architect and preliminary plans were prepared. On October 16, the Committee met with Mr. Marshall at the office of the Commission. The preliminary plans were presented and the report of the Committee of Nine submitted as the basis for the need for the erection of an addition to the Junior High School. Mr. Marshall raised several objections to the project. He felt that the site was inadequate in size and there would be insufficient play areas for elementary pupils. He felt that housing elementary school pupils with Junior High School pupils was educationally bad. He also felt that the class rooms as proposed in the plans were not the proper rooms to be added but that special facility rooms were needed instead. Although the committee explained that elementary playground facilities were available in Cleveland Park as well as at Civic Field, that the use for elementary pupils would be temporary and that an elementary school would be built soon, probably in 1958, and that his other objections could be taken care of. Mr. Marshall reversed his decision and on November 3, wrote the following letter:

The Commonwealth of Massachusetts
School Building Assistant Commission
88 Broad Street, Boston 10

November 3, 1953

Mr. Harry F. Howard
805 Neponset Street
Norwood, Mass.
Dear Mr. Howard

I am writing to summarize our October 16 discussion of the proposed addition to the Norwood Junior High School.

Your Committee has been instructed by the town to bring in plans for an addition consisting of six classrooms, three stories and basement. The classrooms are

needed for elementary purposes. The instructions to your committee were based on this need and on cost considerations. In my opinion, they were not sufficiently based on a familiarity with current standards for school plant construction, nor on an adequate long range plan for meeting the needs of the educational program in Norwood.

The site, reported as about four and one-half acres, is inadequate for a modern junior high school. Getting to the civic playground of about five acres across Washington Street involves hazards even for the junior high school children, and even more so for the additional elementary children you propose to serve.

The combination assembly room-gymnasium you will find is utilized one hundred per cent of the time in serving the junior high school grades. No adequate provision can be made for assembly and recreation activities for the elementary pupils to be added, without some sacrifice in the school program.

In short, I think that further study of the growing needs in Norwood and further familiarity with the goals of good school plant planning will evolve a much better plan, without involving the addition of the elementary classrooms to a junior high school building. In my opinion, the only addition to Norwood Junior High School that would be a wise investment would be the possible addition of special facilities to enhance the educational program, when the growing Junior High School enrollment calls for it.

I do not feel that the addition your committee proposes is a wise investment of public funds, and for that reason I am not willing to recommend a state construction grant for it.

Very truly yours,

JOHN E. MARSHALL

Administrator

The committee obviously had to obtain the approval of the School Building Assistance Commission for State Aid over the objections of its agent or proceed without State Aid. Should state aid not be obtained, the cost to the town of the Junior High School addition would amount to approximately \$40,000.00 more than were state aid granted. To prepare detailed plans, get estimates and submit them to town meeting for action would cost ten to twelve thousand dollars. Before committing the town to this expense the committee deemed it advisable to seek help in its case with the Building Commission: In response to our question, town counsel advised that engaging a consultant was within the authority of the committee. Mr. Marshall stated that should a survey be made by a competent consultant sustain the position of this committee, he would withdraw his objections, and also agreed that the State would pay half the cost of the consultant's services.

A study of the consultant's making surveys on school building needs indicated that Dr. William K. Wilson of Albany, New York, was the outstanding man in the field and his services were engaged. His task was to review the work done by the Committee of Nine, bring all data up to date, compile any new data which he thought was pertinent, and after thorough study of factors and conditions submit to this committee a report containing recommendations.

Dr. Wilson submitted his report verbally on May 24th and has since submitted a written report with graphs and data. He does not recommend building an addi-

tion to the Junior High School at this time. However, while not agreeing entirely with the conclusions of the Committee of Nine, he stated the Committee's report was very complete.

Dr. Wilson recommends building in the Winslow-West district the first unit of 9 rooms and 2 kindergartens of what might eventually become an 18 room building. This would be on a location in the Fisher Street general area.

He does not believe that an addition for Junior High purposes will be needed until after 1960.

He lists the following objections to building an addition at present:

"1. Housing elementary and junior high school children in the same building, where the building facilities and especially the playground facilities cannot be kept completely separate, is not conducive to either good educational or good moral conditions. In this particular situation the location of the building almost in the heart of the busy section of the town, and the extremely limited site, make this plan especially undesirable.

2. With the growth of the town spreading to the outlying areas, now is the time to expand the elementary facilities in the areas where the growth is occurring. There is no reasonable excuse for carrying on this expansion temporarily in the wrong place; the ultimate cost will not be less, and it may prove to be higher.

3. With the growth in the junior high school grades, this building will need to be expanded to meet the needs of an acceptable junior high school program. Such expansion needs cannot be met merely by the addition of more classrooms; there is a sufficient number of those now. The expansion needed will be in the special facilities, and the architectural planning of these facilities should follow a careful study of the total building needs in terms of the educational program desired by the Town and the school authorities.

4. Constructing elementary facilities as recommended will provide time and opportunity to study the expansion needs of the junior high school. Growth in the Junior High School grades follows by at least three years the growth in the elementary grades, which means that the gradual removal of the elementary children from the junior high school building will permit housing the growth in the junior high school grades while the study of the ultimate housing needs is effected."

With an independent report, sustaining his position, it does not seem possible that Mr. Marshall will be overruled by the School Building Assistance Commission. Therefore, we should plan on no state aid if we go ahead with the present plans.

However, there are other pertinent facts that affect the problem and which were not available when the Committee of Nine made its recommendations. First, new rooms beyond those provided by the Callahan School addition will not be needed in 1955 but in 1956 allowing ample time for further study. Second, the Committee of Nine recommended a report be made in 1956 with regard to conditions as they then exist. Almost a year and a half have elapsed since the Committee of Nine gathered its data. In three more months enrollment statistics for two of the three years of the period which would elapse between the study of the Committee of Nine and the 1956 study will be available. A study made now should be

able to determine what the next step in elementary school construction is and have better data to show where the proper location should be. This was a major factor in the original recommendations of an addition to the Junior High School. Third, the number of births continues to increase rather than level off or decrease. There were 64 more births in 1953 than anticipated in the chart of the Committee of Nine report, indicating that possibly more elementary school facilities than anticipated may be needed and in a shorter period of time.

Giving due consideration to all the information at its disposal, this committee deems it unwise to carry out the task delegated to it. This committee also feels that it should not recommend any specific substitute for the Junior High School addition, but rather feels that this is the duty and function of the Committee of Nine.

It recommends that the Committee of Nine make a further study with reference to the need and location of additional elementary school facilities and that such committee report with its recommendation to a Town Meeting to be held on or before October 15, 1954.

It further recommends that the report and recommendations of this Committee be accepted and that upon the settlement of the outstanding accounts of the Committee, this Committee be discharged.

In signing this report, Mr. Gotovich wishes to have it noted, that he still favors and is in accord with the recommendation of the Committee of Nine that an addition be built to the Junior High School.

Respectfully submitted,

HARRY F. HOWARD, Chairman
FRANCES L. BLANCHOT
WALTER J. GOTOVICH
JOHN F. KILEY
RICHARD F. PENDERGAST
GEORGE K. RODGERS
JOHN R. RUSSEL

The Committee of Seven to Secure Plans and Estimates for the Junior High School Addition was appointed by the Moderator on May 5, 1953. It met August 27, September 3, 16, 24, October 1, 14, 16, November 12, 24, December 15, January 19, February 9, March 1, May 5, 24, June 2, 8, 28. Members also performed many duties, made investigations, interviewed individuals, and obtained information, all of which was reported back to the full committee.

Voted: On amended motion, That the Committee of Nine appointed under Article 7 of Special Town Meeting, January 29, 1953, make a further study with reference to the need and location of additional school facilities, and that such committee report with its recommendations to a future Town Meeting.

ARTICLE 5. To see if the Town will vote to amend the By-Laws Relating to the Prevention of Fires and the Preservation of Life, being the building by-laws, by striking out in the first sentence of Section 19 the words

“hard burned” so that said Section will read “All chimneys hereafter built shall be of brick resting on solid earth, masonry or iron foundations, and in no case shall any chimney be allowed to rest on wooden supports.

Voted: To so amend.

ARTICLE 6. To see if the Town Will vote to accept as new town ways as laid out and reported by the Selectmen the following:

1. Westview Drive, Neponset Street to Longwood Terrace, to be known as Westview Drive.

2. Rosemary Street Extension to be known as Rosemary Street.

3. Lincoln Street Extension to be known as Lincoln Street.

4. Morrill Road to be known as Morrill Road.

5. Spruce Road to known as Spruce Road.

6. Brierwood Lane to be known as Brierwood Lane.

7. Longwood Terrace to be known as Longwood Terrace.

8. Hickory Road to be known as Hickory Road.

Voted: To so accept.

ARTICLE 7. To see what sum of money the Town will vote to raise and appropriate to meet the further expense of Election and Registration, said appropriation to be provided for by transfer from Surplus Revenue and or from available balances in existing appropriations for the current year.

Voted: Indefinite Postponement.

ARTICLE 8. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for Fire Department New Uniforms, said appropriation to be provided for by Surplus Revenue and or from available balances in existing appropriation for the current year.

Voted: That the sum of \$1,200.00 be appropriated to meet the further expense for Fire Department New Uniforms, of which amount the sum of \$900.00 shall be transferred from Engineering Incidentals and the sum of \$300.00 shall be transferred from Surplus Revenue.

ARTICLE 9. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for Water Construction, said appropriation to be provided for by transfer from Surplus Revenue and or from available balances in existing appropriations for the current year.

Voted: \$5,500.00 by transfer from Surplus Revenue.

Meeting dissolved at 9:50 P.M.

Attest: Walter A. Blasenak

Town Clerk and Accountant

SPECIAL TOWN ELECTION**August 18, 1954**

On a warrant duly issued by the Selectmen under the date of July 27, 1954, and signed by Harry B. Butters, Alonzo F. Swift, Jr., Walter J. Dempsey, Daniel E. Callahan, Jr., and Charles L. Rich, Selectmen of Norwood, the meeting was called to order by the Town Clerk and Accountant, Walter A. Blasenak. The proper service of this warrant was duly attested by James E. Quinn, Constable of Norwood.

All the requirements of the statutes and by-laws relating to elections and town meetings were complied with.

To elect by ballot a member to fill a vacancy for an unexpired term in the Finance Commission pursuant to provisions of Section 17 of Chapter 197 of the Acts of 1914.

The action thereunder is as follows:

FINANCE COMMISSIONER*For Unexpired Term*

George Mahoney had one hundred and sixty-four (164) votes

Frank E. Mauritz had two hundred and ninety-nine (299) votes

Blanks, five (5)

Frank E. Mauritz Elected and Sworn by Town Clerk and Accountant.

Voted: That this meeting be dissolved.

Attest: Walter A. Blasenak

Town Clerk and Accountant

SPECIAL TOWN MEETING**August 26, 1954**

On a warrant duly issued by the Board of Selectmen under the date of August 10, 1954, and signed by Alonzo F. Swift, Jr., Walter J. Dempsey, Daniel E. Callahan, Jr., and Charles L. Rich, Selectmen of Norwood, the meeting was called to order by the Moderator Francis C. Foley. The proper service of this warrant was duly attested by James E. Quinn, Constable of Norwood.

All the requirements of the statutes and by-laws relating to the calling of the town meeting were complied with. The warrant calling the meeting was read by Town Clerk and Accountant, Walter A. Blasenak.

The Moderator instructed the Town Clerk and Accountant to count the Town Meeting Members present. Fifty-nine members being present there was no Quorum.

On motion duly made and seconded, it was

Voted: That this meeting be adjourned to Monday, September 13, 1954 at 7:30 P.M. in the Memorial Hall, Municipal Office Building and that action under Articles 1—10 be taken up at the adjourned session of this meeting.

Meeting dissolved.

**ADJOURNED SPECIAL TOWN MEETING
ADJOURNED FROM SEPTEMBER 13, 1954 to
SEPTEMBER 27, 1954**

On a notice duly attested by the Town Clerk and Accountant, Walter A. Blasenak and dated September 17, 1954, the Special Adjourned Town Meeting, Adjourned from September 13, 1954, was called to order by the Moderator, Francis C. Foley. The proper service of this notice was duly attested by James E. Quinn, Constable of Norwood.

All the requirements of the statutes and by-laws relating to the calling of the town meeting were complied with. The warrant calling the meeting was read by Town Clerk and Accountant, Walter A. Blasenak. The articles contained in the warrant, and the action thereunder is as follows:

ARTICLE 1. To see if the Town will vote to change the existing Zoning By-Law by addition and amendment in the manner following, or take any other action in the matter; namely,

Amend Section 1 by striking out in the seventh line thereof the words "six districts" and inserting in place thereof the words "eight districts" and by adding at the end of said section the following, "7 Singles residence districts 2."

Amend section 12 by adding after paragraph (c) thereof the following "(d) single residence districts 1 which shall provide a lot area of not less than twelve thousand five hundred (12,500) square feet with a lot frontage of not less than one hundred (100) feet. (e) Single residence districts 2 which shall provide a lot area of not less than fifteen thousand (15,000) square feet with a lot frontage of not less than one hundred twenty-five (125) feet.

Amend section 16 by inserting in paragraph (b) after the words "Nahatan Street" the words "and in single residence 2 districts" and by striking out the words "forty (40) feet" and inserting in place thereof the words "thirty (30) feet." (On petition of the Planning Board)

Voted: To so amend.

ARTICLE 2. To see if the Town will vote to amend the existing Zoning By-Law by altering the district boundaries established under Section 17 of said By-Law with respect to that certain portion of the present single residence district lying easterly of Neponset Street and bounded westerly by Neponset Street; northerly by the southerly line of Meadow Street and Meadow Street extended; easterly by a line parallel to and 1000 feet easterly from the

easterly line of Neponset Street and southerly by the Neponset River by withdrawing said portion from single residence and establishing same as single residence 2 as shown by a map thereof to accompany said amendment and made a part thereof and thereby altering the existing map showing existing boundaries to conform to such change of district boundaries. (On petition of John E. Metters, eta 1)

Voted: Indefinite Postponement.

ARTICLE 3. To see if the Town will vote to amend the existing Zoning By-Law by altering the district boundaries established under Section 17 of said By-Law with respect to that certain portion of the present single residence district lying easterly of Neponset Street and bounded westerly by Neponset Street; northerly by the southerly line of Meadow Street and Meadow Street extended; easterly by a line parallel to and 10000 feet easterly from the easterly line of Neponset Street and southerly by the Neponset River by withdrawing said portion from single residence and establishing same as single residence 1 as shown by a map thereof to accompany said amendment and made a part thereof and thereby altering the existing map showing existing boundaries to conform to such change of district boundaries. (On a petition of the Planning Board)

Voted: To so amend.

ARTICLE 4. To see if the Town will vote to amend the existing Zoning By-Law by altering the district boundaries established under Section 17 of said By-Law with respect to that certain portion of the present single residence district lying on the westerly side of Neponset Street and bounded easterly by the westerly line of Neponset Street; northerly by a private way known as Prescott Road and Prescott Road extended to Neponset Street; westerly by a line parallel to and 1000 feet westerly of the westerly line of Neponset Street and southerly by the Neponset River by withdrawing said portion from single residence 2 as shown by a map thereof to accompany said amendment and made a part thereof and thereby altering the existing map showing existing boundaries to conform to such change of district boundaries. (On petition of John E. Metters et al)

Voted: Indefinite Postponement.

ARTICLE 5. To see if the Town will vote to amend the existing Zoning By-Law by altering the district boundaries established under Section 17 of said By-Law with respect to that certain portion of the present single residence district lying on the westerly side of Neponset Street and bounded easterly by the westerly line of Neponset Street; northerly by a private way known as Prescott Road and Prescott Road extended to Neponset Street; westerly by a line parallel to and 1000 feet westerly of the westerly line of Neponset Street and southerly by the Neponset River by withdrawing said portion from single residence and establishing same as single residence 1 as shown by a map thereof to accompany said amendment and made a part thereof and thereby altering the existing map showing existing boundaries

to conform to such change of district boundaries. (On petition of the Planning Board)

Voted: To so amend.

ARTICLE 6. To see if the Town will vote to amend the existing Zoning By-Law by altering the district boundaries established under Section 17 of said By-Law with respect to that certain portion of the present General Residence district lying on the westerly side of Neponset Street and bounded easterly by a line parallel to and 1000 feet westerly of Neponset Street; northerly by Prescott Road and Prescott Road extended; westerly by a line approximately 1000 feet westerly of the above described easterly line and southerly by the Neponset River by withdrawing said portion from General Residence and establishing same as Single Residence 2 as shown by a map thereof to accompany said amendment and made a part thereof and thereby altering the existence map showing existing boundaries to conform to such change of district boundaries. (On petition of John E. Metters, et al)

Voted: Indefinite Postponement.

ARTICLE 7. To see if the Town will vote to amend the existing Zoning By-Law by altering the district boundaries established under Section 17 of said By-Law with respect to that certain portion of the present General Residence district lying on the westerly side of Neponset Street and bounded easterly by a line parallel to and 1000 feet westerly of Neponset Street; northerly by Prescott Road and Prescott Road extended; westerly by a line approximately 1000 feet westerly of the above described easterly line and southerly by the Neponset River by withdrawing said portion from General Residence and establishing same as single residence 1 as shown by a map thereof to accompany said amendment and made a part thereof and thereby altering the existing map showing existing boundaries to conform to such change of district boundaries. (On petition of the Planning Board)

Voted: To so amend.

ARTICLE 8. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for the purpose of constructing and originally equipping and furnishing an addition to the Callahan School Building, said appropriation to be provided for by transfer from Surplus Revenue.

Voted: Indefinite Postponement.

ARTICLE 9. To see if the Town will vote to discontinue as a town way that portion of Lenox Street comprising the areas shown as Parcel No. 1, Parcel No. 2, Parcel No. 3 and Parcel No. 4 on a plan by A. W. Thompson, Town Engineer on file with the Town Clerk.

Voted: That the Town discontinue as a Town Way that portion of Lenox Street comprising the areas shown as Parcel No. 1, Parcel No. 2, Parcel No. 3 and Parcel No. 4, on a plan by A. W. Thompson, Town Engineer on file with the Town Clerk.

ARTICLE 10. To see if the Town will vote to accept Chapter 297 of the 1954 Acts and Resolves of Massachusetts entitled “An Act Authorizing Cities and Towns to Establish Commissions to Promote Business and Industry”, and to appropriate money therefor.

Voted: To so accept.

Meeting dissolved.

Attest: Walter A. Blasenak
Town Clerk and Accountant

SPECIAL TOWN MEETING

November 9, 1954

On a warrant duly issued by the Selectmen under the date of October 26, 1954, and signed by Harry B. Butters, Alonzo F. Swift, Jr., Walter J. Dempsey, Daniel E. Callahan, Jr., and Charles L. Rich, Selectmen of Norwood, the meeting was called to order by the Moderator Francis C. Foley. The proper service of this warrant was duly attested by James E. Quinn, Constable of Norwood.

All the requirements of the statutes and by-laws relating to the calling of the town meeting were compiled with. The warrant calling the meeting was read by Town Clerk and Accountant, Walter A. Blasenak. The articles contained in the warrant, and the action thereunder being as follows:

ARTICLE 1. To see if the Town will vote to discontinue certain town ways extending northerly from Nichols Street as shown on a plan entitled "Town of Norwood, Mass., Plan showing easements acquired under an Order of Taking adopted by the Selectmen in acceptance by the Town of Norwood on December 31, 1934 of the laying out of certain town ways, extending from Nichols Street northerly, A. W. Thompson, Town Engineer, dated January 15, 1935" said plan being recorded with Norfolk deeds, Plan Book 119 plan no. 47 — 1935, said ways being sometimes referred to as West-over Parkway.

Voted: Motion declared lost.

ARTICLE 2. To see if the Town will vote to authorize the Selectmen to sell and convey a certain parcel or strip of land on Pond Avenue no longer required for public purposes, said parcel containing 1760 square feet of land as shown on a plan on file with the Town Clerk.

Voted: That the Selectmen be so authorized for a sum not less than \$50.00.

ARTICLE 3. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for Sick Leave for Public Works Division employees, said appropriation to be provided for by transfer from Surplus Revenue and or from available balances in existing appropriations for the current year.

Voted: That the sum of \$2,000.00 be appropriated to meet the further expense for Sick Leave for Public Works Division employees and to meet said appropriation the sum of \$500.00 shall be transferred from Public Dumps, and the sum of \$500.00 shall be transferred from Care of Trees and the sum of \$250.00 shall be transferred from Parks Maintenance and the sum of \$250.00 shall be transferred from Playground Maintenance and the sum of \$500.00 shall be transferred from Water Operation.

ARTICLE 4. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for Water Construction, said appropriation to be provided for by borrowing, and or by transfer from Surplus Revenue and or from available balances in existing appropriations for the current year.

Voted: On amended motion that the Treasurer with the approval of the Selectmen be and hereby is authorized to borrow the sum of \$6,000. and to issue bonds or notes of the town therefore payable in accordance with the provisions of Chapter 44 of the General Laws so that the whole loan shall be paid in not more than five years from the date of issue of the first bond or note; said sum is hereby appropriated for Water Construction.

ARTICLE 5. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for Sewer Construction, said appropriation to be provided for by borrowing, and or by transfer from Surplus Revenue and or from available balances in existing appropriations for the current year.

Voted: That the sum of \$83,000.00 be appropriated for Sewer Construction and to meet said appropriation the Treasurer with the approval of the Selectmen be and hereby is authorized to borrow the sum of \$83,000.00 and to issue bonds or notes of the town therefor payable in accordance with the provisions of Chapter 44 of the General Laws so that the whole loan shall be paid in not more than five years from the date of issue of the first bond or note.

Voted: That this meeting be adjourned until November 23, 1954 at 7:30 P.M. in Memorial Hall, Municipal Office Building, and Articles 6 to 10 to be laid on the table and to be acted upon on November 23, 1954.

Voted: That this meeting be adjourned at 11:30 P.M.

Attest: Walter A. Blasenak

Town Clerk and Accountant

SPECIAL TOWN MEETING

**Adjourned from November 9, 1954 to
November 23, 1954**

On a notice duly attested by the Town Clerk and Accountant, Walter A. Blasenak, and dated November 10, 1954, the Adjourned Special Town Meeting from November 9, 1954 to November 23, 1954 was called to order by the Moderator, Francis C. Foley. The proper service of this notice was duly attested by James E. Quinn, Constable of Norwood.

The articles in the warrant and the action thereunder is as follows:

ARTICLE 6. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for drain construction, said appropriation to be provided for by transfer from Surplus Revenue and/or from available balances in existing appropriations for the current year.

Voted: Indefinite postponement.

ARTICLE 7. To see if the Town will vote to authorize the Selectmen to purchase or take by eminent domain for public parking purposes certain parcels of land shown as, Parcels 1, 2, 3, 4, 5, 6, 7, 8, 9 and 10 on a plan entitled "Plan of Land Showing Proposed Parking Area in the vicinity of Washington Street, Nahatan Street and Cottage Street, by A. W. Thompson, Town Engineer" and to raise and appropriate a sum of money for such purpose and to determine whether the money shall be provided for by appropriation from available funds in the treasury or otherwise, or take any action in relation thereto.

Voted: To so authorize the Selectmen and further voted that the sum of \$36,000.00 be transferred from Surplus Revenue and appropriated for said purpose.

ARTICLE 8. To see if the Town will vote to authorize the Selectmen to purchase or take by eminent domain for public parking purposes certain parcels of land shown as, Parcels 1, 2, 3, 4, 5 and 6 on a plan entitled "Plan of Land Showing Proposed Parking Area Between Guild Street and Day Street, by A. W. Thompson, Town Engineer" and to raise and appropriate a sum of money for such purpose and to determine whether the money shall be provided for by appropriation from available funds in the treasury or otherwise, or take any action in relation thereto.

Voted: Motion declared lost.

ARTICLE 9. To see if the Town will vote to transfer the care, custody, management and control of a portion of the Band Stand Lot so-called to the Board of Selectmen for use as a public parking place, said portion being shown on a plan entitled "Plan of Land Showing Area in the Vicinity of Washington Street, Guild Street and Central Street, by A. W. Thompson, Town Engineer".

Voted: To so transfer to the Selectmen.

ARTICLE 10. To see what sum the Town will vote to raise and appropriate for the purpose of improvement and maintenance of public parking spaces and to determine whether the money shall be provided for by appropriation from available funds in the treasury or otherwise, or take any action in relation thereto.

Voted: To so transfer to the Selectmen.

ARTICLE 10. To see what sum the Town will vote to raise and appropriate for the purpose of improvement and maintenance of public parking spaces and to determine whether the money shall be provided for by appropriation from available funds in the treasury or otherwise, or take any action in relation thereto.

Voted: On amended motion, that the sum of \$25,000.00 be transferred from Surplus Revenue and appropriated for the purpose of improvement and maintenance of the Talbot Lot, so called, and the Band Stand Lot, so called.

Meeting dissolved at 9:45 P. M.

Attest: WALTER A. BLASENAK,

Town Clerk and Accountant.

SPECIAL TOWN MEETING

December 29, 1954

On a warrant duly issued by the Selectmen under the date of December 14, 1954, and signed by Harry B. Butters, Walter J. Dempsey, Alonzo F. Swift, Jr. and Charles L. Rich, Selectmen of Norwood, the meeting was called to order by the Moderator, Francis C. Foley. The proper service of this warrant was duly attested by James E. Quinn, Constable of Norwood.

All the requirements of the statutes and by-laws relating to the calling of the town meeting were complied with. The warrant calling the meeting was ready by Town Clerk and Accountant, Walter A. Blasenak. The articles contained in the warrant, and the action thereunder, being as follows:

ARTICLE 1. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for Electric Light Department, Purchase of Electric Energy, said appropriation to be provided for by transfer from Surplus Revenue and/or from available balances in existing appropriations for the current year.

Voted: That the sum of \$18,000 be appropriated to meet the further expense for Electric Light Department, Purchase of Electric Energy, and to meet said appropriation the sum of \$3,000 by transfer from Engineers Incidentals and the sum of \$5,148.04 by transfer from Utilities Norwood Housing Authority Project and the sum of \$77.93 by transfer from Hawes Brook Swimming Pool and the sum of \$1,090.25 by transfer from Roadway and Parking Area Norwood Municipal Airport and the sum of \$7,988.78 by transfer from Surplus Revenue.

ARTICLE 2. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for Police Department Salaries, said appropriation to be provided for by transfer from Surplus Revenue and/or from available balances in existing appropriations for the current year.

Voted: By transfer, from Surplus Revenue the sum of \$1,600.

ARTICLE 3. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for Police Department Incidentals, said appropriation to be provided for by transfer from Surplus Revenue and/or from available balances in existing appropriations for the current year.

Voted: Indefinite postponement.

ARTICLE 4. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for Soldiers Benefits, said appropriation to be provided for by transfer from Surplus Revenue and/or from available balances in existing appropriations for the current year.

Voted: Indefinite postponement.

ARTICLE 5. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for Snow and Ice Removal, said appropriation to be provided for by transfer from Surplus Revenue and/or from available balances in existing appropriations for the current year.

Voted: The sum of \$6,100 by transfer from Surplus Revenue.

ARTICLE 6. To see if the Town will vote to authorize the abandonment of a portion of a certain easement formerly taken for Sewer Purposes as shown on a plan entitled "Town of Norwood, Mass., Plan of abandonment of Portion of Easement formerly taken for Sewer Purposes, Northerly of Willow Street, A. W. Thompson, Town Engineer".

Voted: To so authorize the Selectmen.

ARTICLE 7. To see if the Town will vote to amend the Norwood Curfew By-Law in the following manner:

By striking out in section 1 thereof the words "nine o'clock" and inserting in place thereof the words "ten o'clock" so that section 1 as amended will read as follows:

Section 1. No child under sixteen years of age shall remain or loiter upon any street, highway, park or other public way or place in this Town after ten o'clock in the afternoon of any day unless accompanied by or under the control or care of a parent, guardian or other adult person or unless in some proper employment or in the performance of some duty directed by said parent, guardian or other adult person.

By striking out in section 2 thereof the words "forty-five minutes past eight o'clock" and inserting in place thereof the words "forty-five minutes past nine o'clock" so that section 2 as amended will read as follows:

Section 2. The Chief Engineer of the Fire Department shall cause the whistle regularly used for fire alarms to be blown at forty-five minutes past nine o'clock each evening which shall be known as the curfew warning.

Voted: To so amend.

ARTICLE 8. To see if the Town will vote to amend Article XII of the town by-laws by adding the following section thereto:

No person shall enter upon the premises of another in the Town for the purpose of committing any wanton or malicious act or with intent to invade the privacy of another by peeping into the windows of a house or spying upon any person or persons resident therein. Nothing contained in this section shall be construed to abridge or in any way limit the right of a police officer to enter upon private property in the performance of his official duties.

Voted: To so amend.

ARTICLE 9. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for Insurance, said appropriation to be provided for by transfer from Surplus Revenue and/or from available balances in existing appropriations for the current year.

Voted: Indefinite postponement.

Voted: That this meeting be dissolved at 8:20 P.M.

Attest: WALTER A. BLASENAK,

Town Clerk and Accountant

Edward J. Gordon, Brooks Pharmacy, 868 Washington Street

Seasonal Club—All Alcoholic Beverages

Norwood Arena Club, Inc., Route 1

Claims and Litigation

Claims against the town brought to the attention of the Selectmen by court action or otherwise, were, when it appeared to be desirable or necessary, referred to the Town Counsel for advice, report and appropriate action.

Miscellaneous

Representatives to the General Court and Senator advised that the Selectmen favor bill providing for control of selection of sites for billboards by local licensing authorities.

Bonds of Town Treasurer and Collector of Taxes approved in the amounts of \$57,700 and \$63,600, respectively.

Conference with Town Counsel with reference to the provisions of chapter 239, Acts of 1952, dealing with group insurance for municipal employees.

Conference with Mr. Leo Wolf at which Mr. Wolf advised the board that he and four members of his family had become the owners of the former Westover properties.

Several conferences were held with representatives of Public Works Department Union with relation to a plan dealing with the 40 hour week and wage and cost of living provisions.

Conference with Chairman Houghton of the Airport Commission. Mr. Houghton informed the board that the Airport Commission had studied the matter of a suggested location of the town dump off Canton Street and opposed such location for the following reasons:

1. Smoke nuisance which would cause a hazard to flying.
2. Danger of fire, as a substantial part of this area consists of peat bogs.

A letter was presented from the C. A. A. in which they opposed the location of a dumping area near the airport stating that should wind conditions be favorable smoke from the burning refuse could limit visibility on both runways especially on the East-West runway.

Conference with residents of the Shady Arbor area with reference to the suggested location of town dump off Canton Street. The group was advised of the objections received from the airport people and others and of the request to the Walpole selectmen for use of their dump site. Board subsequently advised by Walpole selectmen that they could not assist in this matter because of their limited facilities.

Conference with the Airport Commission, Finance Commission and Town Counsel with reference to the management agreement entered into in 1942 for a ten year period which was renewed in 1952 for an additional ten year period in accordance with the renewal option contained in the agreement. Board advised that the State would provide \$6,000 to seal coat one of the runways if the town would match such amount. It was brought out that under the agreement with the C. A. A. the town is required to maintain the airport and that under the terms of

the management agreement it appears that such obligation is assumed by Boston Metropolitan Airport, Inc. It was brought out that since 1949 the town had spent no money on the airport. At that time \$5,000 was spent for a parking area and a fence for the public so that C. A. A. would allow schedule airlines to land there. Members of the Airport Commission asserted that the airport is an asset to the community though not operated at a direct profit as it increases business possibilities and will therefore add tax valuation and that the existence of the airport influenced the decision of Bendix, Control Engineering and other companies in locating in Norwood.

Assessment for Norfolk County Hospital received in amount of \$43,556.03.

Resignation of Sture Nelson as member of the Board of Assessors accepted.

Conferences with representatives of Fay, Spofford & Thorndike with reference to the status of engineering work upon the town's water supply and water distribution facilities.

Conference with Selectmen of Canton and Dedham with reference to entrance of Norwood in Metropolitan District Water System.

Layouts of Morrill Road, a portion of Westview Drive, a portion of Langwood Terrace, Rosemary Street Extension, Hickory Road, Brierwood Lane, Spruce Road and Lincoln Street Extension adopted.

Warrant signed calling special town meeting June 30, 1954 seeking authority for the Selectmen to make application on behalf of the town for membership in the Metropolitan Water District in accordance with the provisions of chapter 92 of the General Laws as amended and to enter into and execute in behalf of the town an agreement with the Commonwealth of Massachusetts acting through its Metropolitan District Commission admitting the town to membership in accordance with the provisions of said chapter 92 of the General Laws as amended, said agreement to provide for the payment by the town of not more than One Million (\$1,000,000) Dollars as its portion of the cost of constructing the water main extending from the existing distribution system of the Metropolitan District Commission to the Norwood-Westwood town line as authorized by Section 1, chapter 278, Acts of 1954. Authority was voted at the town meeting and agreement was subsequently entered into with the Commonwealth acting through the Metropolitan District Commission.

Conference with Veterans' Housing Board at which Selectmen concurred with action of Housing Board in request to Public Housing Administration for exception to removal date of July 1, 1954 in the case of Veterans' Emergency Housing Project No. Mass.—V—19118 and that the deadline date for the removal of this project be extended to July 1, 1955 with the understanding that no new tenants be taken in and notice be served on present tenants to vacate by July 1.

Orders of taking signed for Brierwood Lane, Hickory Road, Spruce Road, Longwood Terrace, Lincoln Street Extension, Morrill Road, Rosemary Street Extension, Westview Drive, Neponset Street to Longwood Terrace.

Declaration of emergency occasioned by Hurricane Carol under provisions of Section 31, chapter 44 of the General Laws.

Several conferences were held with Mr. Leo Wolf dealing with the proposed development of the Westover area.

Warrant signed for special town meeting November 9, 1954.

Amendment to traffic rules and regulations adopted providing for (a) Making Morse Street one way from Highview to Washington travelling in a southwesterly direction; (b) Banning heavy trucks on Morse Street from Washington Street to Short Street.

Voted to appoint seven women school traffic officers.

From time to time during the year jurors for service in the Superior Court for Norfolk County were drawn in the manner required by law.

Deed for lots in Highland Cemetery as presented from time to time were approved and acknowledged for delivery.

Consideration was given and recommendations made with reference to estimates submitted by the General Manager and others of appropriations required in the conduct of business of the town for 1954.

Throughout the year all persons desiring a hearing or conference with the Board with respect to complaints or grievances were given opportunity to be heard and the matter complained of given due consideration.

Conclusion

The foregoing report is intended merely to indicate in part the many and varied activities of your Selectmen during the year 1954.

The list of persons qualified for jury service as prepared by the Selectmen follows as an addendum of this report.

Respectfully submitted,

HARRY B. BUTTERS
WALTER J. DEMPSEY
ALONZO F. SWIFT, JR.
CHARLES L. RICH

Selectmen of Norwood.

REPORT OF THE TOWN COUNSEL

January 14, 1955

The Honorable Board of Selectmen

Gentlemen:

I submit herewith in summarized form my report of the activities of the law department for the year 1954.

Frequent changes in the laws applicable to municipal government bring requests for interpretation of the law which require constant study of the new legislation in its relation to our activities in order to competently advise those charged with the conduct of our town government.

Much of the service rendered was advisory in nature and was furnished to the various departments of the town through written opinions upon request therefor.

Additional service was rendered by attendance at hearings and conferences, court appearances, drafting of articles for town meeting warrants and motions to be offered thereunder, drafting of deeds, agreements and various other instruments.

The service rendered dealt with practically every phase of municipal activity.

Litigation and Claims

Various claims for personal injuries and property damage were made against the town arising out of alleged defective conditions in public ways concerning which opinions as to liability on the part of the town were given and recommendations made as to disposition of the claims.

Other matters as to which service was rendered by way of advice and opinion are referred to under the headings of the departments and officials concerned.

Selectmen

Preparation of deed of conveyance of Factory Mutual property.

Opinion with reference to status of West Border Road.

Opinion with reference to sworn weighers of commodities.

Superior Court hearing with reference to petition for writ of mandamus.

Conferences with Metropolitan District Commission with reference to water agreement.

Opinion with reference to sale of tax title property and property acquired for playground purposes.

Opinion with reference to drainage of area on property of another.

Advice with reference to status of Westover Parkway.

Preparation of annual report for 1953.

Advice with reference to provisions of law requiring Board of Health approval on submission of subdivision application.

Conference and advice with reference to bill in equity filed in Superior Court relating to operation of dump.

Respectively submitted,

FRANCIS C. FOLEY

Town Counsel

REPORT OF GENERAL MANAGER

To the Honorable Board of Selectmen:

Gentlemen:

Attached herewith please find detailed reports of the several departments over which the General Manager has administrative control.

The year 1954 was a trying one for the Town of Norwood. All our plans and programs which we expected to carry out in 1954 were interrupted by the hurricanes "Carol" and "Edna" which did many hundreds of thousands of dollars damage throughout the Town. The damage to public property amounted to approximately \$130,000. Most of the work has been finished and the Town is now operating on a normal basis.

Many things were accomplished however, during the year. To name a few, the expansion of the Light Department has gone forward and the contracts for the addition to the building and to the first phase of the addition to the Short Street Station are in progress and much work has been done on our underground and overhead system to put it in first class shape. As far as the Light Department is concerned it appears that if the Town continues to grow, it will have to go forward with another big addition to the Short Street Station as well as many improvements around the High School area and the Railroad Avenue area.

In spite of the hurricanes, the Public Works Department carried out a large portion of its program of street improvements, etc. The only thing neglected was the sidewalk program but it was thought better to save this money to take up part of the burden caused by the \$130,000 hurricane expenditure.

The Recreation and Park improvement program have gone forward and much progress has been made. During the year the drain was covered in on the perimeter of Father McAleer's Playground and other improvements were made in this area. Much progress was made in the improvement of the playground which lies between Lenox Avenue and Allen Road. A Little League field was built and the area prepared for another playground. We believe that our adult and juvenile recreation program is a sound one and is paying big dividends in happiness for the Golden Age Group and a minimizing of juvenile delinquency among the youth of our Town.

The Engineering Department has been kept very busy in getting our projects ready but due to the scarcity of engineering personnel, a bottleneck has developed in this department. We hope that this situation will improve in 1955.

In closing, I want to express my gratitude to all the town officers and employees who cooperated so well with me during the past year and to extend special thanks to the members of my immediate staff for the excellent help they gave me during the past year.

Respectfully submitted,

JOHN B. KENNEDY

General Manager

REPORT OF CLERK OF PURCHASES

Mr. John B. Kennedy
General Manager
Norwood, Massachusetts

Dear Sir:

The total amount of purchase orders issued by this department during the past year was 1995. These orders were placed in response to requisitions received from all Town departments during 1954.

In connection with each requisition received and each order placed, the spirit of competitive bidding was used to the fullest extent. Quotations were asked for and obtained by mail whenever possible. In the event of rush requisitions the telephone was utilized and competitive prices obtained verbally. In purchases of one thousand dollars (\$1000.00) or over advertisements were placed in the local paper and proposal forms were mailed to interested bidders. Local vendors were always contacted first in order to enable them to do business with the town.

In all but emergency cases, the above policies were practiced by this department, in order, that the Town purchases could be made at the lowest possible prices, provided quality and deliveries were comparable.

Very truly yours,

JOHN J. McAULIFFE

Clerk of Purchases

REPORT OF MUNICIPAL LIGHT DEPARTMENT

*Mr. John B. Kennedy,
General Manager*

Dear Sir:

I herewith submit my report as Superintendent of the Municipal Light Department for the year 1954.

I am pleased to inform you that many important projects in the expansion of the Norwood Municipal Light Department were accomplished during the past year.

Three 75 KVA Transformers were installed in the new Guild Square transformer vault, thereby re-enforcing the secondary underground distribution system in that area.

Heavy underground secondary cables were installed at vital points around the center of Town, thereby affording a more reliable source of power to various stores.

Fireproofing was applied to primary cables in manholes and transformer vault, insuring these very important distribution facilities against destruction by fire or explosion.

A contract was awarded for the laying of ducts, rebuilding of certain manholes on Nahatan Street near Central Street and the laying of ducts and building new manholes on Broadway. In respect to this same project, a contract was awarded for cable work which will eliminate much of the hazardous distribution conditions in and around Lyman Place. The duct and manhole work is nearing completion and the cable will be done in the early Spring.

The work on the first addition to the Short Street Station is progressing on schedule and will be put in operation about April 1, 1955.

The two hurricanes which struck during the late Summer of 1954 left the Light Department in a badly devastated condition. Outside help was obtained as soon as possible and everyone available worked long hours until service was completely restored. The public was most co-operative and helpful and I wish to thank them for their courtesy and patience during those very trying days.

The increase in power consumed was nearly 9 per cent greater than that of the previous year and the potential increase for 1955 appears to be greater by a considerable amount.

Our electric power costs from the Boston Edison Company continues to be comparatively low, and it appears that our high use factor will continue with the influx of new industry.

I offer the following statistical data relative to the operation of the Light Department for 1954.

In Memoriam

HOWARD BABCOCK

Howard Babcock was born April 21, 1889. He saw service overseas in the first World War. He served the Town of Norwood faithfully for 38 years and many of the structures in the Light Department will serve as monuments to him for many years to come. The Town was saddened by his sudden death November 17, 1954 and he will be long remembered by all who knew him.

Street Lights were off approximately 150 burning hours during the two hurricanes in the month of September.

Respectfully submitted,

EARLE D. HARDY, Superintendent
 Municipal Light Department

REPORT OF CEMETERY DEPARTMENT

*Mr. John B. Kennedy
General Manager
Town of Norwood, Mass.*

Dear Sir:

Following is the annual report of the Cemetery Department for 1954:

The big news is of course, the two hurricanes, both of which wrecked havoc on some of our oldest and biggest trees. We lost six (6) spruces, all magnificent specimens.

Another venerable victim was a beautiful cut leaf weeping birch, fully 35 feet high and all of 24" in diameter. Other losses consisted of one oak, one poplar, one willow, and two maples, all of goodly proportions.

The average age of these lost trees represents many years of slow growth. We cannot help but experience a sense of shock when we see a living tree that took so many years to develop into a grand specimen destroyed by the wind in the twinkling of an eye. Many other trees were damaged and had to be pruned and trimmed.

Work was continued in rock removal and grading of Section 45 in preparation for its use for burial purposes.

For the convenience of lot owners in Sections 47 and 48 we installed three (3) additional water faucets at handy locations. This required the extension of our water mains by adding 140 feet of 2 inch pipe to our existing mains.

An extensive job of repair work was carried out this year on the Day Memorial Chapel. All the masonry was repointed and chaulked thoroughly inside and out.

Three new sections of single graves were laid out and numbered markers set on each grave. Bituminous concrete walks 4 feet wide were built for these new sections, totaling 190 lineal feet.

We conducted 198 funerals during the year and built foundations for 75 monuments.

Respectfully submitted,

LOUIS J. D'ESPINOSA.
Superintendent

In Memoriam

PETER N. CURRAN

Peter N. Curran was born in Norwood, Mass., on May 3, 1883. He was appointed a Permanent Patrolman on the Norwood Police Department on May 1, 1917, and served the community faithfully until his retirement on May 15, 1943.

After a long illness he passed away on July 17, 1954. The Town of Norwood expresses its gratitude for his faithful service, and extends its sympathy to his family.

MARK F. FOLAN

Chief of Police
Norwood, Mass.

REPORT OF SEALER OF WEIGHTS AND MEASURES

Mr. John B. Kennedy
General Manager
Town of Norwood, Mass.

Dear Sir:

I herewith submit the annual report for the Department of Weights & Measures for the year ending December 31, 1954.

Number of units tested	786
Number of units sealed	774
Number of units adjusted	113
Number of units not sealed	12
Number of units condemned	12
Fees collected and paid to town	\$446.30

During the course of supervisional inspections, there were a total of 709 spot check reweighings of food commodities sold or put up for sale; 496 were found correct, 32 were found underweight, and 118 were found overweight. The response of cooperation has been most satisfactory.

I wish to thank and express my appreciation for the cooperation of all town officials, business and industries, who have assisted me in the performance of my duties this past year.

Respectfully submitted,

FREDERICK F. BROWN
Sealer of Weights & Measures

REPORT OF BUILDING INSPECTOR

Mr. John B. Kennedy
General Manager
Town of Norwood, Mass.

Dear Sir:

The following is the annual report of the Department of Building Inspector for the Year 1954:

	No permits	Estimated Cost
New dwellings	274	\$2,538,000.00
Dwelling alterations	74	62,685.00
Private garages	40	23,530.00
Commercial & Mfg. buildings	17	2,486,677.00
Commercial & Mfg. alterations	13	24,550.00
Minor out buildings	4	545.00
Repair of fire damages	2	4,500.00
School additions	1	139,000.00
Church property	2	60,000.00
Dwellings moved into Norwood	5	40,000.00
Buildings razed	5	
Totals	437	\$5,379,487.00

Fees collected for permits issued \$6,547.00

Three — 3 family dwellings are included in item one.

Damage caused by two hurricanes to town buildings was inspected and repairs supervised.

All necessary inspections on buildings for which permits were issued were made.

Respectfully submitted,
HENRY J. CRONAN
Building Inspector

REPORT OF THE BOARD OF ASSESSORS

To the Citizens of Norwood:

The Board of Assessors herewith submit their annual report for the year 1954 together with a statement showing comparison of tax rate recapitulations for the years 1953 and 1954.

A table showing the comparison of valuations, tax rates, and taxes assessed over the past years is attached herewith as a supplemental report.

Organization

On February 25, 1954, Sture Nelson resigned as Assessor.

On March 9, 1954 Thomas J. Foley was appointed by the Selectmen to fill the unexpired term ending April 1, 1956.

On April 6, 1954 Harold T. Young was reappointed by the Selectmen as an assessor to serve for the term of three years ending April 1, 1957.

Tax Rate for the Year 1954

On April 13, 1954, the Board of Assessors determined the tax rate for the year 1954 to be \$46.80 per each one thousand dollars of valuation, an increase of \$1.80 over the 1953 tax rate of 45.00. The School Tax Rate was determined to be \$18.80 and the General Tax Rate \$28.00.

Motor Vehicle and Trailer Excise

7625 motor vehicles and trailers were assessed for the year 1954 and excise in the amount of \$173,551.33 was committed to the Collector of Taxes. The 1954 rate for motor vehicles was \$51.86 per thousand.

Appellate Tax Board Cases

On April 12, 1954, appeals under Formal Procedure were taken before the Board by Atlantic Properties, Inc. on real estate on Endicott Street and Washington Street for the year 1953. These appeals together with the 1952 appeals on the same properties had not been heard by December 31, 1954.

On March 23, 1954, appeals under informal procedure were taken before the Board by the National Shawmut Bank of Boston, as Co-Executor, on the 1953 valuation of real estate at 718-722 Washington Street and 724-726 Washington Street. These appeals together with the 1952 appeals on the same properties had not been heard by December 31, 1954.

Respectfully submitted,

WILLIAM J. DALTON *Chairman*
HAROLD T. YOUNG
THOMAS J. FOLEY

Board of Assessors

TABLE OF AGGREGATES OF POLLS, PROPERTY, AND TAXES

Assessed under Date of May 1, for the Following Years: 1872, 1875, 1880, 1885, 1890, 1895, 1900, 1905

Assessed under Date of April 1, for the Following Years: 1910, 1915, 1920, 1925, 1930

Assessed under Date of January 1, for the Following Years: 1935, 1940, 1945, 1946, 1947, 1948, 1949, 1950, 1951, 1952, 1953, 1954

REPORT OF FIRE DEPARTMENT

The Honorable Board of Selectmen

Gentlemen:

I herewith submit my report of the Fire Department for the year ending December 31, 1954.

Number of box alarms	294
Number of still alarms	107
Classified as follows:	
Buildings	27
Oil Burners	15
Automobiles	25
False alarms	19
Woods, grass, rubbish, dumps, and all others	315
Total	401
Property involved:	
Buildings	\$1,988,650.00
Contents	731,500.00
Total	\$2,720,150.00
Estimated loss on buildings	\$ 28,025.00
Estimated loss on contents	29,900.00
Total	\$ 57,925.00
Insurance paid on buildings	\$ 16,592.33
Insurance paid on contents	39,098.23
Total	\$ 55,690.56
Insurance carried on buildings	\$ 151,450.00
Insurance carried on contents	2,458,500.00
Total	\$2,609,950.00
Number of gallons of water used	185,220
Number of feet of hose used	66,300
Number of feet of ladders used	728
Ambulance calls attended	472

Inspection of business buildings, recreation and public gathering places, gasoline and oil storages, garages and gasoline stations were made in the usual manner.

I wish to thank the Honorable Board of Selectmen and all Departments of the Town for their co-operation.

Respectfully submitted,

ALONZO N. EARLE, Chief
Norwood Fire Department

In Retirement

WILLIAM J. TRAVERS was appointed as a Call Fireman in April 1931, and served in such position until he was appointed as a Permanent Fireman in June 1938. William J. Travers served the Town of Norwood as a member of the Fire Department faithfully and conscientiously until his retirement July 4, 1954.

In Retirement

BERTRAND W. SPARROW became a member of the Call Fire Department in 1923 and served in such capacity until he was appointed a Permanent Fireman in April 1937. A few years later he was appointed departmental Mechanic. After 30 years of faithful and conscientious service, Bertrand W. Sparrow retired from the Fire Department in March 1954.

REPORT OF BOARD OF PUBLIC WELFARE

To the Honorable Board of Selectmen

Gentlemen:

The Norwood Board of Public Welfare submits its annual report for the year ending December 31, 1954.

The Selectmen on May 4, 1954 appointed the following to serve as Welfare Board Members for the term of one year— Martin J. Foley, Adam R. Meissner and Richard G. Nead.

Mr. Richard G. Nead was elected to serve as Chairman of the Board at a regular Welfare Board Meeting.

A monthly summary of the number of active A.D.C.D.A. and General Relief cases, showing the total number of persons aided, follows this report.

Employment conditions in Norwood held up well during 1954. The General Relief case load for the year showed no seasonal rise due to unemployment. In a few isolated cases some supplementary aid was rendered where needed, due to temporary lower wages being received.

As is evident from the summary there was but little fluctuation in the number of active A.D.C. cases throughout the twelve month period.

The D.A. category case load also remained constant throughout the year.

The Federal Government through the Social Security Program renders Cash Grants to the Town as part payment of the A.D.C. and D.A. programs.

The Federal Government also renders Cash Grants to the Town for the administration of the A.D.C. and D.A. categories.

The Commonwealth of Mass. contributes towards the cost of the A.D.C. and D.A. cases. These funds are paid to the Town Treasurer and are available for the Town.

Changes were made by the State Department of Public Welfare during 1954 in all phases of Medical Care, resulting in additional administrative procedure, and restrictions as to the amount of fees which may be paid, and restrictions on the payment to doctors for services to recipients in hospitals.

This Medical Plan has shown no appreciable reduction in the cost of Medical Care and has added confusion and dissatisfaction to all concerned.

The detail of Receipts and Expenditures for the Welfare Department, is shown in the Town Clerk and Accountant's Report.

The Board of Public Welfare desires to express their appreciation to all persons, organizations and Town Officials for their Cooperation during the past year.

Respectfully Submitted:

RICHARD G. NEAD
MARTIN J. FOLEY
ADAM R. MEISSNER

REPORT OF BUREAU OF OLD AGE ASSISTANCE

To the Honorable Board of Selectmen

Gentlemen:

The Norwood Bureau of Old Age Assistance submits its annual report for the year ending December 31, 1954.

The table below lists the number of active Old Age Assist. cases as of the first of each month. Each case represents a person.

January	173	July	172
February	173	August	170
March	174	September	170
April	174	October	172
May	170	November	175
June	171	December	177

As shown by the above table the fluctuation in the number of cases during the year was small.

The applicants for Old Age Assist. in the majority of cases now have Old Age and Survivors Insurance (Social Security Benefits). Because of this resource the cost per case of O.A.A. shows a downward trend.

In September of 1954 an increase was granted to all persons receiving Old Age and Survivors Insurance (Social Security Benefits). This increase averaged about \$5.00 per person.

There were no major changes in the Old Age Assistance laws during the year of 1954.

The Medical Plan mentioned in the Board of Welfare report is also applicable to O.A.A. recipients.

Regular Cash Grants from the Federal Government are paid regularly to the Town for O.A.A. purposes.

The Federal Government also renders to the Town Cash Grants for administrative purposes.

The Commonwealth of Massachusetts pays a proportionate part of the cost of O.A.A. These funds are paid to the Town Treasurer and are available for the Town.

The Town Clerk and Accountant's report shows the detail of receipts and expenditures with respect to the O.A.A. category.

The Bureau of O.A.A. wishes to thank all persons, organizations and Town Officials for their co-operation during the past year.

Respectfully submitted:

RICHARD G. NEAD
MARTIN J. FOLEY
ADAM R. MEISSNER

REPORT OF RECREATION DEPARTMENT

*Mr. John B. Kennedy
General Manager
Norwood, Massachusetts*

Dear Mr. Kennedy,

The following is a report of the activities of the Recreation Department for the year 1954, the sixth such report submitted by the present superintendent of Recreation and the tenth such report since the Recreation Department has operated on a full-time basis.

The tenth anniversary year of the Recreation Department may be said to have been another most successful year in every respect. With each passing year we come a little closer to our goal of providing wholesome recreational activities for citizens of Norwood in all age groups.

The description of activities which follows will give some indication of how we are accomplishing this goal and how we propose to come even closer to it in future years.

Summer Playgrounds

Playgrounds this past season operated from Monday, June 28, through Thursday, August 26, a total of nine weeks. Playgrounds were open daily Monday through Friday from 9:00 a.m. to Noon, and from 1:30 to 4:30 p.m. during this entire period. The season of 1954 saw more rainy weather than usual, but in spite of this factor, attendance still continued to rise and activities were conducted successfully. Playgrounds were operated at Endean, Elliot Park, Wilson Street, Father McAleer's, Bond Street, and the Recreation Center, all Recreation Department areas. In addition, playgrounds were operated at the following School Department areas: High School, Callahan, Shattuck, Winslow, and Cedarcrest. At the Cedarcrest and Bond Street Playgrounds there was only a female Playground Leader, at the Recreation Center there was only a male Leader, while at all other areas there were both male and female Leaders on duty at all times.

A one-day Playground Leaders Training Institute was held on the Friday prior to the opening of the season, the Institute being held at the Recreation Center. Personnel from the Recreation Departments of Dedham and Walpole also attended, the latter group attending for the first time. The Superintendent of Recreation headed up a session on the Conduct of Playgrounds. Instruction in Social Recreation and in Arts and Crafts was provided by members of the staff of Community Recreation Service of Boston, and instruction in First Aid was provided by Mr. Joseph McAuliffe of the Norwood Fire Department. This Institute proved to be most helpful to the personnel attending, and, at the same time, provided the opportunity for personnel to get acquainted.

We are most fortunate in again having an excellent staff of playground personnel. The success of the program this year was due to their efforts. As we have emphasized many times in the past, leadership is by far the most important factor in a good recreation program. Norwood has an outstanding group from which to

In Memoriam

REVEREND WILLIAM F. ENGLISH

Reverend William F. English served for many years as a member of the old Playground Advisory Committee. He was one of the ardent supporters of the program; and, in 1945, was most influential in establishing the full-time Recreation Department. He continued as a most valuable member of the Recreation Advisory Committee until his untimely death on July 22, 1954.

The contribution of Reverend English to the Recreation program of the Town of Norwood was great. We shall miss his council and support. We are grateful for his help to the program through his many years of service on the Recreation Advisory Committee.

select their personnel. Our staff this past season is to be commended for their fine work.

Attendance figures showed an increase of 5,223 over those for 1953. Eight of the playgrounds reported increases in attendance over 1953, while only three reported decreases, and those were small ones in each case. Considering that a total of five days were lost because of rain, the increased attendance is more significant still.

Under the direction of the Supervisor of Boys' Activities and the nine male Playground Leaders, a complete program of athletics and other activities was offered to boys attending the playgrounds. Baseball leagues were conducted for the various age groups on the playgrounds, with more than 100 games being played in the different leagues. In addition, the boys took part in such games as volleyball, soccer, basketball, horseshoes, softball, and other games which proved interesting to them.

A complete program of activities for girls was operated under the direction of the Supervisor of Girls' Activities and the ten female Playground Leaders. Softball leagues were conducted for the different age groups as with the boys in baseball, and, in addition, the girls took part in volleyball, basketball, tennis, and many other such appropriate activities.

As is usually the case, the Arts and Crafts program proved of interest to both the boys and girls attending the playgrounds. Under the direction of the Supervisor of Girls' Activities, a well-balanced program of projects was set up and carried out during the season. Many attractive and useful articles were made by the children, and, best of all, many happy hours were spent at the playground, working on the various projects.

From time to time during the year, the playgrounds took part in special events. For the boys there was a Horseshoe Tournament, a Field Day, an All-Star Baseball Game, and other such interesting features. For the girls there were Doll Shows, Pet Shows, an All-Star Game, and many other programs of special interest for the girls.

Each playground made one trip to Nantasket Beach for an all-day outing. Several playgrounds visited either the Children's Museum or Franklin Park. All playgrounds attended the Boston Red Sox-Detroit Tigers game at Fenway Park as the guests of the Red Sox management. Such special events as these stimulated interest in the playground program and gave children the opportunity to take part in an interesting and enjoyable excursion at the same time.

Under the direction of the Supervisor of Tennis, a complete program of supervision and instruction was offered at the Recreation Center courts. Participation in the tennis program this past season was almost double that of previous seasons. Many of those who had taken part in the program in previous seasons returned to participate and, in addition, many new boys and girls availed themselves of the opportunity to learn the fundamentals of the game of tennis, and to take part in the various tournaments and other activities conducted.

Once a week during the playground season, a staff meeting of all playground personnel was held at the Recreation Center. This provided the opportunity for

the Superintendent to continue training of the personnel, while, at the same time, enabling the Leaders to bring up various problems for discussion. This past season, for the first time, part of the conduct of the staff meeting was turned over directly to the Leaders, with two Leaders each week being responsible for introducing one or two new activities which might be used by the other Leaders at their playgrounds. This proved to be very interesting and worthwhile for the Leaders.

From our own observations, and from the comments and suggestions of the Playground Leaders, we offer the following recommendations. Some of these have been stated before and are as important now as when first brought out.

1. That an effort be made to improve facilities at the playgrounds located at the Shattuck and Winslow Schools.

2. That certain items of playground equipment, such as swings, slides, etc., be acquired and erected at certain playground locations. Certain areas are lacking in the proper amount of such equipment.

3. That immediate attention be given to improving the physical layout at Father McAleer Playground. We have recommended this in past years and repeat the recommendation with emphasis this season. The small area which is available for use and the large crowds of boys and girls attending the playground constitute a dangerous situation.

4. That a male Leader be assigned to Cedarcrest Playground next season.

5. That sand boxes be constructed and installed at those areas not now having them. These are particularly good for the very young children attending playground.

6. That facilities be developed and supervision be provided in the Ellis Gardens area of town. At present, there is no suitable area within a reasonable distance of the homes in the area, with the result that children must play in the streets.

7. That supervision be provided in 1955 at the newly developed area off Pleasant Street. At present, there is no suitable play area within a reasonable distance of the homes in that vicinity.

Junior Twilight Baseball League

On two evenings of the week, the Junior Twilight Baseball League was operated for boys up through 18 years of age. The Superintendent supervised this activity directly, with umpires paid by the Recreation Department actually running games. Nine teams took part in the League this past season, the largest number to date, and a total of 72 games were played during the season. A total in excess of 100 boys participated in this program.

Recreation Softball League

Again in 1954, the Superintendent served as Softball Commissioner for the local area for the Amateur Softball Association of America. This involved providing supervision and organization for the local Recreation Softball League throughout the season. Eight teams competed in the League in 1954, playing a total of 84 games from early June through early September. The League enjoyed a most successful season from every point of view.

Swimming Program

Hawes Brook Pool opened for public swimming June 24, and remained open until September 10. With the opening of local schools delayed one week this year, the Pool was kept open to provide safe swimming for the children. We point with pride to another season of supervision at Hawes Brook Pool without a serious accident. This excellent record of safety is due directly to the outstanding work of the personnel at the Pool. We commend our staff of Lifeguards most highly for their efforts this past season.

Again in 1954 we registered children for swimming classes through the co-operation of the School Department. Registration was held during the last two weeks of school. A total of 794 boys and girls were assigned to the various classes held throughout the summer. Classes were held for a two-week period, three sets of classes being held each morning until Noon, when the Pool was opened to general-public swimming. Approximately twenty-five per cent of this enrollment successfully completed their courses and were granted Recreation Department and American Red Cross certificates. Those not successfully completing their courses still benefitted greatly from the instruction received.

Our being able to provide instruction for such a large number of children is due to our having on our staff last year four qualified Red Cross Water Safety Instructors. Again in 1954 the Norwood Women's Community Committee provided two scholarships (worth \$45 each) for personnel to attend Aquatic School. These two persons, in addition to the two already on the staff who had attended in previous years through the same scholarship, gave us four well qualified instructors and four well equipped Lifeguards. We are deeply grateful to the Norwood Women's Community Committee for their generosity in providing these scholarships.

The Recreation Department sponsored again this year a Regional Swim Meet, with more than 250 boys and girls from Norwood and surrounding towns participating in 1954. This affair served to stimulate interest in swimming in general and provided an opportunity for boys and girls to try out in competition the skills they had acquired during the year. Under the supervision of the Pool personnel, certain boys and girls also took part in other swimming meets from time to time throughout the year.

Our number one recommendation concerning the Pool is for the erection of adequate toilet, locker, and water purification facilities. We have recommended this every year since the Pool has been open. The present facilities are totally inadequate and, as a matter of fact, during the latter part of this past season, the Board of Health threatened to close the Pool because of the unsanitary conditions there resulting directly from the inadequacy of facilities. This situation must be remedied.

Picnic Kits

For the first time this year, the Recreation Department made available picnic kits to local organizations holding outings or picnics. Various items of equipment, games, etc., that help make such an affair more enjoyable were available on loan from the Department. Some seven organizations made use of this service in 1954.

Rifle Club

The Norwood Recreation Junior Rifle Club has continued to be a most popular activity for boys in the 14-18 age group. Under the skilled supervision of Mr. Paul Cronan, instruction is given in marksmanship and competition is conducted on a team basis and on an individual basis from September through May at the range at the Municipal Building. There is an Advanced Group and a Beginners Group, each meeting one evening a week at the range under Mr. Cronan's supervision. During 1954 there were upwards of 60 boys taking part in the activities of the Rifle Club.

Recreation Basketball League

Young men beyond high school age have the opportunity to compete in the Recreation Basketball League conducted on two evenings of the week at the Senior High School from December through mid-March. The year just passed saw one of the most successful seasons in the League for several years, with participation and competition being at an all-time high. The Recreation Department provides supervision in the form of game officials, and takes care of all equipment and rental expenses. This activity provides the chance for much needed physical exercise for this age group, while at the same time providing healthy competition under supervision. Three games are played each Monday and Wednesday of the week, the games drawing many interested spectators.

Youth Center

We have continued to operate the Youth Center program for high-school-age young people on each Saturday evening, except during July and August, with great success. That the young people have continued to support the program by their attendance and participation seems clear proof of the value of the program to the high-school-age group in Norwood. The Recreation Department provides supervision, music, and needed game supplies for the program, making only a token charge for admission. The young people themselves assist in the running of the Saturday evening socials, and many of the activities have come about as a result of their suggestions and efforts. The Saturday evening program ordinarily consists of dancing, games, and access to the small refreshment counter.

Boys' Activities

From mid-November, or about the time of the onset of bad weather, until about the first of April each year, supervision is provided at the gym located in Swimming Pool Hall of the Recreation Center each afternoon after school, and on Saturday mornings. Boys of all ages flock to the gym in their free time, taking part in the supervised program provided there. The most popular activity is basketball, with many of Norwood's basketball players learning their fundamentals in this program in their early years. Attendance is always good, there sometimes being as many as 75 boys in the gym during one session, proving the popularity of the program.

Halloween Parties

Again in 1954 the Recreation Department conducted three major Halloween parties in Norwood. The Senior High School was the scene of a party for the stu-

dents at that school, with the students themselves doing much of the work connected with the party, for which they are to be complimented. At Social Hall of the Recreation Center there was a party for Ninth Graders, and at the Junior High School Auditorium there was a party for all Seventh and Eighth Graders of Norwood. Supervision at the various parties was provided by members of the Recreation Department who volunteered their services for the evening, and we must again express our appreciation to them for helping in this way. Norwood's low incidence of Halloween trouble is a good indication of the value of the parties.

Girls' Drama

Under the supervision of Mrs. Virginia L. Bergeron, the Girls' Drama program has grown to be one of the most popular programs ever offered by the Recreation Department. We are particularly happy with this program for the fact that it provides something for girls in their leisure time. Too often girls are neglected or overlooked in recreation programs.

One Open House was conducted by the girls in March of 1954, at which time parents and friends had the opportunity to watch the activities that the girls regularly participate in at the Recreation Center, including playlets, skits, pantomimes, square dancing, and games. With the resumption of the program in September, 1954, there were so many girls signed up that it was necessary to divide them in three groups instead of two as in previous years. Girls seven and eight and girls nine and ten, most of both groups members of the Drama Group for the first time, met one afternoon of the week. The girls of the Advanced Group met two afternoons of the week, most of this group having been members in previous years. In December, 1954, the girls staged their annual Christmas Open House, presenting a program entitled "Merry Christmas Minstrels" which had 62 girls in the cast, and which was enthusiastically received by a capacity audience.

Mrs. Bergeron is to be highly commended for the fine work which she has done with the Girls' Drama Group. The poise and confidence which the girls gain is invaluable, while, at the same time, they are enjoying themselves in most worthwhile leisure activities.

Friday Evening Dances

What the Youth Center program is for high-school-age young people, the program of Friday Evening Dances is for junior-high-school-age boys and girls. On each Friday evening of the year, except during July and August, dances are conducted in the Recreation Center under the supervision of members of the Recreation Department staff. At these dances, where music is provided by a live orchestra, young boys and girls have the opportunity to enjoy dancing and to learn to get along with one another socially. While dancing lessons are not actually given at the Friday Evening socials, many a young boy and girl has taken his first steps there and has thereby increased his poise and confidence. The good attendance at the dances attests to their popularity and value.

Symphony Orchestra

The year 1954 saw a number of changes in the personnel of the Norwood-Norfolk County Orchestra. Many of the people who had been in the Orchestra

in recent years departed to attend school or for other reasons had to leave. There remained an excellent nucleus, however, and around this nucleus Director Raymond F. Fleck is in the process of building up the Orchestra to full strength. As we have indicated before, accepting memberships from surrounding towns of Norfolk County enables us to have a more complete Orchestra, and, at the same time, makes the opportunity available to those otherwise unable to do so to play with a group of this sort. At the end of 1954, we had thirty-five members in the Orchestra.

In the winter and spring season of 1954, the Orchestra played concerts in Norwood, Franklin, Canton, Hanover, and Brockton. In December, the Recreation Department sponsored the first Christmas Festival of Music. The Orchestra combined with the choirs of six Norwood Protestant and Catholic Churches for an evening of Christmas music which was open to the public and which was attended by a capacity audience at the Norwood Junior High School Auditorium. This event attracted a considerable amount of favorable comment, and we are hopeful of being able to make it an annual event as the event which ushers in Norwood's observance of the Christmas season.

Mr. Fleck is worthy of highest praise for the manner in which he has carried on the affairs of the Orchestra. His enthusiasm and hard work have been directly responsible for the new successes enjoyed this past year.

Fourth of July Celebration

On the morning of July 4, 1954, the Recreation Department co-operated in the conduct of the General Manager's Fourth of July Celebration. Playground Leaders volunteered their services on the Holiday to supervise a program of games, stunts, and the distribution of refreshments to the boys and girls attending at the various playgrounds where the Celebration was held.

Golden Age Club

Our newest program proved to be one of our most popular and fastest growing in 1954. Begun in 1953, the program of recreation for the Golden Age Citizens of Norwood grew considerably in popularity in the past year and we now know that it is one of the most worthwhile, and one of the most needed in our Department. Through this program, we have been able to provide the opportunity for social gatherings, meetings, programs of various types, and oftentimes simply the setting in which friendships may be formed, renewed, and fostered among persons of the same general age group and position in life.

At the present time, there are over sixty-five Golden Age Members on our mailing list. Attendance at monthly meetings, held at the Recreation Center, averages between thirty and forty. On four afternoons of the week the Lounge is available to the Club members for card games, checker games, television, and other such activities. The Lounge is that portion of the building used ordinarily by the American Legion, and we are again indebted to and appreciative of them for their co-operation with us. We have heard innumerable favorable comments on this program from Club members, and from their families, indicating to us the value this program has to Norwood's Senior Citizens. Through this program we come a step closer to realizing our goal of providing recreation to all age groups in the community.

Miscellaneous Activities

During 1954, the Recreation Department took part in many other community activities. The Superintendent appeared before several local organizations to tell of the work of the Department. The Department was represented at conferences on matters pertaining to recreation at the local, state, and national level. The Department cooperated with other town Departments in matters related to its own affairs or town affairs in general. The Department also co-operated with other community agencies concerned with recreation. All in all, the demands on the time and facilities of the Recreation Department were many during 1954, but we feel that maximum use was made of both and that we thereby were able to serve Norwood in a most satisfactory manner.

Conclusion

We cannot close our report for the year 1954 without expressing our sincere thanks to all who helped us during the year to do a better job—to the Board of Selectmen, to the General Manager, and to the Recreation Advisory Committee, all of whom were most generous in their help and understanding. We are also grateful to other town departments with whom we have enjoyed most pleasant relations, and to all community agencies concerned directly or indirectly in our programs. Without the help of all these groups, we could not have functioned.

We feel that we have a recreation program of which the citizens of Norwood may be justly proud. We know that the program compares most favorably with others in the state. Its results are difficult to measure, but we know we speak the truth when we say that programs such as we have been able to offer do much to improve the mental and physical well-being of the community—that they help to divert the energies of youth into wholesome channels, thereby keeping them away from the shadowy area of delinquency—and that Norwood and its citizens are leading happier and more complete lives, at least partially as a result of the recreation program of the Town of Norwood.

Respectfully submitted,

RICHARD E. READY

Superintendent of Recreation.

REPORT OF FISH AND GAME WARDEN

Patrolling time	1320 hours
Number of Complaints	3
Complaints investigated	2
Prosecutions resulting	none
Liscenses inspected	306

One racoon taken on Walnut Ave. and later liberated. One buck deer salvaged at New Pond and turned over to Wrentham State School.

Respectfully submitted,

JAMES E. BUNNEY

Town Fish and Game Warden

REPORT OF THE ANIMAL INSPECTOR

The Honorable Board of Selectmen

Gentlemen:

I submit herewith my report as Inspector of Animals for the year 1954.

I quarantined 45 dogs for biting. All were released at the end of the required legal quarantined period and none showed any signs of Rabies at any time.

I inspected 3 shipments of cattle from out-of-state for dairy purposes.

I made the annual inspection of livestock required by the Massachusetts Division of Livestock Disease Control and it revealed the following: 187 cows, 8 horses, 11 heifers, 35 calves, 5 bulls, 18 sheep, 80 swine, 14 steer.

Respectfully submitted,

THOMAS U. MAHONEY

Inspector of Animals

REPORT OF NORWOOD HOUSING AUTHORITY

Meetings: First and third Wednesdays in Room 24 of the Municipal Building.

Members: Chairman, Daniel Collins; Vice Chairman, John J. Mulvehill; Treasurer, John E. Bamber; Asst. Treasurer, Roger J. Connolly; Anthony F. Turinese. Personnel: Executive Director, Lawrence J. O'Brien; Manager Accountant, Arnold S. Donovan; Legal Representative, Attorney Dennis P. O'Leary; Insurance Representative, Thomas J. Foley.

The Norwood Housing Authority operates and has jurisdiction over Washington Heights, a State-aided Veterans rental housing development, erected in 1950 under Chapter 200 of the Commonwealth of Mass. Housing Laws. There are 75 housing units in this development consisting of 33 single houses, 12 duplex, and 6 triplex apartments. They were primarily built for World War II Veterans of low-income who were unable to purchase homes or secure rentals. The law has recently been revised to include Veterans of the Korean Conflict on an equal basis.

The members of the Norwood Housing Authority take this opportunity to thank the Town Officials and departments for their cooperation during the past year.

Respectfully submitted,

THE NORWOOD HOUSING AUTHORITY

DANIEL COLLINS, *Chairman*

JOHN J. MULVEHILL

HOW TO TELL A GOOD LIBRARY

Some of the ways the Morrill Memorial Library tried to meet these criteria in 1954.

IT MAKES A LOVE OF GOOD BOOKS INFECTIOUS AND THEIR USE ACCESSIBLE

In addition to the spark that librarians can strike in sharing book enthusiasms with individuals, are the book interests shared with groups. These are indicated by invitations to the librarian and staff from several organizations to give book talks.

Accessibility of books to the reader is put forward by Martha C. Eaton, Assistant Librarian and Cataloger, aided by Helen Fraser, Assistant. Miss Eaton tries to have subject headings correlate with reader-psychology and the changing times. Speed of access to new books is helped by our starting to use multiple slips for ordering and processing, thus making one typing take the place of three. 2,959 books and 85 records were cataloged.

45 classes of 1,400 pupils from the elementary schools and Junior High School, together with faculty members, came to the Junior Department, the Adult Department, and the South Norwood Branch for instruction in the use of library resources.

IT OFFERS A HOMELIKE, HAPPY, BEAUTIFUL PLACE TO COME

One thinks of the interest and appeal of the Lobby book exhibits—the comfortable reading nooks—the occasional background music—the fine care of buildings, together with the atmosphere conveyed by a competent and well-integrated staff.

The circulation desk at the Main Library is a focal point for satisfactory use of the library, and this is furthered by the work of Esther C. Hallet, Circulation Librarian.

Decorations from the Norwood Garden Club, and flowers from many friends give a lift to all.

IT MEETS AMERICAN LIBRARY ASSOCIATION STANDARDS

The ALA considers a registration of 40 per cent of the population is standard.

LEARNING TO LOVE BOOKS

THE LIBRARIAN, THE STAFF, AND THE CUSTODIAN

The Morrill Memorial Library has a registration of 52 per cent, plus 54 nonresident borrowers, each paying \$2.50 annually.

The ALA gives 8 per capita as standard for circulation, without analysis of relationship between circulation and type of community. Norwood, an industrial town, with no college or large private school, has a circulation of 7.9 per capita and a total circulation of books, pictures, and recordings of 8.1 per capita.

The ALA advocates not less than 2.5 books per capita. The Morrill Memorial Library has 2.8 books per capita. We attempt to get the best, and we have periodic inspection of book collections.

In 1948 the ALA recommended \$3 per capita for superior library service. An ALA committee is now working on a revision of this. The Morrill Memorial Library has \$2.91 per capita.

To the credit of the Board of Library Trustees, they aided standards at this library by authorizing a minimum-maximum salary scale, a statement on qualifications for the staff, and on yearly increments.

Shirley Patterson, Records Librarian, resigned for personal reasons after nine years of excellent work. Her place was taken by Patricia Whelan, Records Assistant, on August first. Miss Whelan is a graduate of the Norwood High School and of the two-year course at the Katharine Gibbs School.

IT HAS A STRONG REFERENCE AND READERS' ADVISORY SERVICE

Robert Wesley Sillen came to the position of Reference Librarian and Readers' Consultant on May third. He holds an A. B. from Colby College and a B. S. in Library Science from Simmons College. His experience was with the public libraries of Watertown and Providence and at the Andover Newton Theological Library.

At the request of the Public Libraries Division of the ALA, Mr. Sillen wrote "A New England Town Responds to a Record-Lending Service" for use by the General Federation of Women's Clubs. The article, descriptive of the implementing of the service at this library by the Norwood Women's Community Committee, of its growth, and present status, was used in part in a release prepared by the General Federation of Women's Clubs for distribution to clubs throughout the country.

As a way of connecting the town's post-hurricane needs with library resources, Mr. Eugene Nelson, Chairman of the Library Board, and an insurance expert, was interviewed. A photograph of his being interviewed, together with an article by Mr. Sillen, appeared in local papers and then in the LIBRARY JOURNAL.

A list of 48 of the leading local industries was compiled by Miss Phillips with the aid of the Board of Assessors and of the New Industries Committee. It has been widely used.

Sixteen hundred pictures were added to the Picture Collection.

IT HAS AN ALERT, IMAGINATIVE SERVICE TO YOUTH

The growth of the Junior Department this year was impressive, partly shown in a circulation gain of 1,480.

N. Dorothy Shumaker, Junior Department Librarian, is serving her second year as chairman of the Round Table of Children's Librarians.

Physical improvements in the department include an iron railing as a safety measure on the children's stairway; an oscillating fan; a refinished floor; and an outfit of small stools to make the lowest book shelves more comfortable to use.

3,006 books were sent in collections to public and parochial schools—over 500 more than last year.

IT REACHES OUT—IN NEIGHBORHOOD SERVICE; IN HELP TO THE SICK; IN CONCERN WITH TOWN AFFAIRS

There has been a circulation gain of 1,401 at the South Norwood Branch, reflecting creditable work on the part of Doris Allen, Branch Librarian.

Neighborhood interests were used in the public relations program of 38 vivid and timely window exhibits.

Norwood is one of only 15 Massachusetts communities having public-library-administered hospital service, by a library staff member with weekly bedside visits and a permanent hospital book collection professionally chosen. New and better quarters for a library, fitted with bookcases, were assigned the Morrill Memorial Library by the Norwood Hospital. Five new deposit boxes for return of books were placed on every floor.

Twenty-four student nurses in two groups, with instructors, came to the Morrill Memorial Library for a talk by Esther C. Hallet, Circulation Librarian, in charge of Hospital Service, on library resources of special benefit to nurses.

A printed leaflet entitled, "Reading Service at the Norwood Hospital for Patients and Personnel," was prepared and 500 distributed to incoming patients by volunteer hostesses.

IT USES NEW MEDIA, AS AUDIO-VISUAL. IT DRAMATIZES BOOKS IN LIVELY EXHIBITS, IN TALKS, AND IN STORY HOURS FOR CHILDREN

Four art exhibits and a series of meetings on personal finance were arranged as part of the Adult Department's special activities, in charge of the Reference Librarian and Readers' Consultant. In Norwood's first Art Show open to anyone producing work of excellence, nine Norwood artists took part, exhibiting 28 pictures. It drew an excellent attendance despite rain and had a good deal of favorable comment.

Dr. Robert Davis of Norwood accepted an invitation to have a one-man exhibit of 12 of his distinguished photographs.

Mr. Francis W. Dahl, famous cartoonist of the BOSTON HERALD, lent 12 original cartoons which were enjoyed here by many admirers of his work.

During the Berkshire Music Festival the Boston Symphony Orchestra lent photographs of their musicians at Tanglewood.

A series of three evening meetings on finance entitled, "Building Your Personal Estate," was offered. The speakers were financial experts from Norwood and Boston in the field of investment counselling and brokerage. Their talks were followed by discussion with the keenly interested audience.

Thirty-four story hours were offered by Miss Shumaker aided by Mrs. Harry Fraser, Assistant. Total attendance was 819. Thirty-two story hours, two of them musical, were offered South Norwood boys and girls by Doris Allen, Branch Librarian.

2,678 recordings were lent, bringing much pleasure to Norwood's music lovers. This service is in charge of the Reference Librarian. One borrower spoke of an unusual use made of them: As music therapy for three children all sick at the same time.

**IN SUMMARY: ITS PROGRAM CONTRIBUTES TO TOWN LIFE.
IT HAS A PART IN THE PROFESSIONAL FIELD,
AND IT TAKES A LOOK AT THE FUTURE**

The library's total circulation of books, records, and pictures was 134,688; a gain of 5,630.

The Town

In establishing their own library on Judaica, the Hebrew Congregation of Norwood was in frequent touch with the Librarian on matters of organization and book selection.

Every member of the Board of Library Trustees and the Librarian are Town Meeting members.

The Librarian is a director of the Norwood Community Council, member of the Hospital Corporation, and chairman of the Literature and Drama Committee of the Norwood Woman's Club, and member of the Boston Arts Festival, 1955 Committee.

The library is greatly aided and heartened by the services of its friends; for example, the work done for the Adult Department, Junior Department, and South Norwood Branch by the Camp Fire Girls, Boy Scouts, and Girl Scouts.

The library's public relations program owes much to the NORWOOD MESSENGER and the NORWOOD TRIBUNE for their frequent use of library news.

Forty-six people have strengthened the library's program by 222 gifts of books; notably six volumes of THE INTERPRETER'S BIBLE from the Norwood Council of Churches. The Women of the Moose made their annual and most welcome gift of three children's books and 700 handmade bookmarks.

The Profession

The Minneapolis Conference of the American Library Association, all New England state and local library conferences, including the Library Trustees Association of Massachusetts, have had representation from our Board or Staff or both.

Miss Phillips is Secretary, Massachusetts Library Association. She spoke on "Public Library Service to the Sick" at an MLA conference, Hospital Libraries Section. Mrs. Hallet is Secretary, Old Colony Library Club. This club had Mr. Sillen head a panel on "Preserving and Presenting Local History." Mrs. Allen is a member of the Book Selection Committee, Round Table of Librarians for Young Adults.

A Simmons Library School student chose this library for a survey.

The Future

We are now at capacity in:

Most of the bookshelves in the Adult Lobby, including Young Adult section
Adult catalog case
Magazine shelves
South Norwood Branch

We are almost at capacity in:

The Plimpton Wing
The Intermediate Room

The Reference Room and reference files in Lobby

Space to house recordings

Therefore we must consider need for additional space

A library in a growing town, guided by a wise Board of Trustees, with the working aid of a fine staff, is a stimulus to a librarian in trying to produce "A Good Library".

Respectfully submitted,

EDNA PHILLIPS,

Librarian.

*Planning Board—Sitting: Robert F. Gallivan, Secretary; James J. Drummey, Chairman; and Inez Gallazzi, Clerk.
Standing: Albert P. Nelson, Joseph W. Wall and John E. Bamber.*

REPORT OF PLANNING BOARD

*The Honorable Board of Selectmen
Norwood, Massachusetts*

Gentlemen:

Organizational meeting of the Planning Board was held on January 25, 1954 and James J. Drummey was elected Chairman and Robert F. Gallivan was elected as Secretary of the Board for the year 1954.

In addition, on January 25th re: Abraham Shagoury and Pellana Rd., plans were approved after a public hearing.

Public hearing held February 1st re Nicholas Stivaletta and Booth Road. Public hearing postponed until Monday, February 15th. Adjourned hearing held February 15th and plans approved with change of street name to McKinley Road.

Also present at February 1st meeting were Mr. George McKay, Engineer for Commonwealth of Massachusetts; Albert W. Thompson, Town Engineer; and Selectman Walter J. Dempsey. Considerable discussion re access roads on Route 1. This matter is still being studied.

Public hearing held February 8th regarding the request for a zoning change on the easterly and westerly sides of Neponset St., changing the areas from General Residence to Single Residence 2, and Single Residence to Single Residence 2. After considering the matter the Planning Board voted to favorably recommend a zoning change to Single Residence 1. (Legal technicalities necessitated holding another public hearing on this matter which was held July 12, 1954.) Final action by Town Meeting occurred on August 26, 1954 when zoning change to Single Residence 1 was approved.

Public hearing held March 1 re Frank Simoni and Elda Drive and Orchard Lane. Plans approved.

Public hearing held March 1 re Charles Hunt and Arnold Rd., Auduborn Road, Sixth Street and Westborder Road. Plans approved.

Public hearing held March 29 re Albert P. Nelson and Stratford Rd., Valley Rd. and Lane Drive. Plans approved by default as time limit of 45 days elapsed.

Public hearing held April 12 re Edward O'Toole and Earle Street, Eisenhower Rd., St. Catherine's Road and Fales Ave. Plans approved.

Public hearing held May 24 re Joseph Lorusso and Edgewood Homes. Plans approved.

Public hearing held June 7 re John Cieri and Norton Drive. Plans approved.

Public hearing held June 7 re Abraham Shagoury and Industrial Way. Plans approved.

Planning Board recommended to Board of Selectmen that the Town purchase the land at the opening of the proposed Oliver Street off Rock Street for street

purposes. The Selectmen advised that they were not interested in purchasing said land.

Public hearing held June 21 re James Domenica and Pellana Road. Plans approved.

Public hearing held re establishing of Single Residence 1 and Single Residence 2 districts and six zoning changes in the Neponset Street area. After considerable discussion the following changes in the Zoning By-Laws were recommended for Town Meeting action:

Amend Section 1. by striking out in the seventh line thereof the words "six districts" and inserting in place thereof the words "eight districts" and by adding at the end of said section the following "7. Single Residence districts 1. 8. Single Residence districts 2."

Amend section 12 by adding after paragraph (c) thereof the following "(d) Single Residence districts 1. which shall provide a lot area of not less than twelve thousand five hundred (12,500) square feet with a lot frontage of not less than one hundred (100) feet. (e) Single Residence districts 2. which shall provide a lot area of not less than fifteen thousand (15,000) square feet with a lot frontage of not less than one hundred twenty-five (125) feet."

Amend section 16, by inserting in paragraph (b) after the words "Nahatan Street" the words "and in single residence 2. districts" and by striking out the words "forty (40) feet" and inserting in place thereof the words "thirty (30) feet."

The recommendations were upheld at Town Meeting of August 26, 1954.

Planning Board recommended to Board of Selectmen that the Town purchase land for the extension of Fulton Street.

Public hearing held Aug. 2nd re John Ceri and Norton Drive. Plans approved.

Public hearing held Aug. 2nd re William Howard and Allandale Parkway. Plans approved.

Public hearing held October 4 re Abraham Shagoury and Pellana Road. Plans approved.

Planning Board met with Andrew Monahan, William Hyland and Andrew Venskus, members of the Parking Commission and discussed at great length proposed parking sites.

Public hearing held October 18 re Mrs. Savilonis and Varwood Circle. Plans approved.

Meeting held Monday, November 1 with Mr. Charles Downe, State Division of Planning for discussion of problems involved with the development of such a large tract of land as Westover.

Meeting held Monday, November 8 with George Willett for a discussion of the Westover property.

At a meeting of the Planning Board held December 14 it was unanimously voted that the Planning Board was opposed to the proposed site in Norwood of a Dog Track.

During the year the Board conducted 42 meetings and spent a total of 168 hours at said meetings. In addition, the Board engaged in 23 field projects covering a total of 69 hours. Joint meetings with State officials or other Norwood Boards or Committees were held as follows.

Department of Commerce	1
State Dept. Public Works	1
Board of Selectmen	4
Board of Health	1
Committee on Industrial Development	1
Parking Committee	1

Seventeen subdivision plans have been approved allowing for the building of 243 homes. In addition, presently under conditional approval are 8 more plans which when released, will permit the erection of 205 homes. A total of \$179,000 in bonds were filed during the year with the Town to insure that the necessary work would be completed to the satisfaction of Town Officials.

We wish to extend our thanks to all town officials and departments who have cooperated with us during the past year and to the community for their interest and cooperation.

Respectfully submitted,

JAMES J. DRUMMEY, Chairman
ALBERT P. NELSON
JOHN E. BAMBER
JOSEPH W. WALL
ROBERT F. GALLIVAN, Secretary

REPORT OF PUBLIC WORKS DEPARTMENT

*Mr. John B. Kennedy
General Manager
Norwood, Massachusetts*

Dear Sir:

I herewith submit the report of the Public Works Department for the year ending December 31, 1954.

HIGHWAYS

Street Cleaning and Patching

Street cleaning and patching was carried on as usual. All sections of the Town were swept in the Spring and during the year, sections of the Town were again swept wherever gravel, stone and leaves had accumulated.

Guard Rail and Walls Maintenance

Guard rails and walls were checked around town and repaired wherever needed.

Bridges and Culverts

All bridges and culverts were checked. The culverts at the bottom of Dean Street hill, Water Street bridge, Winter Street at the Westwood Line, Sumner Street at Endicott's and Everett Street were cleaned several times.

New Street Signs

A number of new street signs were purchased and erected.

HIGHWAY DEPARTMENT

Maintenance

The following streets were treated with R-C#5 Asphalt and covered with 3/8" stone.

Tremont Street — Washington Street to about 200' from Hartford Street

St. James Avenue — Washington Street to Pond Avenue.

St. Paul Avenue — Washington Street to End.

Cut-Off — St. Joseph Avenue to St. Paul Avenue.

Cedar Street — Washington Street to Railroad Tracks.

Short Street — Washington to Morse Street.

Old Washington Street — Washington Street to End.

The following streets were treated with M-C#3 Asphalt and covered with sand.

In Retirement

MARTIN CONNOLLY

Martin Connolly started work for the Town of Norwood in May 1918, as a laborer and worked continually until his retirement on June 16, 1954. His fellow workers will long remember his ability and faithfulness.

THOMAS HEYLIN

Thomas Heylin began work for the Town of Norwood on June 1, 1927, as a laborer and street cleaner. He worked as a street cleaner until he was hurt in the line of duty on January 10, 1953, when he went out on compensation. On March 17, 1954, he was officially retired from the Public Works Department.

TIMOTHY O'DONNELL

Timothy O'Donnell started work for the Town of Norwood on June 1, 1932, on the Soldier Relief Rolls and was taken over by the Public Works Department in the year 1935. He worked as a laborer until his retirement on March 17, 1954.

HENRY MULKERN

Henry L. Mulkern started work for the Town of Norwood on July 5, 1932, as a laborer and in January of 1936, he was made a chauffeur and was put in charge of the Town Yard on Saturdays and Sundays, along with his chauffeur duties. He performed various kinds of service work to all the departments of the Town until his retirement on August 16, 1954.

The Town of Norwood wishes to take this opportunity to thank the above mentioned men for their loyalty in the past years and to wish them a very happy and long retirement.

Spruce Road — Winter Street to Winter Street.

Hickory Road — Spruce Road to Spruce Road.

Brierwood Road — Hickory Road to Spruce Road.

Elm Street — Winter Street to End.

Cypress Street — Winter Street to End.

Sycamore Street — Winter Street to End.

Lincoln Street — Spruce Street to Prospect Street.

Shattuck Park Road — Bellevue Avenue to Nichols Street.

Bond Street — Winter Street to Nichols Street.

Morrill Road — Bond Street to Nichols Street.

Hawthorne Street — From front of 44 Hawthorne Street to Vernon Street Extension.

Rosemary Street — From front of 64 Rosemary Street to Nichols Street.

The following streets were capped with Hot-top after all Catch Basins, Man-holes and water roadway box castings were raised to grade.

Hawthorne Street — Winter Street to Front of 44 Hawthorne Street.

Vernon Street Extension — Hawthorne Street to Front of 235 Vernon Street Extension.

Water Trench — Winter Street — Cemetery Driveway to Winter Street Dump Roadway.

Bullard Street — Beacon Street to Vernon Street.

Day Street — Washington Street to Beech Street.

Maple Street — Day Street to Vernon Street.

Vernon Street — Washington Street to Nichols Street.

Nahatan Street — Washington Street to Prospect Street.

Washington Street — The entire width of the car tracks from Railroad Avenue to Cottage Street.

Day Street to Guild Square were capped.

Washington Street from Day Street to Cottage Street, the entire width of Washington Street from curb to curb was capped.

Sixth Street from East Cross Street to Gay Street was widened and gravel put on to bring it up to grade.

The old Filter Bed Roadway off Pleasant Street to the present Factory Mutual property was widened and gravel hauled, spread and rolled to give an approach to Factory Mutual property from Pleasant Street.

TOWN OF NORWOOD

SEWER DEPARTMENT

Maintenance

All Sewer Mains and Laterals were cleaned in the Town with the Flexible Sewer Rod Equipment.

All dead end mains were flushed out periodically.

Total number of sewer connections added in 1954 by the Public Works Department 101.

Total number of sewer service connections put in by contractors 20.

Total number of sewer service connections put in by Developers by their own contractors 209.

There were eighty (80) plugged sewer services opened up during the year 1954.

Construction

Dean Street — Front of Mahoney house to West Border Road.

Neponset Street — Jefferson Drive to McKinley Road.

DRAINAGE

Maintenance

All drains, catch basins and drain manholes were cleaned during the year with the use of the Catch Basin Eductor.

During the course of the year eleven (11) private drain connections were installed in new houses.

A 12" C. I. Drain was installed with a small Catch Basin at 303 Union Street to take care of a bad water condition on the street.

The Marion Avenue drain was dug up and relaid, for approximately 100' from the intersection of Bright Street. Also, the rest of the drain on Marion Avenue from Bright Street to Charles Street was dug up at different spots and the entire drain cleaned thoroughly. Another manhole was built on this line.

WATER DEPARTMENT

Miles of Main at end of year	74.61
Total number of services	4761
Total number of services in use at end of year	4761
Total number of meters in use at end of year	4837
Number of meters set (new)	172
Number of meters replaced	322
New water services added	285
Water service renewals	3
Twenty-four (24) new hydrants were installed by Developers	24
Number of hydrants in service	601

Hydrants Replaced

Front of 19 Vernon Street	1
Front of 600 Nahatan Street	1
Front of 450 Walpole Street	1
Front of 60 Pleasant Street	1

Hydrants Moved

Front of 310 Dean Street	1
Front of 459 Pleasant Street	1
Front of 105 Gay Street	1

WATER STATISTICS**Monthly Consumption in Gallons**

1954	Ellis	Westwood Well	Westwood Buckmaster Pond	Total
January	47,738,000	15,000,000		62,738,000
February	31,339,000	26,900,000		58,239,000

September	50,157,000	20,410,326		70,567,326
October	46,840,000	24,974,250		71,814,250
November	39,530,000	23,828,125		63,358,125
December	41,079,000	24,778,125		65,857,125
	566,701,000	236,762,857	1,065,000	804,528,857

Greatest amount of water pumped or used in any one day:

August 7, 1954—3,333,000 Gallons

Greatest amount of water pumped or used in any week:

August 1-7, 1954—19,289,210 Gallons

Gallons of water supplied to distributing main during year: 804,528,857

Gallons of water supplied through service meter: 804,528,857

FORESTRY

Early in the Spring all Elm tress were given a spraying of DDT 12 % solution prior to leafing for control of the Elm Tree Beetle.

The normal spraying of all trees with a 6 % solution of DDT was done on all public streets throughout the Town during the month of May.

One hundred (100) new trees were set out along Town streets.

On August 31, 1954, Hurricane Carol did a gerat deal of damage to all trees both public and private and we had several crews working different sections of the Town, cutting limbs, removing them and also removing stumps.

Eleven (11) days later, Hurricane Edna hit Norwood and did considerable more damage to all the trees. It took a period of about five (5) to six (6) weeks to clear up the debris and we are still checking different sections of the Town, removing hanging or broken limbs. Much more work will have to be done in 1955.

During the course of the year, before the hurricanes, several Elm trees with Dutch Elm Disease were removed. Also, other trees were trimmed by the Joseph Hart Company of Randolph, who did this work on a contract basis. Many more dead Elm trees remain to be removed.

In addition to this work, tree men from the Public Works Department trimmed trees during the year when necessary.

Adequate allocation of funds should be made in 1955 to properly trim all trees damaged by the two hurricanes and to remove those trees beyond repair.

PARKS AND PLAYGROUNDS

All the Parks, Playgrounds and Baseball Diamonds were cleaned, prepared and rolled in the Spring and mowed during the grass growing season. Also, all shrubbery in the Parks and Playgrounds were trimmed and shaped.

The Civic Tennis Courts were graded and put in shape for use.

The equipment for all the Playgrounds was inspected and repaired where necessary and also painted.

At the Allen Road Playground considerable work was done. Additional drainage with catch basins and manholes were added, the entire area was graded and loam was hauled there to make a Little League Field. The area was seeded and the baselines were cut out. Excavations were made for dug-outs and the League members erected dug-outs and a fence around the playing field.

RUBBISH COLLECTION

We are still having trouble with people overloading large metal oil drums as well as having garbage thrown in with the rubbish.

As the different sections of the Town are gradually being built up, it will be necessary for the Public Works Department to spend more truck hours collecting.

SNOW REMOVAL

There was only one large snow storm in January of 1954, but considerable salting and sanding of streets and sidewalks was done.

MISCELLANEOUS WORKS**Light Department**

Work for the Light Department was done at the following locations.

A trench for an underground conduit was dug and backfilled at the intersection of Central Street and Cottage Street.

A trench for an underground conduit was dug and backfilled at Bond Street from the Parkway down to a point in front of the Junior High School Driveway on Bond Street.

A trench for an underground conduit was dug and backfilled at Vernon Street in the rear of the Sanborn Block.

Mowing of the grass and cutting of the hedge at the Light Station grounds was also done.

Balch School

Sixty-one (61) screens were removed, repaired and replaced on the Balch School windows.

Civic Association Grounds

An outside basket-ball court was constructed at the Civic Association Grounds, near the Baseball Diamond, facing Winter Street.

Winslow and West School Grounds

All the trees were trimmed on both the Winslow School and West School grounds.

Shattuck School Grounds

Trees on the Shattuck School grounds were trimmed and the branches removed.

Callahan School

A new water service and a sewer service were installed at the Callahan School to take care of the new addition to the present school.

MAINTENANCE AND CONTROL OF TRAFFIC

Traffic lines, Slow signs and Stop signs were painted in different sections of the Town.

Go Children Slow signs were placed in different locations selected by the Police Department.

No Parking signs were placed in front of the Norwood Junior High School on Washington Street.

In conclusion, I wish to express my appreciation for the cooperative spirit given me by the personnel of the department and all officials and personnel of other departments of the Town.

Respectfully submitted.

ALBERT E. CASEY

Supt. of Public Works

REPORT OF COMMITTEE ON INDUSTRIAL DEVELOPMENT

The Committee on Industrial Development of the Town of Norwood, which has functioned continuously for the past four and one-half years, hereby tenders its third public report.

In accordance with the provisions of the Committee By-Laws, General Committee meetings were held during the scheduled months and the average attendance at these meetings was thirty-five (35). In addition the Steering Committee held several meetings during the year for the discussion of the many projects in which the committee was involved. To further the purpose of the Committee and to help bring to a successful conclusion some of these projects, it was necessary for the members of the Steering Committee and/or the Chairman to attend eighteen (18) additional conferences or meetings with representatives of the various industrial firms.

Some of these contacts with new industries included the Compo Shoe Machinery Co., of Boston. Extended negotiations were made with firm in an endeavor to have them locate in the Norwood Press Building. This concern finally decided not to locate in Norwood. The Phillip A. Houghton Co. requested space for Chemical Storage but upon the recommendation of the Fire Chief this firm was discouraged. Contacts were made with the Metro-Morey Co. of Dedham, who were interested in Sun Chemical buildings on easterly side of Pleasant Street. Committee helped them with electrical problems, but this firm abandoned the idea. Through the efforts of the Committee a lease was negotiated for the Forte-Faribin Co. to occupy 40,000 square feet of dry storage at Norwood Stamping Co. Warehouse.

The Committee is still actively engaged in negotiations with various plants, but at the present time a full report cannot be made.

Sub-committee activity at present includes a committee of three investigating the possibilities of an Industrial School in this area. Another committee of three is studying and will report on the possible usage of the land along US Route 1 from Access Road to Ellis Water Station.

The Sub-committee of Facts and Statistics have prepared and printed a revised brochure regarding the statistics of Norwood.

For the year 1954 the sum of \$500 was appropriated for use of the committee. Of this amount only \$142.04 was expended, and the major portion of this was for stenographic services and the purchase of stationery. This committee operated at a minimum of expense to the taxpayers.

Special meeting held Monday, December 13, for the express purpose of obtaining an expression from the General Committee in connection with the establishment of Dog Racing in Norwood. It was unanimously voted that the Board of Selectmen be advised by letter that the committee was opposed to the location of a Dog Track in Norwood.

The Lions Club of Norwood feted the Committee on Industrial Development on October 27, 1954 at which time Chairman Rich accepted on behalf of the committee a plaque.

At a Town Meeting on Sept. 27, 1954 it was voted to accept the provisions of Chapter 297 of the Acts of 1954, "An Act Authorizing Cities and Towns to Establish Commissions to Promote Business and Industry". The provisions of this Act authorizes the Town Manager to appoint a Commission not to exceed fifteen (15) members. Accordingly, on November 26, 1954, the following named persons were appointed by the Manager to serve as indicated:

Charles L. Rich	3 Years
Harry F. Howard	1 Year
John R. Russell	5 Years
James J. Callahan	3 Years
Foster Babcock	1 Year
James O. Connolly	2 Years
William J. Dalton	4 Years
William Hyland	5 Years
John W. Murphy	4 Years
Robert F. Gallivan	2 Years
James J. Drummey	5 Years

In connection with the reorganization of the Committee it was voted at a meeting held December 8, 1954, that the existing organization be continued for the duration of the normal business year, which is April 1955.

The Committee's accomplishments could not have been realized without the complete cooperation and support of the entire General Committee. Their splendid effort in behalf of the Committee and the Town are deeply appreciated. The Committee also wishes to acknowledge the cooperation received from the various official boards of the Town as well as the many personnel in the various departments of the Town who have so generously given of their time and energy.

REPORT OF BOARD OF HEALTH

Mr. John B. Kennedy
General Manager
Town of Norwood
Norwood, Massachusetts

Dear Sir:

The Board of Health submits the following report for the year 1954:

At the organizational meeting held on Feb. 11, 1954 Mr. John J. Bayer was elected to serve as Chairman for the year. Mr. James F. Foley and Dr. Roy T.

Lydon served as members of the Board of Health. Regular Board of Health meetings were held on the second and fourth Thursdays of each month, special meetings being called if necessary.

Respectfully submitted,

JOHN J. BAYER, Chairman

JAMES F. FOLEY

ROY T. LYDON, M.D.

Board of Health, Town of Norwood

REPORT OF MILK INSPECTOR

Board of Health

Town of Norwood

Norwood, Massachusetts

Attn: Nora P. Hayes, Clerk

Gentlemen:

Following is the report of the Milk Inspector for 1954.

Licenses

Licenses for the sale of milk and cream were issued to milk dealers, stores and restaurants.

Licenses for the manufacture of ice cream and frozen desserts were issued.

Permits for the sale of oleomargarine were issued.

Licenses for establishments to pasteurize milk were issued after inspection to ascertain that the plants were being operated according to the rules and regulations of the Massachusetts Department of Public Health.

Laboratory

Samples of milk and cream were taken at random from milk dealers and stores. The following tests were made on these samples in the Board of Health Laboratory.

1. Standard plate count for number of bacteria per cubic centimeter.
2. Total solids determination.
3. Phosphatase test for pasteurization.
4. Babcock test for per-cent of butterfat.
5. E. Coli test for fecal contamination.
6. Babcock test for completeness of homogenization.

In 1954 six hundred and fifty-six (656) laboratory tests were made on one hundred and thirty-eight (138) samples of milk and cream.

The results of this intensive laboratory work indicated that the quality of milk and cream sold in Norwood is satisfactory and as high or higher than the requirements set by Mass. State Law.

Board of Health—Bartley J. King, Agent, Roy T. Lydon, M.D., John J. Boyer, Chairman, James F. Foley.

Hurricanes

Hurricanes "Carol" and "Edna" caused serious power failures at all pasteurizing and milk plants in Norwood. Power was restored to all milk plants as fast as was humanly possible. There was much inconvenience but through the co-operative efforts of the owners and workers in the various dairies all the milk that was produced during the emergency was pasteurized and bottled. Some milk for out-of-town dairies was also pasteurized in Norwood during the time power was out following the hurricanes.

Very truly yours,

LEONARD E. CURRAN

Inspector of Milk

REPORT OF PLUMBING INSPECTOR

The following is the report of the Plumbing Inspector, Harry A. Shannon, for the year 1954:

January	17 permits	July	35 permits
February	17 permits	August	43 permits
March	37 permits	September	32 permits
April	38 permits	October	63 permits
May	30 permits	November	62 permits
June	14 permits	December	43 permits
Total number of permits issued during 1954		431	

REPORT OF HEALTH AGENT

The following is the report of the Health Agent, Bartley J. King:

Recent major revisions of the Planning and Subdivision legislation has placed greater responsibility upon the Board of Health. Much of our time and considerable effort has been devoted to subdivision control. Consultations were held and advice given to many developers in regard to the sanitary problems in their particular subdivisions.

The Board approved the plans for twenty-five (25) new subdivisions in the past year.

The Norwood Board of Health admitted 10 cases of Pulmonary tuberculosis to the various approved county and municipal hospitals in Massachusetts. Several cases were discharged as inactive after only a short period of hospitalization, but for a great number of the patients a longer period of treatment was necessary.

The Town of Norwood was chosen as one of the communities in Massachusetts to participate in the National Foundation for Infantile Paralysis Salk Polio Field Trials in 1954. The Norwood Board of Health voted to participate in the

program and with the co-operation of the Norwood Public and Parochial School officials, members of the various community organizations, the medical and nursing profession in Norwood we were able to successfully carry out our part of the program. Seven hundred and ninety-three (793) children received the injections in Norwood during the trial period.

Dr. Hugo B. Riemer who served the Town of Norwood as Eye Clinic Physician for a good many years passed away on July 10, 1954. Dr. Riemer, a highly esteemed member of the medical profession will be greatly missed by all who he faithfully administered to during his many years in the service of the Town of Norwood.

The Board of Health appointed Dr. William F. Ryan to the position of Director of the Board of Health Eye Clinic left vacant by the death of Dr. Hugo B. Riemer.

The Board of Health entered into an agreement with the Nisby Brothers of Abington, Mass. for the removal of garbage from the Town of Norwood for a three-year period beginning January 1, 1955 and ending December 31, 1957. The contract calls for a payment of \$25,500.00 per year. Nisby Brothers have held the garbage contract with the Town of Norwood since 1952.

The meetings of the Board of Health have been changed to the second and fourth Friday of each month in the Board of Health office in the Municipal Building.

Sanitary inspections were made in all food handling establishments throughout the year.

Respectfully submitted,

BARTLEY J. KING

REPORT OF PUBLIC HEALTH NURSES

The following is the report of the Public Health Nurses for the year 1954:

During the year 1954 the Visiting Nurses averaged 400 calls and forty-one office calls per month. These calls which include treatments, medications, bedside care, administration of hypodermics and post-natal care are made only on doctor's requests.

We have added a new call on our books which consists of visiting all new mothers of first babies and answering any questions or settling any difficulties which might arise after they once arrive home. These calls have been appreciated and worthwhile.

We have had eight admissions to Norfolk County Hospital this year and these families and contacts have been followed up for examinations and x-rays. There were six discharges from Norfolk County Hospital which were referred to us for follow-up work.

During the months of May and June we assisted the doctors in the POLIO FIELD TRIALS at the scheduled schools.

There were only two Polio cases in Norwood this year and both were the non-paralytic type. These cases have been followed up with blood tests which were sent to the Forest Hills Laboratory.

Mrs. Mary Connolly, R.N., resigned as Public Health Nurse in June and Mrs. Marion O'Neil was appointed to a permanent position.

Mrs. Norma Herig joined us and is replacing Mary McKeown, who has been granted a military leave of absence.

In Room 8 of the Municipal Building we have office hours every afternoon Monday through Friday from 1:00 to 2:00 o'clock for the patients who find it more convenient to come to the office.

We wish to thank the members of the Board of Health and the other members of the Health Department who have co-operated with us during this year.

Respectfully submitted,

MARION O'NEIL, R.N.
NORMA C. HERIG, R.N.

REPORT OF ST. CATHERINE'S SCHOOL NURSE

It is my privilege to present my third annual report explaining my program at St. Catherine's School.

School Physician

Dr. Thomas H. O'Toole visited the school twice each week and examined the children recommended plus routine work. This year he examined three hundred children physically and the following defects were noted:

Throats	35
Heart	10
Speech	54

Diphtheria Control

Dr. Thomas H. O'Toole conducted the shick tests and administered the necessary toxoid to positive reactors.

Schick tested	198
Positive Reactors	31
Toxoid Infections	31

Communicable Disease

The following rules regarding the exclusion of children are still in effect. Children will be excluded from school for these reasons:

- Temperature under 97 degrees or over 99 degrees.
- Skin eruptions until diagnosed.
- Evidence of reddened or sore throat.
- Vomiting.
- Returning to school without a certificate from the doctor after having had a communicable disease.

The following is a list of reported cases of contagious diseases this year:

Scarlet fever	0	Infantile Paralysis	0
Pertussis	3	Measles	2
Chicken Pox	110	Mumps	183
Rheumatic Fever	0	German Measles	0

We wish to thank the parents for their fine co-operation in the matter of communicable disease control.

Audiometer Tests

The children from the first to the eight grades had their hearing tested this year.

Number tested	850
Number failed	16
Recommended for Lip Reading	3
Attending Lip Reading class	2
Number seen by physician	7
Number treated by physician	3

The Eye Clinic Physician and* the Public School Nurse conducted the Eye Clinic each week at the Norwood Junior High School. Usually we are allowed five appointments each week.

All of the children at St. Catherine's School received the Massachusetts Vision Test this year. This test is divided into three parts: Part I is the test for acuity (clearness of vision); Part II for far-sightedness; and Part III for muscular control. Any child failing this test is recommended for examination by an eye doctor.

Number given Vision test	850
Number failing	80
Number needing new glasses	25
Number wearing glasses	61
Number to report next year	10

Dental Clinic

The Dental Clinic is held each week at the Junior High School. In September Dr. T. J. Curtin, assisted by Mrs. Curran examined the teeth of all the children in school. Clinic permission slips were sent to all the parents of children needing

care. We send twenty children each week to the Dental Clinic. All dental work was completed on defective teeth this year.

Number going to school clinic	129
Number going to family dentist	118

Weighing and Measuring

All children are weighed and measured three times a year and a record is kept of all gains and losses.

Speech Correction

Pupils recommended by the classroom teacher as needing corrective speech work are taken by Mrs. Rose Nicholson in individual or group instruction classes, depending on the degree of defect.

Mrs. Nicholson is a graduate of the Rooney School of Expression and has taken advanced courses under Dr. Pronovost of Boston University. She devotes five hours a week to group work and five hours a week to individual work. Special cases now receiving assistance are:

Articulatory disorders	24
Lispers	26
Cleft Palate	2
Hard of hearing	3
Stuttering	3

Respectfully submitted,

PATRICIA M. LANG, (R.N.)

Public Health Nurse

REPORT OF SCHOOL DENTIST

Board of Health

Norwood, Mass.

Gentlemen:

Herewith is submitted the report of the School Dentist for the year ending December 31, 1954:

Public School

Number of children completed	449

Number of permanent fillings	232
Number of permanent extractions	4
Number of cleanings	121
Number of children examined	750
Number of children O.K. at examination	391

Respectfully submitted,

T. J. CURTIN

School Dentist

REPORT OF CIVIL DEFENSE

The Honorable Board of Selectmen

Gentlemen:

The Office of Civil Defense for Norwood herein submits its annual report for the year ending December 31, 1954.

The all-volunteer organization of Civil Defense for Norwood has been maintained in strength and with but few changes among the heads of the Specialized Groups, as listed below:

Director: George T. Mahoney
 Deputy Director: John R. Russell
 Executive Officers: John B. Kennedy
 Communications Service: Allyn H. Fisher
 Coordination: Dr. William F. Lovell
 Education and Training Officer: John J. Corcoran
 Engineering Officer: William Hyland
 Fire Service: Chief Alonzo Earle
 Ground Observer Corps Supervisor: Winslow F. May
 Identification Officer: Thomas R. Bowler
 Medical and Health Service: Charles A. Richardson
 Mutual Aid and Sector Coordinator: Charles L. Donahue
 Plant Protection Officer: Harry F. Howard
 Police Service: Chief Mark Folan
 Police Service Auxiliary: Robert A. Baxter
 Rescue Service: John E. Bamber
 Shelter Officer: Henry J. Cronan
 Technical Service: Maurice S. Baker
 Transportation Service: Milo R. Bacon
 Utilities Service: Albert W. Thompson
 Warden Service: Stephen C. Traudt
 Welfare Service: Leslie J. Latham

On Saturday, April 24, 1954 Norwood as one of the 42 cities and towns comprising Massachusetts Civil Defense Region 5, took part in a Public Participation Practice Alert. The Norwood Police and the 50 Civil Defense members maintained an excellent control of all pedestrian and motor traffic.

On Thursday, June 14, 1954 Norwood participated in the first continental Civil Defense exercise. Again Civil Defense members: auxiliary police, radio operators, air observers (in airplanes furnished by Wiggins Airways) and photographers performed all practice functions with major success.

During the hurricane Edna, September 11, 1954, members of the Civil Defense Staff and Auxiliary Police were activated to supplement, in traffic control, the regular police.

The Civil Defense organization in Norwood exists by virtue of the Civil Defense Act, Chapter 639, Acts of 1950, Massachusetts law. This act authorizes and directs the town to establish an organization in accordance with the state civil defense plan and program which means "the preparation for and the carrying out of all emergency functions, other than the functions for which military forces other than the national guard are primarily responsible, for the purpose of minimizing and repairing injury and damage resulting from disasters caused by attack, sabotage, or other hostile action or by fire flood, earthquake, or other natural causes; said functions shall include specifically, but without limiting the generality of the foregoing fire fighting and police services, medical and health services, rescue, engineering, and air-raid warning services, evacuation of persons from stricken areas, emergency welfare services, communications, radiological, chemical and other special weapons of defense, emergency transportation, existing or properly assigned functions of plant protection, temporary restoration of public utility services and other functions."

The Civil Defense Director wishes here to thank all the members, heads of the Specialized Groups and the General Staff for the generous donations of their efforts and their time. And, also, for himself and all other Civil Defense members, wishes to thank the Selectmen, the General Manager, the Town Clerk and Accountant, the Treasurer, the Engineer, the Police Chief, the Fire Chief, the Administrator of the Welfare Department and their staffs, and indeed all others, including of course, the townspeople at large for their generous cooperation and support.

Respectfully submitted,

GEORGE T. MAHONEY

Director

REPORT OF ENGINEERING DEPARTMENT

Mr. John B. Kennedy
General Manager
Norwood, Massachusetts

Dear Sir:

I herewith submit my report as Town Engineer for the year 1954.

The amount of work required from the Engineering Department continues to increase each year and with the various housing developments along with the other work it is almost impossible to get out all the work on time. All departments and various boards require engineering work or advice and these requests are so numerous and varied that it is impossible to list them all. A brief review of the more important requests and work done are listed as follows:

Sewer Construction and Drain Construction

Plans, budget estimates, contract documents, lines, grades and supervision during construction were furnished for the following jobs:

Nahatan Street, Sewer
Fr. McAleer Playground, Drain
Birch Road, Drain
Winter St., Sewer
Union St., & Washington st., Drain
Rock Street, Sewer
Walpole Street, Sewer
Washington Street, Drain
Winter Street, Sewer

Approval of plans and inspections for sewers, water mains and drains installed by Developers on the following:

Westview Drive, Jacobsen Drive, Pellana Road, Ridgewood Drive, Juniper Drive, Azalea Drive, Hillside Avenue Extension, Forrest Avenue, Meadow Road, Norton Drive, Allandale Parkway, Sixth Street, Arnold Road, Audubon Road, Geraldine Drive, Bird Road, Industrial Way, McKinley Road, Lane Drive, Bruce Road, Fulton Street Extension and Redwood Drive.

Plans and Orders of Takings for the following streets accepted in 1954:

Brierwood Lane	Rosemary St. Extension
Hickory Road	Spruce Road
Longwood Terrace	Westview Drive

Morrill Road

Miscellaneous Work

1. Plans and descriptions for the following zoning changes:
Neponset St., east side, Meadow St. to Neponset River
Neponset St., west side, Prescott Rd. to Neponset River
2. Plans of proposed school site Walpole Street to Nichols Street.
3. Locating and posting tree removal notices.
4. House locations, measurements and calculations on 439 buildings for the Assessors.

5. Plotting 1954 land transfers on Assessors Plans.
6. Plans and descriptions for tax sales.
7. Plans and staking out new burial section at Cemetery.
8. Plotting 1954 burials on individual lot plans.
9. Estimating sewer and water connections to new houses.
10. Pole locations on various streets.
11. Installing master meter for checking water complaints.
12. Various reports for state agencies and attendance at appropriation meetings.
13. Various water reports and investigations for various agencies.
14. Conferences and plans relative to Norwood Airport.
15. Investigations and reports on various drainage conditions.
16. Gas main locations on various streets.
17. Attendance at Selectmen's meetings, Planning Board meetings, and Board of Health meetings for advice on Engineering problems.
18. Plotting water, sewer and drainage extensions on record plans.
19. Various plans for location of new traffic signals.
20. Investigation for emergency water supply.
21. Bird Road agreement and reports.
22. Dean St. Chapter 90 project plans.
23. Plan and description of sewer easements.
24. Conferences, estimates for utilities to Mason, Neilan Co.
25. Sewer Assessment plans, cost calculation and commitments on the following streets:

Pleasant Place	Pleasant Street
Neponset Street	Prospect Street
Talbot Avenue	Cambridge Road
Oxford Road	Rock Street
Walpole Street	Franklin Street
Tamworth Road	Belnap Road
Cranmore Road	Prescott Road
Edgehill Road	Lancaster Lane
Windsor Road	Dean Street
Neponset Street	Richland Road

Total sewer assessments committed \$41,801.94

26. Parking study plans and estimates:
 - Talbot Property
 - Washington Street
 - Central St. opposite Post Office
 - Guild School Lot
27. Planning Board—90 various reports on estimates of costs, progress reports on various streets in new developments, recommendations on the various developments, new street extensions and zoning changes.

We still have our personnel problem as qualified engineers are reluctant to enter municipal service when there are better opportunities with increased salaries outside of municipal employment.

Respectfully submitted,

ALBERT W. THOMPSON

Town Engineer

REPORT OF THE FINANCE COMMISSION

To the Citizens of Norwood:

The Finance Commission was organized for the year 1954 as follows:

James J. Hawley, *Chairman*
Andrew M. Monahan, *Member*
Ambrose J. Kelly, *Clerk*

Mr. Kelly resigned as of June 8, 1954 and Mr. Frank E. Mauritz was elected August 18, 1954 to fill Mr. Kelly's unexpired term.

On January 1, 1954 the debt of the Town of Norwood was \$138,000.00 with maturities in 1954 of \$43,000.00

The sum of \$385,000.00 was borrowed during the year for the following purposes:

Light Construction	\$175,000.00
(Authorized in 1953)	
School Construction	110,000.00
Sewer Construction	15,000.00
Water Construction	45,000.00
Light Construction	40,000.00

The Special Town Meeting of November 9, 1954 authorized the borrowing of \$83,000 for Sewer Construction.

In addition to the above the Special Town Meeting of June 30, 1954 authorized the Board of Selectmen to make application on behalf of the town for membership in the Metropolitan Water District, and to enter into and execute on behalf of the town an agreement with the Commonwealth of Massachusetts, said agreement to provide for the payment by the town of not more than \$1,000,000.00 as its portion of the cost of constructing the water main, extending from the present distribution system to the Norwood—Westwood town line.

After examining the request for appropriations submitted by various departments the Commission met with Department Heads and Committees charged with the disbursement of appropriations and discussed in detail the basis for such requests.

On completion of the work of the Commission a public hearing was held prior to the Adjourned Town Meeting.

The sum of \$35,000.00 was appropriated for the Reserve Fund and transfers were made as follows:

Police Department New Equipment	\$ 1,000.00
Public Welfare Administration Personal Services	90.00
Expense of Officials Out-of-State	100.00
General Government Incidentals	600.00
Police Department Incidentals	1,100.00
Printing Annual Town Report	82.18
Election & Registration Incidentals	1,000.00

*Finance Commission—James J. Hawley, Chairman; Bartley W. Connolly; Frank E. Mauritz, Member;
Andrew M. Monahan, Member.*

Police Department Salaries Special	400.00
Callahan School Addition	10,000.00
Interest	47.50
Police Salaries Special	1,000.00
Maintenance of Municipal Building Incidentals	250.00
Town Clerk & Accountant Personal Services	675.00
Particular Sewers	3,200.00
Finance Commission Incidentals	50.00
Soldiers Relief	4,000.00
Fire Salaries Subs & Callmen	1,500.00
Sick Leave Public Works Department	702.00
Town Clerk & Accountant Incidentals	75.00
Treasurer & Collector Incidentals	50.00
Maintenance of Municipal Building Personal Services	525.00
Election & Registration Incidentals	1,000.00
Treasurer & Collector Incidentals	50.00
Treasurer & Collector Personal Services	50.00
Public Welfare Administration	100.00
Public Health Personal Services	1,500.00
Police Department Incidentals	400.00
Soldiers Benefits	1,000.00
Insurance	2,100.00
Particular Sewers	1,000.00
Police Department Salaries Specials	500.00
Public Health Incidentals	600.00
General Manager Incidentals	2.58

RESOLUTION

EDNA ELIZABETH FROST

The retirement of Miss Edna Elizabeth Frost following fifty years of service as a teacher, forces upon us the realization of the invaluable contribution which she has rendered to our society.

Ever an inspiring leader in all things related to her chosen field of work, she has been identified with all that is good in civil and professional circles.

The people of Norwood regret her passing from active duty. They may, however, reflect upon the constructively good works with the accomplishment of which she has had a most active participation.

We, Members of the Norwood School Committee, desire to make known to her the high measure of esteem and friendship in which she is held by us and by all members of our Town. We resolve that she be so informed and that a copy of this resolution be spread upon the records of our meeting.

The regular meeting of the School Committee is held in the Committee room, Room 100, Junior High School Building, at eight o'clock on the third Wednesday of each month.

Superintendent of Schools

LINCOLN D. LYNCH, 21 Florence Avenue, Telephone NORwood 7-1266

The Office of the Superintendent of Schools is at the Junior High School, and is open from 8 A.M. to 5 P.M. every day, from Monday through Friday inclusive. Telephone NORwood 7-0133.

Secretary and Clerks

Elizabeth Syverson, 15 Park Street, Telephone NORwood 7-0021. Secretary to Superintendent of Schools and Clerk of School Committee

Elvie A. Schaier, 44 Highview Street, Telephone NORwood 7-2227-R. Senior Clerk and Stenographer.

School Calendar

Tuesday, September 7, 1954—Faculty Meetings.

Wednesday, September 8, 1954—Senior High and H. O. Peabody Schools in session.

Monday, September 13, 1954—Kindergarten to Grade 9 in session

Holidays

Monday and Tuesday, October 11th and 12th, 1954—Columbus Day recess.

Friday, October 29th—Teachers Convention.

Thursday, November 11th—Armistice Day.

Thanksgiving Recess: Schools close at noon Wednesday, November 24th and reopen Monday, November 29th.

Christmas Recess: Schools close at noon Thursday, December 23rd and reopen Monday, January 3, 1955.

Winter Recess: Schools close Friday, February 18th and reopen Monday, February 28th.

Friday, April 8th—Good Friday.

Spring Recess: Schools close Friday, April 15th and reopen Monday April 25, 1955.

Monday, May 30, 1955—Memorial Day.

Friday, June 17, 1955—Tentative closing of school.

No School Signals 2-2

Repeated at 7:15 a.m. No session, kindergarten through 12th grade, all day.

Repeated at 7:30 a.m. No forenoon session, Kindergarten through 9th grade.

Repeated at 7:45 a.m. No forenoon session, Kindergarten through 6th grade.

Repeated at 12:15 p.m. No afternoon session, kindergarten through 9th grade.

Repeated at 12:30 p.m. No afternoon session, Kindergarten through 6th grade.

Note: When the NO-SCHOOL signal is sounded, all street lights are illuminated, if possible, for three minutes.

Radio Stations (WBZ, WEEL, WHDH, WNAC), will broadcast notices between 7 and 8 a.m. and when possible, at noon and at night.

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Norwood:

The reports of the Superintendent, Principals, and Supervisors, present vital facts related to Norwood Schools. Items which the School Committee regards reportable and not included in the aforementioned reports are submitted herewith.

Gifts — Friends of Young People

For many years Parent-Teacher groups formed in each of our school districts and town-wide in the case of both the Junior High and Senior High Schools have, in their quiet ways contributed substantial sums for the purchase of many kinds of equipment which have made it possible for us to make schools more interesting and effective.

We are especially grateful to those organizations which, though they have no direct affiliation or connection with schools, continue to contribute to their welfare. The Norwood Rotary Club for several years, and, as part of its devotion to the ideal of Service has made large contributions. This year, the sum of one thousand dollars for the purchase of musical instruments to be used in the schools was donated by the Rotary Club. The instruments purchased with this money included 4 mellophones, 1 oboe, and 1 Kay Bass Viol. The reader will note that these are the kinds of instrument which the parent of the average child is unable or unwilling to purchase. They are nevertheless the instruments which give balance to instrumentation and are necessary for good band and orchestra work. Frequently the youngster who finds himself proficient in playing the extraordinary instrument will finally have one of his own.

The Curtain-Timers, a young, enthusiastic and helpful group devoted to the study and presentation of good drama also contributed \$100 with which a flute and case were purchased for use in our schools.

The Norwood Womens' Community Committee presented to the Henry O. Peabody School for Girls, a beautiful silver tea service in memory of Maude Ray Hartwell who for many years was significantly identified both with the Womens' Community Committee and with the Henry O. Peabody School.

Experience Rule — So-called

A rule of long-standing which required that a teacher to be eligible for appointment as a permanent regular full-time teacher in the Norwood Schools, must

have at least one full year of teaching experience or its equivalent, has this year been superseded by a rule which requires only that, to be eligible for appointment as a full-time regular teacher in Norwood Schools, a candidate must possess a Certificate issued by the State Department of Education of the Commonwealth of Massachusetts.

Age Limit — January 1-6 years

Another rule of long standing has this year "gone by the boards", that which governs admission to the first grade. For many years and until September 1954, a child to be eligible for admission to grade one in September, must have been 6 years of age on or before March 1st of the year following. Now the rule requires that the child must be 6 years of age on or before January 1st of the year following. Apart from the fact that this change in rule will relieve, temporarily, crowding in our elementary schools, it will (more important), place certain children in first grade when they are more mature, and, on that account, probably more ready for the work of the first grade.

Open Meetings

Again, this year, the School Committee has entertained its invited guests, representative of the several Parent-Teacher Associations to all meetings of the School Committee throughout the year.

Invitations and committee meeting announcements are made through the President of the P. T. A. Council, Mr. John Cronin.

There seems to be a general feeling among both School Committee Members and delegates from the several P. T. A.'s, that all groups may be mutually more helpful if mutually they are familiar with, and understand each others' problems.

Callahan School Addition — More

For several years, the School Committee has been concerned about the need for additional school housing. In its annual reports and in open Town Meetings, the need has been presented.

Results, to date, have been, however, quite disappointing.

Notwithstanding the fact that the recently constructed addition to the Callahan School provides 5 additional classrooms, the building is now full and crowding enrollments in each of the other schools will make necessary the adoption of extraordinary and undesirable expedients by the time we are planning to open schools in September 1955.

Not the least among these arrangements will be the probability of elimination of the kindergarten program which has come to be an effective and desirable feature of our school program.

Unless something is done to provide additional school housing immediately, we will, in all likelihood also have to contemplate the possibility of platoon arrangements.

CHANGES IN PERSONNEL — 1954**Resignations**

- Miss Carol Anne Gorman, Balch School, to teach elsewhere.
Miss Mary M. Dunn, Balch School, to teach in Boston.
Miss Theresa Gove, JHS Elementary Unit, to teach in Texas.
Miss Joan R. Cooney, Shattuck School, to be married.
Mrs. Eileen Daley, Balch School, to stay at home.

Transfers

- Miss Mary G. O'Neil, Winslow School 6th grade to Junior High School.
Miss June I. McDonough, Balch School to Callahan School.
Miss Janet Silva, Balch School to Callahan School.
Miss Julia A. Walsh, Shattuck School to Balch School.
Miss Patricia A. Whalen, JHS Elementary Unit to Callahan School.
Miss Rachel A. Ellis, Balch School to JHS Elementary Unit.

Retirements

- Miss Edna E. Frost, Principal, Callahan School.

Appointments

- Miss Louise E. Nugent, from Grade One Callahan School
to Principalship of Callahan School.
Mrs. Eva Dalu, Beauty Culture Department, H. O. Peabody School.
Miss Joan Devlin, Elementary.
Miss Ann Kennedy, Elementary.
Miss Dorothy Pungitore, Elementary.
Miss Carol Haynes, Elementary.
Mrs. Trina Pross, Elementary.
Miss Faith Patterson, Elementary.
Mrs. Helen Power, Elementary.
Mr. Charles Goff, Elementary.
Miss Barbara Dowd, Elementary.
Miss Jean Charron, Elementary.
Mr. John P. Maleiko, Junior Building Custodian.

Military Leave

- Mr. Henry F. Fairbanks, Senior High School, on military leave since January 20, 1943.

Returned from Leave of Absence

- Mr. Lloyd Schultz, Senior High School, Art Department, to study from September 1, 1953 to June 30, 1954.

Appreciation

We, Members of the Norwood School Committee, appreciate the willingness of the employees of the Norwood Schools in the performance, each according to his capacity to contribute, of the many and difficult tasks they have so generously undertaken.

JOHN J. CAVANAUGH

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Herewith I submit my nineteenth report as Superintendent of Schools. There are included in my report such statements as may well have been, but, for one or another reason, have not been made by others in the Report of the School Committee.

Special Classes

During the past year, much has appeared in all media of communication which reveals a tremendous public interest in what is being done or what ought to be done for handicapped children.

Virtually there are none among us who are not sympathetic and who will not do all we can to alleviate the suffering or make more happy the lot of the unfortunate, be he adult or child.

However, we must all recognize the fact that the traditional school, the school which we have always known; has been, and still is, ill-equipped to do the kind of work which we would like to do with certain sub-normal and abnormal children.

Recent legislation aimed at an improvement in programs for exceptional children (in this case, sub-normal) employ terms which are new to many. Such terms as "educable" "trainable" as applied to children will quickly suggest the type of child for whom the public school must eventually provide.

If we will be honest with ourselves, we must admit that, while experts in the field may have the "know-how" the great teaching field which we have known does not, when it comes to caring for these children as they should be provided for.

The physical facilities, the classroom materials, the program itself, to be effective in administering to the highly specialized needs of this class of children are not the tools of the ordinary teacher.

Therefore, although we are sympathetic, we must for the time being at least, insist that our public schools as now organized have not the equipment necessary to do for these children what we all would like to do.

Moreover, as Miss Marcionette suggests in her report, we must be careful to see that, in our efforts to help certain of these children, we do not either guide them into the wrong program or hurt the interests of others in so doing.

While vocational competence is desirable as an objective for all children, it is a mistake to conclude that all children belong in the Vocational School as it is now organized.

Testing

During the school year 1953-1954, the Division of Test Research and Service of the World Book Company provided all test materials and service necessary to test, score, and interpret the results of a program in which 1611 unselected Norwood pupils in grades two to nine participated.

The World Book Company was anxious to have Norwood participate along with many other communities throughout the United States for purposes of equating norms established for older forms of the Stanford Achievement Test and the Otis Quick-Scoring Mental Ability Tests, with the new norms for new tests bearing the same titles.

We, in Norwood, were interested in learning where we stand in comparison with others in the whole field covered by the tests mentioned above.

A brief statement concerning results is that our children are a little above average in intelligence and that we are doing a better than satisfactory job in our teaching.

Specifically in the areas of Paragraph Meaning, Word Meaning, Language usage, Social Studies, Science, and Study Skills, our performance is superior. In the area of Arithmetic reasoning and computation our scores are slightly (and only slightly) below grade.

This year we have a new committee working under the able leadership of Mr. Napoleone and addressing itself to a study of the problem of making our arithmetic teaching in the Norwood Schools more effective.

Maintenance of Plant

The fact that, for several years, we have been spending annually approximately \$100,000 for maintenance of our plant and that we still have far to go before our buildings are satisfactory from the standpoint of acceptable standards, is discouraging.

This is so, largely due to the fact that we can see the immediate need for the building of new and expensive school plants which will bear heavily upon the Norwood Tax structure for many years.

There are still to be done such major items as new furniture and fluorescent lighting in several schools, lunchroom and kitchen facilities in several schools, general purpose assembly halls in several schools including the Senior High School. A field house and bleacher facility must some day take the place of the wooden stands which even now may be dangerous.

These are but a few of the maintenance projects which will some day be required.

It is a pleasure to report that our Junior High School and Senior High School Gymnasias are no longer ill-lighted. The work which was done this past summer in the interior decoration of the whole of the Junior High School Building and in the Senior High School Gymnasium under the supervision of Mr. Lunsman is most satisfactory.

Conclusion

May I take this opportunity to express to our teachers a word of welcome and satisfactory, to our older teachers and other co-workers a word of gratitude and to the School Committee, a word of appreciation for the helpful support and encouragement which has been given me.

LINCOLN D. LYNCH

Superintendent of Schools

REPORT OF THE PRINCIPAL OF THE NORWOOD SENIOR HIGH SCHOOL

I have the honor to present my ninth annual report as Principal of the Senior High School.

The year just passed has been in most respects a typical one. Unusually competent teachers at the Senior High School year in and year out without fanfare, pomp or circumstance make it possible for the school to remain at the top in the matter of college entrance success. Other teachers equally capable are doing outstanding work with students who are not college bound. These teachers in large measure are responsible for the level of academic accomplishment at the school and for the success of the many faceted program of extracurricular experience in which our young people participate. Largely due to their efforts the Senior High School has all the certificating privileges enjoyed by any public high school in the State. It may be of further interest to note at this time that in facilities, staff, and organization, the school is rated in Class A by the Massachusetts State Department of Education and that for many years Norwood has been a member in good standing of the New England Association of Schools and Colleges.

School Marks — Challenge or Delusion

Students, teachers, and parents are interested in school marks. It should be emphasized, however, that great harm could result if high marks on pupil report cards were to become the principal criterion for appraising the competency of our teachers and our school. Indeed unless conscientious teachers without fear of disapproval can relate school marks to positive classroom accomplishment, marks could in fact become devoid of wholesome significance, however favorably they might be received at the moment by the principal and the parents. This is not to suggest that many low marks are *prima facie* evidence of good teaching. Nor is it to suggest that a complete absence of failure is indicative of poor teaching, although not infrequently this would be the case. It is rather to say that all concerned with the school situation should realize that for satisfactory progress, marking standards must be reasonable; yet at the same time, marking standards must be challenging.

Home Study — An Imperative Need!

Parents should also understand that no pupil at Norwood Senior High School can derive maximum benefits from high school learning experiences without substantial out-of-school effort. In these days when civilization has been described as a race between education and catastrophe, avoidable mediocrity in the school situation should indeed be a matter of serious concern to us all. During the year many parents come to the school for conferences with guidance officers and teachers with regard to pupil marks and similar problems of mutual concern. Such conferences invariably prove to be of great value and are cordially recommended.

Future Teachers of America

One of the newer organizations in the school is our local chapter of the Future Teachers of America. Organized in 1952 under the enthusiastic guidance of Miss

Ruth Gow, our "F. T. A.-ers" are dedicated to bringing the desirable features of teaching as a profession to the attention of the school and the community. Bi-monthly club meetings; weekly news releases in the local press on matters educational; practice in keeping teachers' registers; guided observation of teaching at the elementary level; an assembly program for the whole school with a distinguished speaker from Boston University School of Education, and a colorful auction to raise funds to further F. T. A. work were included among the interesting features of the year's F. T. A. program.

Regional Student Council Meeting

The Student Council continues to be a very important phase of the life of the school. At the same time Student Council members participate actively in regional and State student council associations. Early in the fall Norwood was invited to be host for its regional spring meeting of the Student Councils of Eastern Massachusetts to be held at Norwood Senior High School on Saturday, April second. It is expected that in the neighborhood of 1000 visiting Student Council members, their faculty sponsors, and principals will be our guests on this occasion.

New School Ring

In the spring for the first time in the history of the school an exclusive design for an official Norwood Senior High School class ring was approved and permanently adopted by the Student Council. Several of the most interesting and memorable aspects of life at the "school on the hill" and of life in Norwood as a community are depicted in the design of this new and beautiful ring. A further favorable note is the fact that it is expected that the cost of the ring will be somewhat less than heretofore.

Junior Rotarian

During the year the Norwood Rotary Club reestablished the practice of having a Junior Rotarian attend each weekly meeting. Beginning in January of 1954, the President of the Student Council, the President of the Senior Class, and the Editor-in-Chief of the Senior Yearbook each had the opportunity for a month of attending Rotary Club meetings. During the fall, three other Senior leaders also enjoyed this very worth while experience. Our young people find these meetings inspirational, and we are grateful to the Rotary Club for making it possible for them to attend.

International Scholarship

Last spring the American Field Service invited the Norwood Senior High School to participate in its international scholarship program for the school year beginning in September 1955. Under such a scholarship a student from a foreign country will live in Norwood and attend the Senior High School for a complete school year. By a reciprocal arrangement a Norwood High School student can spend the following summer in the particular foreign country from which our guest came. I am happy to report that this proposal has been approved by our local school authorities. Financing is already being undertaken, and our young people and indeed all others concerned are looking forward in the fall to welcoming Norwood's first high school guest student from a foreign land.

Election of Cheerleaders

The office of cheerleader is one which has an amazing attraction for the girls in the school. At my suggestion during the fall a committee of eight students was appointed by the President of the Student Council and by the President of the Senior Class to meet with the faculty sponsor of cheerleading and with me to consider procedures which would make it possible for a girl to be elected cheerleader solely on the basis of capability and promise. Chief among the recommendations of this committee was the suggestion that hereafter all cheerleaders be given the opportunity of campaigning actively for the position and that prior to the election each candidate should address the entire student body either in person or through a campaign manager.

The recommendations of this committee plus other suggestions having to do with scholastic eligibility were adopted unanimously by the A. A. Council. It is confidently expected that in the future every girl may have an equal chance to win this coveted post.

ENROLLMENT — PRESENT AND PROSPECTIVE**Table #1 (as of October 1, 1954)**

Totals	300	253		553

Estimated Enrollment**Table #2 (as of October 1, 1955)**

Seniors	143
Juniors	187
Sophomores	215
Boys' Vocational	30
Total	575

Number of Graduates — Increased School Population

There will be approximately 190 Norwood Senior High School graduates in June 1955. This figure includes eight Senior High School students who are presently classified as mid-juniors, most of whom will graduate in June. It also includes thirty-five seniors at the Peabody School and four seniors in the Boys' Vocational School who will receive Norwood High School diplomas. This estimate of 190 graduates in June 1955 may be compared with 187 graduates in June 1954 and 175 graduates in June 1953.

Furthermore a comparison of Tables #1 and #2 above indicates that in all probability there will be in the neighborhood of twenty-five more students enrolled at the Senior High School in October 1955 than there were in October 1954. The increased enrollment which in recent years has characterized the lower grades is apparently about to reach the Senior High School. It now appears likely that beginning in 1957, if not in 1956, for a considerable period there will be an increase of about 5 per cent in each incoming tenth grade class.

Recommendations

1. The school library has been recently remodeled. We now need someone with special training in library work who can devote a substantial portion of the school day to making the library a significant educational force in the school.

2. We need a special increased book allotment in order to purchase new books for the library.

3. We need an additional telephone line for the administrative offices at the school. At present we have a single line which is connected to five different school offices. As a result, important calls — calls which should be made at once — frequently have to be postponed.

4. Last summer the school cafeteria and the school gymnasium were repainted and redecorated. These were substantial and major improvements. It is hoped that similar renovations may be made throughout the entire school during the coming summer.

In Conclusion

I wish to express my appreciation to Superintendent Lynch, to the School Committee, and to all others who in countless ways have helped us during the year.

This report will close with a statement of those who received special honors at the graduation exercises held last June and with a reproduction of the program followed on that occasion.

CHARLES A. HAYDEN,

Principal.

GRADUATION EXERCISES OF NORWOOD HIGH SCHOOL

Class of 1954

Tuesday Evening, June 15, 1954

Junior High School Gymnasium

Program

PROCESSIONAL—"War March" F. Mendelssohn

INVOCATION

Rev. William J. Maguire

TOWN OF NORWOOD

Chorus and Orchestra

arr. Noble Cain

All glory, laud, and honor
To Thee, Redeemer King!
Thou art the King of Israel
Thou David's royal Son,
Who in the Lord's name comest,
The King and blessed One.
The company of angels
Are praising Thee on high;
And mortal men and all things
Created make reply
The people of the Hebrews
With palms before Thee went;
Our praise and prayer and anthems
Before Thee we present.
To Thee, before Thy passion,
They sang their hymns of praise;
To Thee, now high exalted,
Our melody we raise,
Thou didst accept their praises
Accept the praise we bring,
Who in all good delightest,
Thou good and gracious King!

ADDRESS

J. Wendell Yeo, Ph.D.
Vice-President for Academic Affairs
Boston University

"Battle Hymn of the Republic" William Steffe

Chorus and Orchestra

arr. Peter J. Wilhowsky

Mine eyes have seen the glory of the coming of the Lord
He is trampling out the vintage where the grapes of wrath are stored;
He hath loosed the fateful lightning of His terrible swift sword:
His truth is marching on.

GIFT OF THE CLASS OF 1954

Domenic J. Fruci

REPORT OF THE PRINCIPAL OF THE NORWOOD JUNIOR HIGH SCHOOL

I herewith submit my fifteenth annual report as principal of the Norwood Junior High School.

Since school population is a matter which seriously concerns school authorities and citizens of the community, it is interesting to note that the number of pupils in grades seven, eight, and nine in the Norwood Junior High School is now approximately the same as it was when I assumed the duties of principal fifteen years ago. At that time the school population had been steadily decreasing, and it continued to do so until the school numbered only slightly more than four hundred. Since that point there has been a steady, gradual rise in population which will continue through another year, and then accelerate until the number of pupils becomes greater than one thousand in 1960. Even though the present building at one time housed nearly the number of pupils which it will have five years from next September, the school, without additional rooms, will not be adequate. Large classes, which formerly were prevalent, are not desirable because educational standards and practices require that the number of pupils under a teacher's guidance be such that the growth of each individual in the classroom may be assured.

The eight rooms used by the elementary unit in the Norwood Junior High School will be needed for the pupils of grades seven, eight, and nine only two years from next September. Even before that brief span of time will have elapsed, some elementary classrooms will have to be vacated unless the undesirable expedient of a double session temporarily meets the housing needs.

As part of our testing program, achievement tests were administered for all pupils in our school. While the results were generally satisfactory, they were used by our classroom teachers, our guidance department, and our special-service teachers, so that pupils might know their strengths and weaknesses and that teachers might evaluate their efforts and review courses and materials for a better educational program.

Our guidance program has been again somewhat modified during the year. Since the work entailed in guidance cannot be carried out by specialists alone, some of the duties are now being shared by the homeroom teacher, under the direction of the guidance teacher for each grade. One period of formal guidance is thus taught by the homeroom teacher, and one period is still directed by the regular guidance teacher. Guidance is of importance to every pupil and teacher, and consequently more of our school personnel are brought into the work directly.

Much work has been done during the summer on our building. The outside received a thorough pointing job, while the inside was completely painted. A modern lighting system is still in the process of being installed. The harmonious color combinations were selected by Mr. Walter Lunsman, art supervisor for the Norwood schools, who merits our thanks for a task well done. Teachers are pleased with their pleasant rooms, and all are appreciative of the many minor repairs, usually neglected in public buildings because of forced economy, which have done so much to make working conditions better because of the vastly improved physical

condition of the school plant. Pupils too prefer the clean, bright interior and, as might be expected, have shown a wholesome respect for the school property.

I take this opportunity to thank you, Mr. Lynch, as well as our School Committee, for your continuing interest and support.

JOHN J. CORCORAN,

Principal.

REPORT OF THE DIRECTOR OF THE HENRY O. PEABODY SCHOOL

I hereby submit the thirteenth annual report of the Henry O. Peabody School for Girls.

The Peabody School has shown remarkable growth in the last two years. Increased interest in the School has resulted in capacity enrollment in two departments and appreciable increases in the others. The school has virtually become four separate schools in one representing four distinct fields of work: Beauty Culture, Business, Trade Dressmaking, and Commercial Foods. Each vocational training program has been developed to meet the requirements of industry—not only training in manipulative skills and techniques but also developing the necessary background knowledge for success in each field. Emphasis is placed also upon preparation for living, incorporating in the program as much cultural opportunity for the individual as time will allow.

Advertising the school over a wider area and close co-operation with Guidance Directors continue to be the major factors contributing to the rise in our enrollment. There is also nation-wide recognition of vocational training programs and their proper place in the total education picture. Those of us who are directly concerned with this School are pleased to note more satisfying factors contributing to our growth—greater appreciation of our offerings by the individual student and better acceptance of vocational education by parents.

Industrial expansion in this area will require more well-prepared young people, especially in the Business field. The better jobs are available for the new worker with special training, and promotional opportunity will be for those who are well trained and whose attitudes and ability to accept responsibilities have been proved on the job.

Education statistics forecast tremendous increases in the secondary schools. While employment age continues to rise and employers demand only qualified graduates, more students unsuited for the fields of work for which we train will be seeking admission to the school. Already, there is state-wide pressure by certain groups for legislation to establish programs in the vocational schools for those totally unfitted for this type of training.

I feel, therefore, that this school should now establish a more rigid policy of selection, to better serve those students for whom the school was originally planned.

It will be necessary to hold to our distinctive purpose of training for specific employment.

When numbers warranted, in the earlier days of the school, it seemed only right to make maximum use of our facilities by admitting students who in the strictest sense did not have sufficient maturity or judgment (vocational readiness) for a trade course. However, we have many outstanding examples of success to our credit because of the opportunity extended to these young people. We sincerely feel that the school has thus made a fine contribution through the years by keeping students profitably occupied in school who might otherwise have become "drop outs."

Increased interest in the Peabody School, by the type of student whom this school was intended to serve, will limit our ability to accept, for training, many of the younger students who will apply. On the other hand, our policy of admission must be carefully considered so that we are not tempted to admit too many students in the upper-age group (25-35) thus limiting our facilities for training students of grade twelve, and those applying for entrance immediately following high-school graduation. Briefly, if the current trend is indicative, we should be planning our program of studies to meet the needs of those students who are anticipating employment either directly or soon after graduation from high school. However, we shall always consider individuals who show reasonable promise of ability to profit from our program and who manifest an honest intention of entering the trade at the completion of the course. In line with this policy, I have accepted a number of boys in the Foods Department.

Today the Food field offers unusual opportunities for young men, since there is a great need for them in this industry. Our boys have successfully worked during the summer in many of the best food establishments throughout New England. The performance of these young men on summer jobs has attracted the attention of the hotel and restaurant industry and, in several cases, has resulted in permanent employment. At present sixteen boys are training in this Department.

Transportation is still a deterring factor for many nonresidents who apply for admission. Over 50 per cent of our present enrollment is composed of nonresidents—representing twenty-six towns. The following list shows the means of transportation used by the students from each of these towns:

Bus—Dedham, Natick, North Attleboro, Walpole, Westwood, and Wrentham.

Train—Fitchburg, Franklin, Norfolk, and Quincy.

Private car—Abington, Brockton, Duxbury, Easton, Mansfield, Medfield, Norton, Randolph, Stoughton, Taunton, Waltham, Westport, and Weymouth.

Taxi—Canton, Needham, and Sharon.

Increased bus service which may develop to serve the new industries locating in Norwood should also benefit our students.

At present, parking space near the school for private cars is not adequate for students, teachers, visitors and customers. I recommend that the land around the tennis courts be developed for this purpose.

ENROLLMENT AND PLACEMENT BY COURSE

Leone O'Neil	Shirley Swenson

Albert Behar

The faculty and students have spent a busy and satisfying year together. The nature of our work makes it necessary to seek out every opportunity to co-ordinate the program with industry, but it is likewise the policy to supplement the program with many broadening and cultural experiences. I mention here a few of those activities: field trips conducted for every department, including visits to business offices and trade meetings; fashion shows; art exhibits related to fashion; and workshop meetings held for the trade.

The students of the Commercial Foods Department were invited to attend several workshop meetings of the Massachusetts Restaurant Association and bakery demonstrations held for the trade at the H. A. Johnson Company. This year the boys of this department had a special invitation to exhibit at the Culinary Salon held in Boston in connection with the New England Hotel and Restaurant Show. Although the students did not enter competition with chefs, they received an award for their school exhibit. Each boy also received an award of merit. The following

students received awards: John Gnecco, John Kelly, John Kelter, William Mercier, Fred Reed, and Cyril Smith. These awards were presented to the Director of the School at the Special Award Dinner.

Beauty Culture students created and modeled coiffures at the Annual Hairdressers' Show held in Boston last spring. The following students received awards of merit: Theresa Gemelli, Martha Geary, Barbara Garvin, Geraldine Shepherd, Muriel Smith, Carol Williams, Nancy Walsh, and Karolyn Youngdahl.

The Student Co-operative Association carries out a well-planned social calendar assisted by faculty members. The elected officers of this Association meet regularly with the Student Council of the Norwood Senior High School. The Peabody School organization is a member of the National Association of Student Councils and the Eastern Massachusetts Association of Student Councils. This year in addition to the regular monthly social activity, the Co-operative Association sponsored two Theatre Parties—"Cinerama" and the matinee performance of "Carmen."

The Evening Practical Arts program continues with good numbers. As programs have been set up in most of the outlying towns, the problem of enrolling nonresidents has lessened. Today, dressmaking is the only course with a waiting list. According to the statistics in the magazine "American Fabrics," home dress-making is on the increase country-wide.

This year we have one class less in Tray Painting and Rug Hooking. Numbers still hold up in the Rug Braiding classes. The two advanced business courses were continued this year but numbers are low.

The following excerpts are taken from the annual report of the State Department of Vocational Education:

DAY SCHOOL

"The efforts of the past several years to stress public relations and to publicize the opportunities available in this school appear to have been effective in that pupils with more ability and promise are now being guided to this school.

"This school has continued to emphasize the personality development and good citizenship of the pupils in addition to the trade training program.

"Because of the fine training program and the high standards to which pupils are held, the School has been successful in placing its graduates in very satisfactory positions."

EVENING SCHOOL

"Excellent standards of workmanship, good organization and teaching continue to characterize the Adult program."

Mrs. Eva D'alu who assisted as a substitute in the Beauty Culture Department last year was appointed as a full-time instructor in September, 1954. The increase in the number of students in that Department warranted the adding of another teacher to the faculty.

This summer we were saddened and shocked by the sudden death of Mr. Paul L. Salsgiver. Mr. Salsgiver served as the Educational Advisor to the Trustees of the Henry O. Peabody Fund, Incorporated.

Although Mr. Salsgiver was concerned with his many duties as head of the Business Department of Simmons College and very active in professional as well as civic affairs, he had a sincere interest in the Peabody School and its future.

It was Mr. Salsgiver's recommendation that an annual dinner meeting of the Norwood School Committee and the Trustees of the Henry O. Peabody Fund, Incorporated be held at the School. This resulted in clearer appreciation of our progress and has fostered a mutual understanding of our problems.

We shall miss Mr. Salsgiver as a good friend—helpful and kindly in his advice.

This year also marked the passing of Dr. Frederick G. Nichols. Dr. Nichols was one of the original trustees of the Henry O. Peabody Fund, Incorporated and, as educational advisor, was instrumental in establishing the Business Department on a vocational basis.

The present school shows promise of continued success. Special commendation is due the faculty for their fine professional interest and co-operative spirit. Their enthusiasm shows every evidence that they still enjoy the challenge of further developing this growing school. It is a privilege to work with such a group, and I wish to express my appreciation to them for another pleasant year together.

I wish also to express my personal thanks to the Superintendent of Schools, Members of the Norwood School Committee, and the Trustees of the Henry O. Peabody Fund, Incorporated for the positive support given to our program.

BLANCHE L. MARCIONETTE,

Director.

REPORT OF THE VOCATIONAL-INDUSTRIAL ARTS DEPARTMENT

I herewith submit my annual report of the Vocational-Industrial Arts Department.

When the schools of Norwood opened in September, 1954, it marked the eleventh year of our Boys' Vocational School. To look back over the years, progress has been our aim, and expansion of the school our sincere hope. It is evident that Vocational Education is playing a greater role in the public school system of Norwood each year, and this report calls attention to procedures which are now in use.

Good education must develop citizens who *WORK* as well as play; *PRODUCE* as well as consume; *CREATE* as well as appreciate. Our type of education for Norwood youth plays a very important part in teaching these vocational objectives.

Each September a small group of boys is accepted, who wish to receive specialized instruction in cabinet making (the only unit that makes up the school at present.) It is interesting to note that this fall several of the boys we accepted had just completed the eighth grade and were fourteen years old.

Our School is divided into two Vocational divisions, ninth and tenth year boys make up division one; eleventh and twelfth year boys, division two. Each division is made up in equal numbers, thus making the teacher load in the shop a good group to handle. The beginners are given training of direct benefit that will develop an ability to prepare them, not only in "how to live" and "what to live for," but also in "how to make a living."

Some of the older group, and it seems to me a wasteful practice, are being trained for an occupation which they do not intend to enter. This is an injustice to the student himself. However, we have accepted and given each boy who applies for admission an opportunity to try the course, with the expectation of creating an interest in trade preparation. The drop-outs and withdrawals are few in number each year, and the boys that fulfill the course requirement are awarded the high school diploma.

Many of our boys come to us from surrounding communities. This year we have four boys from Canton, one each from Dedham, Walpole, Wrentham, and Franklin. We are glad to welcome these boys, provided our local applicants do not fill the school to capacity.

To give our students the work experiences necessary for a well-rounded trade training, we accept and encourage people of Norwood to send us any type of cabinet work. We have been very fortunate in the past to have sufficient work given us, and our "productivity report" each year to the State Department of Vocational Education shows a record worthy of praise and commendation.

INDUSTRIAL ARTS

Our program in Industrial Arts confined entirely to the Junior High School, followed the work experiences as outlined in my previous reports. Again I should like to state that our realization is not so much a matter of teaching skills and imparting technical knowledge, as what will happen to our boys engaged in pre-Vocational activities. We emphasize the fact that boys work cooperatively with each other, and show respect for the rights and privileges of others. We assume that objectives are accomplished when boys can learn to plan out procedures for the making of a project and follow the procedure in the actual construction to a finished job.

I believe the Industrial Arts program offers a variety of activities that interest the average boy in Junior High School. A broader program would no doubt create an even greater interest, although our facilities are adequate and attractive in well organized shops under good teacher supervision.

In concluding this report, an expression of gratitude is extended to those who have cooperated so faithfully and shared advice which was most helpful to me during the year.

CLIFFORD H. WHEELER

Director

REPORT OF THE ART DIRECTOR

This is my annual report of the activities of this department during the year 1954.

Junior High Elementary Unit Presents "Hansel & Gretel"

Last May the Junior High Elementary Unit presented to the PTA, the Junior High, and the other Elementary schools, the well-loved classic, "Hansel & Gretel". This was an ambitious undertaking for a group of teachers who were new to this type of performance. Great credit should be extended them for coming through the maze of conferences, rehearsals, and projects with a wholesome production of unusual excellence.

For our part we undertook the stage direction and the construction of scenery. The Gingerbread House, Witch's Oven, Cage, and other props were important creative activities for our boys and girls.

To produce a change of scene without the necessity of painting a huge backdrop area measuring 14x20 feet I introduced a method new to our schools called "reverse projection". Simply, the system calls for a translucent backdrop upon which is projected a color slide from the rear of the stage. The audience views the scene correctly from their side. Although our initial experiments entailed many problems the advantage of this system was immediately evident to all who saw the play. A change of scene is made the instant a new slide is inserted into the projector. In addition this enabled us to take color slides of a title and the whole cast, all of whom were shown in full color, larger than life size, upon this translucent screen.

To Mr. Lynch and Mr. Napoleone go my thanks for their confidence in the idea and sharing with me the responsibility for its success or failure. The screen has proved valuable in subsequent Junior High productions and its possibilities have not yet been exhausted.

PTA Exhibit of Christmas Work

The Shattuck School tried a new kind of exhibit this year in connection with the Christmas season and a PTA meeting. Each room was asked to illustrate a Christmas theme, using as its means of expression one of the materials or methods which have been a regular part of its art program during the year.

The theme of gay decorations was carried out by the 1st grade in the form of "mobiles"—those gaily constructed floating designs that move in ever-changing patterns.

The second grade worked with the Santa Claus theme and had their bulletin boards replete with reindeer, a sleigh, and a village. This was constructed through three-dimensional use of colored papers, with crayon and other materials added for interest.

The other 2nd grade, using Toys as its theme, constructed these of colored papers and mounted them attractively on a bulletin board.

The 3rd grade made crayon drawings of winter play activities.

The 4th grade depicted a small community gaily reflecting the holiday spirit. Mounted on a bulletin board, a real Christmas tree was in the center of the common, with shopping activities, outdoor sports, and people attending church services.

One 5th grade, in conjunction with its unit "Art in the Home", displayed a seasonal table arrangement featuring a carefully grouped selection of plates, napkins, silver, and centerpiece.

The other 5th grade, through the use of colored panels drawn on a continuous roll of paper, depicted the story of Mary and Joseph, and the Birth of Christ. The roll was run through a miniature stage and made translucent by the use of a photoflood lamp which rendered the color much like slides. Recordings of Christmas chimes accompanied the presentation which was made as each youngster recited the story of his panel. For the PTA meeting this part was accomplished by using the tape recorder.

The 6th grade displayed the bisque-fired ceramic ware which they had made their parents as Christmas gifts and their boards depicted the story of Bethlehem and the approach of the Wise Men.

Art and Ceramics

The study of ceramic materials and processes has continued to be received with enthusiasm by all our youngsters and especially those in our elementary schools. Clay is an inexpensive material which has wonderful creative possibilities. It can be freely modeled in tremendous variety because of its great plasticity and once fired in the kiln and re-fired for the glazing becomes a permanent and attractive product of the child's own hand.

The completion of a piece of ware is not the whole story, however. The introduction of such work consists of an illustrated discussion of the following:

1. What are the new uses of ceramic materials in this atomic age?
2. What are the unusual properties of ceramic materials?
3. What is the effect of extreme heat upon silica clay?
4. What processes are used in making ceramics?

Art & Metal Enameling

Our initial experiments with enameling in the elementary classroom has proven it worthy of acceptance as a part of our regular art activities. This process involves the child in shaping a small piece of copper, cleaning it, and sprinkling upon its surface finely ground enamels. The location of these enamel glazes is dependent, of course, upon the original design which each child had previously made. The piece is then placed in a small portable kiln and fired at a high temperature. This fuses the molten glass to the copper in two or three minutes producing very attractive effects. A large assortment of originally designed pins and small trays have already been completed. I am indebted to Mr. Lambert of the Winslow School for the extra time and assistance he has given me in pioneering this new media.

Art & High Fidelity

Previous reports of mine have mentioned reasons for my interest in promoting the use of quality musical and sound reproduction equipment in our schools. Early this year I designed and assembled a unit of this type for the Junior High Elementary Unit to prove how quality sound, through the use of quality equipment, could be obtained at less cost than inferior equipment. The teachers have made excellent use of it and report its reproduction to be the best they have heard.

For the Junior High auditorium I have designed and am now assembling a complete new sound console. This consists of an amplifier unit with detachable matching table wings on both sides—one for the turntable and control equipment and the opposite wing for a new tape recorder. In conjunction with two permanent speaker units to be mounted in the front corners of the auditorium the Junior High will have a hi-fidelity control console for its microphone, phono, and tape inputs to be used during all its stage functions. The amplification of sound from this stage has been badly needed for years. Mr Corcoran and the Student Activities Association have been supporting this endeavor, as well as Mr. Lynch, who authorized the Boys' Vocational School to furnish us the table units.

Junior High School Art Program

Last Spring, Mr. Lindgren and Mrs. Nelson (Home Economics), produced a fashion show called, "Styles Around the Clock". Fifty-five members of their 9th grade classes took part in six lively and colorful acts. The performance sought to show that good choices of costume and creative uses of simple materials could offset the luxury of expensive clothes. With both its humorous and serious moments heightened with lighting and sound effects, it was one of the brighter spots in the school's assembly program.

In addition to its regular work the department has been responsible for the guidance of a training teacher from the Mass. School of Art.

Carefully selected 16mm sound films have been used to supplement various areas of study. Mr. Lindgren is also the school's Visual Aid Director.

Full use has been made of a variety of art media—tempera, cut paper, plasticene modeling, water color, India Ink, ceramics, and other experimental materials—both in forms of free creative expression, and in conjunction with class work planned to develop an understanding of culture.

Senior High School Art Program

Many areas of study make up a complete years program. The following are typical units that might serve to indicate the direction of our teaching.

As an introduction to the basic art elements of line, shape, color, and texture, one problem was to create a continual line arrangement based on the human figure. Following the linear solution, shape, color, and texture solutions followed.

Another problem was concerned with Advertising Design. The first section, with four plates, introduced the student to the combination of type and visual symbols necessary in the production of a meaningful design. After this problem a

cover design for a piece of music was presented. A study was then made of art methods used to attract consumer attention and interest.

Since the human hand was found to be one of the most frequently used visual symbols in advertising art a number of problems concerned with the drawing of hands was presented. After these studies the drawings were utilized in a new problem combining the use of the hand, one expressive word, and a photographic illustration. To conclude the study of advertising symbols an abstract design in color was completed, a sample 12-page calender was created, and the poster form of advertising was analyzed.

A number of advanced students were given experimental problems in the use of the brayer. This is a large gelatin roller and is used in combination with printers ink and shalk. A number of mural-size studies of animals were made in this manner.

In addition to an excellent study of contemporary painting and sculpture, Mr. Schultz is to be commended for his outstanding bulletin board displays. They not only show student work but are arranged to contribute, visually, to the lesson at hand.

Complete Interior Painting of the Junior High School and the Senior High School Auditorium

In answer to a request for advice from Mr. Lynch and the School Committee regarding the painting of the above areas, I undertook the problem of a major change in their interior coloring. In considering a solution I felt it had to be based upon the following premises which now stand reflected in the completed job.

1. The types of paint used, and the areas of color, must be practical from the standpoint of maintenance in order that the finished appearance, subject to hard use, would be of lasting value to the town.

2. A complete "lift" must be given the whole school that it might appear attractive, youthful, and desirable enough to make children want to keep it clean.

3. All study areas, usually at the front of the room, must be restful to the eye with little or no color change to the mopboard.

4. Halls must appear warm, light, and friendly in character.

5. All rooms having only North light should be treated in tones suggesting artificial sunlight and warmth as much as possible.

6. Bulletin board areas, if wallpapered in practical patterns, can add "texture" to a room otherwise surrounded by hard, flat walls—at the same time making them more functional by eliminating the show of soil and tack holes.

7. The Junior High auditorium, because it is primarily used as a general meeting place should reflect a formal auditorium atmosphere.

8. The Senior High gymnasium, on the other hand, must appear able to take considerable wear and colored from the point of adequate visibility for players upon its basketball courts.

Observations

When I was employed by the School Committee in 1940 to become the first trained art instructor in the Junior High School I was assigned to Room 210—an English classroom. Through the efforts of Mr. Lynch and Mr. Newbury, the principal who occupied the building at this time, measures were taken to make the best of a difficult teaching situation. However, without the rudiments of running water, storage space, or activities space it was, and still is, not easy to do the type of work made possible only through the use of these essential conveniences. I concur with Dr. Wilson's report and sincerely hope it will be instrumental in bringing about an Art Room & Workshop, specifically designed for this service, to be used by all our Junior High School students.

A revision of our Art Curricula is in progress and is expected to be in its published state for our next school year.

We are happy to welcome back our colleague, Mr. Lloyd Schultz, of the High School Art Department, who spent last year studying at the School of Design, Illinois Institute of Technology.

Conclusion

May I take this opportunity to express by sincere appreciation to all our Elementary School teachers whose classroom efforts in the work of this department reflect a conscientious endeavor.

And to our Principals, Mr. Lynch, and the School Committee, my thanks for that friendly and understanding attitude which makes our town such a fine place to live and teach in.

WALTER E. LUNSMAN

REPORT OF THE DIRECTOR OF MUSIC

It gives me great pleasure to submit my second annual report as Director of Music in the Norwood Public Schools.

In our schools, we are trying to give a varied and well balanced program in music education. Music is relaxing, exciting, slow, fast, smooth, loud, soft, and it can express any mood, or describe any situation. Glad or sad, there is music to express it. This is the idea that we are trying to establish in the minds of our girls and boys.

This concept of "music everywhere" is advanced through our classes in singing, playing, listening, and creating. Some of the outlets for music in our schools are classroom singing, assemblies, instrumental classes, rhythm bands, flute classes, boys, girls and mixed glee clubs, bands, orchestras, harmony classes, music appreciation classes, voice training classes, and large and small vocal and instrumental ensembles.

Every child in our school system takes part in musical activities. Music is required in all grades up through the ninth. These classes include singing and theory, and in addition in grades one and two there are rhythm bands, and in grade three melody flutes are introduced.

In grades four, five, and six, instrumental lessons may be taken by interested pupils. These band and orchestral instrument lessons are free of charge and are held each week during the regular school day. All instruction on these instruments is given by Mr. Farnham. Instrumental instruction is also available in the Junior High School and the High School.

One of the outstanding events of the past year was the production of "Hansel and Gretel", put on by the combined efforts of Mr. Napoleone's Junior High Elementary Unit, Mr. Lunsman's Art Department, and Mrs. Ashley's Music Classes.

In the Junior High School music classes the musical horizon is broadened considerably. In addition to the singing, (unison, two and three parts), the course includes listening, history, appreciation, and creating. Special studies are made of the instruments of the symphony orchestra, including how they are made, played, and used.

In High School, the classes are entirely on an elective basis, and are more specialized. Harmony I introduces two, three, and four part harmony, while Harmony II utilizes work done in the previous year, and simple tunes are actually harmonized.

Voice Training I stresses good part and unison singing, diction, and tone, while Voice Training II does likewise, but also includes solo work, voice placement, and better breath control.

We have three bands and three orchestras in our system. The first of each is made up of elementary school pupils. (Each school has its own ensemble group, but they could not necessarily be called bands and orchestras.) The main elementary band and orchestra are composed of pupils from each school and they usually rehearse at the Junior High band room.

The Junior High band and orchestra play for assemblies at their own school and for some outside affairs.

The High School band plays for all football games, in the Veterans' Day and Memorial Day parades, at assemblies, at festivals, and at other concerts and parades.

The Band made four out-of-town trips this past year, in addition to the out-of-town football games. The four trips were: to Southbridge, for a joint concert; to Wrentham, for a concert by the United States Marine Band; to Fall River, for the Southeastern Music Festival; and to Hampton, New Hampshire, where our band presented a concert at Hampton High School, and one at Benson's Wild Animal Farm, Bedford, New Hampshire, the next day.

Our Spring Festival of Music was in keeping with our policy of "music for everyone". Every child in grades one through six in all public elementary schools took part in the program. Because of the large number of children involved, a single concert was not advisable or possible. As a result each school had a complete program all its own, but paralleling the others, and the elementary band and orchestra played for all six programs. The Callahan School and the Balch School held their programs in their own buildings, while the Shattuck, Winslow, and Junior High Elementary Unit had their programs at the Junior High School Auditorium. The Festival at the Balch School was divided into two sections: the primary grades and the intermediate grades. All programs were well attended and

the caliber of work demonstrated was due in no small part to the untiring efforts of the classroom teachers and the pupils themselves.

On the High School level, the spirit of "music for all" was in evidence at the Senior Operetta, "Harmony Hall". Any senior who wished to sing was welcomed into the chorus. The principals were chosen through an audition, and again the auditions were open to all who wished to try-out.

In the period from September to December 1954, the High School Band and Orchestra, and the Junior High Band have made a total of thirty-one public appearances, (including assemblies).

Last year we had only one boy accepted to play in the Massachusetts All-State Band at Worcester. This coming year, I am happy to announce, we will have six students representing Norwood High. There will be one in the orchestra, two in the band, and three in the chorus. The concert by these three groups will take place in Symphony Hall, Boston, during the February vacation.

The High School Orchestra plays for most assemblies, the Senior Play, Graduation, at concerts and other events.

For those interested in beginning piano, classes have been arranged in each elementary school. Three outside teachers are doing the teaching and a small charge is made for the lessons. These are all class lessons and are intended to be trial periods for young people who think they would like to take piano lessons. On the basis of what the child does in these lessons, parents can get an idea of whether or not the child should study privately.

In addition to the above mentioned groups we have several choruses in the Junior and Senior High Schools. The members of the Junior High Glee Club, the Peobody School Chorus, the High School Sophomore Glee Club, and the High School Junior-Senior Chorus are all working hard to become outstanding musical organizations. All of these groups have been heard and will continue to be heard at various functions.

This year we have had a big increase in the number of pupils who are studying band and orchestral instruments. At present there are about one hundred and eighty boys and girls, at various stages of advancement, who play instruments. (This number does not include the approximately one hundred piano class members.)

I would like to thank the Band and Orchestra Parents' Club for their untiring efforts in behalf of the band and orchestra and music in general.

To those organizations and individuals who have helped us, either through gifts of money for new instruments, or through moral support, we humbly say "thank you".

I am proud and happy to say that I have two wonderful people working with me, Mrs. Ashley, and Mr. Farnham. Their help and cooperation is greatly appreciated.

In closing I wish to thank the School Committee, Mr. Lynch, the Principals, Teachers, Secretaries, Custodians, pupils, parents and friends who have helped, and are helping, to make music live in Norwood.

RAYMOND F. FLECK
Director of Music

REPORT OF THE DIRECTOR OF GUIDANCE AND PLACEMENT

Herewith, I submit my ninth annual report as Director of Guidance and Placement.

Guidance

In view of the fact that we have, on several occasions, outlined the work and objectives of our guidance program in the senior high school, we shall not repeat them here. A detailed explanation of these matters may be secured by reference to our prior annual reports. Within the bounds of the limited amount of time now available for guidance service, we endeavor to attain the objectives set forth.

Placement

During the past year, we were able to help some sixty students secure either permanent or part-time employment. Of the present classes in the school, sixty-eight per cent of the seniors, forty-eight per cent of the juniors, and thirty per cent of the sophomores reported that they engaged in some type of part-time work.

Follow-Up

A follow-up of the 153 graduates of the Norwood Senior High School Class of 1954 showed the following distribution: (Does not include Boys' Vocational School, or Henry O. Peabody School graduates.)

	<i>Number</i>	<i>Per Cent of Class</i>
Attending School or College	65	42.48
Employed	71	46.41
In Armed Services of United States	16	10.46
Married	1	.65

Of the sixty-five members of the Class attending school or college on a full-time basis, the distribution was as follows:

<i>Type of School or College</i>	<i>Number Enrolled</i>	<i>Per Cent of Class</i>
Four or Five Year College	38	24.83
Junior College	1	.65
Business or Accounting (Less than four years)	17	11.11
Schools of Nursing	7	4.58
Miscellaneous	2	1.31

A broad classification of the number of members of the Class employed, shows the following distribution:

<i>Type of Employment</i>	<i>Number Employed</i>	<i>Per Cent of Class</i>
Industrial	13	8.50
Secretarial, Stenographic, Clerical	36	23.53
Sales and Distribution	11	7.19
Telephone Operator	5	3.27
Apprentices	6	3.92

Conclusion

In these perilous times all of us, particularly the home, the school, and the church, are faced with great responsibilities as we strive to furnish effective guidance for youth. Through continued cooperative effort, much can be accomplished in meeting the challenges presented.

In closing, we extend our sincere thanks to all members of the School Department and to all groups and individuals who by their help have aided the young people of Norwood in situations where guidance was needed.

D. VINCENT KENEFICK

REPORT OF SCHOOL HEALTH DEPARTMENT

The annual report of the School Health Department is herewith submitted.

It is a generally recognized and accepted fact that the health program is geared toward the development of each child physically, mentally, emotionally, and socially so that he may realize his fullest potentialities. It is essentially a repetitious routine which at times may become monotonous and dull but it does make a very important contribution to the child's school success and helps to lay the foundation for a more satisfying adult life. Fortunately, or unfortunately, the most interesting phases, some dramatic enough to warrant headlines, cannot be told because the child must be zealously protected from exploitation and publicity.

Health Appraisals and Screening Tests

The follow-up on remedial physical defects is based on the findings of the school physicians, Drs. George R. Allen and Harriet E. Rogers, when the health appraisals are made on all the children from kindergarten thru grade 12. The cooperation of the parents and the family physicians is solicited, and in most instances obtained, for this corrective work.

The school dental health program is an active one, the success of which depends on the combined efforts of the school, the home, the dental clinic, and the family dentist. It is an educational program aimed at teaching the child the importance of good dental health now and for the future. The school dentist, Dr. Timothy J. Curtin checks the teeth early in September. The survey includes the children in all grades. Those requiring corrective dentistry are referred to the family dentist or, on request of the parent, to the school dental clinic where the work is completed at a minimum fee.

The following report of the work from September to June indicates the extent of the work completed and the need for further education in this area.

Number examined by the School dentist	3051
Number O.K. at time of examination	1629
Number having work completed by family dentist	640
Number having work completed by school dentist	410
Number still under treatment	239
Number receiving no treatment	145
Number of rooms with 100% correction	21

The Massachusetts Vision test was used to screen the children with visual defects. As in other areas of testing all the children were included. Parents were notified of the defects. Such necessary corrections were made under the direction of a private ophthalmologist or, at the request of the parent, at the School Eye Clinic. Some one hundred and twenty-two children were cared for at the clinic by Dr. H. B. C. Riemer.

The Maico Puretone Audiometer test was given to all children. Group testing was used for grades 2 to 12 with a group retesting followed by an individual test for those who failed the group test. Each child in kindergarten and grade 1 was tested individuals. A more sound-proof room would facilitate this work in that the necessary but distracting noises of routine school activities would be eliminated. The child with defective hearing was referred to the family physician for treatment. When advisable the child handicapped with a hearing loss was given special instruction in lip-reading and speech to help him maintain his standing in his grade. These classes were made up of children from all grade levels.

Control of Communicable Diseases

Despite the precautions taken it is difficult to avoid the widespread incidence of colds and communicable diseases which are responsible for so many absences in a school year. A more effective control could be maintained if each parent would assume the responsibility of keeping the ailing child home in the early stages of infection. So many of the communicable diseases are so similar to colds in their initial state that the entire class is well exposed before more specific signs of the disease like rashes or coughs appear.

All school personnel had routine chest X-Rays done in April with negative findings. None of the two hundred and twenty seniors and H. O. Peabody food handlers showed evidence of pulmonary infection when their chest X-Rays were taken in November. The group of elementary children given tuberculin skin tests at the Norfolk County Hospital in December had negative reactions.

At the immunization clinics sixty-seven children received their initial series of three injections of diphtheria and tetanus toxoid while one hundred and seventy-two received the booster injections.

The Polio Vaccine Field Trials

Norwood was one of the twenty-five communities in Massachusetts to be selected for participation in the polio vaccine field trials. It was part of a nationwide program to determine whether or not Dr. Salk's polio vaccine would protect children from paralytic poliomyelitis.

Although the Board of Health was initially responsible for organizing the trials it was in reality a community project which necessitated the active cooperation of the school, the physicians, the nurses, the members of the PTA, and public spirited citizens to insure its success.

Coming as it did late in May and so near the end of the school year it was quite an undertaking to complete the preliminary planning. Parental consents, registration schedules, vaccination records, arranging for staffing the clinics, setting up the clinics, transporting vaccine, preparing syringes, etc., were all a part of the great rush preceding the actual clinics.

Four clinics functioned simultaneously at the Balch, Callahan, Shattuck, and Winslow Schools. In addition to our own staff of two school physicians and three nurses we had the assistance of five physicians, twelve registered nurses, thirteen recorders, and twenty-three helpers to keep the clinics running smoothly. These extra personnel were all volunteers.

Of the eight hundred and twenty-five children in the first three grades eligible to participate there were five hundred and twenty-two that took advantage of the opportunity. The children were given three inoculations: half received the Salk vaccine, the other half an inert solution. Fifty of the group contributed blood samples: one, before the first inoculation, the second, after the third inoculation and the third, in November at the end of the polio season.

Of the five hundred and twenty-two in the trial two were lost on account of illness, and a third because the family moved to Illinois. One of the blood donors was lost on the third sampling because his family had moved out of state. Credit for this excellent record goes to the parent. Some of the make-up clinics were held after the close of school as was the second blood sampling on July 6. Some parents on vacation had the blood collected locally and shipped back to the state laboratory for processing.

The children were very proud of the part they played in the program. The POLIO PIONEER button was enthusiastically received. The blood donors received special recognition for their additional contribution, a CERTIFICATE OF APPRECIATION bearing the signature of the Governor and declaring they merited the title of POLIO PIONEER EXTRAORDINARY. One child and her mother represented Norwood at the luncheon given in Boston in December for the communities participating in the field trials.

The release of Dr. Francis' report will be delayed until the completion of laboratory studies. It is not expected to be published until late spring of this year. Until these final studies are completed no one will know which children received the Salk vaccine. It is planned, if the vaccine is proven effective, for the children who received the inert solution to be the first to receive the accepted vaccine.

This project is an excellent example of what good can be accomplished when everyone gets behind it.

Personnel Changes

From 1914 until his death in July of this year Dr. Hugo B. C. Riemer was associated with the School Eye Clinic: first when it was established at the Civic Center and during the following years when it transferred to the Junior High and was taken over by the Board of Health. We in the department have lost an outstanding teacher, and excellent ophthalmologist, and a true friend.

Dr. William F. Ryan has been appointed by the Board of Health to fill the vacancy.

Improvements

It is sincerely hoped that the appropriations will be sufficiently elastic to provide for the redecoration of the nurse's rooms in the Callahan and Senior High Schools. They have sorely needed it for several years and are not improving with time.

Installation of hot water in the nurse's rooms in the Shattuck, Winslow, and Senior High Schools is still urgently needed.

Some thought should be given to the day in the not too distant future when some of the equipment must be replaced. Many of the scales, not new when I first came to Norwood in 1927, are beginning to show marked deterioration.

Conclusion

The members of this department want to thank you, the members of the School Committee, principals, teachers, and interested townsfolk for the loyal support and helpful advice received during the past year.

MARY A. CANNING, R. N.,
Supervising School Nurse.

REPORT OF THE DIRECTOR OF ATHLETICS AND PHYSICAL EDUCATION

The Report of Athletics and the Physical Education Department for the year ending December 31, 1954, is respectfully submitted.

Introduction

Education in America has a responsibility, as have other great social institutions, to help boys and girls live effectively in a democratic society. Education dedicated to the democratic ideals of this society must provide:-

An opportunity to deal honestly and realistically with problems which come within the experience of boys and girls and within the experience of teachers.

A program rich in knowledge, skills, techniques, and understandings in all areas of life.

An opportunity to recognize and deal effectively with needs and purposes of boys and girls.

An opportunity to translate ideals of democratic society into everyday living and teaching.

Physical education has the same responsibilities and the same objectives as education in general. It is that area of education which, because it deals with the body in action, in movement, has for one of its major aims the development of the more sensitive control of this instrument for more effective functioning. It is significantly that area which deals constantly and continuously with the individual in his dynamic learning, for he moves, sees, thinks, feels at once in situations of social and democratic import.

An opportunity for the promotion of vigorous normal growth through a wide range of large motor activities such as natural activities of daily life, free and individual play, games and sports, dance, athletics, self-testing activities, relaxation

and rest, remedial and adapted activities, co-educated and co-recreational activities, trips, and parties.

An opportunity for the development of sound attitudes, habits, and knowledge of wholesome living.

An opportunity to develop interest, joy, and satisfaction in many skills, and these skills in terms of sports, dance and recreational activities, now and which will continue in the mature use of leisure time.

Physical Education Program

Senior High School—Boys

An integrated program of physical education that included calisthenics, group correctives, apparatus, badminton, marching, and some posture work.

The athletic program consisted of the following sports: Varsity Football, Junior Varsity Football, Varsity Basketball—boys and girls, Junior Varsity Basketball, Hockey, Outdoor Track, Golf, Varsity Baseball, Junior Varsity Baseball, Tennis—boys and girls.

The varsity basketball team played fourteen games with teams in the Bay State League. The boys gave a very fine account of themselves in every game played. We finished in third place in league standing with a record of nine wins and five losses.

The junior varsity also played a fourteen-game schedule with junior varsity teams in the Bay State League.

Hockey under the supervision of Mr. Leonard Ceglarski held practice sessions at the Boston Skating Club, Boston Arena, and, when outdoor ice was available, at Petty's Pond. Considering the hardships that go with hockey, the boys did a fine job and should be commended for their fine spirit and sportsmanship.

Boys' tennis, due to the absence of Mr. Lloyd Schultz, was under the direction of Miss Ruth Johngren. Matches were held with teams from our neighboring towns.

The track team, under its new coach, Mr. Frank Galvani, enjoyed a very fine season. Mr. Galvani did a good job of reviving the track spirit as he had over thirty boys on his squad. The boys took part in the Massachusetts State Relays, Belmont Relays, and also met teams in the Bay State League.

Varsity baseball team enjoyed a very successful season, winning eleven games while losing three. We finished second in the Bay State League. Richard Bowles was our outstanding pitcher.

The junior varsity team was coached by Mr. Arthur Gulla. A twelve-game schedule with teams in the Bay State League was played.

The golf team, coached by Mr. Everett Learnard, competed as in the past in the Norfolk County Interscholastic Golf League. The following schools made up this League: Norwood, Needham, Walpole, Dedham, North Quincy, Quincy, and Hingham. Matches were held at Norfolk Golf Club and the Ponkapoag Golf Club.

On the first day of September, the coaches greeted over seventy boys who reported for football. This was the best football material in my period of coaching at Norwood High School. The boys played good football and above all showed fine spirit and team play throughout the season. Their character and sportsmanship could never be disputed during the year. Our season's record was six wins and one loss. We again beat Dedham for the fourth straight year 34-12.

My assistant coaches, Arthur Gulla and Frank Galvani, played a very important part in our team play.

The junior varsity played five games, winning four and losing one.

As I have mentioned in the past, we need ninth grade football if we are to win our share of football games. This would give our boys more experience, and they would come to us at the High School well grounded in the fundamentals of the game. All of our opponents have football in the ninth grade under proper supervision.

Senior High School—Girls

This program under the supervision of Miss Erna Kiley included corrective exercises, apparatus, badminton, marching, dancing, games, and group posture work.

The after-school athletic program consists of basketball, archery, and tennis. The girls basketball team played a schedule of five games with teams from neighboring towns. The intramural program was run before and after the regular basketball schedule.

Girls tennis under the supervision of Miss Ruth Johngren enjoyed a fine season. They held matches with teams from neighboring towns.

Health and Hygiene Education

Health education classes are organized in the sophomore classes for boys and girls, while classes in hygiene are given weekly to Senior High School seniors.

The general objectives of the health program are: To improve the general condition of the individual so that he may function normally, avoid disease, and fit himself for his life work, and to develop in the pupils an interest in good body mechanics through self-appraisal and group judgment.

Junior High School—Girls

The Girls Physical Education Department, under the direction of Miss Ellen Gifford, consists of corrective exercises, apparatus, marching, dancing, hiking, games, and posture work.

An extensive after-school program is carried out in games such as tennis, tenni-quoit, volley ball, archery, badminton, and basketball.

Junior High School—Boys

The program under the supervision of Mr. John Dixon consists of calisthenics, marching, apparatus, health hints, group games, social dancing, and a sports club.

The Athletic program consists of the following: Varsity Basketball, Varsity Baseball, Intramural Basketball, Baseball, and Touch Football. For the first time in the history of the School, hockey has been introduced in the seventh, eighth, and ninth grades under the supervision of Leonard Ceglarski. Practice sessions and interscholastic games are held in the Boston Arena. We feel that as a result of the introduction of hockey at the Junior High School level, our Senior High School team will profit in the future because of the fact that boys interested will enter the High School well grounded in the fundamentals of the game.

I sincerely thank the Superintendent of Schools, School Committee, faculty, and Physical Education Department for their splendid cooperation and assistance this past year in aiding me to realize the aims and objectives of our physical education program.

ORLANDO M. SCAFATI,

Director of Athletics and Physical Education.

REPORT OF HOME ECONOMICS EDUCATION

I herewith submit my report on Home Economics Education in the Norwood Public Schools for the year ending December 31, 1954.

In planning our Home Economics program, recognition has been given to the importance of the home as a factor in improving world conditions and international good will. We realize that all people do not have or want the same cultural standards, nor the same diet, yet as nearly as possible it is our duty to present a way of living which will eventually raise standards. Home Economics Education is prepared to participate widely in bringing about changes which will assist people in making basic decisions leading to the better things in life. By concentrating our interests on family living and building our courses around a family-centered curriculum we believe that we are contributing to an over-all program which will strengthen family life and bring about personal development and adjustment. Keeping up-to-date with equipment and methods keeps Home Economics a live, functioning subject, holding us ever on the alert. We hope that we are helping those who want help, who want change and improvement, thus contributing to general advancement.

In Norwood, Home Economics instruction is offered from the seventh to the twelfth grades, inclusive, some courses elective, others required. All girls receive basic homemaking training while those interested in spending more time in this field may do so by electing our major courses.

Basically, we introduce pupils to the elements of homemaking with its usual daily problems of the selection, care, preparation and serving of food, fundamental sewing processes, selection and care of clothing, style, fashion, budgeting, maintaining the home, problems of shelter, child care and training, use of leisure, family relationships, cultural values, etc., all the while helping the pupil to take a useful place within the family, his home and his community.

As we advance to High School levels we are able to accomplish an orientation in effective, responsible living through a program of experiences which particularly emphasize the importance of family life and which develop such skills and attitudes

as are essential in a good family member. We endeavor here to provide experiences which will enable them to get along with people, to acquire confidence in themselves, to develop poise and social acceptibility and to use discrimination between greater and lesser values in life.

In our High School "Youth Problems" class, required of all girls, the course is based upon the common personal and social problems of youth. Each unit of instruction is differentiated to meet the particular needs of the individual and the needs of the particular class. Here emphasis is upon cooperation and shared responsibility through teacher-pupil planning. It is interesting to note the varied interests of pupils in planning home experiences—for instance, one girl will be interested in decoration because her parents own their homes, another will have more home duties because her mother is employed, another will reflect her mother's interests such as preference for working in the yard or garden as compared with indoor activities, and so on. Also, pupils tend to enjoy the experiences which the teacher enjoys teaching. Group leadership is encouraged and rotates as individuals participate in group discussion. The response to this course and methods used is excellent.

Although, of necessity, practice in techniques and skills occupies much time in beginning courses and we start out with the common everyday problems of working, playing and living together, we advance gradually from the point where pupils define their own problems, thence to those problems which are within their power to solve, continuing to problems of self-appraisal, rules for healthful and satisfying living, principles of right behavior and thinking, right habits, public approval, right vs. wrong, vocational possibilities, getting the most out of school life, growing up, etc.

Our lessons in international cookery are most popular. Pupils bring in favorite recipes from home, learn from their mothers how they are prepared and then demonstrate for the class. In some cases the mother visits the class and gives the demonstration. This tie-up with the home strengthens relationships.

"Do-it-yourself" projects are reaching into every phase of homemaking. The homemaker can now do a professional job with the "know-how" and "What-to-use" information at hand. The economy and practical phases of many of these projects is encouraging and popular and offers an interesting approach in our teaching. Such units as easy decorating with the new pre-pasted wallpapers, upholstering with foam rubber, can be discussed and demonstrated to our pupils and they enjoy these lessons very much and find them most profitable.

Work-saving products flood the market, one of the newest being the "tucked-in" turkey, which eliminated the old fashioned trussing and sewing of the turkey. Everywhere convenience and efficiency can be noted in household products now on the market. What a challenge to the homemaking teacher!

Progress in the manufacture of electrical housewares and appliances has been phenomenal. Items new or unheard of ten years ago are now standard equipment in many homes. Units in household equipment now command our attention and we hope that we may soon add some of these common electric appliances to our equipment in order that pupils may have practise in their use. New materials and gadgets which ease processes and give the professional look to garments make

clothing construction more satisfying. "Tricks of the Trade" is now an added consideration in our dressmaking classes, as well as selection, properties, treatment and care of the many new fabrics.

We are most grateful to the Mothers' Club for continuing their award for excellence in Homemaking Education. Our girls really work for this honor and it makes for spirited competition. May I take this opportunity to express our most sincere appreciation to the Norwood Mother's Club for their continued interest in Home Economics Education.

I wish at this time to thank all co-workers, school officials, administrators and the School Committee for their continued support of the Home Economics program.

Very respectfully submitted,

AGNES M. BRIDGES,
*Supervisor of Home Economics Education
Norwood Public Schools*

Dec. 31, 1954

REPORT OF THE ATTENDANCE OFFICER

I herewith submit my twenty-third Annual Report as Attendance Officer for the year ending December 31, 1954.

Total number of investigations	184
Number of trancies	24
Number of illness cases investigated	83
Assisting at home	18
Investigating of cases where home permits were desired	6
Investigation of cases where working certificates were desired	4
Miscellaneous cases	49
Total number of children returned to school	9
Number of court cases	0

Very truly yours,

HENRY F. BREEN, JR.

In Memoriam

FREDERIC W. KINGMAN

Frederic W. Kingman served faithfully as a Member of the Contributory Retirement Board of the Town of Norwood from the time of the inception of the Contributory Retirement System in 1937 until his decease on October 6, 1954.

The Town of Norwood was indeed fortunate to obtain his services which he gave willingly and without restraint.

Mr. Kingman's membership on the Contributory Retirement Board was greatly enriched by his long and wide experience in his illustrious career in public life.

The Honorable Board of Selectmen

Gentlemen:

The foregoing is submitted as the report of the Town Clerk and Accountant for the year ending December 31, 1954, setting forth abstracts of the records of town meetings and elections, vital statistics and statements of the appropriations and expenditures and the receipts from each source of income, also statement of funded debt, information relative to maturities and debt, the balance sheet showing the assets and liabilities at the close of the fiscal year.

I certify that I have examined the securities and savings deposits of the Trust Funds in the hands of the Town Treasurer and find them to be correct as shown in the following schedule:

Attest: WALTER A. BLASENAK

Town Clerk and Accountant

ADJOURNED ANNUAL TOWN MEETING**March 31, 1955, adjourned from March 24, 1955**

On a notice duly attested by the Town Clerk and Accountant, Walter A. Blasenak and dated March 25, 1955, the Adjourned Annual Town Meeting, adjourned from March 24, 1955, was called to order by the Moderator, Francis C. Foley. The proper service of this notice was duly attested by James E. Quinn, Constable of Norwood.

The articles in the warrant and the action thereunder is as follows:

ARTICLE 2. To hear and act on the reports of Town Officers and Committees.

Voted: That the 83rd Annual Report of the officials of the Town of Norwood be received and accepted as printed.

Voted: That the report of the Finance Commission and its recommendations with respect to appropriation estimates for the 1955 be received and acted upon.

Voted: To accept the Report of the Committee of Nine to make a Survey with reference to the need and location of additional school buildings.

The report of the Committee on the above Article is as follows:

**REPORT OF THE COMMITTEE OF NINE TO MAKE A SURVEY
WITH REFERENCE TO THE NEED AND LOCATION
OF ADDITIONAL SCHOOL BUILDINGS**

Article 4 of the Adjourned Special Town Meeting of July 1, 1954 reads as follows:

"To hear and act upon the report of the Committee appointed under Article 1 of the Special Town Meeting of April 16, 1953 to secure the services of an architect for the preparation of plans and estimates of costs for an addition to the Junior High School."

Under said Article 4, it was voted: "That the Committee of Nine appointed under Article 7 of the Special Town Meeting of January 29, 1953 make a further study with reference to the need and location of additional school facilities and that such committee report with its recommendations to a future town meeting."

Since that time your Committee has held fifteen meetings to consider this assignment. Your Committee expects to submit a report outlining its recommendations at an early future special town meeting.

Respectfully submitted,

WALTER J. GOTOVICH
HARRY F. HOWARD
JOHN F. KILEY, JR.
CHARLES L. RICH
ROBERT W. WILLIAMSON
WILLIAM C. KENDRICK, *Chairman*
JAMES J. HAWLEY, *Secretary*
JAMES J. DRUMMEY

Voted: To accept the Report of the Committee on Fire Station For Town as a Whole.

The report of the Committee on the Above Article is as follows:

REPORT OF COMMITTEE ON FIRE STATION
FOR TOWN AS A WHOLE

This Committee was authorized by the Town Meeting on 26 March 1953 to study the fire station location requirements of the Town as a whole.

Previously, this same Committee had reported to the Town Meeting on the desirability of having a fire station in South Norwood. However the Town Meeting Members decided that a question like this should be studied for the Town as a whole, and authorized the Committee to make the broader study.

For technical assistance the Committee has received the help of two groups; one, the New England Fire Insurance Rating Association and the other, the National Fire Protection Association. The former group had made a report on the Town's fire protection facilities 26 years ago and at that time had recommended that a branch fire station should be built in South Norwood. The New England Fire Insurance Rating Association now advises that it cannot undertake a restudy of the Town's fire defenses, but feels that their old recommendation would still hold.

This advice was received about two years ago and since then your Committee has studied the expansion of the Town, has considered fire station statistics for other towns and has conferred with the Fire Chief. Members of the other Committee have made investigations of station locations in other communities. Further, we have received technical advice from the second Association named above, that is, the National Fire Protection Association. This Association recommends that preferably there should be two fire stations in Norwood, one of which should be in the center of the Town.

The Town of Norwood is small in area, it being somewhat more than a mile from the present fire station to all densely inhabited parts of the Town and two miles to the most remote boundaries. The running time for the equipment from the center of the Town to the most outlying parts is sufficiently short to permit of good fire service from the central fire station to any part of the town.

Your Committee is convinced that the Town can be well served from a single central fire station, at least for several years to come. However, our central station should be a modern plant of adequate size, properly manned and equipped.

We have studied the present fire station and the possibilities of modernizing and expanding it. Between the station and the Holman building there is a space of 39-foot frontage in which the building could be expanded. However, we doubt the advisability of investing in a further expansion of the old station.

We recommend that this Committee be dissolved and a new Committee be appointed to prepare estimates of cost for modernizing the present station and an alternate estimate for construction of a new central station, and to select a

site for a new central station and to recommend what action should be taken thereon.

Respectfully submitted,

ARTHUR C. BUELL
JOHN R. RUSSELL
WILLIAM L. HYLAND

Voted: That the Moderator be authorized to appoint a Committee of Five to make a study as contained in the report of additional fire station and fire fighting equipment in the Town.

The minority report of the Fire Station Committee on the above Article is as follows:

MINORITY REPORT OF FIRE STATION COMMITTEE

We, the minority members of this committee dissent from the majority report, as we are still of the belief that a firehouse is needed in the South Norwood section of the town, our reasons for this belief are that owing to the rapid growth of the area in the past few years, we are of the opinion that more fire protection is needed, we have made personal observations of fire protection in other towns, and we are one of the very few towns that do not have a second fire station. As far back as the 1920 the Rating Association advocated a fire station for this section, and the many citizens living in the area also want it. In conclusion, we feel that this committee should be dissolved, a new committee appointed to make a general overall study of the fire-fighting and fire housing situation covering the entire town.

JOHN A. ABDALLAH
ANTHONY E. MICKUNAS

ARTICLE 3. To see if the Town will vote to authorize the Collector of Taxes to use the same means as a Town Treasurer may use when acting as Collector.

Voted: That the Town Treasurer and Collector of Taxes as Collector of Taxes be and hereby is authorized to use all means of collecting taxes which a Town Treasurer may use, according to law, when acting as Collector of Taxes.

ARTICLE 4. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1956 and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period less than one year in accordance with Section 17, Chapter 44, General Laws.

Voted: That the Town Treasurer and Collector of Taxes in his capacity as Town Treasurer with the approval of the Selectmen be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1956, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

ARTICLE 5. To see what disposition the Town will make of money received for dog licenses.

Voted: That this Article be laid upon the table to be taken up and acted upon together with Item 8, Sub-Division D, of Article 6.

ARTICLE 6. To see what sums of money the Town will vote to raise, borrow, or transfer from available funds in the treasury, and appropriate for the current fiscal year for the following purposes, or take any other action in the matter.

A. General Government

1. Selectmen, (a) Salaries, (b) Incidentals

Voted: (a) That the Selectmen receive no salaries. (b) By taxation, the sum of \$750.00 for the Clerk of the Selectmen and the further sum of \$100.00 be raised by taxation for incidental expense of the Selectmen.

2. Town Clerk and Accountant (2) Town Bookkeeper

(a) Salaries, (b) Incidentals, (c) New Equipment

Voted: (1-2) For Salary of Town Clerk and Accountant and Town Bookkeeper, \$6,200.00 of which sum \$3,400.00 shall be raised by taxation, \$2,100.00 taken from the receipts of the Electric Light Department, and \$700.00 taken from the receipts of the Water Department. (b) For incidentals, \$41,600.00 of which amount \$23,500.00 shall be raised by taxation, \$13,600.00 taken from receipts of the Electric Light Department, and \$4,500.00 taken from the receipts of the Water Department and with respect to said \$41,600.00 not more than \$34,200.00 shall be available for personal services.

3. Town Treasurer and Collector of Taxes.

(a) Salary, (b) Incidentals, including premium on suretyship bond.

(c) To meet the expense of the foreclosure of tax titles held by the Town.

Voted: (a) \$6,200.00 for salary of Town Treasurer and Collector of Taxes, of which amount, the sum of \$4,900.00 shall be raised by taxation, \$1,000.00 taken from the receipts of the Electric Light Department, and \$300.00 taken from the receipts of the Water Department; said salary to be retroactive to January 1, 1955; (b) \$22,800.00 for incidental expense, of which amount \$18,750.00 shall be raised by taxation, and the sum of \$3,100.00 shall be taken from the receipts of the Electric Light Department and \$950.00 taken from the receipts of the Water Department; and with respect to said \$22,800.00, not more than \$18,000.00 shall be available for personal services. (c) By taxation \$350.00.

4. Assessors. (a) Salaries, (b) Incidentals, (c) New Equipment

Voted: (a) By taxation, \$7,000.00 (b) By taxation, \$12,050.00 of which amount not more than \$6,000.00 shall be available for personal services, (c) Indefinite Postponement.

5. Certification of Bonds and Notes

Voted: By taxation \$925.00.

6. Finance Commission. (a) Incidentals

Voted: By taxation, \$1,550.00.

7. Law (a) Salary. (b) Incidentals, (c) Books for Law Library, (d) Expense of defense of Assessors in proceedings under Chapter 58A, General Laws.

Voted: (a) Salary by taxation, \$4,000.00, (b) and (c) By taxation, \$900.00, (d) By taxation, \$100.00.

8. Election and Registration, (a) Salaries. (b) Incidentals.

Voted: (a) By taxation, \$1,000.00, (b) By taxation, \$8,275.00.

9. Memorial Municipal Building. (a) Maintenance

Voted: \$19,000.00 of which amount \$17,200.00 shall be raised by taxation, \$1,800.00 taken from the receipts of the Water Department, and with respect to the \$19,000.00 not more than \$8,500.00 shall be available for personal services and be it further voted that the sum of \$700.00 be transferred from the Purchase of New Equipment Public Works Department, 1954 appropriation and appropriated for Pigeon Control.

10. General Manager, (a) Salary. (b) Incidentals, including suretyship bond.

Voted: On amended motion, (a) \$9,000.00, of which amount \$5,350.00 shall be raised by taxation and the sum of \$2,450.00 taken from the receipts of the Electric Light Department, and the sum of 1,200.00 taken from the receipts of the Water Department. (b) \$12,400.00 of which amount \$10,700.00 shall be available for personal services and the sum of \$300.00 raised by taxation and appropriated for New Equipment.

11. Engineering (a) Salaries, (b) Incidentals

Voted: (a) By taxation, \$7,200.00, (b) By taxation, \$21,100.00, of which amount \$19,000.00 shall be used for personal services, and \$200.00 shall be used for New Equipment.

12. Board of Survey (a) Incidentals

Voted: (a) By taxation, \$50.00.

13. Planning Board (a) Incidentals

Voted: By taxation, the sum of \$4,670.00, of which amount the sum of \$3,500.00 shall be for the salary of a new engineer for the Planning Board.

14. Board of Appeal (a) Incidentals

Voted: By taxation, \$50.00.

ARTICLE 6. B. Protection Of Persons and Property.

1. Police Department, (a) Salaries, (b) and (d) Incidentals and Expense of insurance providing indemnity for or protection to officers or employees as provided in Chapter 40, Section 5, Clause 1. (c) New Equipment.

Voted: (a) On amended motion, \$166,484.54 by taxation, of which amount, \$158,884.00 for salaries, \$3,600.00 for paid holidays and \$4,000.00 for Police Traffic Supervisors. (b) and (d) \$13,510.00 by taxation, and with respect to said \$13,510.00, not more than \$2,500.00 shall be available for police uniforms. (c) By taxation, \$2,000.00. Incidental expense other than wages of officers, viz., Maintenance of Traffic Signals and Traffic Control, \$10,025.00 of which amount the sum of \$3,000.00 shall be for a Traffic Study.

2. Fire Department. (a) Salaries, (b) Incidentals, (c) New Equipment (d) Expense of insurance providing indemnity for or protection to officers or employees as provided in Chapter 40, Section 5, Clause 1.

Voted: (a) By taxation, \$146,550.00 of which amount \$142,500.00 for salaries, \$4,050.00 for Paid Holidays. (b) and (d) \$9,625.00 of which amount not more than \$800.00 shall be used for fire uniforms, (c) By taxation, \$3,000.00, (e) Annuities to dependents of Firemen whose death was sustained during performance of their duties, \$3,512.00.

3. Maintenance and Extension of Fire Alarm System

Voted: By taxation, \$10,800.00.

4. Hydrant Service

Voted: By taxation, \$8,414.00.

5. Inspector of Buildings. (a) Salary, (b) Expenses

Voted: (a) By taxation, \$4,500.00, (b) By taxation, \$985.00.

6. Inspector of Animals (a) Salary

Voted: By taxation, \$200.00.

Voted: That this meeting be dissolved.

Attest: WALTER A. BLASENAK

Town Clerk and Accountant

SPECIAL TOWN MEETING

June 2, 1955

On a warrant duly issued by the Selectmen under the date of May 17, 1955, and signed by Daniel E. Callahan, Jr., Alonzo F. Swift, Jr., Charles L. Rich and Harry B. Butters, Selectmen of Norwood, the meeting was called to order by the Moderator, Francis C. Foley. The proper service of this warrant was duly attested by James E. Quinn, Constable of Norwood.

All the requirements of the statutes and by-laws relating to the calling of the Town Meeting were complied with. The warrant calling the meeting was read by Town Clerk and Accountant, Walter A. Blasenak. The articles contained in the warrant, and the action thereunder being as follows:

ARTICLE 1. To see if the Town will vote to discontinue certain town ways extending northerly from Nichols Street as shown on a plan entitled, "Town of Norwood, Mass." Plan showing Easements Required Under An Order of Taking adopted by the Selectmen in acceptance by the Town of Norwood on December 31, 1934 of the laying out of certain town ways, extending from Nichols Street Northerly, A. W. Thompson, Town Engineer, January 15, 1935, said Plan being recorded with Norfolk Deeds, Plan Book 119, Plan Number 47-1935. said ways sometimes referred to as Westover Parkway.

Voted: To so discontinue as Town Ways.

ARTICLE 2. To see what sum the Town will vote to raise and appropriate to provide increased compensation for all employees in the Light Department, Cemetery Department, Public Works Department, Recreation Department, and School Department, excepting heads of departments and school teachers, said increased compensation to be in the amount of \$208.00 per year. (On petition of John T. Flynn, et al)

Voted: Indefinite Postponement.

ARTICLE 3. To see what sum of money the Town will vote to transfer from Surplus Revenue and appropriate to meet the additional expense for land damage awards in connection with the construction and relocation of Dean Street.

Voted: The sum of \$5,620.80 by transfer from Surplus Revenue.

Voted: That this meeting stand adjourned to meet at 7:30 o'clock in the afternoon on Tuesday, June 21, 1955 in the Memorial Hall of the Municipal Office Building and that Articles 4-18 be acted upon at that time.

Attest: WALTER A. BLASENAK

Town Clerk and Accountant

ADJOURNED SPECIAL TOWN MEETING**June 2, 1955 to June 21, 1955**

On a notice duly issued by the Town Clerk and Accountant, Walter A. Blasenak, and dated June 13, 1955, the Adjourned Special Town Meeting was called to order by the Moderator, Francis C. Foley. The proper service of the notice was duly attested by James E. Quinn, Constable of Norwood.

The articles in the warrant and the action thereunder is as follows:

ARTICLE 4. To see if the Town will vote to amend the existing Zoning By-Law by altering the district boundaries established under Section 17 of said By-Law with respect to that certain portion of the present General Residence District, namely, that area bounded as follows:

Westerly by a line parallel to and 150 feet easterly of the easterly side-line of the Boston-Providence Turnpike.

Northerly by the present division line between General Residence and Business Zone extended easterly a distance of 1100 feet from Sumner Street.

Easterly by a line parallel with and 1100 feet easterly of the easterly side-line of Sumner Street and Union Street to the Norwood-Sharon Town Line and easterly again by the Norwood-Sharon Town Line.

Southerly by the Norwood-Sharon Town Line.

Southwesterly by the Norwood-Walpole Town Line.
by withdrawing said portion from General Residence and establishing same as Single Residence 2, as shown by a map thereof to accompany said amendment and made a part thereof and thereby altering the existing map showing existing boundaries to conform to such change of district boundaries.

Voted: To so amend.

ARTICLE 5. To see if the Town will vote to amend the existing Zoning By-Law by altering the district boundaries established under Section 17, of said By-Law with respect to that certain portion of the present General Residence District namely, that area bounded as follows:

Westerly by a line parallel to and 150 feet easterly of the easterly side-line of the Boston Providence Turnpike.

Northerly by the present division line between General Residence and Business Zone extended easterly a distance of 1100 feet from Sumner Street.

Easterly by a line parallel with and 1100 feet easterly of the easterly side-line of Sumner Street and Union Street to the Norwood-Sharon Town Line and easterly again by the Norwood-Sharon Town Line.

Southerly by the Norwood-Sharon Town Line.

Southwesterly by the Norwood-Walpole Town Line.
by withdrawing said portion from General Residence and establishing same as Single Residence 1, as shown by a map thereof to accompany said amendment and made a part thereof and thereby altering the existing map showing existing boundaries to conform to such change of district boundaries.

Voted: Indefinite Postponement.

ARTICLE 6. To see if the Town will vote to amend the existing Zoning By-Law by altering the district boundaries established under Section 17 of said By-Law with respect to that certain portion of the present General Residence district namely, that area on the easterly side of Washington Street opposite Howard Street and bounded as follows: beginning at a point in the center line of Washington Street at its intersection with the center line of Howard Street extended and runs hence N 23° 33' 26" E 215 feet, thence S 69° 41' 31" E, 213 feet to the present Manufacturing Zone thence running southwesterly by the center line of Warren Street extended a distance of 281 feet to its intersection with the center line of Central Street extended and thence N 58° 43' 44" W, 371 feet to the point of beginning, by withdrawing said portion from General Residence and establishing same as Business as shown by a map thereof to accompany said amendment and made a part thereof and thereby altering the existing map showing existing boundaries to conform to such change of district boundaries.

Voted: Motion declared lost.

ARTICLE 7. To see if the Town will vote to change the existing Zoning By-Law in the manner following or take any other action in the matter, namely,

Amend section 12 relating to lot area in single residence, general residence and trunk highway districts Division A by striking out the words "eight thousand (8,000) square feet" and inserting in place thereof the following, "ten thousand (10,000) square feet with a lot frontage of not less than ninety (90) feet".

Voted: To so change the existing Zoning By-Law.

ARTICLE 8. To see if the Town will vote to change the existing Zoning By-Law in the manner following or take any other action in the matter, namely,

Amend sections 11 (B) and 11 (C) relating to area limitations in general residence and trunk highway districts by striking out the words "ten feet" in the fourth lines thereof relating to the distance a residential building is required to be from any adjoining lot and inserting in place thereof the words "five feet" where they appear in the clause "except that part of a residence used as a private garage may not be nearer than five feet to the line of an adjoining lot" and inserting in place thereof the words "ten feet".

Voted: To so change the existing Zoning By-Law.

ARTICLE 9. To see if the Town will vote to change the existing Zoning By-Law in the manner following or take any other action in the matter, namely,

Amend section 10 (B) relating to area limitations in single residence districts by striking out the words "five feet" where they appear in the clause "and except that part of a residence used as a private garage may not be nearer than five feet to the line of an adjoining lot" and inserting in place thereof the words "ten feet".

Voted: To so change the existing Zoning By-Law.

ARTICLE 10. To see if the Town will vote to change the existing Zoning By-Law in the manner following or take any other action in the matter, namely,

Amend section 16 relating to setback distance in single residence and general residence districts by striking out the words "twenty (20) feet" where they appear in said section and inserting in place thereof the words "ten feet".

Voted: To so amend.

ARTICLE 11. To see if the Town will vote to amend section 18 of the existing zoning by-law by adding thereto at the end thereof the following:

22. Frontage as required in this Zoning Law shall be determined as the distance measured along the street line from one side line of the lot to the other, except as follows:

a. In the case of a lot fronting on a curve or angle point in the street, the distance shall be measured from one side line of the lot to the other along the line which marks the minimum required front setback of a dwelling on such lot. In no case, however, shall the distance, as measured along the street line from one side line of the lot to the other, be less than one half the required frontage.

Voted: To so change the existing Zoning By-Law.

ARTICLE 12. To see if the Town will vote to authorize the Selectmen to acquire by gift, purchase, or take by right of eminent domain in fee for the enlargement of the town cemetery a certain parcel of land shown as lot 1 on a plan entitled "Town of Norwood, Mass. Land to be acquired for Cemetery Purposes" by A. W. Thompson, Town Engineer, dated May 17, 1955, said parcel containing 33,574 square feet, to authorize the Selectmen to make application by written petition to the County Commissioners as provided in General Laws (Ter. Ed.) Chapter 114, Section 11; and to see what sum the town will vote to transfer from Cemetery Available Receipts and appropriate for such purpose.

Voted: To so authorize the Selectmen.

ARTICLE 13. To see if the Town will vote to authorize the Selectmen to acquire by gift, purchase, or take by right of eminent domain in fee for the enlargement of the town cemetery a certain parcel of land shown as lot 2 on a plan entitled "Town of Norwood Mass. Land to be acquired for Cemetery Purposes" by A. W. Thompson, Town Engineer, dated May 17, 1955, said parcel containing 2 acres 838 square feet; to authorize the Selectmen to make application by written petition to the County Commissioners as provided in General Laws (Ter. Ed.) Chapter 114, Section 11; and to see what sum the town will vote to transfer from Cemetery Available Receipts and appropriate for such purpose.

Voted: To so authorize the Selectmen.

ARTICLE 14. To see if the Town will vote to authorize the Selectmen to acquire by gift, purchase, or take by right of eminent domain in fee for the enlargement of the town cemetery a certain parcel of land shown as lot 3 on a plan entitled "Town of Norwood, Mass. Land to be acquired for Cemetery Purposes" by A. W. Thompson, Town Engineer, dated May 17, 1955, said parcel containing 2 acres 14,700 square feet; to authorize the Selectmen to make application by written petition to the County Commissioners as provided in General Laws (Ter. Ed.) Chapter 114, Section 11 and to see what sum the town will vote to transfer from Cemetery Available Receipts and appropriate for such purposes.

Voted: To so authorize the Selectmen.

ARTICLE 15. To see if the Town will vote to authorize the Selectmen to acquire by gift, purchase, or take by right of eminent domain in fee for the enlargement of the town cemetery a certain parcel of land shown as lot 4 on a plan entitled "Town of Norwood, Mass. Land to be acquired for Cemetery Purposes" by A. W. Thompson, Town Engineer, dated May 17, 1955, said parcel containing 2.75 acres; to authorize the Selectmen to make application by written petition to the County Commissioners as provided in General Laws (Ter. Ed.) Chapter 114, Section 11; and to see what sum the town will vote to transfer from Cemetery Available Receipts and appropriate for such purpose.

Voted: To so authorize the Selectmen.

ARTICLE 16. To see if the Town will vote to authorize the Selectmen to acquire by gift, purchase, or take by right of eminent domain in fee for the enlargement of the town cemetery a certain parcel of land shown as lot 5 on a plan entitled "Town of Norwood, Mass. Land to be acquired for Cemetery Purposes" by A. W. Thompson, Town Engineer, dated May 17, 1955, said parcel containing 2.51 acres more or less; to authorize the Selectmen to make application by written petition to the County Commissioners as provided in General Laws (Ter. Ed.) Chapter 114, Section 11; and to see what sum the town will vote to transfer from Cemetery Available Receipts and appropriate for such purpose.

Voted: To so authorize the Selectmen.

ARTICLE 17. To see if the Town will vote to authorize the Selectmen to acquire by gift, purchase, or take by right of eminent domain in fee for the enlargement of the town cemetery a certain parcel of land shown as lot 6 on a plan entitled "Town of Norwood, Mass. Land to be acquired for Cemetery Purposes" by A. W. Thompson, Town Engineer, dated May 17, 1955, said parcel containing 12.33 acres more or less; to authorize the Selectmen to make application by written petition to the County Commissioners as provided in General Laws (Ter. Ed.) Chapter 114, Section 11; and to see what sum the town will vote to transfer from Cemetery Available Receipts and appropriate for such purpose.

Voted: To so authorize the Selectmen.

COMMITTEE OF NINE REPORT

Retention Method of Projected School Population

The average of the first grade public school population from 1945 thru 1954 is divided by the average of the births for the same length of time six years earlier. This "retention" figure was applied to *known* annual births for each year to determine the expected first grade public school enrollment six years later.

The average annual public school enrollment in the second grade was divided by the average annual public school enrollment in the first grade for the preceding year. This "retention" figure was applied to known and expected public school first grade enrollments for each year to determine the expected enrollment in grade 2 for the following year. This method was used similarly for grades 3 thru 8. The only exceptions to this rule occur when the parochial school reaches its maximum of 200 pupils per grade. At this point total retention figures were applied to total school enrollments to arrive at a total school population. Then 200 was subtracted to determine the public school enrollment.

As the parochial school abandoned grade 9 in 1952, the total retention figure was applied to the total school population for grades 9 thru 12.

ARTICLE 18. To hear and act upon the further report of the committee appointed under Article 7 of the Special Town Meeting of January 29, 1953 to make a survey with reference to the need and location of additional school buildings and to see if the Town will vote to determine a site or sites for a new school building or school buildings; to appoint a committee to obtain plans and estimates for a suitable building or buildings on such site or sites as the Town may determine; to raise and appropriate a sum of money for the use of said committee; to determine whether the money shall be provided by appropriation from available funds in the treasury or otherwise; or take any other action in relation thereto.

The report of the Committee of Nine on the above Article is as follows:

THIRD AND FINAL REPORT OF THE COMMITTEE OF NINE

Appointed Under Article 7 of Special Town Meeting of January 29, 1953

**To make a Survey with Reference to the Need and Location
of Additional School Buildings**

Your Committee submitted an initial report at the Town Meeting of April 16, 1953, and a supplementary and concluding report at the Adjourned Special Town Meeting of July 1, 1954. Recommendation 2 of the initial report read in part as follows: "That a six room, three story and basement addition be constructed at the Junior High School . . .". Pursuant to this recommendation and in accordance with the vote of Town Meeting, the Moderator appointed a committee of seven to obtain plans and estimates of cost for this addition to the Junior High School.

This Committee of Seven submitted a report to the Adjourned Special Town Meeting of July 1, 1954. The principle recommendation contained in this report resulted in the motion which reads in part as follows: "That the Committee of Nine—make a further study with reference to the need and location of additional school facilities and that such committee report with its recommendations to a future Town Meeting."

In accordance with this vote your Committee of Nine respectfully submits its third and final report.

Since the Town Meeting of July 1, 1954, your Committee has held 20 meetings. It has reviewed, revised, and brought up to date all statistics contained in its earlier reports. It has given consideration to all available relevant facts, information, and opinions including current statistics as presented to it by the Norwood School Department, by Bishop Minihan and others concerned with the operation of St. Catherine's Parochial School, by the Town Clerk's Office, by the Town Engineer, and by the Building Inspector of the Town of Norwood.

Your Committee has re-visited all rooms in all Norwood Public Elementary Schools, with the exception of the West School, and all rooms in the Norwood Public Junior High School. Your Committee was pleased to have had the company of representatives of the Parent Teachers Association on this tour.

Your Committee wishes to take this opportunity to publicly commend the Building Committee for the Callahan School Addition, the School Committee and other school officials, and the architect for the part they each and severally played in providing the Town with such an outstanding modern addition to the Callahan School.

Your Committee now makes the following recommendations:

1. By majority vote. That a 12 room, 3 story and basement addition be constructed at the Junior High School for Junior High School purposes, to be ready for occupancy as soon as possible and not later than September of 1957; and that the Moderator appoint a Building Committee of 7 members at this time to secure the services of an architect for the preparation of plans and estimate of cost.
2. By unanimous vote. That the Selectmen negotiate for the purchase of approximately 15 acres of land for school purposes, said land fronting on Prospect Street and adjacent to the rear property lines of Pine Street and being part of the parcel now or formerly of Cameron Forbes recently reported as acquired by Abraham Shagoury, the exterior lines of the parcel to be established by the Town Engineer in cooperation with the Selectmen and the School Committee and following these negotiations that a proper article be inserted in a Town Meeting Warrant to authorize the purchase of said parcel and to appropriate funds therefor.
3. It is still the opinion and recommendation of the Committee that a new Committee of Nine be appointed by the Moderator in 1956 to study conditions as they then may exist and to report thereon to the Town Meeting.

Your Committee reports with great sorrow the untimely death on July 25, 1954 of a valued member, the late Joseph E. Riley. The Committee's resolution on the death of Mr. Riley is attached to and made a part of this report.

Respectfully Submitted,

WILLIAM C. KENDRICK, *Chairman*

Resolution On The Death Of

JOSEPH E. RILEY

By authority of the Special Town Meeting, held on January 29, 1953, the Moderator appointed a Committee of Nine to make a survey with reference to the need and location of additional school buildings in the Town of Norwood. One of those appointed to serve on this Committee of Nine was Joseph E. Riley.

Joseph E. Riley was born in Hopkinton, Massachusetts, on March 3, 1891, and attended public schools there and later graduated from Northeastern University Law School. In 1915 he opened a law office in Norwood where he practiced up to the time of his death, with the exception of service as an officer in the air force in World War One. After the war, he married Margaret M. Keady on July 20, 1919 in Ashland, Massachusetts, and has been blessed with three children, Veronica, Joseph E., Jr., and Rita, all presently of Norwood.

During the many long years of his practice and residence in Norwood, Joseph E. Riley served as a member of the Democratic Town Committee, Judge Advocate of the American Legion, Town Meeting Member of District 3, Member of the Committee of Nine, as well as active participation in the many and endless civic and charitable causes. He proved himself to be a man of honesty, ability and integrity and was looked up to and respected by his fellow townspeople and

throughout the Courts of the Commonwealth. He was an exemplary husband and father and always put the welfare of his family above his own personal desires. It is with deep and sincere sadness that we, the members of the Committee of Nine, learn of his death on July 25, 1954, at the young age of sixty-three years.

Be It Therefore Resolved — that these presents be spread upon the records of the Committee of Nine and that a copy of this resolution be sent to the family of Joseph E. Riley, and to both local newspapers, as an expression of our sympathy and in appreciation of their great loss and the loss to the Community and to our Committee.

Respectfully submitted,

WILLIAM C. KENDRICK, *Chairman*
JAMES J. DRUMMEY
CHARLES L. RICH
HARRY F. HOWARD
JAMES J. HAWLEY
WALTER J. GOTOVICH
ROBERT W. WILLIAMSON
JOHN F. KILEY

Voted: That the third and final report of the Committee of Nine be accepted, that it be printed in its entirety in the Town Report for the year 1955, and that upon the settlement of its outstanding accounts, the Committee be discharged.

Voted: That the Selectmen negotiate for the purchase of approximately 15 acres of land for school purposes, said land fronting on Prospect Street and adjacent to the rear property lines of Pine Street and being part of the parcel now or formerly of Cameron Forbes recently reported as acquired by Abraham Shagoury, the exterior lines of the parcel to be established by the Town Engineer in co-operation with the Selectmen and the School Committee and following these negotiations that a proper article be inserted in a Town Meeting Warrant to authorize the purchase of said parcel and to appropriate funds therefor.

Voted: That a rising vote of thanks be given to the Committee of Nine for its study on the Need and Location of School Buildings.

Voted: That the Moderator appoint a Committee of Seven to obtain plans and estimates for an addition to the Junior High School and that \$8,000.00 of the funds made available for this purpose at the Special Town Meeting on April 16, 1953 be appropriated for the use of said committee in engaging the services of an architect in connection therewith.

Voted: The Committee appointed under Article 1 of the Special Town Meeting, March 26, 1953, "to review the present town charter, Acts of 1914 Chapter 197" wishes to report that it has reviewed Chapter 197. Its activities have included review of numerous other "Town Charters", meetings with Town Officials, Boards, and Committees, and two public meetings in an endeavor to learn the wishes of the voters. The committee requests the scope of its study be broadened and that it be authorized to make recommendations to a later town meeting covering the entire organization of the Town Government.

Voted: That this meeting be dissolved at 11:05 P.M.

WALTER A. BLASENAK

Town Clerk and Accountant

SPECIAL TOWN MEETING**October 13, 1955**

On a warrant duly issued by the Selectmen under the date of September 27, 1955, and signed by Daniel E. Callahan, Jr., Alonzo F. Swift, Jr., Walter J. Dempsey, Charles L. Rich and Harry B. Butters, Selectmen of Norwood the meeting was called to order by the Moderator, Francis C. Foley. The proper service of this warrant was duly attested by James E. Quinn, Constable of Norwood.

All the requirements of the statutes and by-laws relating to the calling of the Town Meeting were complied with. The warrant calling the meeting was read by Town Clerk and Accountant, Walter A. Blasenak. The articles contained in the warrant, and the action thereunder being as follows:

ARTICLE 1. To see if the Town will vote to amend the existing Zoning By-Law by altering the district boundaries established under Section 17 of said By-Law with respect to that certain portion of the present General Residence District, namely, that area on the easterly side of Washington Street opposite Howard Street and bounded as follows: beginning at a point in the center line of Washington Street at its intersection with the center line of Howard Street extended and runs thence N 23° 41' 31" E, 213 feet to the present Manufacturing Zone thence running southwesterly by the center line of Warren Street extended a distance of 281 feet to its intersection with the center line of Central Street extended and thence N 58° 43' 44" W, 371 feet to the point of beginning, by withdrawing said portion from General Residence and establishing same as Business as shown by a map thereof to accompany said amendment and made a part thereof and thereby altering the existing map showing existing boundaries to conform to such change of district boundaries.

Voted: Motion to amend declared lost because of lack of two-thirds vote.

**REPORT OF THE TOWN PLANNING BOARD ON QUESTION OF
AMENDING THE EXISTING ZONING BY-LAW OF
THE TOWN OF NORWOOD.**

To the Citizens of the Town of Norwood:

The Town Planning Board, through the "Norwood Tribune" in the issue of August 11, 1955 gave notice of its intention to hold a public hearing on Monday, September 12, 1955 at eight fifteen P.M. in the Planning Board Room, Municipal Building on proposed amendments to the Zoning By-Law of the Town of Norwood with respect to Section 17 of the existing Zoning By-Law, said hearing as advertised was duly held and the Planning Board herewith submits its final report and recommendation which is in the following form.

We recommend that amendment be made to the existing Zoning By-Law with respect to Section 17 as submitted in the following motion under Article 1 of the Special Town Meeting of October 13, 1955 for the following reasons:

1. Encourage business in the Town.
2. Increase taxable property in the Town.
3. Provide additional employment in the Town.

ROBERT F. GALLIVAN
JOHN E. BAMBER
ALBERT P. NELSON
JOSEPH W. WALL
HAROLD S. BURNS

*Town Planning Board
Town of Norwood*

ARTICLE 2. To see if the Town will vote to adopt the following by-law.

No person shall remove any soil, loam, sand or gravel from any land in the town not in public use unless such removal is authorized by a permit issued by the Board of Selectmen, except in conjunction with construction of a building on the parcel and except for the continued operation on the same parcel of an existing sand and gravel pit. No such permit shall be issued until an application therefor is filed with said board, said board shall hold a public hearing on the application and notice of the filing of such application and the date and time of the public hearing thereon shall be advertised in a paper published in the county, seven days at least before the public hearing.

Voted: Motion to so adopt declared lost.

ARTICLE 3. Move that the town vote to pipe the brook now running easterly through land of Glynn, 101 Washington Street, from Washington Street to the New York, New Haven and Hartford Railroad Culvert, a distance of 300 feet, more or less; and that the town do appropriate money for said drain by transfer of funds, sale of notes or bonds, or otherwise. (On petition of Edward Shaughnessey et al)

Voted: Indefinite Postponement.

ARTICLE 4. To see if the Town will vote to amend the existing by-laws by adding thereto under Article VII the following section:

"Section 10. On or before November first of each year each board, committee or officer of the Town authorized by law to expend money shall file with the Town Clerk and Accountant, who shall transmit the same to the Finance Commission, a signed detailed estimate of the appropriation or appropriations recommended by such board, committee or officer for the work under its or his charge for the ensuing year.

Voted: To so amend.

ARTICLE 5. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for sewer construction, said appropriation to be provided for by transfer from surplus revenue and or from available balances in existing appropriations for the current year.

Voted: The sum of \$12,000.00 by transfer from Surplus Revenue.

ARTICLE 6. To see what sum of money the Town will vote to raise and appropriate for the further expense for Soldiers' Benefits, said appropriation to be provided for by transfer from Surplus Revenue and or from available balances in existing appropriations for the current year.

Voted: By transfer from Surplus Revenue, the sum of \$8,000.00.

ARTICLE 7. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for Civil Defense, said appropriation to be provided for by transfer from Surplus Revenue and or from available balances in existing appropriations for the current year.

Voted: Indefinite Postponement

Meeting Dissolved.

SPECIAL TOWN MEETING

October 13, 1955

On a warrant duly issued by the Selectmen under the date of October 3, 1955, and signed by Daniel E. Callahan, Jr., Walter J. Dempsey and Harry B. Butters, Selectmen of Norwood, the meeting was called to order by the Moderator, Francis C. Foley. The proper service of this warrant was duly attested by James E. Quinn, Constable of Norwood.

All the requirements of the statutes and by-laws relating to the calling of the Town Meeting were complied with. The warrant calling the meeting was read by Town Clerk and Accountant, Walter A. Blasenak. The articles contained in the warrant, and the action thereunder being as follows:

ARTICLE 1. To see if the Town will vote to authorize certain highway maintenance work in the Town, the cost to be defrayed by sums paid in advance into the Town Treasury by the Boston Edison company for said purpose.

Voted: The sum of \$14,500.00 be appropriated for Highway Maintenance from sums paid in advance into the Town Treasury by the Boston Edison Company for said purpose.

Meeting Dissolved.

WALTER A. BLASENAK

Town Clerk and Accountant

SPECIAL TOWN MEETING**December 8, 1955**

On a warrant duly issued by the Selectmen under the date of November 22, 1955, and signed by Daniel E. Callahan, Jr., Alonzo F. Swift, Jr., Walter J. Dempsey, Charles L. Rich and Harry B. Butters, Selectmen of Norwood, the meeting was called to order by the Moderator, Francis C. Foley. The proper service of this warrant was duly attested by James E. Quinn, Constable of Norwood.

All the requirements of the statutes and by-laws relating to the calling of the Town Meeting were complied with. The warrant calling the meeting was read by Town Clerk and Accountant, Walter A. Blasenak. The Articles contained in the warrant, and the action thereunder being as follows:

ARTICLE 1. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for Electric Light Department, Purchase of Electric Energy, said appropriation to be provided for by transfer from Surplus Revenue and/or from available balances in existing appropriations for the current year.

Voted: By transfer from Surplus Revenue, the sum of \$30,000.00.

ARTICLE 2. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for Fire Department Salaries, said appropriation to be provided for by transfer from Surplus Revenue and/or from available balances in existing appropriations for the current year.

Voted: By transfer from Highway Construction, the sum of \$3,000.00.

ARTICLE 3. To see what sum of money the Town will vote to raise and appropriation to meet the further expense for Sick Leave for Public Works Division Employees, said appropriation to be provided for by transfer from Surplus Revenue and/or from available balances in existing appropriations for the current year.

Voted: By transfer from Highway Construction, the sum of \$2,000.00.

ARTICLE 4. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for Police Department Incidentals, said appropriation to be provided for by transfer from Surplus Revenue and/or from available balances in existing appropriations for the current year.

Voted: By transfer from Highway Construction, the sum of \$1,000.00.

ARTICLE 5. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for Drains Construction, said appropriation to be provided for by transfer from Surplus Revenue, and/or from available balances in existing appropriations for the current year.

Voted: The sum of \$7,500.00 by transfer from Highway Construction, and the sum of \$1,900.00 by transfer from Workmen's Compensation to meet the further expense for Drains Construction.

ARTICLE 6. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for Water Service Connections, said appropriation to be provided for by transfer from Surplus Revenue and/or from available balances in existing appropriations for the current year.

Voted: By transfer from Workmen's Compensation Insurance Account, the sum of \$2,000.00.

ARTICLE 7. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for Water Construction, said appropriation to be provided for by transfer from Surplus Revenue, Borrowing, and/or from available balances in existing appropriations for the current year.

Voted: Indefinite Postponement.

ARTICLE 8. To see if the Town will vote to rescind the vote under Article 26 of the Town Meeting of March 3, 1890 increasing the number of members of the School Committee to six and vote to increase the number of members of said Committee to seven as provided in General Laws, Chapter 41, Section 1. (On petition of Doris C. Dauksis, et al)

Voted: To so rescind the vote and increase the number of said Committee to seven.

ARTICLE 9. To see if the Town will vote to authorize the General Manager to enter into an agreement for the acquisition, installation and maintenance of parking meters in accordance with the provisions of General Laws, Chapter 40, Section 22A, as amended or take any other action in the matter.

Voted: To authorize the General Manager to enter into an agreement on behalf of the Town for the acquisition, installation and maintenance of parking meters in the Town, such agreement to provide that payments for said meters shall be made over a period not exceeding five (5) years from fees received for the use of such parking meters; and that the Board of Selectmen be and is hereby authorized to establish fees for the use of such parking meters and, subject to the approval of the Commonwealth, determine the locations for such meters.

ARTICLE 10. To see if the Town will vote to transfer the care, custody, management and control of the remaining portion of the former Beacon School lot to the Board of Trustees of the Morrill Memorial Library for library purposes under the provisions of General Laws, Chapter 40, Section 15A.

Voted: That the motion be amended by adding the word "lot" the following:
Except a 15 foot strip of said lot adjacent to the property line of James F. Carolan.

Voted: On amended motion, declared lost on lack of two-thirds vote.

ARTICLE 11. To see what sum of money the Town will vote to raise and appropriate to meet the further expense of Drain Construction for the purpose of encasing an open drain, which begins at the junction of Pleasant Street and Meadowbrook Road and continues in a southeasterly direction to Route #1, said appropriation to be provided for by borrowing, or by transfer from surplus revenue, and/or from available balances in existing appropriations for the current year. (On petition of Paul L. Gallagher, et al)

Voted: Indefinite Postponement.

ARTICLE 12. To see if the Town will vote to authorize the Selectmen to make a sewer and drain study of the Town and to see what sum of money the Town will vote to appropriate for said purpose, said appropriation to be provided for by transfer from Surplus Revenue, and/or from available balances in existing appropriations for the current year.

Voted: Indefinite Postponement.

Meeting dissolved at 10:00 P.M.

WALTER A. BLASENAK

Town Clerk and Accountant

REPORT OF THE TOWN COUNSEL

*The Honorable Board of Selectmen
Town of Norwood*

Gentlemen:

I submit herewith in summarized form my report of the activities of the law department for the year 1955.

Frequent changes in the laws applicable to municipal government bring requests for interpretation of the law which require constant study of the new legislation in its relation to our activities in order to competently advise those charged with the conduct of our town government.

Much of the service rendered was advisory in nature and was furnished to the various departments of the town through written opinions upon request therefor.

Additional service was rendered by attendance at hearings and conferences, court appearances, drafting of articles for town meeting warrants and motions to be offered thereunder, drafting of deeds, agreements and various other instruments.

The service rendered dealt with practically every phase of municipal activity.

Litigation and Claims

Various claims for personal injuries and property damage were made against the town arising out of alleged defective conditions in public ways concerning which opinions as to liability of the part of the town were given and recommendations made as to disposition of the claims.

Other matters as to which service was rendered by way of advice and opinion are referred to under the headings of the departments and officials concerned.

Selectmen

Acquisition of Shagoury and Wasserman property on Nichols Street for school purposes — Land Court.

Preparation of annual report of Selectmen.

Various matters in connection with Stivaletta Realty Trust, Bird Road project.

Advice with reference to regulations relating to advertising media.

Preparation and filing of demurrer and answer and arguments in O'Brien case Supreme Judicial Court.

Mastercraft order of taking drafted.

Recovery for storage of stolen car at public works garage.

Preparation of Turcotte sewer order.

Advice with reference to Airport Commission.

Advice with reference to off street parking areas.

Attendance at conference with Neponset River Associates with reference to condition of dam on Brook Street.

Advice with reference to School Committee change in number of members.

Advice with reference to effect of acceptance of Section 111G of the General Laws.

Drafting of article dealing with appropriation for group insurance premiums upon acceptance of General Laws, Chapter 32B.

Advice with reference to jurisdiction over streets and sidewalks.

Advice with reference to requirements for licensing boarding house.

General Manager

Advice with reference to employees' vacation pay.

Advice with reference to Supreme Judicial Court mandamus proceeding.

Advice with reference to applicability of subdivision provisions.

Advice with reference to bond, Nichols Street-Walpole Street sewer line.

Advice with reference to obligation of municipality in matter of washout.

Town Clerk and Accountant and Clerk of Selectmen

Advice with reference to deed excise tax.

Advice with reference to election dates, requirements for nomination and registration dates.

Advice with reference to requirement of release by mortgagee in land damage taking.

Advice with reference to distribution of pasters or stickers at election.

Planning Board

Conference with reference to Westover development.

Preparation of articles dealing with zoning by-law amendments.

Advice with reference to appointment of new board member.

Review, editing and preparation for printer of zoning By-Law from date of adoption.

Advice with reference to effect of existence of Board of Survey layout.

Assessors

Conference with reference to Atlantic Properties appeal.

Conference with reference to National Shawmunt Bank Appeal.

Drafting of article providing for town meeting action with reference to acceptance of chapter 649 Acts of 1955 relating to state assessment plan.

Town Treasurer and Collector of Taxes

Advice re restriction in deed relating to industrial use of property.

Board of Appeal

Advice with reference to single residence district restrictions.

Advice with reference to extension of non-conforming use.

Finance Commission

Drafting of motions for presentation under town meeting warrant appropriation articles.

Advice with reference to segregated budget and matter of by-law requiring early submission of appropriation request estimates.

Board of Public Welfare

Drafting release of lien.

Filed answer in Boston vs. Norwood suit for aid rendered.

Advice with reference to lien enforcement proceedings.

Conference with Agent with reference to various case problems.

School Committee and Superintendent of Schools

Advice with reference to maintaining common fence.

Airport Commission

Advice with reference to authority of Town Treasurer to borrow funds.

Library Trustees

Advice and drafting of article dealing with transfer of custody and control of former Beacon School lot.

Respectfully submitted,

FRANCIS C. FOLEY

Town Counsel

REPORT OF GENERAL MANAGER

To the Honorable Board of Selectmen:

Submitted herewith are the reports of the activities of the various departments over which the General Manager has administrative control.

During the year 1955, we finished most of the projects for which money was appropriated or the work is now in progress. Our programs were proceeding smoothly until the August floods came along; then the work was seriously interrupted and we had to attend to the damage caused by the flood. This flood did many hundreds of thousands of dollars damage throughout the Town. The real damage will not be known until we do a thorough drain and sewer cleaning program throughout the whole Town. The cost of the work which we completed during the emergency was close to \$90,000.00 and our sewer and drainage systems are now functioning normally.

The rapid growth of the Town has caused us to greatly expand the highway, water, sewer and drain maintenance programs to say nothing of the tremendous expansion of the Light Department. The Recreation Department has carried out its usual excellent program.

The Engineering Department has been extremely busy in trying to keep up with the developments and projects voted at the Town Meeting.

With the great increase in the population of the Town, the business in the General Manager's office has increased tremendously and his assistant, secretary and clerical staff have performed admirably to keep ahead of the work load.

In closing, I want to express my gratitude to the Selectmen under whose direction I work and to all other town officers, and employees who cooperated so well with me during the past year.

Very truly yours,

JOHN B. KENNEDY

General Manager

REPORT OF COMMITTEE ON INDUSTRIAL DEVELOPMENT

Mr. John B. Kennedy
General Manager
Town of Norwood, Mass.

Dear Sir:

The Committee on Industrial Development of the Town of Norwood, hereby tenders its fourth public report.

In addition to regular meetings of the General Committee and other special meetings of the Steering Committee contacts with several new firms were made and followed thru.

The Brook Moulding Company, a plastics firm, will move into a new building being erected on Dean Street near Route 1 this year. Also, all land and buildings owned by the Sun Chemical on the easterly side of Pleasant Street were sold to E. & F. King Paint Company who in turn have entered into negotiations with Warren Soap Company for resale of a portion of this property. Aid and assistance was given to both of these new concerns by the Industrial Committee.

In addition to the above, the Committee is continually attempting to promote occupancy of space in the old Armour Plant and the remainder of the Norwood Press Buildings.

The R. W. Hull Company of Boston recently purchased the Berwick & Smith Building, and will use these buildings to conduct their textile sponging operations.

The Membership Committee launched a most successful drive for new members this year. A total of 15 people were invited to join and 14 of these accepted. At present Chairman William V. Mattson of this committee advises that 4 additional unsolicited applications are being considered by his group. Certainly the membership Committee should be congratulated on a job well done.

The usual appropriation of \$500 was made at the annual town meeting. Of this amount only \$36.30 was expended. Most of this being for stenographic services. While this is an extremely low expenditure, the anticipated publication of an entirely new Brochure will materially affect this figure in 1956.

Official recognition and thanks is hereby given by the Committee to the various boards and individual Town officials for their help and cooperation during the year.

REPORT OF BUILDING INSPECTOR

Mr. John B. Kennedy
General Manager
Town of Norwood, Mass.

Dear Sir:

The following is the annual report for the year 1955 for the Department of Building Inspector:

	No. Permits	Estimated Cost
New dwellings	271	\$2,862,750.00
Dwelling alterations	62	74,333.00
Manufacturing buildings	5	1,096,200.00
Manufacturing alterations	7	4,850.00
Commercial buildings	9	289,995.00
Commercial alterations	3	72,300.00
Private garages	49	58,600.00
Minor out buildings	8	4,450.00
Church property	1	110,000.00
Repair of fire damage	2	4,266.00
Apartment buildings	2	80,000.00
Buildings razed	2 (4 bldgs.)	
Totals	421	\$4,657,744.00

Fees charged for building permits \$6,980.00

Included in the above are: one (1) two family house, one (1) three family house and two (2) twelve apartment buildings.

Damage to buildings owned by the town caused by the flood were inspected and repairs supervised.

All necessary inspections on buildings for which permits were issued were made.

Respectfully submitted,

HENRY J. CRONAN
Building Inspector

REPORT OF CLERK OF PURCHASES

*Mr. John B. Kennedy
General Manager
Norwood, Massachusetts*

Dear Sir:

The total amount of purchase orders issued by this department during the past year was 1891. These orders were placed in response to requisitions received from all Town departments during 1955.

In connection with each requisition received and each order placed, the spirit of competitive bidding was used to the fullest extent. Quotations were asked for and obtained by mail whenever possible. All requests were processed promptly so that all departments could carry out their program without delay due to lack of materials or equipment.

In all but emergency cases, the above policies were practiced by this department, in order, that the Town purchases could be made at the lowest possible prices, provided quality and deliveries were comparable.

Prices on cast iron, copper and steel products increased during the year with the forecast of further increases as all quotations or bids state that deliveries will be made with prices in effect at time of shipment.

Deliveries on the above items has been slow and with this in mind all departments should allow for delays by forwarding requisitions well in advance of their anticipated needs.

Very truly yours,

JOHN J. McAULIFFE

Clerk of Purchases

REPORT OF MUNICIPAL LIGHT DEPARTMENT

*Mr. John B. Kennedy,
General Manager.*

Dear Sir:

I herewith submit my report as Superintendent of the Municipal Light Department for the year 1955.

There were many important and necessary projects completed during the past year.

Three 100 KVA Transformers were installed in the rebuilt manhole at Central and Nahatan Streets, thereby relieving the heavy loads on other transformers in the center of the Town.

The addition to the Short Street Substation was placed in service on March 1, 1955 and has helped considerably towards easing the demands imposed on the existing facilities by the large increased use of electricity during the year 1955.

The increase in power consumed was 19% greater than that of the previous years and the prospects for 1956 seem to point to a similar increase.

Our electric power costs from the Boston Edison Company continues to be comparatively low and it seems that our favorable position will continue with the influx of new industry.

I offer the following statistical data relative to the operation of the Light Department for 1955.

New Secondary Services Underground

4 New Services

Pole Extensions

11 30' Poles
66 35' Poles Class 4
3 40' Poles Class 3

Statistics

Energy used for Station Power & Lighting	24,782 KWH
Energy used for Fire Alarm System	2,681 KWH
Street Lights were illuminated approximately 3,999 Hrs. 40 Min. using 875,880 KWH	

Respectfully submitted,

WILLIAM J. KATES, Superintendent
Municipal Light Department

In Memoriam

PATRICK J. FLAHERTY

After 23 years of faithful service in working for the Town in both the Public Works Dept. and the Cemetery Dept., Patrick J. Flaherty retired in April, 1953, and subsequently passed away on June 23, 1955.

In his memory we express our gratitude for long and loyal service; to his family we express our sympathy.

REPORT OF CEMETERY DEPARTMENT

Mr. John B. Kennedy
General Manager
Norwood, Massachusetts

Dear Sir:

Herewith is the 1955 annual report of the Cemetery Department.

During the past year we conducted 161 funerals. It is interesting to note that we have had no funerals in the Old Cemetery since 1951. Burials in this historic old place have dwindled almost to the vanishing point. Nevertheless, maintenance of the Old Cemetery is necessarily continued as usual.

We built 54 foundations for new monuments last year, adding that many to a formidable number of monuments, all of which must be kept trimmed throughout the growing season.

We built 236 lineal feet of bituminous concrete walks, 4 feet wide, in section 47, and 46 feet of the same in section 48.

In those same sections, we also planted shade trees and shrubbery in the park areas reserved for this purpose. These plantings of Maple, Rhododendron, and Mountain Laurel will, in a few years, add considerably to the appearance of these sections.

In the way of added development, two additional blocks of single graves were laid out, and a marble marker with identifying number set on each grave.

For future development, rock removal was continued in Section 45.

We note with satisfaction that Town Meeting action has authorized the Town to acquire additional areas of land adjacent to the present Cemetery and lying generally westerly of our present holdings. This action is in line with the recommendations of the Cemetery Committee which was appointed to study expansion of the Cemetery.

The question of extending our Cemetery has been a matter of concern for many years. It is gratifying to note that action is being taken before the problem becomes acute.

Respectfully submitted,

LOUIS J. D'ESPINOSA

Superintendent

In Memoriam

THOMAS H. McNULTY

Thomas H. McNulty was born in Norwood on December 31, 1908. He was appointed to the Norwood Police Department, as a Patrolman April 7, 1936; appointed a Sergeant on May 1, 1946, and retired February 12, 1955, after serving the community faithfully. He passed on to his eternal reward suddenly on November 25, 1955.

MARK F. FOLAN

*Chief of Police
Norwood, Mass.*

REPORT OF SEALER OF WEIGHTS AND MEASURES

*Mr. John B. Kennedy
General Manager
Town of Norwood, Mass.*

Dear Sir:

I present you, herewith, the annual report for the Department of Weights & Measures of the town of Norwood, for the year ending December 31, 1955.

Number of units tested	906
Number of units sealed	884
Number of units adjusted	169
Number of units not sealed	14
Number of units condemned	8
Fees collected and paid to Treasurer	\$461.40

The supervisional inspections and "Spot Checking" is always done without preknowledge of the merchants that checking is to be done at that time. These

"surprise" tests include over one ton of essential food items totaling 1640 units: 1154 were found correct, 82 were found underweight, and 404 were found overweight.

The most accurate figures available indicate that over 8,000,000 gallons of motor vehicle fuel were passed through Norwood's 98 Gasoline pumps during the past year for which automobile owners paid some \$2,000,000.

It is further estimated that Norwood's 25 fuel oil trucks alone delivered some 9,000,000 Gallons through their meters, the retail value thereof being well over \$1,000,000.

Professional retail surveys for consumer purchases indicate that Norwood merchants gross eight million dollars more than any comparable community its size in the vast surrounding area. Needless to say, this department affords an equal degree of protection to all who either buy or sell commodities. Your Sealer stands as an impartial arbiter between buyer and seller, with due regards for the rights of all, so touching the life of every individual in the community. No other service is more fundamental than that rendered by Weights & Measures Dept. and, probably only the police, fire, and health protection are equally so.

The activities of this department have been consistently expanding and demanding, as this report indicates some 13% increase over last year in mandatory duties performed. Some of this increase has been brought about by advanced methods of merchandising and new devices, as well as an increased industrial and community life. Your Sealer has happily assumed these responsibilities as a diversifying hobby which are now becoming time consuming demands, thus effective in a different respect. The future outlook appears to have increasing demands.

It should therefore behoove the citizens that this important department's budget be considered fairly for once, so as to progress with the times, and at least by complying with minimum wage regulations and grant a necessary supplement over previous years and in comparison to other comparable communities. The per capita basis of such costs is surprisingly less than a fraction of one cent of the tax dollars in return for such a tremendous protection rendered.

It has only been through the cooperation of you, the Manager, The Board of Selectmen, the Police Department for assistance in enforcing the laws in connection with weights and measures and the laws relating to peddling, Officials of the Commonwealth, together with Norwood's merchants and their customers, that this department has been able to quietly and efficiently realize the achievement of the records herein contained, for which I wish to express my deepest appreciation.

Very respectfully,

FREDERICK F. BROWN

Sealer of Weights and Measures

REPORT OF THE BOARD OF ASSESSORS

To the Citizens of Norwood:

The Board of Assessors herewith submit their annual report for the year 1955 together with a statement showing comparison of tax rate recapitulations for the years 1954 and 1955.

A table showing the comparison of valuations, tax rates, and taxes assessed over the past years is attached herewith as a supplemental report.

Organization

On April 5, 1955 William J. Dalton was reappointed by the Selectmen as an assessor to serve for the term of three years ending April 1, 1958.

Tax Rate for the Year 1955

On April 15, 1955, the Board of Assessors determined the tax rate for the year 1955 to be \$50.00 per each one thousand dollars of valuation, an inceasre of \$3.20 over the 1954 tax rate of \$46.80. The School Tax Rate was determined to be \$17.30 and the General Tax Rate \$32.70.

Motor Vehicle and Trailer Excise

8223 motor vehicles and trailers were assessed for the year 1955 and excise in the amount of \$206,615.23 was committed to the Collector of Taxes. The 1955 rate for motor vehicles and trailers was \$53.37 per thousand.

Appellate Tax Board Cases

Appeals taken to the Appellate Tax Board under Formal Procedure by Atlantic Properties Inc. on real estate on Endicott Street and Washington Street for the years 1952 and 1953 were withdrawn on March 2, 1955 following a compromise settlement.

Appeals under informal procedure by National Shawmut Bank of Boston, as Co-Executor, on the 1952 and 1953 valuation of real estate at 718-722 Washington Street and 724-726 Washington Street were withdrawn on May 4, 1955 following a compromise settlement.

During the year appeals from valuations of the Assessors were taken to the Appellate Tax Board as follows:

<i>Levy of the Year</i>	<i>Location of Property</i>	<i>Owner</i>
1954	211 Central Street	Athens Realty Trust
1954	483-498A Washington Street	Mary M. DeQuattro
1954	126 Winter Street	Don H. & Elena Fountain
1954	130 Winter Street	Edith D. Davenport et al
1955	95 Washington Street	Edward F. & Katherine E. Shaughnessy

Respectfully submitted,

WILLIAM J. DALTON, *Chairman*
HAROLD T. YOUNG
THOMAS J. FOLEY
Board of Assessors

In Retirement

ALONZO N. EARLE joined the Norwood Fire Department as a call fireman on February 2, 1911, and was promoted to Lientenant in the call department on February 2, 1912.

On January 1, 1933 he was appointed Chief of the Fire Department and served the townspeople faithfully for many more years until his retirement on December 31, 1955.

An illustrious career of devotion and duty came to an end on that date. Chief, we, the townspeople salute you.

In Memoriam

RAGNOR ROSS

The townspeople were saddened on the evening of November 15, 1955 when they learned of the death of Ragnor Ross.

Ragnor Ross was appointed to the Norwood Fire Department on April 1, 1936, appointed department mechanic in 1941 and resigned as such in 1946.

The Norwood Fire Department lost one of its most respected and devoted members and the Town of Norwood lost a fine public servant with the death of Ragnor Ross.

REPORT OF THE FIRE DEPARTMENT

The Board of Selectmen

Norwood, Massachusetts

Mr. Daniel E. Callahan, Chairman

Gentlemen:

I herewith submit my report as Chief of the Fire Department for the year ending December 31, 1955.

Ambulance Calls attended	555
--------------------------------	-----

I wish to thank the Honorable Board of Selectmen, the heads of all departments, the Press, and all citizens of the Town, for their cooperation.

Respectfully submitted for Retired Chief A. N. Earle by H. J. Butler Chief of Department. I wish to express my gratitude to Retired Chief Earle for the many courtesies granted to me in our long years of service together. The townspeople and I owe much to him for the superb manner in which he developed and improved the fire department during the last twenty odd years under his administration.

HARRY J. BUTLER

Chief of Department

REPORT OF BOARD OF PUBLIC WELFARE

To the Honorable Board of Selectmen

Gentlemen:

The Norwood Board of Public Welfare submits its annual report for the year ending December 31, 1955.

On May 3, 1955 the Selectmen appointed the following to serve as Welfare Board Members for a term of one year — Martin J. Foley, Adam R. Meissner and Richard G. Nead.

Mr. Richard G. Nead was elected to serve as Chairman.

Due to illness Mr. Adam R. Meissner submitted his resignation to the Board of Selectmen on July 5, 1955.

On August 23, 1955 the Selectmen appointed Mr. Ernest Paciorkowski to serve as a Welfare Board Member until May 1, 1956.

A monthly summary of the number of active Aid to Dependent Children, Disability Assistance and General Relief cases, showing the total number of people aided, follows this report.

Working conditions continued on a high level throughout 1955 and there was no great change in the General Relief case load due to unemployment.

Seasonal unemployment did not cause any material change in the total number of cases.

Supplementary aid was given in a few cases due to unemployment cause by sickness or accident.

The number of Aid to Dependent Children cases fell off during the year, due to some families moving to other municipalities, re-marriage of the dependent mother and other economic changes in the family resulting in assistance no longer being needed.

Disability Assistant cases remained almost constant throughout the year. As time goes on cases in this category become more expensive, due to their chronic nature, and a larger number will require nursing home care.

The Aid to Dependent Children and Disability Assistance categories are part of the Federal Social Security Program. The Town receives cash grants-in-aid from the Federal Government as part payment of these categories.

The Federal Government also allows cash grants-in-aid to the Town for Administrative expense of the Aid to Dependent Children and Disability Assistance Programs.

The Commonwealth of Massachusetts through the State Department of Public Welfare contributes to the cost of the Aid to Dependent Children and Disability Assistance categories. These funds are paid to the Town Treasurer and are available for the future use of the Town.

The Medical Care Plan as set up by the State Department of Public Welfare and which was put into effect on July 1, 1954 by the Welfare Board continues in effect. Its administration adds considerable detail to the Welfare office and generally causes confusion and misunderstanding. The service to the recipient is no better, as a result of this plan than it was prior to its inception.

The cost of Medical Care is one of the items of expense that continues at a high level.

Details of the receipts and expenditures of the Welfare Department is shown in the Town Clerks and Accounts Report.

The Welfare Board expresses to all persons, organizations and Town Officials their appreciation for their cooperation and support during the past year.

Respectfully Submitted:

RICHARD G. NEAD

MARTIN J. FOLEY

ERNEST G. PACIORKOWSKI

REPORT OF THE BUREAU OF OLD AGE ASSISTANCE

To the Honorable Board of Selectmen

Gentlemen:

The Norwood Bureau of Old Age Assistance submits its annual report for the year ending December 31, 1955.

The table below lists the number of active Old Age Assistance cases as of the first of each month. Each case represents one person:

January	174	July	169
February	175	August	168
March	174	September	170
April	176	October	170
May	175	November	171
June	172	December	171

The case load in the Old Age Category showed but little variation during 1955; the monthly average of cases for the year being 172.

There were no major changes made in the Old Age Assistance law during the year 1955.

The State Department of Public Welfare Medical Plan now in effect, is applicable to the Old Age recipients.

As the Old Age Assistance recipients are the persons needing the most medical care, the plan in some measure creates a hardship on this category, and in particular reference to hospitalization.

Regular cash grants-in-aid are received from the Federal Government for use in the Old Age Assistance category.

Cash grants-in-aid for administrative purposes are also received from the Federal Government by the Town.

The Commonwealth of Massachusetts through the State Department of Public Welfare pay to the Town Treasurer a portion of the total cost of Old Age Assistance. These funds are available for appropriation by the Town.

The report of the Town Clerk and Accounts shows the detail of the receipts and expenditures with regard to the Old Age Assistance category.

The Bureau of Old Age Assistance wishes to thank all persons, organizations and Town Officials for their cooperation during the past year.

Respectfully Submitted:

RICHARD G. NEAD
MARTIN J. FOLEY
ERNEST G. PACIORKOWSKI

REPORT OF RECREATION DEPARTMENT

Mr. John B. Kennedy
General Manager
Norwood, Massachusetts

Dear Mr. Kennedy,

It is my pleasure and privilege to submit to you my seventh annual report of the activities of the Recreation Department, the eleventh such report submitted since the Department has operated on a full time basis.

The year just past has seen a continuation of all of the worthwhile programs and activities that have been added to the Recreation Department over the years which have served to help the Department in its efforts to provide interesting and wholesome recreational activities for local residents of all age groups. We have had a noticeable increase in attendance in practically each program sponsored, due largely to the growing population in Norwood, particularly in the youth groups and in the golden age group.

A description follows of each of the various programs by the Recreation Department and running through these descriptions are recommendations for improvements and expansions which we feel appropriate.

Summer Playgrounds

Norwood playgrounds operated this season from Monday, June 27 through Thursday, August 25 for a total of nine weeks. Playgrounds opened daily at 9:00 A.M. and remained open until noon, reopened at 1:30 and closed for the day at 4:30 P.M. Attendance for the season actually was down by comparison with the two preceeding years, but two factors explain the decline—weather and polio. The extreme heat of July and the heavy rains and floods of August combined to keep attendance down and then the high incidence of polio starting in August also kept attendance down. Playgrounds were operated at the six School Department areas—Callahan, Shattuck, Balch, Winslow, High School, and Cedarcrest, as well as at the Recreation Department areas—Endean, Wilson Street, Father McAleer's, Cleveland Park (Bond Street), Recreation Center, and Pleasant Park. The latter area had supervision for the first time this season. At Cedarcrest, Cleveland Park, and Pleasant Park, there was only a female Playground Leader. At the Recreation Center there was only a male Leader, while at all other locations there were both male and female Leaders assigned.

Prior to the opening of the season on Friday, June 24, a one day Playground Leadership. Assisting our staff in conduct of the Institute were members of the at this Institute were: Playground Management, First Aid, Playground Dramatics, Arts and Crafts, Story Telling, Games Leadership, and Sports and Athletics Leadership. Assisting our staff in conduct of the Intitute were members of the staff of Community Recreation Service of Boston, Miss Dorothy Shumaker of the Library staff, and Mr. Joseph McAuliffe of the Norwood Fire Department. The Playground Institute proved most valuable orientation for the staff prior to the opening of the season.

Once again we must say a word of commendation for the excellent staff of Playground Leaders and Supervisors who were directly responsible for the success which the program continued to enjoy. We found them most cooperative at all times. Without competent leadership, no Recreation program can be successful. We in Norwood are most fortunate in that we can continue to attract good personnel.

As mentioned previously, overall attendance for the season showed a drop. Every playground experienced a decline in attendance over 1954, the decline due entirely to the factors referred to above, namely weather and polio. In spite of these obstacles, a complete program was carried out and those participating seemed to enjoy the activities as much as ever. The new Playground opened at Pleasant Park proved most popular with more boys and girls attending there than attended some of the playgrounds which have been in operation for many years.

A complete program of sports and athletics was offered for boys. An Intermediate Baseball League of eight teams and a Midget Baseball League of ten teams was conducted for the boys with participation and interest holding at a high level right up to the end of the season. The other usual activities of interest for boys were also offered — softball, horseshoes, soccer, basketball, etc.

The girls also had a complete program of sports and athletics in addition to the many other activities of appeal for girls. Softball Leagues were conducted for the Intermediate and Midget age groups. Volleyball and the countless other games girls like proved to be most popular. Story telling received more attention this year and was well received particularly by the younger children.

Within limitations, the program of Arts and Crafts enjoyed great success. Responsibility for this program falls on the Girls' Supervisor and in turn on the individual female Leaders. Their skills naturally vary and their time is limited with the result that we concluded that an essential part of the staff for future years is a trained Arts and Crafts Supervisor.

Several playground-wide events were sponsored, each meeting with distinct success. Among those conducted were a Horseshoe Tournament, a Checker Tournament, a Swimming Meet, Boys' All Star Game with Leaders, Girls' All Star Game with Leaders, Pet Shows, Doll Shows, and other such events. These activities served to stimulate interest as well as holding great appeal in themselves.

Playgrounds held one outing each during the year, usually traveling by bus to Nantasket Beach for a day. Norwood Playgrounds were the guests of the Red Sox management at their game with Chicago on August 4. Another special event of great appeal was a visit to Norwood by Stagemobile, the traveling theatre on wheels sponsored by the Boston Children's Theatre. Hundreds of children attended the two performances given by the Stagemobile on the day of their visit to Norwood.

A complete program of Tennis Instruction was offered at the Recreation Center courts daily. Children of all ages and all degrees of skill availed themselves of the opportunity for expert instruction in Tennis. For the first time this year, the Recreation Department sponsored a team of boys in the New England Junior Lawn Tennis League. This latter proved to be a most worthwhile program and served to stimulate interest among the boys for Tennis.

Weekly Staff Meetings were held for the personnel of the Department throughout the summer. These meetings provided the opportunity for discussion of all phases of the program. Many fine suggestions and ideas came from the meetings.

The following suggestions and recommendations are offered as a result of the observation and comments of the Playground Leaders, Supervisors, and of the Superintendent.

1. That the services of a trained Arts and Crafts Supervisor be obtained.
2. That we continue to add to the amount of playground equipment such as swings, slides, etc., now on hand. With the growth of population there is need for more such equipment at most sites.
3. That a male leader be assigned to both Cedarcrest and Pleasant Park to supervise the boys' activities at those locations.
4. That sand boxes be installed where not now on hand. These are particularly valuable for small children.
5. That poles be installed at certain locations in order that volleyball nets may be strung.
6. That work be continued to improve Pleasant Park in the area beyond the fence around the ball field and that shade trees be planted there at various points.
7. That facilities be developed and supervision be provided in the Ellis Gardens area of Norwood. At present children must play in the streets in that area with no playground nearby for small children in particular.
8. That Father McAleer Field be enlarged and improved in accordance with plans already in existence.

Junior Twilight Baseball League

Seven teams participated in this program for boys through age 18. Games were played at three different fields on two evenings of the week, with umpires and all equipment provided by the Recreation Department. More than one hundred boys took part in this program in the season just past.

Recreation Softball League

As in previous seasons, the Superintendent served as Softball Commissioner for the Norwood area for the Amateur Softball Association of America. Organization and supervision of the eight team League was provided by the Recreation Department in 1955 with play starting in mid-May and continuing through late August. This program for men proved most popular again this season, and four of the teams in the League went on to take part in post-season tournaments.

Swimming Program

Hawes Brook Pool opened one week later than usual this season past because of extensive repairs which were necessary to be carried out. The Pool opened over the weekend of July Fourth however, and particularly during the first month of the season enjoyed the busiest season ever. The high incidence of polio in the area from approximately August 1 on caused an almost immediate decline in attendance however, and the closing weeks of the season saw attendance at an almost all-time low. We were able to post another record of safety at the Pool

this year, without serious accidents reported. Our staff of Lifeguards must be commended for the fine way in which they carried out their duties which in turn made the safety record possible.

Registration for swimming classes was again carried out through the local schools with the cooperation of the local School Department and Saint Catherine's School. Approximately one thousand boys and girls signed up for the various classes and were assigned to the classes. Attendance at classes held up well until August 1 when polio just about depleted the classes. Prior to that however, a large percentage of boys and girls successfully completed their courses and were awarded appropriate certificates by the Recreation Department and by the American Red Cross.

Again in 1955 the Norwood Women's Community Committee contributed greatly to our water program by making two scholarships available to the Red Cross Aquatic School at Camp Kiwanis in South Hanson, Mass. Only one member of the staff was able to attend this season, but his attendance gave us a total of four qualified Water Safety Instructors on the staff of six lifeguards. Needless to say, this meant that our instructional program could be operated as it was, and without the help of the Women's Community Committee, the program could not be attempted.

We wish to again point out the need for installing the equipment needed to bring the Pool up to standard. This involves adequate toilet, locker, and water purification and recirculation facilities. We have been recommending this since the Pool opened and we still feel these items are essential in order to operate a clean and safe facility.

Rifle Club

The Norwood Recreation Junior Rifle Club under the expert supervision of Mr. Paul Cronan, continued to be one of the most popular programs for boys in the 14-18 age group. In the Club, boys are given a complete course of instruction in the care and use of firearms. They have the opportunity to work for individual and team awards available through the Director of Civilian Marksmanship of the Department of the Army and through the National Rifle Association. In addition, the boys take part in matches with other groups of similar make-up, both in person and in postal matches. Some 60 boys took part in the activities of the Rifle Club in 1955, the Club being divided into an Advanced Group and a Beginners Group, each group meeting one evening a week at the range at the Municipal Building.

Recreation Basketball League

The Recreation Basketball League is operated from December through mid-March for young men beyond high school age. In this activity, young men have the opportunity to enjoy healthy and much needed physical exercise, while at the same time enjoying wholesome competition. During the 1954-55 season there were six teams taking part in the League. The number increased to eight which meant that some 75 young men would be taking part in the League activities during the current season. The Recreation Department provides organization and supervision of the League, while at the same time providing all equipment needed and paying rental costs for the gym facilities. Sessions of the League are held on two evenings of the week at the Senior High School basketball court, with

three games being played each night. In addition to the many young men taking part, enjoyment is also provided for the many spectators on hand for the games during the season.

Baton Twirling

In response to requests from many young people and their parents, the Recreation Department undertook the organization of classes in Baton Twirling in September of 1955. We were most fortunate in securing the services of one of the outstanding twirlers and instructors in New England, Mrs. Faye Mullarkey to supervise and instruct. We were most gratified with the turnout and interest in this activity which saw some 85 girls sign up for classes. Classes are held one afternoon of the week at Social Hall of the Recreation Center, with the classes divided according to age groups. Five different classes in all are held. A slight fee is charged the girls for their classes, this being the common practice in activities of this sort. Interest in the classes has remained at a high level throughout the fall and from all indications will continue. As time goes on the girls in this program will be able to participate in outside activities such as parades, competitions, and demonstrations.

Youth Center

Each Saturday evening of the year except during the summer months, Socials are held for young people of high school age at the Recreation Center. An orchestra plays for dancing during the evening. In addition, ping-pong, cards, checkers, and other features are available in the building for the young people in attendance, all under the supervision of members of the Recreation Department staff. A token admission is charged for this activity. Attendance averages between 150 and 200 each Saturday evening, providing proof of the popularity and value of this program for the "teen age" group.

Boys Activities

Swimming Pool Hall of the Recreation Center is converted into a gym during the winter months, or from approximately the first of November through the middle of April, during which period boys of all ages may attend and enjoy the activities conducted there under the supervision of a member of the Recreation Department staff. Basketball is the most popular activity with the boys, although other games are conducted at times. Many boys particularly in the younger age groups, learn their basketball fundamentals during their visits to the gym. As many as 75 boys have been in attendance at a session, proving the popularity of this activity.

Halloween Parties

On Halloween night the Recreation Department conducted three Halloween parties for the young people of Norwood. Supervision at the parties was provided by members of the Recreation Department staff who volunteered their services for the evening, and we must express our sincere appreciation for their help in making the parties successful. A party was conducted at the Senior High School for high school age young people. Ninth graders had their own party at the Recreation Center and boys and girls of the seventh and eighth grades of both Saint Catherine's School and the Junior High School had their party at the Junior High School Auditorium. These parties helped keep Norwood's record of vandalism and damage at a very low point.

Girls' Drama

The program of Girls' Drama has continued to expand with each succeeding year until now we have in excess of 100 girls taking part in the program under the direction of Mrs. Virginia L. Bergeron, Supervisor of Drama for the Recreation Department. In this activity, girls from the age of 7 through the age of 14 have the opportunity to take part in various types of dramatic activities including such things as pantomimes, plays, square dancing and several other related activities. The girls are divided into four groups according to age, with each group meeting one afternoon of the week after school at the Recreation Center from September to June. During the season, three "Open Houses" are held at which time parents and friends of the girls come to observe the types of activities in which the girls take part during the year. These "Open Houses" have had capacity audiences in the past year.

Friday Evening Dances

On each Friday evening of the year with the exception of the summer months, dances are held for the junior high school age young people at the Recreation Center under the supervision of members of the staff of the Recreation Department. Music for the dances is provided by a small orchestra with a token admission charge being made. Dancing lessons are not given at these Friday Evening socials, but actually many a boy and girl learns to dance by attending. Boys and girls learn how to conduct themselves socially at these affairs, while at the same time enjoying an evening of wholesome fun under supervision.

Symphony Orchestra

The Norwood-Norfolk County Orchestra has continued to function over the past year under the direction of Mr. Raymond F. Fleck. The nucleus left after the big turnover of members in the previous year proved faithful in attendance, and with the addition of a few new members we are looking forward to continued expansion of the Orchestra in months to come. Membership in the Orchestra is open to residents of Norwood and surrounding towns, thereby giving us a more complete symphony orchestra. Rehearsals of the Orchestra are held each Tuesday evening from September through May at Memorial Hall of the Municipal Building.

Again in December of the past year, the Orchestra combined with the choirs of six Norwood churches to present the Christmas Festival of Music, a program designed to usher in the Christmas season in Norwood. Each participating choir presented a program of music from its own repertoire, the Orchestra played several selections, and the evening was climaxed by the Orchestra and combined choirs rendition of the Halleluiah Chorus from Handel's Messiah. The Festival was attended by a capacity audience at the Junior High School Auditorium. It is planned to make this Festival an annual feature of Norwood's observance of the Christmas season.

Fourth of July Celebration

Again in 1955 the Recreation Department cooperated in the conduct of the General Manager's Fourth of July Celebration. On the night before the Fourth, a concert of band music was played at the Recreation Center Field. Immediately after the concert, a display of fireworks was staged at Hartshorn's Swale off East Cross Street. Many thousands of children and adults attended the spectacular display.

Golden Age Club

The Golden Age Club has continued to grow both in popularity and in membership. Started in 1953 with 10 members, the Club now has a mailing list of some 85 men of Norwood in the age group of 65 and up. Monthly meetings of the Club are held except during the summer months, at which programs of various types are presented for the enjoyment of the member. Trips to ball games and other points of interest have been taken during the year. We are particularly grateful to the Norwood Lions Club for the kindness in providing bus transportation for the members on their various trips out of Norwood. Through the generosity of the Norwood American Legion, Post #70, use of the Legion Quarters at the Recreation Center is granted for the Golden Age Club as a Lounge where they may gather on four afternoons of the week for card playing, checkers, television, reading, and socializing. This activity of the Recreation Department has filled a much needed void by providing activities for Norwood's Senior Citizens. We look for a continuing growth and expansion of this program in the years ahead.

Miscellaneous Activities

During 1955, the Recreation Department took part in several other community activities. The Department cooperated with the Public Works Department in the matter of coasting and skating, and in maintaining and improving recreational facilities. The Superintendent assisted the Norwood Women's Community Committee in their efforts to organize the Happy Hours Club, the female counterpart of our Golden Age Club for men. The Superintendent assisted the Town of Dover in organizing and staffing their first public playground. The Superintendent also served on various town committees and cooperated with numerous organizations concerned with recreation and related fields. The Recreation Department was represented at conferences at the local and state level pertaining to recreation and to subjects directly or indirectly related to recreation.

Conclusion

We again are moved to express our sincere appreciation to all who helped us in our efforts during 1955 to provide a better and more well rounded recreation program for the citizens of Norwood. In particular we wish to mention the Board of Selectmen, the General Manager, and the Selectmen's Recreation Advisory Committee for their cooperation. We are also grateful to other town departments and other community agencies who have been most helpful during the year just past.

Norwood's is a recreation program of which we can be rightfully proud. By no means do we intend however to rest on our laurels. We shall go forward with a determination to provide as good a program as possible for all citizens of Norwood — young and old alike. With each year individuals have more and more leisure time. It is our hope to be able to help individuals make constructive use of at least some of that leisure time. By so doing, we know we can contribute much to the physical and mental well being of the community and its citizens.

Respectfully submitted,

RICHARD E. READY

Superintendent of Recreation

REPORT OF NORWOOD HOUSING AUTHORITY

Mr. John B. Kennedy, Gen. Mgr.
Town of Norwood
Municipal Building
Norwood, Mass.

Dear Sir,

Enclosed is a copy of the Annual Report of the Norwood Housing Authority for the year 1955.

Very truly yours,

LAWRENCE J. O'BRIEN

Executive Director

ANNUAL REPORT OF NORWOOD HOUSING AUTHORITY 1955

Meetings: First and third Wednesdays in Room 24 of the Municipal Building.

Members: Chairman — Daniel Collins, Vice Chairman — John J. Mulvehill, Treasurer — John E. Bamber, Asst. Treasurer — Roger J. Connolly, Anthony F. Turinese.

Personnel: Executive Director and Secretary (ex-officio) Lawrence J. O'Brien, Manager Accountant — Arnold S. Donovan, Legal Representative — Dennis P. O'Leary, Insurance Representative — John C. Metters.

The Norwood Housing Authority has jurisdiction over Washington Heights, a 75 unit Veterans Housing Development erected in 1950 under Chapter 200 of the Commonwealth of Massachusetts Housing Laws. It was erected to accomodate Veterans of low-income with minor dependents and dependent parents, who were unable to purchase homes or procure rentals because of their economic situation. All tenants pay rentals in proportion to their incomes and number of dependents. The demand for this type of housing is still great but diminishing somewhat. In 1954 there were 115 applications on file; this year there were 76. Several Tenants were given Notices To Vacate as their incomes exceeded the Maximum Continued Occupancy Limit. As their economic condition improved, several of these Tenants purchased homes. This is the purpose and the aim of the State Housing Program — to provide decent and suitable housing for persons of low-income until such time as they are able to buy or rent.

The members of the Norwood Housing Authority take this opportunity to thank all Town Departments and Officials for their cooperation during the year.

Respectfully submitted,

THE NORWOOD HOUSING AUTHORITY

DANIEL COLLINS, *Chairman*

REPORT OF ANIMAL INSPECTOR

*The Honorable Board of Selectmen**Gentlemen:*

I submit herewith my report as Inspector of Animals for the year 1955.

I quarantined 39 dogs for biting. All were released at the end of the quarantine period legally required and none showed any signs of Rabies at any time.

The annual inspection of livestock required by the Massachusetts Division of Livestock Disease Control was made and it revealed the following: 112 cows, 22 heifers, 55 hogs, 21 steers, 3 horses, 32 sheep, 7 bulls, 20 calves.

Respectfully submitted,

THOMAS U. MAHONEY

Inspector of Animals

REPORT OF VETERANS' HOUSING BOARD*To The Citizens of Norwood:*

The Norwood Veterans' Housing Board is pleased to submit it's audited yearly statement covering the operation of the temporary housing project for World War II Veterans.

Statement of Cash Receipts and Disbursements

For the Year ended June 30, 1955

Cash Receipts:

Rent Income	\$9,689.90	
Security Deposits	60.00	
Total Cash Received		\$9,749.90

Cash Disbursements:**Repair, maintenance and replacement:**

Grounds	\$ 20.00	
Structures	273.56	
Plumbing & Gas	478.39	
Electrical	12.87	
Ranges	122.90	\$ 907.72

Management	1,318.50
Operating Services	330.00
Dwelling Utilities, water	480.00
Insurance	23.75
Rent of Land	600.00
Furniture allowance, heaters	196.80
Taxes	2,937.88
Sundry	23.71
Security Deposit Refund	230.00
Payment to United States Government for the year ended June 30, 1954	4,180.62
Total Cash Disbursements	\$11,228.98

Net decrease in cash for year ended June 30, 1955	(1,479.08)
--	------------

Cash in bank, June 30, 1954	10,443.58
	\$8,964.50

Disposition of Cash in Bank

Due United States Government	\$ 724.87	
Reserve for repairs and maintenance	9,172.94	
Security deposits	140.00	
Collection losses	(813.60)	
Rent receivable	(236.00)	
Other receivables	(23.71)	\$8,964.50

The unfavorable operating statement is due to the closing down of the project. In fact only six tenants were left in the project at the end of the fiscal year, June 30, 1955. As soon as the remaining apartments are vacant, this temporary project will be demolished.

Respectfully submitted,

FRANCIS W. SMITH, *Chairman*

YOUR LIBRARY — YESTERDAY, TODAY, AND TOMORROW

HOW IT STARTED AND GREW

The Library was founded in 1790 by the Reverend Jabez Chickering, by lending his own books. In 1873, it was taken over by the new Town of Norwood.

It was called the Morrill Memorial Library when in 1898 the present building was given to the Town by George Morrill in memory of his daughter, Sarah Bond Morrill. The Plimpton Wing was added in 1928, and the Intermediate Room in 1934, a bequest of Alice Morrill Plimpton.

The Library's first full-time librarian was Jane Atherton Hewett, who served from the opening of the Library until 1939 (42 years) and then as Librarian Emeritus.

The South Norwood Branch was established in 1941, and moved to larger quarters in 1945.

Weekly Library Service at the Norwood Hospital was started in 1943 with library staff service and a permanent book collection. Nurses in training are regularly instructed in the use of the Main Library.

The Library has within the last fifteen years greatly increased its services to schools, now offering library instruction to all grades and strong reference and readers' consultation service to faculty and students, schools and colleges; as well as to general readers.

In 1951 a Record-Lending Service was started, together with acquisition of a Webster-Chicago record player; implemented by the Women's Community Committee, and proving so popular the expenses were soon taken over by the Town.

The Library's work in the field of public relations and of inter-cultural action

has had national recognition. There has been a steady growth in professional standards, salary scale, and the part the Librarian and Staff have taken in professional life — regional, state, and national.

CONTINUED GROWTH OF THE LIBRARY AND THE TOWN

	Population	Books owned	Books lent
1945	16,508	32,086	90,158
1950	16,636	38,655	117,868
1955	21,108	46,619	138,525

South Norwood Branch

Doris Allen, Branch Librarian, reports that space is filled to capacity and 1,422 more books were borrowed than last year, including a record day of 262. The increase was in books for boys and girls.

526 reference questions were answered. Forty-three window displays were arranged, including those by the Camp Fire Girls and the Girl Scouts. 1,800 volumes were borrowed on temporary loan from the Main Library and fifteen Balch School classes from the second through the sixth grade were given library instruction.

A new low bookcase, and benches for tots add to our equipment.

Library Service at the Norwood Hospital

Another of the library's newer services is the one-day-a-week at the Norwood Hospital. Esther C. Hallet, Circulation Librarian, is in charge, aided by Bettina Cottrell, Substitute.

Due to shortened post-surgical stays of patients and longer stays of non-reading elderly patients now aided by Blue Cross, libraries find that hospital reading by patients is less than it was. Despite this, we circulated 8,217 books to patients and personnel — which is considered high for a town-sized library.

JOHNNY AND JILL READ 3,043 MORE BOOKS THIS YEAR

Quality, Quantity, and Fun for the Boys and Girls

N. Dorothy Shumaker, Junior Department Librarian, says this is our answer to the comics.

2,861 books were sent in classroom collections, with 190 trips up our two flights of stairs by the school driver and his boy helpers!

Sixth grade classes from all schools and most of the earlier grades from nearby schools came for library instruction and practice. Ninth graders all came for instruction by the Reference Librarian and others in the use of the Adult Department.

Reading clinics at two schools have 100 per cent library registration and received Certificates of Honor.

The A. B. Stanley Company, "New Life Library Furniture" was awarded the contract for a five-section charging desk, with corner unit. Construction has started.

To Dramatize Reading

Eighty members of the "Pocket Club" — a summer adventure in books — read 900 books.

Twenty-three story hours were held with average attendance of 28. The problem is, we have no place for story hours apart from regular service areas and they are mutually disadvantageous.

The growing use of the Junior Department necessitated adding a new member to the staff: Senior Page. It is filled by Ida Ross, whose coming aids very much.

Miss Shumaker is often asked to act as Boy Scout counsellor in reading; and to supervise Scout's work at the library. Cub Scout leaders regularly use the Library as do Camp Fire Girls.

THE LIBRARY AS PART OF TOWN AND PROFESSIONAL LIFE

The Librarian, Edna Phillips, led a book panel at a general meeting of the Norwood Woman's Club on "The Many Lives of Modern Woman" and two "Coffee Hour" book reviews, as Chairman of the Club's Literature Committee. She serves as a board member of the Norwood Community Council, of the Norwood Hospital Corporation and as a Town Meeting member. She served as Secretary, Massachusetts Library Association, and as their representative at a Boston observance of the tenth anniversary of the United Nations; and reviewed briefly some books on the arts for the Old Colony Library Club. She and Mrs. Hallet attended the Philadelphia Conference of the American Library Association. Mrs. Hallet has completed two terms as Secretary, Old Colony Library Club.

Miss Shumaker has completed a two-year term as Chairman of the Round Table of Children's Librarians which included serving on the M. L. A's Executive Board. She spoke to playground leaders, to local church groups, and together with a children's Librarian from Quincy, started an Old Colony regional group for informal discussion of library service to children. One meeting of the group was held at this library.

Mrs. Allen was a member of a committee of the Massachusetts Round Table of Librarians for Young Adults issuing a booklist of moment, for teenagers.

Librarians and trustees from five communities have come to Norwood for special observation of various features of our work.

BOOKS — USE, ACQUISITION, AND MAINTENANCE

The reference and informational services at the library, adult, junior, and branch, may have a greater social value to the town than that part of our circulation having to do with lighter books; and just one reference question could make use of several hundred dollars' worth of books. Mary E. Locke, Reference Librarian and Readers' Consultant finds that 3,079 reference questions were answered; a gain of 581.

Robert W. Sillen, Miss Locke's predecessor, left to our great regret, for a head librarianship. Miss Locke comes to us with excellent training and experience.

Much of Miss Phillips' time has had to be used in securing three people for the staff. This included Dorothy C. Folan, Records Assistant, a graduate of the business course, Peabody School. Her predecessor, Patricia Whelan, went to an industrial position.

Martha C. Eaton, Assistant Librarian and Cataloger, aided by Helen Fraser, Assistant, ordered and cataloged 2,684 books and 109 recordings. Miss Shumaker classifies the Junior Department books. Under Mrs. Hallet's supervision, books and periodicals are physically processed by the Pages. With good planning, adequate help, printed catalog cards, and modern methods of acquisition Miss Eaton reports that most books are ready for circulation within a week of their receipt. She also reports that a final check of books missing in 1951 inventory (taken at five-year periods) shows 461 still missing, now counted as lost.

In May, we started having the "Norwood Messenger" indexed. This is valuable in connection with local history in the making.

THE ARTS, MUSIC, AND OTHER SPECIAL EVENTS

"Communiication" is the modern library's field, whether of materials in print — our primary function — or in presenting the arts, music, or group discussions.

The library had the privilege of again sponsoring a one-man show of the portrait and landscape work of George V. Augusta, Jr. of Norwood and Kennebunkport.

The Junior Department had an important exhibit of dolls in handmade costumes lent by Miss Frieda Balduf.

Kenneth Bonney, Interior Decorator, lent an exhibit of the new fabrics designed by Frank Lloyd Wright called the "Taliesin Line". William Pudsey had a showing of dolls in Philippine costume; and the Art Committee of the Norwood Woman's Club arranged an exhibit of animal paintings by Henry Patnaude.

Much artistic skill, imagination, and alertness to public affairs, goes into the Lobby exhibits of books and bulletin board displays arranged by Miss Locke, in charge, and Mrs. Fraser. One exhibit, "A Fall Harvest of Books", was set up in the Union Savings Bank window, thus reaching non-borrowers as well as those already library patrons.

Occasional recorded music is enjoyed in the Adult Lobby and as part of story hours, Junior Department and South Norwood Branch. The response to a series of recorded concerts was given a test in May and found not to meet a need in our Town.

A LOOK AHEAD

The Facts

"No place to park at the Library" is already being heard. Nor is any adequate parking space available at the present location. And yet a place for parking is an essential of good planning for the modern library.

The Main Library is now at capacity in some ways; almost at capacity in more. Its many levels, stairways, and halls are not planned for efficiency. It's distance from the street, the incline and the outside stairs are a detriment to full usefulness.

		Standards		
Seating Capacity		Standard	For 21,000 population	For 35,000 population
Main Library	73	Five seats per 1,000 population		
Branch	15		105	175
	—			
Total	88			
Floor space				
Main Library	11,693 sq. ft.	.70 sq. ft.	14,700 sq. ft.	24,500 sq.
Branch	640	per capita		feet
Total	12,333			

We are a growing library, in a growing town, in a Commonwealth having a very strong movement to the suburbs already in effect.

The South Norwood Branch is now at capacity.

Proposals Considered on Ways We Might Expand

1943 — The possibility was explored for using the present library as an administration building, for housing special collections, for garaging and loading a bookmobile and for book and periodical storage. Through erecting a new Main Library with direct access to a street, adequate off-street parking, a functionally planned building with great future saving in personnel expense. This project was not then deemed possible.

A bookmobile was foreseen as a coming need.

Mr. Harry Korslund made a blueprint for an addition at the back of the Library, adjoining the Reference Room. The plan was filed with the United States Works Progress Administration Office in Boston, which was then inviting plans for post-war construction with contemplated government help, which did not later prove to be available.

1944 — The Board of Trustees made the request of the Board of Selectmen and of Town Meeting that the entire corner lot, Bullard and Beacon Streets, be reserved for future library use.

Five libraries in the United States and Canada having separate libraries for boys and girls were consulted on the practicality of such a house for boys and girls being erected on Beacon Street. This was found prohibitively high compared with the cost of an addition; and less easy of access for those using both buildings.

1953 — March 10, 1953 the Board of Selectmen voted to grant the Board of Library Trustees care, custody, and control of the Beacon Street lot.

In sketch form, the Librarian presented a plan to the Board for an addition to the Library on the front, to utilize direct access to Walpole Street as the most used street; a remodeling of the original building including provision for a bookmobile; a small parking area; and beautification of the Beacon Street lot as a small park.

1954 — The need for larger quarters for the South Norwood Branch within a few years was recognized. The Librarian reported to the Board that growing reference service made it probable that within fifteen years a second addition would be needed at the rear, adjoining the present Reference Room.

1955 — The Chairman of the Board of Trustees appointed a committee to study plans for expansion. The committee recommended and the Board adopted inclusion of a request in the 1956 budget for funds to construct a twelve-car parking area on library property.

The Board of Trustees requested Town Meeting to give them the care, custody, and control of the Beacon Street lot in order to have formal Town confirmation of the Selectmen's vote of March 10, 1953 granting this.

These and other plans have been presented including one for an addition the size of the Main Library, and connected with it by the Plimpton Wing, thus forming a U shaped group. This exploratory work will assist, when the time comes for construction.

The Librarian recommends that "Facts" and "Proposals" given above be considered in the light of the Town's reading service, resources, and needs; and that early in 1956 this be followed either by a survey or by seeking an architect's advice and preliminary sketch for the kind of library building expansion most needed for Norwood's near and more distant future.

The library is a center for independent education, and its needs should be taken into account concurrently with town plans for school building. Our Town's educational, economic, and social progress depend in part on an expanded library program, adequately supported.

To serve so fine a Board, and to work with so fine a Staff, Substitutes, and Custodian, makes a privileged Librarian.

Respectfully submitted,

EDNA PHILLIPS

Dogs destroyed	94
Calls made personally to home of dog owners	710
Dead dogs picked up	56

Respectfully submitted,

MYER DOCTORMAN

Dog Officer of Norwood

REPORT OF PLANNING BOARD

To the Citizens of Norwood, Massachusetts:

The Planning Board was organized for the year 1955 as follows:

James J. Drummey, 1960

Albert P. Nelson, 1959

Robert F. Gallivan, 1958

John E. Bamber, 1957

Joseph W. Wall, 1956

(Harold S. Burns was appointed 6/14/55 to fill the vacancy caused by the resignation of James J. Drummey.)

Organizational meeting of the Board was held January 19, 1955. Robert F. Gallivan was elected Chairman and Joseph W. Wall elected Secretary.

Public Hearings:

A public hearing was held January 24, 1955 re: Washington Street, rezoning on the east side of Washington Street on the same line as the west side, namely opposite Howard Street. The Planning Board made a favorable recommendation for this change at the Town Meeting of June 21, 1955 but the Town Meeting members voted indefinite postponement.

Public Hearing held January 24, 1955 re: Survey layout as requested by Leo Wolf of land opposite the High School, Stearns Drive and Cushing Road, lots 12 through 24. The approved lots were 12 thru 19, 23 and 24; numbers 20, 21 and 22 were not approved.

Public Hearing held February 7, 1955 re: David Terrace. At a later meeting it was voted to approve lots 19 and 2 and 8 thru 13.

Public Hearing held February 15, 1955 re: Hillcrest Road, Longwood Terrace and Westview Drive Extension. Plans approved.

Public Hearing held February 28, 1955 re: Rezoning of land on Union St. from General Residence to either Single Residence I or Single Residence II. It was voted to forward both articles to the Town Clerk with a definite recommendation to be made by the Planning Board before the Special Town Meeting. Upon recommendation of the Planning Board, the Town Meeting voted that the area be rezoned to Single Residence II at the Town Meeting of June 21, 1955.

Public hearing held February 28, re: layout of Westover area. Lots approved 29-40 incl. and 56 to 92 incl.

Public hearing held on March 21 re: subdivision of Woodland Road and Lawn-dale Road — M & T Realty Co. Plans approved.

Public hearing held March 21 re: Subdivision of Ridgewood Road by Frank Simoni. Plans approved.

Public hearing held April 11, re: Zoning amendments:

1. Increasing side and rear line requirements from 10' to 15' in General Residence Districts. This recommendation was approved by Town Meeting June 21, 1955.
2. Increasing side and rear line requirements relating to garages from 5' to 10'. This recommendation was approved by Town Meeting on June 21, 1955.

Planning Board—Sitting: Inez Gallazi, Clerk, Joseph W. Wall, Secretary, Albert P. Nelson, John E. Bamber. Standing: Harold S. Burns, Robert F. Galvin, Chairman, Walter R. Ryan, Engineer.

3. Increasing minimum sized lots from 8,000 to 10,000 square feet with a 90' frontage. This recommendation was approved by Town Meeting on June 21, 1955.
4. Increasing setback requirements in Single Residence and General Residence and General Residence areas from 20' to 30'. This recommendation was disapproved by Town Meeting on June 21, 1955.

Public hearing held January 10, 1955 re: zoning amendment.

Measurement of frontage of lots fronting on a curve or angle point. The recommendation of the Planning Board was approved by Town Meeting June 21, 1955.

Public hearing held April 18 re: Section 1B of Westover area.

Public hearing held May 3 re: Bornwood Land Co. Lynwood Drive. Plan approved.

Public hearing held on June 20 re: Northplain Street.

Public hearing held July 11 re: Bornwood Drive. Plan approved.

Public hearing held September 12, 1955 re: Rezoning of Washington Street on the easterly side, extending the business district on Washington Street to just before 466 Washington street. This recommendation was disapproved by Town Meeting on October 13, 1955.

Public hearing held October 17 re: subdivision of Arnold and Audubon Road.

Meetings were held with various Boards and Town Officials.

The Board met with the Finance Commission on Monday, February 14, to discuss the 1955 budget.

On March 28 a conference was held with the General Manager regarding the services of the Town Engineer.

On April 11, 1955 the Board met with the Board of Health to discuss the problem of sewerage the Westover area.

On April 20, the Board met with the School Committee to discuss the proposed Parkway from Nichols St. to Walpole Street.

On April 25, the Board met with Henry J. Cronan, Building Inspector, to discuss the interpretation of the newly proposed zoning amendments to the zoning by-laws.

On May 9, a conference was held with Town Officials in regard to the development of the Town.

On June 20, a meeting with the Selectmen, Finance Commission, Board of Assessors, Town Engineer, General Manager and Town Counsel was held to discuss the details on Westover Parkway.

On June 20 a meeting was held with the Finance Commission to discuss the bill presented for payment by J. Edward Bamber for engineering services rendered.

The Board met with the Town Engineer on November 14 to interview the candidates for the position of Planning Board Engineer — Grade IV.

Mr. J. Edward Bamber had previously agreed to serve as a part-time engineer for the Board starting April 2, until the position could be filled by a permanent engineer.

Mr. Walter R. Ryan accepted the appointment for the Planning Board Engineer starting December 19, 1955.

Suggestions made by the Board:

1. The Board suggested to the Selectmen that steps be taken to purchase or take by eminent domain the land within the bounds of the Parkway between Walpole St. and Nichols Street with the plan on file in the Engineering Department.

2. The Board made a suggestion to the Selectmen that the southeasterly corner of Short Street and Washington Street be rounded or widened so as to alleviate the traffic hazard.

3. The Board recommended to the Selectmen that the location of the sewer from Walpole Street to Nichols Street be as follows:

Up Walpole St. as far as the right of way between 361 and 363, thence northerly along said right of way to rear lines of 361 and 363 and then diagonally across the center line of the proposed parkway easterly to the barn.

On June 6, 1955 a letter was sent to the Town Clerk stating the resignation of James J. Drummey. Applications were being accepted by the Board of Selectmen. A meeting was held with the Selectmen on June 14, 1955 and the position was filled by Harold S. Burns.

During the year the Board conducted 42 meetings and spent a total of 147 hours at the meetings. Thirteen field projects were covered and a total of 33 hours was spent on these projects.

Fifty-five plans not requiring subdivision control were signed and ten were signed requiring subdivision approval covering a total of 198 lots.

We wish to extend our sincere thanks and appreciation to the Citizens, Town Officials and Departments for having cooperated with us during the past year.

Respectfully submitted,

ROBERT F. GALLIVAN, *Chairman*

JOHN E. BAMBER

ALBERT P. NELSON

HAROLD S. BURNS

JOSEPH W. WALL, *Secretary*

REPORT OF PUBLIC WORKS DEPARTMENT

Mr. John B. Kennedy
General Manager
Norwood, Massachusetts

Dear Sir:

I herewith submit the report of the Public Works Department for the year ending December 31, 1955.

HIGHWAYS

Street Cleaning and Patching

All sections of the Town were swept in the Spring and during the year different streets were swept whenever there was an accumulation of gravel, sand, stone and leaves. A number of streets had to be swept after the flood in the month of August.

The general patching of holes in streets, trenches and depressions was done as usual, but additional work of patching was done to certain streets after the flood in August.

New Street Signs

New street signs were purchased and erected when they were needed.

Bridges and Culverts

All bridges and culverts were inspected and maintained throughout the Town during the year.

Two new culverts were built on Union Street to replace the old culverts that were there for years to take care of the water coming out of the woodlands on each side of Union Street.

Guard Rail and Wall Maintenance

Guard rails and walls were checked and repaired wherever needed.

Shoulder Brush

The brush on the sides of all streets was cut by a powered tractor and carted away.

HIGHWAY DEPARTMENT

Maintenance

The following streets were treated with M-C-3 Asphalt and covered with sand.

Achorn Street — Washington Street to Neponset Street.

Forbes Avenue — Achorn Street to Neponset Street.

Earle Street — Achorn Street to end.

Carpenter Street — Earle Street to Neponset Street.

Ellis Avenue — Washington Street to Old Ellis Station.

Margaret Street — Washington Street to David Terrace.

David Terrace — Margaret Street to Ellis Avenue.
Everett Street — Washington Street to Route 1.
Oxford Road — Pleasant Street to end.
Cambridge Road — Pleasant Street to end.
Rock Street Extension — Pleasant Street to end.
Oliver Street — Rock Street Extension to Winfield Street.
Winfield Street — Nahatan Street Extension to end.
Third Street — East Cross Street to Gay Street.
Fourth Street — East Cross Street to Gay Street.
Fifth Street — East Cross Street to Gay Street.
Gay Street — Third Street to Route 1.
Meadowbrook Road — Pleasant Street to Sunnyside Road.
Sunnyside Road — Meadowbrook Road to Birch Road.
Hillside Avenue Extension — Pleasant Street to Pellana Road.
Pellana Road — Hillside Avenue Extension to Birch Road.
Woodland Road — Hillside Avenue Extension Birch Road.
Birch Road — Pellana Road to Pleasant Street.
Lenox Avenue — Lenox Street to beyond Shaw Street.
Allen Road — Lenox Street to Pleasant Street.
Hillside Avenue — Lenox Street to Pleasant Street.
Talbot Avenue — Pleasant Street to end.
Sunset Avenue — Pleasant Street to end.
Northview Avenue — Pleasant Street to end.
Hillshire Road — Walpole Street to Valley Road.
Laurel Road — Walpole Street to Woodbine Road.
Valley Road — Hillshire Road to Laurel Road.
Woodbine Road — Walpole Street to Laurel Road.
Mayflower Road — Woodbine Road to Laurel Road.
Columbine Road — Woodbine Road to Laurel Road.
Holly Drive — Woodbine Road to Endicott Street.
Silver Street — Nahatan Street to end.
North Avenue — Nahatan Street to end.
Bellevue Avenue — Shattuck Park Road to end.
Belmont Street — Bellevue Avenue to Peabody Road.
Peabody Road — Belmont Street to Nichols Street.
Sumner Street — Endicott Estate to Walpole Line.
Union Street — Route 1 to Sharon Line.
Codman Road — Ellis Avenue to Cameron Road.
Madelyn Road — Neponset Street to Codman Road.
Cameron Road — Codman Road to Madelyn Road.
Cameron Road — Forbes Avenue to Codman Road.
Eaton Road — Ellis Avenue to Codman Road.
Pleasant Street — Morrill Ink Works to East Walpole line.

Other Highway Work

Factory Mutual Road — Pleasant Street to the Factory Mutual gate was constructed with crushed bank gravel and treated with an application of M-C1 and M-C2 Asphalt. After this had set a day or so, another treatment of M-C3 Asphalt was applied and sanded. A Catch Basin and drain was constructed in the low spot of the street.

Pellana Road from Birch Road to Dean Street and Sixth Street from East Cross Street to Audubon Road were constructed with crushed bank gravel and given an application of M-C1 and M-C2 Asphalt.

The following streets were capped with Hot Top:

Washington Street — Granite Street to Cottage Street. (Full Width)

Washington Street — Day Street to Guild Square. (Full Width)

Guild Square — Dr. Lynch House.

Washington Street — Guild Street to Hoyle Street.

Winter Street — Broadway to Washington Street

Broadway — Front of Norwood Central Station.

Broadway — East Vernon Street to Park Street.

Cottage Street — Washington Street to Central Street.

Central Street — Cottage Street to East Vernon Street.

Intersection of Walpole Street and Winter Street.

Nichols Street — Berwick Place to Eliot Street.

Willow Street — Pleasant Street to Lenox Street.

New Granolithic Sidewalks 1955

During the year 1955 the Public Works Department took over the construction of Granolithic Sidewalks in sections of the town where the owners requested them and had paid their proportionate share of the cost.

Previous to the year 1955, the Granolithic Sidewalk work was done by private contractors who bid for this work.

The following locations are where Granolithic Sidewalks were constructed in front of private homes.

41 Maple Street	82 Feet	2 Shattuck Park Road	118 "
32 Wheelock Avenue	65 "	64 Oak Road	55 "
26 Wheelock Avenue	80 "	56 Oak Road	100 "
35 Curran Avenue	75 "	19 Walters Road	113 "
15 Curran Avenue	69 "	5 Walters Road	90 "
29 Curran Avenue	62 "	11 Walters Road	90 "
11 Prospect Avenue	87 "	10 Walters Road	70 "
389 Nahatan Street	65 "	109 Cottage Street	165 "
262 Vernon Street	65 "	48 Beech Street	90 "
253 Vernon Street	61 "	187 Walpole Street	100 "
76 Cypress Street	100 "	73 Saunders Road	100 "
169 Bond Street	246 "	29 Day Street	70 "
60 Elm Street	50 Feet		

Many broken sections of old Granolithic walks around town were dug out and replaced also.

SEWER DEPARTMENT

All Sewer Mains and Laterals were cleaned in the Town with the Flexible Sewer Rod Equipment.

All dead end mains were flushed out at different times during the year.

The August flood severely overtaxed the Main Sewer Lines in many areas. Gravel, Coal, sticks, etc., were carried to the mains with the water that accumulated in cellars.

There were 106 plugged sewers services opened up during the year 1955. The cause of most of these were roots from shade trees growing into the lines.

Total number of sewer connections added in 1955 by the Public Works Department. (114).

Total number of sewer connections put in by Developers for their own contractors (152).

Sewer Construction

Nichols Street — Berwick Place to rear of Ellis Pond.

Along Ellis Pond Shore to Walpole Street at Endicott Street

Streets in the Wolf Development off Nichols Street.

Dean Street — Pellana Road to West Border Road.

DRAINAGE**Maintenance**

All drains, catch basins and drain manholes were cleaned during the year with use of the Catch Basin Eductor.

Power bucket machines were purchased to clean all sizes of drain pipes. Pipe lines in the following locations were cleaned with it.

Main Drain — rear of Cofsky property to Weld Avenue out to Cedar Street.

Main Drain — from Fulton Street to Railroad Avenue to School Street.

Main Drain — between Nahatan Street and Railroad Avenue above Fulton Street to School Street.

Main Drain — Washington Street — Bird Road to Neponset Street.

Main Drain — Neponset Street — Washington Street to Folan Avenue.

During the year 8 private drain connections were installed in houses.

Two stone culverts were dug up and concrete pipe was put in across Union Street to eliminate a bad water condition from the woods off Union Street.

The main drain pipe leading from the Balch School through Eliot Park was extended 200 feet to the Neponset River.

WATER DEPARTMENT

Miles of Mains at end of year	78.66
Total number of services	5027
Total number of services in use at end of year	5027
Total number of meters in use at end of year	5112
Number of meters set (New)	276

In Retirement

LAWRENCE CONNOLLY

Lawrence Connolly started work in the Public Works Department as a Laborer on July 23, 1928 and retired on April 23, 1955.

During the past five years, Larry made many friends along Washington Street and all streets around the Town Square where he patrolled and kept the streets and parks clean.

He was a very capable worker and carried out his assignments faithfully.

The Town of Norwood wishes Lawrence Connolly well in his retirement and thanks him for his many years of faithful service.

Number of meters replaced	394
New water services added	276
Water service renewals	8
New hydrants installed by Developers	23
Number of hydrants in service	622
New hydrants installed by Town	3

Gallons of water supplied through service meters during year	879,169,100

Water Main Cleaning

On Wednesday, April 27, 1955, the National Water Main Cleaning Company of New York, started to clean the water mains on Walpole Street.

The Public Works Department supplied the labor and used their equipment.

Previous to the start of this work, all main gate valves at all intersecting streets were operated as well as every individual house service curb cock.

The first day the 8" Water Main on Walpole Street was cleaned from the Corner of Winter Street to the Corner of Geraldine Drive and Walpole Street.

The second day the 6" Water Main on Walpole Street was cleaned from Geraldine Drive to the Corner of Wilson Street.

The 6" Main on Wilson Street was also cleaned from Walpole Street to the dead end of Wilson Street near Brook Street.

The third day the 6" Water Main on Walpole Street was cleaned from the Corner of Walpole Street to #601 Walpole Street.

The 6" Main was also cleaned the same day on Davis Avenue from Walpole Street to end.

On Sunday, July 10, 1955, the Water Main on Pleasant Street from Birch Road to the Neponset River was cleaned.

On Sunday, July 24, 1955, the Water Main on Pleasant Street from the Neponset River to Water Street was cleaned. The work started at 5:00 A.M. and was finished at 4:00 P.M.

FORESTRY

In the early Spring the State sprayed the entire area from the air by helicopter with a DDT solution for control of the Gypsy Moth.

During 1955, the Joseph Hart Company of Randolph, Massachusetts removed many dead Elm trees on different streets in all sections of the Town and also trimmed a number of other trees around Town.

In addition to the work, tree men from the Public Works Department trimmed trees when it was necessary.

RUBBISH COLLECTION

We are still having trouble with people overloading large metal oil drums, as well as having garbage thrown in with the rubbish.

The different districts are fast growing. In 1948 the rubbish crew covered the Town by working three (3) days in the first three weeks of the month. To-day the same crew work three (3) full weeks or longer to get around the Town once. Shortly with the growth of the Town, the one collection will take the entire month.

SNOW REMOVAL

The year 1955 was a light year on Snow Removal, but considerable salting and sanding of the streets was done.

Twelve hundred (1200) Tons of sand and salt to the amount of one hundred (120) Tons were used.

Coasting signs were maintained on the streets designated for sliding by our Board of Selectmen.

PARKS AND PLAYGROUNDS

All the Parks, Playgrounds and Baseball Diamonds were cleaned and rolled and prepared in the Spring and mowed during the grass growing season.

All shrubbery in the Parks and Playgrounds were trimmed and shaped also.

All the Playground Equipment was inspected and repaired and erected at the different playgrounds.

New picnic tables were erected at the various locations as well as new swings, sandboxes and slides.

The Allen Road Playground was graded with loam and seeded, the base lines marked out and the infield put in shape for the Little League games.

The Civic Tennis Courts were graded as usual.

MISCELLANEOUS WORKS

Light Department

A trench for an underground conduit was dug and backfilled on Nichols Street near Fisher Street.

Mowing of grass and cutting of the hedge at the Light Station grounds was also done.

Senior High School

Both the Baseball Diamond and the Football Field were graded with loam, fertilized and seeded.

A two (2) inch water line was installed at the Senior High Field so that both the Baseball Diamond and Football Field be watered when needed.

Additional radiators were added and piping was done in the corridors to the Peabody School to give more heat in that area.

Drains both inside and outside of the school were cleaned.

Callahan School

A Shuffleboard Court was laid out and painted in the rear of the school.

Shattuck School

All the old wire fence at the rear and side of the School grounds was removed and seven (7) trees were cut down in order that a new high wire fence could be erected.

Cemetery

All the avenues were patched and a few avenues and walks were capped with hot-top.

Winter Street Dump

A new road was built from the end of the Cemetery wall to the top of the Dump.

All the rubbish was covered with gravel hauled from the Town Pit.

The road was oiled and sanded and now all rubbish is dumped in one locality and a Bulldozer is used about twice a month to level off the top of the Dump.

MAINTENANCE AND CONTROL OF TRAFFIC

Traffic lines were painted on Washington Street from Granite Street to Guild Square by the White Traffic Line Company of Boston.

The work consisted of painting parallel parking lines on both sides of Washington Street, as well as two (2) northerly and two (2) southerly lane lines from Howard Street to Guild Square.

Center dividing lines were run on Walpole Street from Guild Square to Winter Street. Washington Street from Railroad Avenue to Granite Street, Washington Street from Guild Street to Central Street and Guild Street from Washington Street 200' east.

"Go Children Slow" signs were erected at locations selected by the Police Department.

A center line was painted at the corner of Washington Street and Chapel Street.

AUGUST FLOOD

During the month of August, Norwood experienced a bad flood and the Neponset River overflowed its banks. The homes in the Dean Street, Pellana Road, Richland Road sections of Norwood had flooded cellars. The Public Works Department was called on to pump out these cellars and all pumps owned by the Department were put to use. Contractors who had pumps were hired to assist in this work.

It was necessary to block off Neponset Street going to Canton as the Neponset River had covered Neponset Street at the Norwood-Canton line.

Considerable damage was done to streets due to washouts by the heavy rain.

The Forrest Construction Company was hired to replace the side of Washington Street at the foot of Hill Street, rebuild the Drain Manhole and erect the fence along the sidewalk at this area.

Willow Street was washed out and it had to be recapped from Lenox Street to Pleasant Street.

The Main Drain Line from the New Haven Railroad tracks to the intersection of Willow Street had to be recovered with several hundred yards of gravel.

In conclusion, I wish to express my appreciation for the co-operation given me by the personnel of the Department and all officials and personnel of other departments of the Town.

Respectfully submitted,

ALBERT E. CASEY

Supt. of Public Works

REPORT OF BOARD OF HEALTH

REPORT OF MILK INSPECTOR

*Board of Health
Town of Norwood
Norwood, Massachusetts*

Att: Nora P. Hayes:

Following is the report of the Inspector of Milk for 1955:

Licenses were issued for the sale of milk and cream.

Licenses were issued for the sale of oleomargarine.

Licenses were issued for the manufacture of ice cream and frozen desserts.

Licenses were issued to pasteurizing plants.

Six hundred and thirty six (636) laboratory tests were made on one hundred thirty-four (134) samples of milk and cream. The results of the laboratory work indicated that the quality of milk and cream sold in Norwood in 1955 was good and in many cases outstanding.

It was necessary to investigate several reports that dairy products of unsatisfactory quality were being offered for sale in Norwood. It was found in each instance that reports were without factual foundation. It is regrettable that such reports are circulated.

Very truly yours,

LEONARD E. CURRAN

Inspector of Milk

REPORT OF PLUMBING INSPECTOR

The following is the list of Plumbing Permits issued during the year 1955:

January	51	July	52
February	52	August	42
March	56	September	83
April	45	October	52
May	54	November	38
June	44	December	30

HARRY A. SHANNON

Plumbing Inspector

REPORT OF SCHOOL DENTIST

*Board of Health
Norwood, Mass.*

Gentlemen:

Herewith is submitted the report of the School Dentist for the year ending December 31, 1955:

Public School

Number of children completed	403
Number of children not completed	4
Number of temporary fillings	959
Number of temporary extractions	214
Number of permanent fillings	503
Number of permanent extractions	29
Number of cleanings	386
Number of children examined	3145
Number of children O.K. at examination	1613

Parochial School

Number of children completed	168
Number of children not completed	2
Number of temporary fillings	294
Number of temporary extractions	86
Number of permanent fillings	222
Number of permanent extractions	1
Number of cleanings	131
Number of children examined	882
Number of children O.K. at examination	404

Respectfully submitted

TIMOTHY J. CURTIN

*School Dentist***REPORT OF ST. CATHERINE'S SCHOOL NURSE**

It is my privilege to present my fourth annual report explaining my program at St. Catherine's School.

School Physician

Dr. Thomas H. O'Toole visited the school for two days each week and examined the children recommended for examination plus routine work. This year he examined 500 children physically and the following defects were noted.

Heart	7
Throats	31
Feet	2
Lungs	0
Speech	60

Twenty-five children had their tonsils removed since school started in the Fall and many have appointments to have them removed during summer vacation.

Diphtheria Control

Boosters	187
Triple toxoid	20

Communicable Disease

The following rules regarding the exclusion of children are still in effect. Children will be excluded from school for the following reasons:

Temperature — under 97 or over 99

Skin Eruptions — until diagnosed and a certification by a physician that it is not contagious.

Evidence of sore throat

Vomiting

Returning to school after having had a communicable disease, without a doctor's certificate.

The following is a list of reported cases of contagious diseases for this year:

Scarlet Fever	0	Infantile Paralysis	0
Pertussis	0	Measles	220
Chicken Pox	70	Mumps	0
Rheumatic Fever	1	German Measles	5

We wish to thank the parents for their fine co-operation in the matter of communicable disease control.

Audiometer Tests

The children from the first to the eighth grades had their hearing tested with the audiometer this year.

Number tested	978
Number failed	21
Attending classes	2
Number seen by physician	17
Number treated by physician	6

Eye Clinic

Dr. William Ryan and the public school nurse conduct the Eye Clinic each week at the Norwood Junior High School. Usually we are allowed three appointments each week. All the children at St. Catherine's received the Massachusetts Vision Test this year. Any child failing this test is recommended for examination by an eye doctor.

Number given M.V.T.	925
Number Failing	114
Number needing new glasses	20
Number wearing glasses	86

Dental Clinic

The Dental Clinic is held each week at the Norwood Junior High School. In September Dr. T. J. Curtin, assisted by Mrs. Curran examined the teeth of all of the children in school. Permission slips were sent to parents of all children needing care. We send eighteen children each week. All dental work was completed in defective teeth this year.

Number examined	882
Number O.K.	404
Number to School Dentist	—

Weighing and Measuring

Pupils recommended by their teachers as needing corrective speech work are taken by Mrs. Rose Nicholson in individual or group instruction classes depending on the degree of defect.

Mrs. Nicholson is a graduate of the Rooney School of Expression and has taken advanced courses under Dr. Pronovost of Boston University. She devotes five hours a week to group work and five hours a week to individual work. Special cases requiring assistance are:

- Articulatory disorders
- Delayed speech
- Cleft Palate
- Hard of hearing
- Stuttering

Polio Program

Number of children in Field Trials in 1954 to receive inert material	152
Number of children in Field Trials in 1954 to receive vaccine	154
Number to receive first shot 1955	216
Number to receive second shot 1955	138
Number to receive booster	127

I am very grateful to all who gave me assistance in my work during this school year.

Respectfully submitted

PATRICIA M. LANG, R.N.

REPORT OF HEALTH AGENT

Biologic Distribution Station

The Norwood Board of Health established a Biologic Distribution Station in the Board of Health Office in the Municipal Building on July 1, 1955.

The Office Hours are from 8:30 A.M. to 5:00 P.M. on Monday through Friday. Any physician in need of biologics on Saturdays, Sundays, Holidays or at any hour when the Station is not open will be admitted to the center by contacting the officer on desk duty at the Norwood Police Station.

Chest X-Ray Clinic

The Board of Health made arrangements with the trustees of the Norfolk County Hospital, So. Braintree, to conduct a chest X-Ray clinic on the third Wednesday of each month in the Norwood Municipal Building.

The first Clinic was held on September 21, 1955. The facilities of the Clinic are made available to all residents who are over fifteen years of age. Any child under fifteen will be X-Rayed if he has been exposed or has been recommended to the Clinic by the family physician.

The Clinic is being conducted under the direction of Nahum R. Pillsbury, M.D. Superintendent of the Norfolk County Hospital and his staff. Each patient is

Board of Health and Nursing Staff—FRONT Row: Bartley J. King, Agent, Roy T. Lydon, M.D. Member, James F. Foley, Chairman, Anne S. Blume, R.N. SECOND Row: Marion O'Neil, R.N., Norma Herig, R.N., Anna Tobin, R.N., Public Health Nurses. MISSING: Nora P. Hayes, Clerk and Dr. James L. Monahan, DDS on Military Leave.

given a physical examination, blood sedimentation and tuberculin test in addition to the X-Ray examination using 14" X 17" plates. There were one hundred and thirty nine (139) examinations made from September to December 1955.

Mobile Chest X-Ray Program

The Board of Health and the Norfolk County Tuberculosis and Health Association were co-sponsors in a food handlers and industrial chest X-Ray survey on September 20, 1955. A total of 522 persons were X-Rayed in a single day of which 253 were employed in various foodhandling capacities in Norwood.

Norfolk County Mosquito Control Committee

On September 21, 1955 the Norwood Board of Health sponsored a meeting of public officials interested in establishing effective mosquito control measures in Norfolk County.

At that time a Committee was appointed to prepare the necessary legislation for the establishment of the Norfolk County Mosquito Control District. The District shall include any city or town in Norfolk County not already a member of a regional mosquito control project.

The Committee prepared the necessary legislation and filed the bill with the Clerk of the House of Representatives on December 7, 1955. The Bill now known at House No. 336 bears the endorsement of the Norfolk County Mosquito Control Committee, the Norfolk County Selectmen's Association, the Norwood Board of Health, Representatives Francis A. Harding, Harold Putnam, Herbert B. Hollis, Charles F. Holman, William F. Nourse and Senator Leslie B. Cutler.

The Bill has an excellent chance of being passed by the State Legislature in the early part of 1956.

Salk Vaccine Program

The Board of Health with the co-operation of the Public and Parochial school authorities conducted clinics for the vaccination of children enrolled in grades one to four in all schools in Norwood. The clinics were held in May and 777 children received one injection, 408 children received two injections, and 390 children who were in the field trials of 1954 received a booster injection in 1955. A total of 1575 injections were given to participating students.

Polio

The Town of Norwood along with many other communities in Massachusetts experienced an increase in the incidence of Poliomyelitis in 1955 — there were 28 cases in Norwood of which ten were paralytic and 18 were non-paralytic.

Gamma Globulin

In July 1955 the Board of Health received 13,000 c.c. of Gamma Globulin from the National Foundation for Infantile Paralysis, for distribution through the family physician to all contacts of Poliomyelitis and to pregnant women.

Subdivision Control

The Board of Health approved the plans for the sanitary water supply, sewage disposal and drainage for ten subdivisions with a total of 198 building lots for 1955.

The Board of Health made periodic sanitary inspections of food establishments, nursing homes, funeral homes and other institutions throughout the year.

Dr. James Monahan Resigns

Major James L. Monahan a member of the Board of Health submitted his resignation to the Board, effective Oct. 17, 1955 due to recall to active military service.

Dr. Monahan, an oral surgeon, was elected to the Board of Health on January 21, 1955.

Respectfully

BARTLEY J. KING

REPORT OF VISITING NURSES

The Visiting Nurses made the following visits during 1955:

Medical	3589
Surgical	643
Obstetric	139
Tuberculosis	90
Polio	51
Orthopedic	10
Office Calls	297
Total	4628

This past year we have added home visits to Mothers of premature babies. This visit is made before the baby comes home and its purpose is to instruct the mother and determine facilities for taking care of the baby.

During the summer plans were made to conduct a Tuberculosis Chest Clinic for Norwood and vicinity. The first clinic was held on September 21, 1955 and every third Wednesday thereafter of each month. This Clinic is for consultant purposes rather than diagnostic. Dr. Jenkins from Norfolk County Hospital examines the patients, does skin and blood tests on those people — when necessary. The Technican takes X-Rays of all patients and we have averaged from twenty-five (25) to forty (40) patients at each clinic.

We have had six new admissions and two discharges from the Norfolk County Hospital this past year.

This past summer we had twenty-eight cases of Polio in Norwood, ten of which were paralytic cases. All patients referred to us from the hospitals were visited and we supervised any exercises required.

NORWOOD BOARD OF HEALTH

JAMES F. FOLEY, *Chm.*
ROY T. LYDON, M.D., *Member*

Finance Commission—LEFT TO RIGHT: Frank E. Mauritz, Andrew M. Monahan, Chairman, Frederick A. McDonough. STANDING: Bartley W. Connolly, Secretary.

REPORT OF THE FINANCE COMMISSION

To the Citizens of Norwood:

The Finance Commission was organized for the year 1955 as follows:

Andrew M. Monahan, *Chairman*
 Frank E. Mauritz
 Frederick A. McDonough

On January 1, 1955 the debt of the Town of Norwood was \$480,000.00 with maturities in 1955 of \$62,000.00.

The sum of \$377,000.00 was borrowed during the year for the following purposes:

Light Construction	\$129,000.00
Water Construction	165,000.00
Sewer Construction	83,000.00
(Authorized Nov. 9, 1954)	

In addition to the above the town is obligated to pay to the Commonwealth of Massachusetts the sum of not more than \$1,000,000.00 as its share of the cost of constructing the water main from the present Metropolitan distribution system to the Norwood Westwood town line.

After examining the request for appropriations submitted by the various departments the Commission met with Department Heads and Committees charged with the disbursement of appropriations and discussed in detail the basis for such requests.

On completion of the work of the Commission a public hearing was held prior to the Adjourned Town Meeting.

The sum of \$40,000.00 was appropriated for the Reserve Fund and transfers were made as follows:

Public Health Incidentals	\$ 575.00
Fire Department Incidentals	2,700.00
Repairs and Improvement of Town Owned Real Estate	600.00
Highway Maintenance	200.00
Water Department Maintenance	5,000.00
General Government Incidentals	200.00
Public Health Incidentals	50.00
Parks Maintenance	1,750.00
Health Personal Services	1,000.00
Police Incidentals	200.00
Civil Defense	1,200.00
Pensions and Vacations	1,100.00
Garage Maintenance and Operation	2,000.00
Morrill Memorial Library Incidentals	100.00
Maintenance of Municipal Building	
Boiler Replacement Account	5,000.00
Expense of Officials Out-of-State	200.00
Drains Construction — Upland Road to Clapboardtree Street to Everett Street	10,000.00

Expense of Officials Out-of-State	117.60
Nichols Street Curbing	560.00
Settlement of Claims — Highway Maintenance	2,650.00
Public Welfare Incidentals	1,225.00
Public Health Personal Services	1,450.00
Maintenance of Municipal Building	
Boiler Replacement Account	362.65
Town Clerk and Accountant Personal Services	302.56
Purchase of Electric Energy	441.53
Christmas Decorations	32.65
Schools Fuel	539.26
	\$39,556.25

The year of 1955 found the Town of Norwood in a difficult period. The fast-rising debt will surely reach \$2,000,000.00 within the next two years and will greatly exceed that amount within five years. It is gratifying to note that this year found the cost of materials and the cost of living on a steady level, increasing but slightly. This appears to indicate a stabilization in the cost of the Town's operation, except for any increased costs which will occur from the physical growth of the Town. It should be kept in mind that the healthy increase in valuations due to industrial and residential construction has in no way kept pace with the increasing cost of operating the town. The tax rate continues to increase at a steady rate to make up for the deficiency.

Except for needed capital improvements, the general operating budget should remain stable for a few years which is desirable during this period in which heavy debt is being assumed. We hope that all departments will cooperate in the effort to stabilize the budget.

Respectfully submitted,

ANDREW M. MONAHAN, *Chairman*

FRANK E. MAURITZ

FREDERICK A. McDONOUGH

Finance Commission

REPORT OF CIVIL DEFENSE

*The Honorable Board of Selectmen
Gentlemen:*

The Office of Civil Defense for Norwood herein submits its annual report for the year ending December 31, 1955.

The all-volunteer organization of Civil Defense for Norwood has been maintained in strength and with but few changes among the heads of the Specialized Groups, as listed below:

Director: George T. Mahoney

Deputy Director: John R. Russell

Executive Officers: John B. Kennedy

Communications Service: John Dziubaniuk

Coordination: Dr. William F. Lovell

Education and Training Officer: John J. Corcoran

Engineering Officer: William Hyland
Fire Service: Chief Alonzo Earle
Ground Observer Corps Supervisor: Winslow F. May
Identification Officer: Thomas R. Bowler
Medical and Health Service: Charles A. Richardson
Mutual Aid and Sector Coordinator: Charles L. Donahue
Plant Protection Officer: Harry F. Howard
Police Service: Chief Mark Folan
Police Service Auxiliary: Robert A. Baxter
Rescue Service: John E. Bamber
Shelter Officer: Henry J. Cronan
Technical Service: Maurice S. Baker
Transportation Service: Milo R. Bacon
Utilities Service: Albert W. Thompson
Warden Service: Stephen C. Traudt
Welfare Service: Leslie J. Latham

Civil Defense activities during the year, in addition to the regular weekly meetings of the Auxiliary Police and the Communications sections, were:

1. February 22 — Search for three lost boys — 22 men mobilized.
2. April 11 — C.D. Radio Test Emergency Alert; 15 Communications men manned radio equipment 26 hours.
3. June 16-17 — International Civil Defense exercises "Alert"; 12 Communications and Staff men.
4. August 12 — 12 men alerted for hurricane "Connie", no action required.
5. August 18-19 — 36 men, 3 women in action for hurricane "Diane".

During the year Norwood was represented at every State and Sector meeting by the Director, and/or John A. Russell, Dr. William F. Lovell, Winslow F. May, Robert A. Baxter, John Dziubaniuk.

The Civil Defense organization in Norwood exists by virtue of the Civil Defense Act, Chapter 639, Acts of 1950, Massachusetts law. This act authorizes and directs the town to establish an organization in accordance with the state civil defense plan and program which means "the preparation for and the carrying out of all emergency functions, other than the functions for which military forces other than the national guard are primarily responsible, for the purpose of minimizing and repairing injury and damage resulting from disasters caused by attack, sabotage, or other hostile action or by fire, flood, earthquake, or other natural causes; and functions shall include specifically, but without limiting the generality of the foregoing fire fighting and police services, medical and health services, rescue, engineering, and air-raid warning services, evacuation of persons from stricken areas, emergency welfare services, communications, radiological, chemical and other special weapons or defense, emergency transportation existing or properly assigned functions of plant protection, temporary restoration of public utility service and other functions."

The Civil Defense Director wishes here to thank all the members, heads of the Specialized Groups and the General Staff for the generous donations of their efforts and their time.

Respectfully submitted,

GEORGE T. MAHONEY

REPORT OF ENGINEERING DEPARTMENT

Mr. John B. Kennedy
General Manager
Norwood, Massachusetts

Dear Sir:

I herewith submit my report as Town Engineer for the year 1955.

As the Town continues to grow the work load on the Engineering Department continues to increase each year. The various housing developments require continuous service of the Town Engineers in order to maintain some sort of control over their work. All departments and special boards require engineering work and advice and these requests are so numerous that it is impossible to list them all. A brief review of the more important requests and work done are listed as follows:

Sewer Construction and Drain Construction

Plans, budget estimates, contract documents, lines and grades were furnished for the following jobs:

Sewer

West Border Road, Sewer 500' 10"
Dean Street, Sewer 398' 10"
Walpole Street, Field Line to Nichols Street 2100' 24"
Dean Street, Sewer 592' 8"
Nichols Street, Field Line to Fisher Street 790' 10"
Nichols Street, Fields Line to Berwick Place 2000' 8"
Stone Circle, Sewer 450' 8"
East Cross Street, Sewer 220' 10"
West Border Road to Nahatan Street 940' 10"
Nahatan Street, Sewer 400' 8"
Neponset Street, Sewer 250' 10"

Drain

Rosemary Street, 400' 12"
Willow Street to Railroad Drain 350' 24"
Willow Street to Railroad Drain 500' 15"
Union Street 290' 12"
Nahatan Street 175' 12"
Neponset Street 75' 12"

Water

Willow Street, water main 1200' 10"
Pleasant Street, water main 1900' 12" — 500' 8"
Dean Street, water main 1000' 12"
West Border Road, water main 960' 10"
Nahatan Street, water main 350' 10"
Nichols Street, water main 700' 12"

Approval of plans, estimates for completion bonds, inspection for sewer mains, water mains and drain mains installed by Developer and reports to Planning Board on the following:

Geraldine Drive, Kathleen Lane, David Terrace, Allandale Parkway, Ridgewood Drive, Norton Drive, Bird Road, McKinley Road, Lane Drive, Fulton Street, Jacobsen Drive, Redwood Drive, Woodlawn Road, Lawndale Road, Longwood Terrace, Westview Drive, Elda Drive, Orchard Lane, Arnold Road, Sixth Street, Audubon Road, Elmwood Drive, Hillcrest Road, Pellana Road, Churchill Drive, Lynnwood Drive, Varwood Circle, Deerfield Road, Cushing Road and Stearns Drive.

Miscellaneous Work

1. Plans and descriptions of zoning changes: Sumner St. — Union St.
2. Plans of school site at Walpole Street and Nichols Street.
3. Plans of school site on Prospect Street.
4. Locating and posting tree removal notices.
5. House locations, measurements and calculations on 500 buildings for the assessors.
6. Plotting 1955 land transfers on Assessors Plans.
7. Plans and descriptions of tax title sales.
8. Plans and staking out new burial sections at Cemetery.
9. Plotting 1955 burials on individual lot plans.
10. Estimating sewer and water connections to all new houses.
11. Pole locations on various streets.
12. Installing master meter for checking water use complaints.
13. Various reports for state agencies.
14. Attendance at various appropriation meetings relative to constructive costs.
15. Conferences and plans relative to Norwood Airport.
16. Investigations and reports on various drainage conditions.
17. Gas main locations on various streets.
18. Plotting water, sewer and drainage extensions on record plans.
19. Twenty-five plans of various intersections for traffic report.
20. Plans and descriptions of sewer assessments.
21. Parking study plans and estimates for various parking areas.
22. Plans, contract documents for Central Street Parking site.
23. Land taking plans for Talbot Lot parking site.
24. Planning Board — 40 various reports on estimates of cost, progress reports on various streets in new developments, recommendations on the various developments, new street extensions and zoning changes and approval of subdivision plans. Also bringing up to date the zoning map of the Town.
25. Westover plans, estimates and reports on various matters relative to this area.
26. Lines and grades for construction of 2200 feet of granolithic sidewalks.

The requests for engineering service still continue to increase and it is almost impossible to hire additional engineering help at the rates set up by the Town of Norwood. To induce engineers to work for a municipality it will be necessary to pay salary rates above the prevailing rates and if this is done we will have a personnel problem with those engineers now employed by the Town.

Respectfully submitted,

ALBERT W. THOMPSON

Town Engineer

Finance: Edward H. Thompson, Frances L. Blanchot, John J. Cavanaugh.

Custodians, Schoolhouses and Grounds: John F. Reynolds, Frances L. Blanchot,
C. James Cleary.

Committee Meetings

The regular meeting of the School Committee is held in the Committee room, Room 100, Junior High School Building, at eight o'clock on the third Wednesday of each month.

Superintendent of Schools

LINCOLN D. LYNCH, 21 Florence Avenue, Telephone NORwood 7-1266

The Office of the Superintendent of Schools is at the Junior High School, and is open from 8 A.M. to 5 P.M. every day, from Monday through Friday inclusive. Telephone NORwood 7-0133.

Secretary and Clerks

Elizabeth Syverson, 15 Park Street, Telephone NORwood 7-0021, Secretary to Superintendent of Schools and Clerk of School Committee.

Elvie A. Schaier, 44 Highview Street, Telephone NORwood 7-2227-R. Senior Clerk and Stenographer.

School Calendar

Friday, September 16, 1955 — 4 P.M. General Teachers Meeting.

Monday, September 19, 1955 — Regular sessions, grades Kindergarten through 12.

Wednesday, October 12, 1955 — Columbus Day.

Friday, October 28, 1955 — Teachers Convention.

Friday, November 11, 1955 — Veterans Day (Armistice Day).

Wednesday, at noon, November 23rd, November 24th, November 25th — Thanksgiving Recess.

Thursday, at noon, December 22nd, Christmas Vacation begins and schools re-open on Tuesday, January 3, 1956.

Friday, February 17th — close of day, winter vacation begins and schools re-open on Monday, February 27th.

Friday, March 30th — Good Friday.

Friday, April 13th at close of day — spring vacation begins and schools re-open Monday, April 23, 1956.

Wednesday, May 30, 1956 — Memorial Day.

Tuesday, June 12, 1956 — Graduation.

Monday, June 18, 1956 — Tentative closing of school — 180th day.

No School Signals 2-2

Repeated at 7:15 a.m. No session, kindergarten through 12th grade, all day.

Repeated at 7:30 a.m. No forenoon session, Kindergarten through 9th grade.

Repeated at 7:45 a.m. No forenoon session, Kindergarten through 6th grade.

Repeated at 12:15 p.m. No afternoon session, kindergarten through 9th grade.

Repeated at 12:30 p.m. No afternoon session, kindergarten through 6th grade.

Note: When the NO-SCHOOL signal is sounded, all street lights are illuminated, if possible, for three minues.

Radio Stations (WBZ, WEEL, WHDH, WNAC), will broadcast notices between 7 and 8 a.m. and when possible, at noon and at night.

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Norwood:

The reports of the Superintendent, Principals, and Supervisors, present vital facts related to Norwood Schools. Items which the School Committee regards reportable and not included in the aforementioned reports are submitted herewith.

Maintenance — Building

During the summer months the Senior High School was completely redecorated, a project which for some years has been under consideration. However, the cost of other "things to be done", which would seem to have priority has made it necessary to postpone until this year, this most important work. There remains to be done, complete relighting job which is being planned. Completion will not be possible, however, until new transformers are built into the Senior High School plant. This project, when completed, will make possible the completion of the installation, throughout the building of fluorescent lighting. The transformer installation will be so planned as to provide for additional electric and power loads, when it again becomes necessary to build an addition to the Senior High School.

The Junior High School building, redecorated last year, is now equipped, throughout, with fluorescent lighting fixtures, and, judging from reports from those who have been in a position to note the difference from the old lighting, the results have been most satisfactory.

Another project which, for some time, has been under consideration, has been completed — the redecoration of the interior of the Balch School all-purpose room. Here, again, the improved appearance of the whole school has had a most salutary effect upon all who have occasion to visit or to attend the school.

For several years, we have endeavored to find enough money to replace the old stoves in the Home Economics laboratories in both the Junior and Senior High Schools. This has been done this year and while in the process of completion of stove purchase and installation arrangements, a new tile floor was installed in the Foods Laboratory in the Senior High School.

Old desks and chairs are gradually being replaced in each of our schools and several thousand dollars worth of new, up-to-date classroom furniture has been purchased, some in each of the elementary and Junior High Schools.

Maintenance — Future Needs

We are planning to re-light with modern fluorescent fixtures each of the elementary schools wherein, especially on dark days, lighting appears to be poor in many classrooms.

There is much left to be done in the replacement of worn-out, old and out-of-date classroom desks and chairs.

Of the many things which were scheduled for completion this past year, one important project has yet to be completed, — the installation of hot water facilities in all of our schools, some of which are quite inadequate.

Callahan School Cafeteria

We are much pleased to report the opening of the cafeteria in the new addition to the Callahan School. Under the leadership and management of Mrs.

Timothy Connolly, the lunchroom program is most satisfactory and well patronized. In passing, it would be well to note the fact that there is yet much to be done in bringing into other elementary schools, and including the Junior High School modern lunchroom facilities.

Bleachers and Playing Field

Many thousands of dollars were expended in re-turfing the baseball diamond and gridiron this year. There is not to be forgotten the problem of adequate seating facilities during football games. The erection of a field house and permanent bleachers will soon be a "must".

Poliomyelitis

The dreadful scourge of polio struck with terrible force in all of Massachusetts this year and school opening was postponed for approximately two weeks,—in the interest of safeguarding the health of our children.

New School Housing

The reader is invited to examine carefully the charts herein contained for the purpose of appreciating the extent to which it will be necessary, immediately, to provide additional school housing facilities, especially for elementary school children. References to the Reports of the School Committee of the past few years will reveal an awareness of this need, and progress in the solution of this problem is very much a disappointment to those who have to deal with the many problems which arise from lack of adequate school housing facilities.

CHANGES IN PERSONNEL — 1955

Resignations

Mr. Lloyd Schultz, Art Teacher, Senior High School, to teach in Newton.

Mrs. Ruth Ashley, Music, Junior High School, to teach in Easton.

Mrs. Mildred Nelson, Junior High School, to stay at home.

Miss Mary E. O'Neil, Junior High School, to teach in Framingham.

Mr. Francis J. Duffy, Jr., Balch School, to teach in Watertown.

Miss Joan T. Dwane, Balch School, to teach for Armed Forces in Germany.

Miss Marilyn B. Reid, Balch School, to teach for Armed Forces in Germany.

Miss Hildegard Fickeisen, Balch School, to be married.

Miss Marie O'Rielly, Balch School, to be married.

Mrs. Dorothy Hibbard, Balch School, to teach in Hull.

Miss Carol Haynes, Callahan School, to teach in Wellesley.

Miss Janet M. Silva, Callahan School, to teach in Boston.

Mrs. Irma Diggs, Winslow School, to stay at home.

Miss Blanche Tuleja, Junior High Elementary Unit, to teach for Armed Forces.

Mrs. Winnifred L. Paine, Special Adjustment Class, to teach in Dedham.

Mr. Walter E. Lunsman, Art Supervisor, to Quincy.

Miss Elizabeth Daley, Winslow School, to be married.

Miss Muriel E. Files, Clerk, Peabody School, to work elsewhere.

Transfers

Mr. Thomas Roche, from Junior High School, to Director of Guidance and Placement.

Retirements

Mr. James H. Butler, Jr., Senior High School teacher.

Miss Ann M. Thompson, Junior High School teacher.

Miss Ruth Vance, Balch School teacher.

Appointments

Mr. John Levitsky, Art Department Senior High School.

Miss Catherine C. Dowd, Junior High School.

Miss Eleanor E. Gleeson, Junior High School.

Mr. John Monbouquette, Junior High School.

Miss Norma Guisti, Music Department, Junior High School and Elementary Schools.

Miss Margaret Frates, Junior High School.

Mr. Fred Richardson, Junior High School.

Mr. George Ronan, Junior High School.

Mrs. Viola E. White, Junior High School.

Mrs. Alice Bannon, Elementary.

Mrs. Gertrude Butler, Elementary.

Miss Mary M. Boyle, Elementary.

Miss Ann B. Kearney, Elementary.

Miss Mary Ellen O'Grady, Elementary.

Miss Joan Rand, Elementary.

Miss Adeline V. Vitiello, Elementary.

Miss Alma Montgomery, Elementary.

Miss Marcia E. Tobey, Elementary.

Miss Eileen Gallivan, Elementary.

Miss Kathleen M. Young, Elementary.

Miss Martha P. Macquarrie, Elementary.

Miss Penelope A. Kickham, Elementary.

Miss Jean F. Slattey, Elementary.

Miss Patricia F. McGuire, Elementary.

Appointments

Miss Gloria E. Innes, Special Adjustment Class.

Mr. Edward F. Worth, Elementary.

Mrs. Marion C. Godfrey, Clerk Henry O. Peabody School.

Mrs. Madlynne Connolly, Callahan Cafeteria.

Miss Margaret S. Riley, Callahan Cafeteria.

Mrs. Elizabeth Praino, Callahan Cafeteria.

Mrs. Agnes Stapleton, Callahan Cafeteria.

Mr. Joseph J. Fanning, Junior Building Custodian.

Return from Military Leave

Mr. Henry F. Fairbanks, Senior High School, September 1st, 1955.

Appreciation

We, Members of the Norwood School Committee, appreciate the willingness of the employees of the Norwood Schools in the performance, each according to his capacity to contribute, of the many and difficult tasks they have so generously undertaken.

JOHN J. CAVANAUGH
EDWARD H. THOMPSON
C. JAMES CLEARY
JOHN F. KILEY
FRANCES L. BLANCHOT
JOHN F. REYNOLDS

RESOLUTION

RUTH VANCE

We, members of the Norwood School Committee, in appreciation of the excellent service rendered our schools and our town by Miss Ruth Vance over a period of thirty-four years, extend our best wishes for continued happiness in the many years which we hope lie before you.

Mindful of the hundreds of children whom it was always her pleasure to teach and in their behalf, we convey to her the message of gratitude for her devotion to her work and to their best interests.

We trust that there are ahead for Miss Vance many years during which she may look back upon and derive much satisfaction from her excellent record as a servant of our town and its' people.

NORWOOD SCHOOL COMMITTEE

John J. Cavanaugh, *Chairman*
Edward H. Thompson
John F. Kiley
C. James Cleary
Frances L. Blanchot

RESOLUTION**ANNIE MARIE THOMPSON**

After thirty-four years of uninterrupted service in the work carried on in the public schools of Norwood, we know that you must feel that you have played a very important part in, and, contributed in no small way, to our school program.

Ever mindful of your generous, cooperative and enthusiastic spirit in your work, it is with regret that we note the departure from our service of one whom we shall long remember.

We hope that in the years to come, you will look upon this record with much satisfaction. We hope, too, that the memories of pleasant associations and work well done will enrich the enjoyment of the many years we hope lie before you.

NORWOOD SCHOOL COMMITTEE

John J. Cavanaugh, *Chairman*

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Herewith I submit my twentieth report as Superintendent of Schools. There are included in my report such statements as may well have been, but, for one reason or another, have not been made by others in the Report of the School Committee.

Gifts

The P. T. A. Council has this year contributed \$200 for the purpose of assisting in the promotion of a more enriched music program for the elementary schools. The money was pro-rated for use among each of the elementary schools, and spent, at the discretion of principals with advice from members of the Music Department.

Cafeteria — Lunchroom

It appears that, with the growth of our Town, an ever-increasing number of pupils are being transported to school by reason of distance from home to school. This gives rise to a problem which must be faced particularly, as we find it necessary to provide new school housing. It seems to me that, as a matter of planning for the future, it may be well to consider central food preparation, freezing and storage facilities as an economy well worth planning. Such arrangement will make unnecessary similar uneconomical facilities in each of the schools for which lunchroom facilities may be necessary.

Single Session vs. Double Session

At present, we have all grades from one through nine organized upon a double-session plan. It has been possible to maintain this arrangement, notwithstanding considerable pressure which has been brought to bear upon the School Committee

to reorganize upon a one-session basis. Although those who have been in favor of a single-session have much to support their plan, their argument would be weak indeed if it were not for the fact that our lunchroom facilities are extremely poor. Now, a new situation is at hand which may eventually require a single-session arrangement. Our rapidly rising enrollments, together with crowded classrooms force us to think of the single-session in a platoon arrangement.

Personally, I feel impelled to say that, aside from the administrative inconvenience of the arrangement, we must face the fact that under the "platoon" system, large groups of children will be left to their own devices for a substantial part of the day. It will not be surprising, as it has not been surprising to find, in large cities, the formation of "gang" of children moving in search of satisfying excitement which may in some cases be classed as juvenile delinquency.

Married Teachers

There is much to be said in favor of a regulation which makes it impossible to place certain married teachers "on tenure". The belief that married women should be "at home" instead of being otherwise employed, together with the conviction that, if there are teaching positions to be filled, they should be given to single women or to men, are extremely potent arguments for such regulation. However, young women who have prepared for teaching, and who are otherwise well qualified, before they are willing to accept a teaching position in any "given" Town are quite naturally looking forward to matrimony.

Many such people who may realize that matrimony is a disqualification for employment, will choose to teach elsewhere due to the fact that they may want, for one reason or another, to continue teaching following marriage. In some cases the young teacher will, immediately following employment, look for a teaching position in another community where there is no such regulation. Among communities in the Commonwealth more than 90 percent have no such regulation. We in Norwood have lost teachers of good promise, single women who have left, and for this reason alone.

It is discouraging to think of the probability that the normal young woman teacher whom you employ is immediately looking for opportunities elsewhere.

Parking — Cars — Traffic

The ever-increasing amount of automobile traffic which our streets have to bear has its impact upon the school situation.

No small part of our problem arises at the opening and closing of school sessions when automobiles of parents and teachers and buses too, are all competing for the same space. The pedestrian child is in constant danger, in and out of buses, between cars, in front of and behind them.

I am much pleased that the School Committee plans to authorize the building of semi-circular drives in front of the Callahan School, the Junior High School, and a parking lot adjacent to the Henry O. Peabody Schools. These projects, I hope, we may be able to complete during this next year.

Mental Health and Child Adjustment

To us, the essence of good education is adjustment. It cannot be achieved without sound mental health. It is encouraging to see interested people in Norwood and surrounding towns making a frontal attitude upon this problem.

Of the first steps to be taken, there is none more important than an awareness on the part of parent and teacher that mental health is important, that it can be achieved, that its absence can be observed, and that something can be done.

It is to be hoped that our teachers, principals, and supervisors will seek to improve their understanding of child behavior and that our town will respond to the appeal for the establishment of a Mental Health Clinic to be organized for the Norwood Area and located in quarters provided by the town,

Its cost will be insignificant — its value great.

Conclusion

May I take this opportunity to express to our teachers a word of welcome, to our older teachers and other co-workers a word of gratitude, and to the School Committee, a word of appreciation for the helpful support and encouragement which has been given me.

LINCOLN D. LYNCH

Superintendent of Schools

TABLE I

SCHOOL DEPARTMENT RECEIPTS

	Received 1955	Anticipated 1956
Tuition:

**REPORT OF THE PRINCIPAL
OF THE NORWOOD SENIOR HIGH SCHOOL**

I have the honor to present my tenth annual report as Principal of the Senior High School.

A Point of View

This report is written with a deep and abiding conviction regarding the truth of the following statements which are considered most pertinent and fundamental to current educational problems. The first statement is that regardless of our past accomplishments in education much more must be done in education here and elsewhere in the years immediately ahead if free society is to survive in this atomic age.

The second of these two statements is this — that only as the lay citizen in the years immediately ahead comprehends the almost limitless potentialities for social improvement inherent in the school situation can the school become more completely what society urgently needs the school to be.

The point of view constituted by these two statements, it is believed, is rather amply reflected in the report which follows.

New Honor Roll

After considerable faculty study last spring, a new plan providing for an academic honor roll was set up in the school. The purpose of this new Honor Roll quite frankly is to develop over as broad a range as possible additional motivation for classroom achievement. In these days when civilization can be described as a race between education and catastrophe, the importance to society of high achievement in the classroom is obvious.

I am happy to report that this new Honor Roll appears to be working out in an eminently satisfactory fashion. Approximately 20 per cent of the pupils in the school are currently achieving Honor Roll status. We hope that this number may increase. In the last analysis, of course, the value of the Honor Roll will depend on the degree to which parents, teachers, and students come to regard it as truly praiseworthy.

New Students' Handbook

The complexities of a modern comprehensive high school as large as ours make it essential that students be given considerable orientation if they are to adjust with understanding to the school situation. One way of accomplishing this end is through the use of a students' handbook which furnishes explanations of school procedures of particular pupil interest.

A complete revision of our Senior High School handbook was undertaken by the Student Council last year and in the Fall a sixty-four page newly-revised edition of the book was made available for all our students.

Parents and others will find much interesting information about the school in this handbook, and it is heartily commended to their attention.

Senior Year Book

Over the years the Senior Class annual has been a phase of the extracurricular life of the school particularly worthy of commendation. The production and financing of a book of this kind is a many-faceted enterprise affording learning experiences for a number of students in a variety of fields. On several occasions in the past, our yearbook has won second-place awards in National competition conducted by the Columbia Press Association.

It is now a pleasure for me to report that the Yearbook of the Class of 1955 brought new honors to the School when for the first time in our history the Senior TIOT was accorded first place in this nationwide competition.

Foreign Exchange Program

When school opened in the Fall, for the first time in the history of Norwood a foreign exchange student was enrolled in the school membership. Through the American Field Service, Miss Mirja Wahe has come to us from Oulu, Finland—to spend the year in Norwood and to attend our Senior High School that she may bring to our young people a first-hand account of life in the old world and bring back to her native country from all her experiences here a more accurate understanding of American democracy in action.

Several local organizations and many individuals in the community have assisted financially and otherwise in setting the stage for the mutual lessons of international friendship and understanding made possible by such an arrangement. No one has made a greater contribution than have Mr. and Mrs. Herbert L. Newman who volunteered to act as Mirja's foster parents in Norwood for the year.

To the Newman family and to all others who have assisted in any way we are grateful.

At present plans are underway both to implement through the American Field Service a reciprocal arrangement under which a Norwood student may study for the summer in a European country and to finance a continuation of the winter program under which Mirja came to us this year.

Our School Library

During the year we have been able to increase to a considerable extent the number of books in our school library. Yet even with these welcome additions the influence of the school library on our school life is far below acceptable standards.

It is to be regretted that the values which might be derived from a well-equipped school library, with separate reference shelves for different subjects and classes, open in the afternoon for use by students, and most important of all promoted as a functional part of the school by a well-trained and competent librarian, are in great measure being lost to our young people today.

In this connection reference may be made to a recent decision of the New England Association of Colleges and Secondary Schools of which Norwood Senior High School is currently a member. This decision makes it mandatory for each member school to undergo a process of complete evaluation as a requirement for

continuing membership in the association. One of the requirements necessary for a favorable appraisal by the visiting committee in connection with this evaluation is that in a school of our size there be a well-equipped functioning library with a full-time school librarian.

We are not less than appreciative of the many physical improvements which have been made in the senior high school building during the recent past. Yet with all we are hopeful that these important library specifications requisite for maximum instructional accomplishment in the school may soon be made available for our young people.

Remedial Reading

We have a group of young people in the school who need special help in reading and who through their regular English classes can at present receive less than adequate assistance in the direction of correcting their deficiencies. It is believed that a course in Remedial Reading should be reestablished at the Senior High School—on a more extensive basis than heretofore.

Needed is a trained remedial reading teacher who may be available to us during our noon activities period every day in the week. This would make possible a frontal attack on this reading problem without interfering with regularly scheduled classes and under conditions which would justify the expectation of substantial success.

Parent-Teacher Association

One of the most satisfying aspects of the year has been the cooperation and support accorded the school at every turn by our Senior High School Parent-Teacher Association. Mutual understandings have developed from this organization which are beyond value in promoting the purposes of the school. It is on this account that we believe that every Senior High School parent should be a member of our Parent-Teacher Association. Such membership offers an unparalleled opportunity for citizens to learn at first hand what the school is attempting to do, the degree to which it is fulfilling its purposes, and the factors which operate to limit and condition its accomplishments. Indeed if the better tomorrow envisioned for our young people is to be more than a fond dream—parents and teachers who share the dream must work together to translate it into reality.

Enrollment

In these days when the rising tide of secondary school enrollment is of nationwide concern, it is believed that citizens will find our own enrollment picture of particular interest. Two tables of statistics are given below to afford bases for comparison with earlier reports and to make possible certain predictions.

TABLE #1
Enrollment (as of October 1, 1955)

	Boys	Girls	Totals	
<i>12th grade</i>				
High School	73	68	141	
Boys' Vocational School	9		9	150

<i>11 grade</i>				
High School	107	88	195	
Boys' Vocational School	8		8	203
<i>10th grade</i>				
High School	107	117	224	
Boys' Vocational School	13		13	237
<i>9th grade</i>				
Boys' Vocational School	3		3	3
Totals	320	273		593

TABLE #2**Estimated Enrollment (as of October 1, 1956)**

Seniors	166
Juniors	210
Sophomores	230
Boys' Vocational School	32
Total	638

A comparison of Table #1 and Table #2 above indicates that next October we shall have at the Senior High School in the neighborhood of sixty more students than were enrolled in October 1955. Since all our teachers are currently carrying full teaching loads, the implication with regard to staff is obvious.

Enrollment — Capacity — New Building Needs

In 1933, 745 students were housed in the present Senior High School—the largest enrollment since the building was constructed in 1926. It will be remembered by some that this enrollment taxed to the utmost the instructional space available at the time. In calculating the present capacity, it should also be understood that currently two senior high school classrooms are being used by the Peabody School. Under the circumstances the top enrollment capacity of the Senior High School should now be represented by a figure not larger than 700.

As indicated in Table #2 above our estimated enrollment for October 1956 is 638 students. This number can be accommodated in our present instructional space. However, the estimated enrollment for October 1957 is 735, and for October 1958 the estimated enrollment is 805. This means that additional instructional space will be imperatively needed when school opens in the fall of 1957.

Personnel changes

The year has seen several major personnel changes. In June James H. Butler was granted retirement because of ill health. Mr. Butler had been a member of the Senior High School faculty in the Social Science Department since 1931. A life-long and proud resident of Norwood, a veteran of both World War I and World War II, Mr. Butler brought to his classes a keen interest in world affairs that fitted him ideally for his chosen work. Following Mr. Butler's retirement, Mr. D. Vincent Kenefick's request that he be assigned to full time instructional duties

was granted. Since 1946, in addition to teaching Social Studies, Mr. Kenefick had ably served as Guidance Director in the school. In August, Thomas J. Roche was transferred from the Norwood Junior High School to take over the duties of Guidance Director. Mr. Roche is also teaching classes in Biology and Chemistry. Henry F. Fairbanks returned to his teaching duties in September 1955 after an interval of thirteen years. Mr. Fairbanks had been on military and extended leave of absence since 1943. During the summer, Lloyd F. Schultz, Art instructor at the school, resigned to teach elsewhere. John Levitsky was appointed to the position made vacant by Mr. Schultz's resignation. Mr. Levitsky comes to us from the schools of Willimantic, Connecticut.

In Conclusion

I wish to thank Superintendent Lynch, School Committee members, and all others who have aided in so many ways during the year in a continuing community effort to give Norwood's young people the best in Senior High School Education.

As usual my report will end with a list of those who received special honors at the 1955 graduation exercises and with a reproduction of the program followed on that occasion.

GRADUATION EXERCISES OF NORWOOD HIGH SCHOOL

Class of 1955

Tuesday Evening, June 14, 1955

Junior High School Gymnasium

Program

PROCESSIONAL — "Pomp and Circumstance" *Edward Elgar*
 High School Orchestra

INVOCATION Rev. Allen Keedy, Pastor First Congregational Church

"America, Our Heritage" *Helen Steele*
 Chorus and Orchestra
arr. Hawley Ades

High towering mountains,
 Fields gold with grain,
 Rich fertile farmlands,
 Flocks on the plain
 Homes blest with peace, with love, without fears,
 This is the heritage we've kept through the years.
 Stout hearts and true,
 Hold fast what is ours;
 God give us courage through darkest hours;
 God give us strength
 And guide with Thy Hand
 America, Our heritage
 Our homeland.
 Wide rolling prairies, lakes, deep and broad,
 Canyons majestic fashioned by God;
 Life lived in peace, contented and free;
 This is the heritage forever to be.

ADDRESS

Daniel H. O'Leary, Ph.D.
 President, State Teachers College
 Lowell, Massachusetts

"Onward, Ye Peoples!" *Jean Sibelius*

Chorus and Orchestra
arr. Channing Lefebvre

Onward, ye peoples, strive for the light!
 The Light that the Lord hath given us for our guide;
 Who through murk and darkness of night
 Hath led us in safety unto our reward.
 See how the fiery pillar is gleaming,
 Lighting our steps, when dark is the way.
 And the Light of the World

It cleaveth the gloomy blackness of night that
 else would engulf us.
 See the cloudy pillar to shield us safe when
 the sun would blister us.
 Then forward where faith revealeth the way!
 For God is our guide, and He will never fail.

**REPORT OF THE PRINCIPAL OF THE
NORWOOD JUNIOR HIGH SCHOOL**

I herewith submit my sixteenth annual report as principal of the Norwood Junior High School.

Our teachers have concerned themselves, beyond their classroom duties, with developing their philosophy in teaching so that there can be agreement within the faculty in regard to principles and aims for the education of the early adolescent. Not only is this review and clarification of philosophy and aims helpful to our excellent staff of experienced teachers, but it will prove invaluable to the new members of our staff. It is also a necessary preliminary step in a review of curriculum, which will be undertaken next by our faculty.

In this school, where changes in the teaching staff have not been a major factor in the past, eight new teachers have been added this year. We have, in general, been fortunate in the selection of our new teachers, especially in view of the fact that salaries in our town are only at the midpoint of salaries paid throughout the state. Such a large group added to our faculty does, however, present a challenge to the principal to find time for effective supervision and guidance, especially for those who have had little or no experience.

While this school has shown an increase in enrollment, the classes have not been increased to the point where they are too big for effective teaching. Because of lack of space, however, our ninth grade sections next year must become larger. This condition will remain with us for a long time if provision is not made for the elementary pupils who now attend school in the junior high school building.

Our "temporary" housing of a full elementary unit is now in its fourth year. Like so many expedients, it may become a permanent fixture in this school, even though I have yet to hear any local comment, whether by educators or otherwise, approving the continuance of this arrangement, except on a basis of temporary expediency. More than 900 pupils now attend the combined junior high and elementary units in our building. When the junior high schools shown an increased enrollment next year of nearly 100 pupils, something drastic must happen. Either elementary pupils will be transferred to already crowded elementary schools, or we shall have to increase class sizes in grade nine, where our enrollment will be heaviest, to a point which is undesirable, particularly in this grade where proper choice of curriculum is extremely important to the success of the pupil.

Because future enrollment must be provided for, I have been concerned with the downward revision of the Committee of Nine's estimate of junior high school population for the next few years. Their figures, presented to a town meeting in April, 1953, appear to me to be more nearly correct than their revised lower totals presented to a town meeting in June, 1955. In early December, 1955, their higher 1953 estimate of 697 pupils to be enrolled in Norwood Junior High School proved to be exact, although before the end of the month the enrollment had passed the 700 mark. The Committee's higher figure, presented in 1953, predicted 767 pupils in the three junior high school grades for the school year beginning in September, 1956, and this figure will not fall far short of our actual enrollment next fall. With new residential building throughout the town, and the consequent enrollment of more pupils, the estimates on enrollment in this school will undoubtedly surpass even the larger totals of the Committee of Nine's 1953 report.

When the addition to Norwood Junior High School is a reality, the several needs which exist in our building will be met. It may, therefore, be somewhat beside the point to mention that our music facilities are inadequate, especially for the band, and that the visual aids program has suffered for lack of space. The lunchroom, even for space, is inadequate and proper facilities for a cafeteria do not exist. Since assurance has been given that the new addition will be for junior high school purposes, these and other inadequacies will be remedied.

I again take this opportunity to thank you, Mr. Lynch, as well as our School Committee, for your continuing interest and support.

JOHN J. CORCORAN

Principal

**REPORT OF THE DIRECTOR OF THE
HENRY O. PEABODY SCHOOL**

I hereby submit the fourteenth annual report for the Henry O. Peabody School for Girls.

An evaluation of the Peabody School program in terms of need and performance over the past fourteen years shows increased acceptance throughout this community and our neighboring towns. Many factors contribute to our growth and progress—one of the more important of which is a fine working relationship with guidance directors. This has resulted in a general awareness of the exceptional advantages offered by the Peabody School.

Guidance directors are becoming familiar with our philosophy and are more selective in the choice of students whom they recommend. With increasing secondary school enrollments, this co-operation from neighboring schools will be of great value to us in our screening process. An upgrading of those we serve has come about through a fuller realization of the purpose of this type of training, and applications are already on file in some departments for students to enter the school in September of 1956.

The success of our graduates is also a major factor which influences our growth, and the school placement service has become well known through their job performance. The advertising program which has been continued this year is helpful in presenting the over-all picture of our school over a wider area. We note a sense of satisfaction and a feeling of stability derived from our progress over the years which gives promise of an interesting future.

Our policy of accepting the more mature student, the senior or recent high school graduate, was put into effect this year, resulting in a larger number of serious-minded students seeking specific training in the fields of their choice. However, when the enrollment warrants, we do accept students for grades ten and eleven if we feel they can profit by the training given. Boys are still being accepted in the Commercial goods program, since there is great demand for young men in this field. Three of our 1955 young men graduates are now employed full time as bakers and range cooks at the Canton Hospital School.

ENROLLMENT AND PLACEMENT BY COURSES

January 1955 — December 1955

Course	Total Enrollment	Non Residents			Gr.			Total	Left	S.H.S. Diploma & Cert.	Cert.
		10	11	12	13	14	15				
Beauty Culture	66	0	11	5	19			35	4	6	21
Business	42	0	0	16	8			24	2	10	6
Dressmaking	39	9	10	6	4			29	5	5	0
Foods	84	20	26	18	4			68	4	12	0
Total	231	29	47	45	35			156	15	33	27

JOB PLACEMENTS:

REASONS FOR LEAVING SCHOOL:

Beauty Culture	27	Transferred to High School	2
Business	16	Went to work	8
Foods	12	Moved to another town	2
		Illness	2
		Married	1

GEOGRAPHICAL DISTRIBUTION OF ENROLLMENT

Abington, 3; Attleboro, 14; Brockton, 1; Braintree, 1; Canton, 7; Dedham, 6; Duxbury, 2; Easton, 2; Foxboro, 4; Franklin, 7; Holbrook, 2; Mansfield, 2; Medfield, 4; Natick, 2; Needham, 5; Norfolk, 5; Norton, 1; Norwood, 119; Quincy, 1; Randolph, 5; Rockland, 1; Scituate, 2; Somerset, 1; So. Westport, 1; Stoughton, 7; Walpole, 9; Westwood, 7; Weymouth, 4; Wrentham, 6.

The capacity enrollment of last year has been sustained in the Beauty Culture and Foods Departments. The Business Department has doubled its enrollment, taxing present facilities to capacity. This department has continued to present the advanced work in shorthand, transcription, and business machines to those Norwood Senior High School students who elect this training on a part-time basis, despite the increase in numbers of its full-time pupils. With expanded physical facilities and an additional teacher, I believe the Business Department will be ready to meet the challenge of the industrial development now taking place in Norwood and vicinity. Businessmen know that we are here and recognize the quality of our training.

The Dressmaking Department is operating satisfactorily. With more emphasis on fashion and clothing manufacturing, we hope to build up this department. Interest in our advanced group this year is high, with all students doing a superior type of work. One of our dressmaking pupils is preparing for admission to the New York Fashion Institute of Technology following her graduation in June.

The following is an excerpt from the annual report of the Massachusetts Department of Education, Vocational Division:

"It has been gratifying to note the satisfactory outcome of the special effort which has been made to strengthen public relations through first-hand contact with guidance directors, school administrators, parents, and others. Pupils with more ability, and more serious in purpose and interest, have been enrolled this year."

"The school responded to the increased interest in Hairdressing by the employment of a second Hairdressing instructor."

"This school has continued its effort to place the graduate in superior type of related employment."

"Teaching organization and teachers recommended for approval."

List of Graduates — Henry O. Peabody School — 1955

BEAUTY CULTURE

Nancy Bosworth	Barbara Holt
Elaine Canney	Viola MacLeod
Nancy Carlson	Paul Papasodero
Shirley Caruolo	Janet Peterson
Gail Conroy	Marie Porazzo
Claudette Dorothy	Lucille Sloan
Claire Doucette	June Tripp
Ada Eagles	Nancy Walsh
Catherine Esper	Marjorie Weldon
Avis Fahey	Fay Weston
Barbara Garvin	Carol Williams
Marjorie Gross	Loretta Young
Barbara Hodges	Karolyn Youngdahl

BUSINESS

Janice Baker	Joyce Luce
Mary Benoit	Marion Masce
Elizabeth Chervenak	Nancy McDargh
Irene Falconer	Eleanor Parkinson
Dorothy Folan	Nancy Perna
Mildred Giampietro	Pauline Rhoads
Nadine Greenwood	Louise Sawyer
Grace Guiod	Constance Thomashay

DRESSMAKING

Mary Diamond	Joyce Terren
Joyce Kleinberg	Virginia Wagner
Mabel Sherman	

FOODS

Sally Beyer	John Kelter
Bette Chisholm	Dorothy Petts
Katherine DeGazio	Fred Reed
Jennie DiCicco	Ruth Randig
Dorothy Eklund	Carol Schiller
John Gnecco	Elizabeth Smith

We have had another successful evening school program this year and are serving almost exclusively Norwood residents. Emphasis continues on dressmaking as the demand seems greatest in that area.

Because of the wide interest evidenced in a beginning typewriting program, the Norwood School Committee voted to organize such a class this year. Registration was nearly three times our actual capacity. All applications were carefully studied, and a group of twenty-five adult students were accepted for the initial class. This class meets for two hours twice a week for a period of eighteen weeks. We are pleased with the enthusiastic reception the students have given the course, as well as with their fine progress.

Other evening school courses have been requested, but in the light of practicability and available physical facilities, we still must choose in favor of those now being offered.

A quotation from the annual report of the Massachusetts Department of Education, Vocational Division, concerning the Evening School program follows:

"In spite of the weather and illness, the membership in the Norwood Practical Art Program continued above the minimum required."

"Excellent work was accomplished in all classes, particularly in the Advanced Clothing. As in other years, more and more younger women took advantage of the opportunities offered. The course in Children's clothing was particularly helpful to them and served as an excellent means of assisting the family budget."

"Interest in Decorated Ware seems to have subsided which is understandable, since it has been carried on in Norwood for approximately nine years."

"Teaching organization and teachers recommended for approval."

Mrs. Eva D'Alu, a substitute teacher in the Beauty Culture Department last year, was appointed a full-time teacher this year. Increased enrollment in the department necessitated the employment of a second teacher.

In June, 1955, Miss Muriel Files, our school secretary, transferred to the Town Treasurer's Office. Mrs. Marion Godfrey was appointed to the position November 1.

In closing, I should like to express my appreciation for the co-operation and enthusiasm of a very fine faculty—the spirit behind our growing school. I also wish to thank the Superintendent of Schools for his helpfulness and leadership and all others whose loyal support continues to promote this educational program for our community.

BLANCHE M. KINGSBURY

Director

REPORT OF THE VOCATIONAL-INDUSTRIAL ARTS DEPARTMENT

I herewith submit my annual report as director of the Vocational-Industrial Arts Department.

Last fall the Boys' Vocational School accepted more students than the capacity enrollment would allow. To take care of this increase an appreciable adjustment was made so that no student was forced to be placed on a waiting list. Immediately after school opened the director received many more requests for admittance, but these had to be deferred until the following year. Many of these requests came from parents in nearby communities.

For a one unit school in its twelfth year of operation, the enrollment has never gone below the maximum number that the school could handle efficiently. We accepted applications of a few students who did not have sufficient maturity for trade training, which gave them an opportunity to find themselves through vocational training. By this training, some skills, understandings, attitudes, and working habits necessary for progress in future employment were emphasized. This move was justifiable as it kept these students profitably occupied and prevented them from leaving school, which they most likely would have done.

With increased numbers applying each year for admission, it is now felt that a more rigid means of selection should be established, to better serve those students who show a reasonable promise of ability and an honest intention to profit from our program.

The State Department of Vocational Education has once again suggested that our related subjects program be reorganized. The use of regular high school teachers for these subjects, who have not had previous training in any given trade, seems to create a question as to whether certain requirements have been met to merit reimbursement through federal funds. I believe the assignment of a trained vocational teacher would eliminate any possibility of further doubt in this regard.

In June four boys were graduated—a small group but an ambitious one. Three are gainfully employed, unfortunately not in the trade for which they trained. One boy who showed exceptional ability as a tradesman and teacher during his three-year training period was accepted by the State Teachers College in Fitchburg. He is the second boy from our school to be accepted by the college.

Our out-of-town students represent approximately one-third of the school's enrollment. We have three boys from Canton, two from Walpole, and one each from Dedham, Wrentham, Franklin, and West Medway. It is a pleasure to have these boys with us, as their attendance record has been nearly perfect, in spite of the distance and transportation problems involved.

The vocational shop maintained a rather busy year in construction of projects. Many projects for the elementary school program were requested and made to the necessary specifications. Christmas cut-outs were made for the town's decorations, and many outside orders were accepted and completed. All work sold to customers was commendable and highly satisfactory.

Recently the State Department of Vocational Education issued a "Safety Inspection Sheet", prepared jointly by the American Vocational Association and the National Safety Council. They urge the school to make an immediate survey of conditions by the methods indicated. This step was taken primarily as an additional safeguard for the pupils of our school. Our accident record has been satisfactory, and records show that the shop's safety program conducted in past years has provided adequate protection for our students.

INDUSTRIAL ARTS

As a phase of general education, Industrial Arts in the Junior High School supports and fulfills many of the fundamental concepts that develop a greater understanding of the significance of industry in the world today. Its primary purpose is to familiarize students with the tools, products, processes, and occupations of industry, and to enrich the experiences of these young people at an important stage in their school life.

Over the years, the course in Industrial Arts has offered a program of activities and work experiences, which has given boys an opportunity to learn many skills, combined with a knowledge of the operation of certain machines used in industry, particularly printing, sheet metal, and machine shop practice.

Another phase of the Industrial Arts program offered to the ninth grade and all students in the Senior High School was the course in Mechanical Drawing. Since most high school students must use some basic principles of drafting from time to time, this is an essential subject. The large group of students who elected the subject last fall, either as a major (five times a week), or as a minor (two or three times a week), have begun to realize that today we live in an environment dominated by industrial influence. These influences are especially significant because drafting is the universal medium of communication, making possible the production of all goods. With this in mind, all drafting classes were very much interested groups, and their accomplishments reflect that interest.

The redecoration of the class room just before school opened in September provided a most pleasing atmosphere in which to work. The color scheme is pleasing

to the eye, and the drawing benches, painted to harmonize with the wall coloring, presents a work area comparable to any modern school of today. The drawing benches are thirty-seven years old, but are in excellent condition despite their age.

IN CONCLUSION

I believe that 1955 showed a very busy and productive school year. It is my privilege at this time to express my sincere gratitude to those who cooperated so faithfully and advised me in all matters pertaining to the school.

CLIFFORD H. WHEELER

Director

REPORT OF THE DIRECTOR OF GUIDANCE AND PLACEMENT

I herewith submit my first annual report as Director of Guidance and Placement for the Norwood Schools.

The first few weeks following our appointment were spent in orienting ourselves to the local picture. Since school started late we were able to organize the physical aspects of our office which had been left in disarray by the painters. Much time was spent in perusing the files in an attempt to make ourselves ready to be of service from the first day of classes.

During the first few weeks of class we were primarily concerned with the problems of program change. This task was one that we could not enter into with pleasure for several reasons. The primary reason was that all program cards were made out in the spring and were approved by parents; therefore, there should be little need for changes in the fall.

To us it seems reasonable that the programs organized in the spring for the following year are given much time and thought by the counselors, Principal, and parents. Why should it be necessary then to make more than one hundred changes during the fall weeks. It is our intention next year to request the personal visit of a parent whenever any change in program is requested after school opens in September.

On October eighteenth we had Mr. John McCarthy of Boston University administer the vocational battery to all of our junior class. This as you probably know, took an entire school day.

The corrected and analyzed tests were returned to the guidance office shortly before Thanksgiving. Since that time we have done much studying and counseling on them. We hope to have interviewed all of the students tested by the end of January.

On the basis of the studies on these tests we have requested that a competent remedial reading teacher undertake an extensive program of work with the group of poor readers now in our midst.

We wish to state here that our juniors and seniors, according to these test results, are the equal of any other eleventh or twelfth grade group in New England.

We are cognizant of the fact that our office requires far more of us than that which we now do. It is our intention to slowly broaden our scope of action until we have a thoroughly unified program through all twelve grades.

Further, it is our intention to have office hours from 7-9 P.M. on Wednesdays, starting January eleventh. It is hoped that we will be able at that time to offer counsel and aid to those of our own town whom we can serve best at no other hour of the day.

We hope to make the placement services of this office function as well as did those of our predecessor. It is our desire that all employers of Norwood be so kind as to call us whenever there is need of help, even though it be only temporary.

At this time we do not have an active file on alumni who might be desirous of aid in placement. We plan to ask their help in organizing such a file.

We have been gathering information on scholarships available to Norwood students. It is our hope, again, that such information will be in usable form in the near future.

At this time we would like to publicly thank Mr. Hayden for his help and patience during this organizational period. Further, we are greatly indebted to Miss Ryan who has been invaluable as a friend and aid. She has given us considerable of her time though her own schedule is so very full.

I wish also to thank the School Committee and Superintendent for their expression of confidence in me by this appointment.

THOMAS J. ROCHE

REPORT OF THE DIRECTOR OF ATHLETICS AND PHYSICAL EDUCATION

The Report of Athletics and the Physical Education Department for the year ending December 31, 1955, is respectfully submitted.

Introduction

Education in America has a responsibility, as have other great social institutions, to help boys and girls live effectively in a democratic society. Education, dedicated to the democratic ideals of this society must provide —

An opportunity to deal honestly and realistically with problems which come within the experience of boys and girls and within the experience of teachers.

A program rich in knowledge, skills, techniques, and understandings in all areas of life.

An opportunity to recognize and deal effectively with needs and purposes of boys and girls.

An opportunity to translate ideals of democratic society into everyday living and teaching.

Physical education has the same responsibilities and the same objectives as education in general. It is that area of education which, because it deals with the body in action, in movement, has for one of its major aims the development of the more sensitive control of this instrument for more effective functioning. It is significantly that area which deals constantly and continuously with the individual in his most dynamic learning, for he moves, sees, thinks, feels at once in situations of social and democratic import.

An opportunity for the promotion of vigorous normal growth through a wide range of large motor activities such as natural activities of daily life, free and individual play, games and sports, dance, athletics, self-testing activities, relaxation and rest, remedial and adapted activities, co-educational and co-recreational activities, trips, and parties.

An opportunity for the development of sound attitudes, habits, and knowledge of wholesome living.

An opportunity to develop interest, joy, and satisfaction in many skills, and these skills in terms of sports, dance and recreational activities now and which will continue in the mature use of leisure time.

Physical Education Program

Senior High School — Boys

An integrated program of physical education that included calisthenics, group correctives, apparatus, badminton, marching, and some posture work.

The athletic program consisted of the following sports:

Varsity football	Outdoor track
Junior varsity football	Golf
Varsity Basketball — Boys and Girls	Varsity baseball
Junior varsity basketball	Junior varsity baseball
Hockey	Tennis — Boys and Girls

The varsity basketball team played fourteen games with teams in the Bay State League. Our team was made up of boys with very little varsity experience, and it showed in our early games. As the season continued and the boys got more experience, they proved they could play a real good game. We ended the season by winning six games and losing eight.

The junior varsity also played a fourteen-game schedule with junior varsity teams in the Bay State League. The junior varsity was coached by William Walsh, a former Norwood High School player.

Hockey under the supervision of Mr. Leonard Ceglarski held practice sessions at the Boston Skating Club, Boston Arena, and, when outdoor ice was available, at Petty's Pond. They enjoyed one of the finest seasons, winning four games. We have many boys coming back, and the hockey outlook for 1955-1956 looks very bright.

Boys' Tennis, under the supervision of Mr. Lloyd Schultz, held matches with teams in the Bay State League. This was the first year that our team competed in the Bay State Tennis League. The competition was very keen, and the boys enjoyed a fine season.

Mr. Galvani, the track coach, greeted over forty boys on opening day. The boys gave a good account of themselves. We had several outstanding boys who will help the track team in 1956. Matches were held with teams in the Bay State League, and the Massachusetts State Relays were held at the University of Massachusetts.

The Varsity baseball team enjoyed a very successful season, winning nine games while losing four.

The junior varsity team was coached by Mr. John Riordan. A fourteen-game schedule was played. They had a very fine record.

The golf team, coached by Mr. Everett Learnard, competed as in the past in the Norfolk County Interscholastic Golf League. This League is made up of the following schools: Norwood, Needham, Walpole, Dedham, North Quincy, Quincy, and Hingham. Matches were held at the Norfolk Golf Club and the Ponkapoag Golf Club.

On the first day of September, the coaches greeted over sixty boys who reported for football. This was one of the most inexperienced group of boys that we have ever had. We did not have a single letterman on the entire squad. The coaches realized that we had this type of group and that this was to be a "building" year. I must say we had a very willing group of boys who showed real spirit and a great deal of courage. This season was very unusual. First we had a polio scare, and we were forced to have light workouts instead of our heavy drills, and secondly, we had a very rainy season. We played as many games on Monday as we could and cancelled two games, one with Milton, the other, with Stoughton. Our season's record was three wins and four losses. We again beat Dedham for the fifth straight year 12-6.

My assistant coaches, Frank Galvani, Thomas Roche, and John Doyle, played a very important part in our team play.

The Junior varsity played six games, winning four and losing two.

The Lion's Club of Norwood donated a Whirlpool bath to the athletic teams. This piece of equipment proved very valuable to the football team this year, and I feel it will be very helpful to us in years to come. I am very grateful to the Lion's Club for this gift.

As I have mentioned many times in the past, we need ninth-grade football if we are to win our share of football games. Every school that we play has a well-organized football program in the ninth grade. There are some schools that have organized football below the ninth grade. I feel this is a must if we are to continue playing the teams that we do. I feel that our boys are placed at a disadvantage every time they play a team which has had Junior High School football experience.

Senior High — Girls

This program under the supervision of Miss Erna Kiley includes corrective exercises, apparatus, badminton, marching, dancing, games, and group posture work.

The after-school athletic program consists of basketball, archery, badminton, and tennis.

The girls' basketball team played a schedule of five games with teams from neighboring towns. The intramural program was run before and after the regular basketball schedule.

Girls tennis, under the supervision of Miss Ruth Johngren enjoyed a fine season. They held matches with teams from neighboring towns.

Health and Hygiene Education

Health education classes are organized in the sophomore classes for boys and girls, while classes in hygiene are given weekly to High School seniors.

The general objectives of the health program are: To improve the general condition of the individual so that he may function normally, avoid disease,

and fit himself for his life work, and to develop in the pupils an interest in good body mechanics through self-appraisal and group judgment.

Junior High School — Girls

The Girls Physical Education Department, under the direction of Miss Ellen Gifford, consists of corrective exercises, apparatus, marching, dancing, hiking, games, and posture work.

An extensive after-school program is carried out in games such as tennis, tenniquoit, volley ball, archery, badminton, and basketball and soft ball.

Junior High School — Boys

The program under the supervision of Mr. John Dixon consists of calisthenics, marching, apparatus, health hints, group games, social dancing, and a sports club.

The Athletic program consists of the following: Varsity basketball, baseball, hockey, intramural basketball, baseball, and touch football.

I sincerely thank the Superintendent of Schools, School Committee, Principal, faculty, and Physical Education Department for their splendid cooperation and assistance this past year in aiding me to realize the aims and objectives of our physical education program.

ORLANDO M. SCAFATI

Director of Athletics and Physical Education

REPORT OF HOME ECONOMICS EDUCATION

I herewith submit my report on Home Economics Education in the Norwood Public Schools for the year ending December 31, 1955.

In Norwood, Instruction in Homemaking Education is given in Junior and Senior High Schools, as a requirement in Grades VII and VIII, Junior High and Grade XI (Youth Problems) Senior High School. Additional courses may be elected in Grades IX, X, XI and XII.

The primary function of Homemaking Education is to improve the individual, the home and family life. All other objectives are subordinate to this over-all function. To achieve these goals our Home Economics program is based upon the solution of real life problems in the area of homemaking and personal living. We try to live and grow with our pupils and trust that we are guiding them toward useful, successful and happy living.

Home Economics teaching has come a long way from the early sewing lessons to the family-centered program of today. We have come out of dark basement food laboratories to sunny and homelike unit kitchens, modern apartments, even whole suites of rooms housed in separate wings; from drab, uninspiring, colorless laboratories to gaily decorated, colorful, informal homelike atmospheres which contribute so much to effective teaching. We have advanced from sewing perfection on 5" samplers to the stage where the adolescent now gains satisfaction from her sewing experience — an attractive garment that fits, is suited to her type and figure — something she will wear with pride and satisfaction. No longer do we limit or confine ourselves to problems of Food, Clothing and Shelter for we have now shifted from a subject-organized curriculum to a family-centered one where we live with our pupils as we teach.

Typical of the changes we have been called upon to make in practical phases of our teaching is the change caused by the swing from formal table service to the present informal table-cooking now in general practice. Now we have the many convenient gadgets and electrical appliances for cooking, warming or serving right at the table. Room arrangements have changed to include television and the viewing groups of the household. These are but illustrations of the continuous adjustments to be made in all areas of homemaking teaching as we reorganize our teaching methods and materials.

To assist us in these modern, fast-moving times we have a wide variety of teaching resources available; viz: visual aids to help vitalize our teaching; radio, television, newspapers, magazines, attractive books, bulletins, cartoons; washing machines, steam irons, freezers, pressure cookers, electric appliances of all kinds, etc. In the midst of all this progress our problem and responsibility remains to select the most effective methods and pertinent material.

Good homemaking instruction today is progressive, up-to-date and consists no more in keeping the house clean than in making the hearts happy. We must include such experiences as will help the pupil to get along with people and give him poise and social grace in this social world. So many people have an amazing lack of knowledge of social amenities and obligations. In this area we are trying to set up standards which will bring about an appreciation of values, hoping to improve attitudes and steer thinking into the right channels.

The primary need for Home Economics anywhere and everywhere is greater national understanding of the deep purpose of Home Economics Education and recognition of its far-reaching import insofar as real homemaking is concerned. My ambition and wish for Home Economics in Norwood would be to see continuous learning experiences in family-life education from kindergarten through Senior High School, including boys as well as girls in such a program. Also, I would like to transform and rejuvenate our Family Living room at Senior High and our Laundry or all-purpose room at Junior High.

We are much pleased with a new set of gas ranges in our Foods Laboratory at Junior High School. Very soon we expect the replacement of gas and electric ranges at Senior High and also to add a new plastic tile floor to our Food Laboratory there. Everyone concerned is very happy about these changes to modern equipment which will make our rooms most attractive, together with our freshly decorated walls and furniture. It will be an inspiration to both pupils and teachers to carry on our work in such pleasant surroundings.

Our Senior High School Cafeteria opened this year with new stainless steel refrigerated lowerators for dispensing milk. Thus the efficiency in storing and handling the individual milk cartons has been increased and the milk is now served cold and appetizing. In the Cafeteria all sales including milk have increased and we now find ourselves taxed to capacity for storage space as well as freezer space for frozen foods. Apparently pupils appreciate more and more the excellent values they receive at low cost. To help handle the increased patronage we have added a part-time helper to our regular force of Cafeteria workers.

Miss Margaret Frates has been a member of our Home Economics teaching force since September, 1955 and we are glad to welcome her to our department.

All pupils in the Home Economics department have helped on the many occasions where their particular training and creative ability has been needed. The Gracious Living class at Senior High School are to be commended particularly for their major undertaking—the decoration of the whole building at Christmas-time. Pupils from our Major Home Economics classes served a special luncheon to a student council group who had as guests several exchange pupils from foreign countries. Among other things they have planned, decorated, prepared refreshments and served at several social functions, including the Sophomore party, Junior and Senior Proms and Class Day.

We are indebted to the Norwood Mother's Club for their generosity and cooperation in providing an award for excellence in Home Economics at graduation. We sincerely express our gratitude for this stimulation to better effort.

May I take this opportunity to thank administrators and co-workers and all who have participated in the work of this department for the cooperation which has made this year one full of accomplishment, success and happiness.

AGNES M. BRIDGES

Supervisor of Home Economics Education

REPORT OF THE DIRECTOR OF MUSIC

It gives me great pleasure to present my third annual report as Director of Music in the Norwood Public Schools.

There is music for every occasion in life, whether it be the common everyday routine or the stately pomp of festive holidays. This concept is carried out in the program of music throughout our system. For evidence of this one only has to step into a grade school class room for a moment, or visit a band, orchestra, or chorus rehearsal. We are striving to give a well balanced program that will have much carry-over in it— one that will go hand-in-hand with the individual for the rest of his or her life.

Our music program closely follows the seven basic objectives of education established by the National Education Association several years ago. These objectives are:

1. Music Study Contributes To Health.

Our entire program requires good posture, both sitting and standing, it helps develop strong lungs, nimble fingers, keen eyes and alert hearing. It relieves nervous tensions, and stimulates the mind.

2. Music Study Develops Command Of The Fundamental Processes.

Clear thinking and intense concentration are required to permit the student to read the note, think of the sound, (or fingering in the case of an instrumentalist), pitch and time, while at the same time physically playing the instrument or singing the tone.

3. Music Is A Profitable Vocation.

It offers a great variety of opportunities from teaching to manufacturing, selling, recording, broadcasting, as well as performing. Our program is the initial "foot-in-the-door" of success in this field.

4. Music Prepares For Worthy Home Membership.

Happy is the home where the family can sit around the piano and sing, or play many of the songs that are taught right in our classes. We are trying to include some of the more important well known songs in our program.

5. Music Is Worthy Use Of Leisure.

We are all familiar with the old saying "Teach a boy to blow a horn and he'll never blow a safe." Generally the people we have in our bands and orchestras are boys and girls who have a wide variety of interests. Music is the safest and most enjoyable use of leisure for all ages.

6. Music Advances Civic Education

The better the type of music we perform in school concerts, the higher the educational level of the community arises. Also, to perform good music in either bands, orchestras or choruses, you must be in harmony with your neighbors, thus fellowship and brotherly love are greatly enhanced.

7. Music Builds Ethical Character.

The constant striving for a better performance helps the student develop a higher sense of values. The strong demands for industry, honesty, integrity and discipline in all phases of music can do a lot to build and improve one's character.

In our schools we have required vocal music for everyone up through grade eight and opportunities for everyone to have some vocal music in the upper grades, if they desire it. Instrumental music instruction is available to all who wish to take advantage of it.

Generally the elementary music program includes unison songs in all grades, two part singing is introduced in grade four and three part singing in grade six. Grades one and two have rhythm bands, and in grade three the melody flutes are used. Class instruction on band and Orchestral instruments begins in grade four. Piano instruction is available in those schools where there is room for it. The entire program is greatly enriched by the increasing record library each school is building. Each school has, or will have in the very near future, a glee club made up of singers from grades four, five, and six.

In the Junior High School all seventh and eighth grade pupils are required to take general music, while the ninth grade has a chance to elect it. In addition to general music classes there are glee clubs, orchestras and bands for those who wish them.

The High School program is entirely voluntary. The course provides Harmony, Appreciation, Voice Training, Orchestra, Band, Sophomore Glee Club, Junior-Senior Chorus, and small groups.

Our musical organizations are very active during the year. This past year, 1955, our groups made over forty public appearances and performed for several assemblies.

The Band played at: the Southeastern Music Festival in Mansfield; the Central Music Festival in Uxbridge; the Brockton Veterans Hospital; all the "home" and "away" football games; the Boston University-Temple football game at B. U.

Field; the Veterans Day and Memorial Day parades; the Family Night; the Spring Concert; P.T.A. meetings; Tag Days; and at several assemblies and programs at the High School and Junior High.

The Band has been hampered this year by not having a suitable rehearsal room. The lunch room being too open and the center of much traffic before school in the mornings and at noontime. During school hours it disturbs other teachers in the building and is disturbed by the noise from the metal shop on one side of the woodworking shop on the other. Also, the storage space is on the other side of the basement. We hope that this situation will soon be remedied.

The High School Orchestra has played for the Chamber of Commerce, the Spring Concert, P.T.A. Meetings, at the Senior Play, at Brockton Veterans Hospital, for the Senior Operetta, at Class Day and Graduation, and at several assemblies at the High School and Junior High.

The Junior-Senior Chorus this year has molded into a very nice group. It has sung for assemblies and at the Spring Concert.

The Sophomore Glee Club did a very commendable job at their Christmas assembly and at the Spring Concert.

The Peabody Chorus has sung four times: at the Spring Concert, their own Christmas program, Family Night and Open House.

The Junior High Girls, Boys and Mixed Glee Clubs have sung for assemblies and at the Spring Concert and for P.T.A. Meetings.

The High School Double Quartet has done some very fine work at P.T.A. Meetings, assemblies, the Veterans Hospital, at the Golden Agers Christmas Party, and at the Town Christmas Festival of Music.

I wish to take this opportunity to thank the Norwood Band and Orchestra Parents Club for all they have done for us in caring for the uniforms, furnishing transportation to games and concerts, providing chaperones, presenting Senior Band members with jackets, (Seventeen jackets were presented to Band members who are Seniors, at the Thanksgiving assembly.), and assisting in the many other ways that only parents can.

To the individual P.T.A.'s and the Council of P.T.A., thank you for your generous contributions to the cause of music in the Norwood Public Schools.

Our new Junior High music teacher, Miss Norma Giusti, and Mr. Farnham have worked with me on all these projects and their help and assistance is greatly appreciated.

In closing I wish to thank Mr. Lynch, the School Committee, Principals, teachers, pupils, parents, secretaries, custodians, and friends for the wonderful help in promoting music in our schools.

Respectfully submitted,

RAYMOND F. FLECK

Director of Music

REPORT OF SCHOOL HEALTH DEPARTMENT

The annual report of the School Health Department is herewith submitted.

The health and education provided the school child is not primarily concerned with the present but is geared to prepare him for the future date when he must find his place and assume his responsibility in the community. Our nation's strength is based on the health and education of its people and the foundation for it is laid in our schools. Such a program demands the understanding and support of the parents, the school administration, physicians, nurses, dentists, teachers, and all community agencies interested in the school-age boy and girl.

Health Appraisal

The health appraisal does not in any way presume to replace the family physician's responsibility for the child's health but rather to supplement his work by referring to him the children with physical defects found during the screening tests conducted in school.

The follow-up on the remedial physical defects is based on the physical findings of the school physicians, Dr. George R. Allen and Dr. Harriet E. Rogers; the dental examinations of Dr. Timothy J. Curtin, school dentist; the Massachusetts Vision tests; the Maico Audiometer tests; the weighing and measuring; and the observations of the school nurses and the classroom teachers.

These screening tests are given to all the children from the kindergarten through grade twelve each year. They require a great deal of time in planning and consume much time for execution. In general the parental cooperation is excellent. Many adjustments are made in and out of school to meet the more limited activities of the physically, emotionally, and mentally handicapped child.

Dental Clinic

The School Dentist completed the necessary dental work for 493 of the 1432 children found to have dental defects at the time of examination in September. Another 548 were completed by their family dentists. Work was started on an additional 76 but was not completed. More dental health education is needed as evidenced by the indifferent attitude and poor dental health habits of the children in the intermediate grades.

Eye Clinic

The School Eye Clinic is under the direction of Dr. William J. Ryan. 126 children made 236 visits to the clinic for necessary refractive and medical treatment for eye defects.

Control of Communicable Diseases

The individual who is successful in developing a vaccine to control the common cold will do much toward improving the attendance record in school. Eventually it is hoped that the parent will be educated to keep the ailing child at home and protecting his classmates from infection. Early isolation is the best way to control communicable diseases since so many of them resemble the common cold in their early stages.

The usual variety of colds and virus were prevalent throughout the year. In addition chickenpox, German measles and measles swelled the absence lists

during the late winter and early spring. It is interesting to note that only 6 of the 22 polio cases in our community were of school age and of these 6 only 2 had paralytic type.

Routine chest X Rays for 209 senior students at the High School were done in October. New food handlers at the H. O. Peabody School and 29 of the school personnel were XRayed at the same time. All X Rays were negative for pulmonary infection.

The Tuberculosis Clinic held each month at the Board of Health Office in the Town Hall has facilitated the follow-up on our tuberculosis contact children.

Salk Vaccine

Everyone is aware of the confusion which attended the release of Dr. Francis' report on the success of the Salk vaccine in April. It rocked the nation. Many homes were divided on the question of parental consent for the child to receive the vaccine.

Our plans were made for the administration of the Salk vaccine as soon as the schools reopened after the April vacation but the indecision of the Massachusetts Department of Health delayed the start of the clinics until late in May. At that time 234 of the children who had the three injections of the Salk vaccine during the Field trials in 1954 were given their booster dose. The 256 youngsters who had had the inert substance during the field trials received two injections of the Salk vaccine and 561 children, 393 first and second graders and 168 third and fourth graders, received one injection in June. The second injection was to have been given during the summer but later developments in the polio situation resulted in a postponement of further treatments. Of the 1092 children in the first four grades who were eligible to receive the vaccine 1051 participated in the program.

Accidents and Safety Education

In order to prevent and reduce the number of accidents which have occurred at all age levels it would seem that the safety education program should be broadened. Much is being accomplished in the field of safe driving and the woodworking class has an enviable record which would indicate not only a knowledge of safety but a practical application of this knowledge in the daily class work. There is much to be accomplished in other areas.

Mental Hygiene

We have a definite and ever increasing need for a local Mental Health Clinic where the children with mental, emotional, and social problems may be referred for study and therapy. It is hoped that the community will soon be able to establish such a clinic.

A class of twenty junior girls at the H. O. Peabody School passed the Home Nursing Course and received their certificate from the American Red Cross.

Improvements

The nurses' rooms are a far cry from the Health Suites being installed in new school buildings. However, with a little change they could be improved, made more workable, and better able to meet the standards demanded of a health room.

The annual request for the installation of hot water facilities in the nurses's rooms at the Shattuck, Winslow, and Senior High is in order. Hot water is a very essential need for health practices.

The room at the Junior High School with its skylight is of little help when inspecting throats and checking for rashes. More adequate light is needed. Much time and energy is wasted running down to the office on the first floor to use the telephone.

Conclusion

We of the Health Department wish to thank you, Mr. Lynch, the School Board Members, our fellow workers, and our many friends and helpers in the community for the continued interest and cooperation during this past year.

Respectfully submitted,

MARY A. CANNING, R. N.

Supervising School Nurse

REPORT OF THE ATTENDANCE OFFICER

I herewith submit my twenty-fourth Annual Report as Attendance Officer for the year ending December 31, 1955.

Total number of investigations	204
Number of truanancies	18
Number of illness cases investigated	94
Assisting at home	21
Investigation of cases where home permits were desired	5
Investigation of cases where working certificates were desired	3
Miscellaneous cases	63
Total number of children returned to school	14
Number of court cases	0

HENRY F. BREEN, JR.

Attendance Officer

*The Honorable Board of Selectmen**Gentlemen:*

The foregoing is submitted as the report of the Town Clerk and Accountant for the year ending December 31, 1955, setting forth abstracts of the records of town meetings and elections, vital statistics and statements of the appropriations and expenditures and the receipts from each source of income, also statement of funded debt, information relative to maturities and debt, the balance sheet showing the assets and liabilities at the close of the fiscal year.

I certify that I have examined the securities and savings deposits of the Trust Funds in the hands of the Town Treasurer and find them to be correct as shown in the following schedule:

RECORDS OF TOWN MEETINGS

ANNUAL TOWN ELECTION

January 16, 1956

ANNUAL TOWN MEETING

Monday, January 16, 1956, adjourned to March 22, 1956

On a warrant duly issued by the Selectmen under the date of January 10, 1956, and signed by Daniel E. Callahan, Jr., Charles L. Rich, Walter J. Dempsey and Alonzo F. Swift, Jr., Selectmen of Norwood, the meeting was called to order by the Moderator, Francis C. Foley. The proper service of this warrant was duly attested by James E. Quinn, Constable of Norwood.

All the requirements of the statutes and by-laws relating to elections and town meetings were complied with. The warrant calling the meeting was read by Town Clerk and Accountant, Walter A. Blasenak. The articles contained in the warrant, and the action thereunder being as follows:

ARTICLE 1. To choose all necessary Town Officers: The following are to be chosen by ballot, namely: Two Selectmen for three years; one Town Treasurer and Collector of Taxes for one year; one Moderator for one year; one member of the Board of Health for three years; one member of the Board of Health for two years (to fill vacancy); one Finance Commissioner for three years; one member of the Town Planning Board for five years; one member of the Town Planning Board for four years (to fill vacancy); three members of the School Committee for three years; two Trustees of the Morrill Memorial Library for three years; one member of the Norwood Housing Authority for five years; two Constables for one year; five Town Meeting Members for District One for three years; seven Town Meeting Members for District Two for three years; four Town Meeting Members for District Three for three years; six Town Meeting Members for District Four for three years; seven Town Meeting Members for District Five for three years; seven Town Meeting Members for District Six for three years; one Town Meeting Member for District Six for one year (to fill vacancy); nine Town Meeting Members for District Seven for three years; two Town Meeting Members for District Seven for two years (to fill vacancies); three Town Meeting Members for District Seven for one year (to fill vacancies); eight Town Meeting Members for District Eight for three years.

And to vote by ballot upon the following question:

"Shall chapter thirty-two B of the General Laws, authorizing any county, city, town or district to provide a plan of group life insurance, group accidental death and dismemberment insurance, and group general or blanket hospital, surgical and medical insurance for certain persons in the service of such county, city, town or district and their dependents, be accepted by this Town,"

Two Selectmen for Three Years

John A. Abdallah had twenty-five hundred and eighty-eight (2588) votes
Elected and Sworn by Town Clerk and Accountant
James J. Drummey had twenty-six hundred (2600) votes
Elected and Sworn by Town Clerk and Accountant

ADJOURNED ANNUAL TOWN MEETING**April 12, 1956, adjourned from March 22, 1956**

On a notice duly attested by the Town Clerk and Accountant, Walter A. Blasenak and dated April 3, 1956, the Adjourned Annual Town Meeting, adjourned from March 22, 1956, was called to order by the Moderator, Francis C. Foley. The proper service of this notice was duly attested by James E. Quinn, Constable of Norwood.

The articles in the warrant and the action thereunder is as follows:

ARTICLE 2. To hear and act on the reports of Town Officers and Committees.

Voted: That the 84th Annual Report of the officials of the Town of Norwood be received and accepted as printed.

Voted: That the report of the Finance Commission and its recommendations with respect to appropriation estimates for the year 1956 be received and acted upon.

Voted: That the progress report of the Committee to Review the Town Charter be accepted.

The report of the Committee on the Above Article is as follows:

**PROGRESS REPORT TO TOWN MEETING MEMBERS
NORWOOD, MASSACHUSETTS**

"The committee, appointment of which was authorized under Article 1 of the Special Town Meeting, March 26, 1953, "to review the present town charter, Acts of 1914, Chapter 197", wishes to make a progress report. Since notification of its appointment on September 22, 1954, your committee has held 24 meetings. Its activities have included the review of Chapter 197 as well as numerous other "Town Charters", meetings with Town Officials, Boards and Committees, and two public meetings, held in an endeavor to learn the wishes of our citizens.

Your committee then adopted as the most effective procedure the development of an organization chart. After extensive discussion, study and comparison, the committee has completed a tentative chart. Your committee now intends to present to and discuss with the affected officials, boards and committees the changes that it tentatively plans to propose.

Following review and discussion with the interested individuals and groups a final organization chart will be drawn up for presentation to Town Meeting Members for action.

Your committee hopes and expects that a meeting can be held for this purpose early this fall.

Respectfully submitted,

Committee to Review Town Charter

HARRY B. BUTTERS

WILLIAM L. HYLAND

WILLIAM C. KENDRICK

JOHN R. RUSSELL

FRANCIS W. SMITH

KENNETH W. TATRO

ROBERT W. WILLIAMSON, Chairman

ARTICLE 3. To see if the Town will vote to authorize the Collector of Taxes to use the same means as a Town Treasurer may use when acting as Collector.

Voted: That the Town Treasurer and Collector of Taxes as Collector of Taxes be and hereby is authorized to use all means of collecting taxes which a Town Treasurer may use, according to law, when acting as Collector of Taxes.

Voted: To so accept.

ARTICLE 30. To see if the Town will vote to accept section 100B General Laws, Chapter 41, relating to indemnification of retired police officers and fire fighters for certain hospital, medical and surgical expenses incurred after retirement.

Voted: To so accept.

ARTICLE 31. To see if the Town will vote to authorize the Moderator to appoint a Committee to inquire into the matter of the need and procurement of a Community Center for Norwood. (On petition of the Norwood Community Council)

Voted: That the Moderator be and hereby is authorized to appoint a Committee consisting of seven members to inquire into the matter of the need and procurement of a Community Center for Norwood, and that such Committee be instructed to make its report on or before the Annual Town Meeting in 1957.

ARTICLE 32. To see what sum of money the Town will vote to raise and appropriate for the purpose of paying part of the premiums for group life insurance, accident, hospitalization, medical and surgical insurance for certain employees and their dependents under the provisions of General Laws, Chapter 32B.

Voted: By taxation, \$12,500.00.

Voted: That this meeting be dissolved at 10:31 P.M.

Attest: WALTER A. BLASENAK

Town Clerk and Accountant

SPECIAL TOWN MEETING

April 12, 1956

On a warrant duly issued by the Selectmen under the date of April 6, 1956, and signed by Alonzo F. Swift, Jr., James J. Drummey, Charles L. Rich, Harry B. Butters and John A. Abdallah, Selectmen of Norwood, the meeting was called to order by the Moderator, Francis C. Foley. The proper service of this warrant was duly attested by James E. Quinn, Constable of Norwood.

All the requirements of the statutes and by-laws relating to elections and town meetings were complied with. The warrant calling the meeting was read by Town Clerk and Accountant, Walter A. Blasenak. The articles contained in the warrant, and the action thereunder being as follow:

ARTICLE 1. To see what sum the town will vote to transfer from Surplus Revenue to meet the expense of a salary and wage survey for town employees.

Voted: \$5,000.00 by transfer from Surplus Revenue.

ARTICLE 2. To see what sum the town will vote to raise and appropriate for the purpose of providing special compensation adjustment for the year 1956 for all full-time officers and employees of the town except school teachers and certain library personnel.

Voted: \$51,000.00 by taxation.

ARTICLE 3. To see if the Town will vote to accept a new town way to be known as George F. Willett Parkway as laid out and reported by the Selectmen and raise and appropriate a sum of money to meet the expense of taking easements in land therefor.

Voted: To accept a new Town Way to be known as George F. Willett Parkway as laid out and reported by the Selectmen; that the Selectmen be and hereby are authorized to take by eminent domain an easement for said new way, and be it further voted that the sum of \$6,821.00 be raised by taxation and appropriated for such purpose.

ARTICLE 4. To see what sum the town will vote to raise by taxation and/or transfer from Surplus Revenue and appropriate for repairs to runways and lighting equipment at the Norwood Municipal Airport.

Voted: \$37,500.00 by taxation, and \$13,000.00 by taxation.

ARTICLE 5. To see what sum of money the Town will vote to raise by taxation and/or transfer from Surplus Revenue and appropriate for the widening, cleaning and straightening the Neponset River within the Town of Norwood.

Voted: By taxation, \$50,000.00.

ARTICLE 6. To see if the Town will vote to amend the existing Zoning By-Law by altering the district boundaries established under Section 17 of said By-Law with respect to that portion of the present General Residence District namely, 465 Washington Street, bounded as follow: Beginning at the northeasterly corner of the present business zone, (as established by Town Meeting, December 2, 1946), thence running N 65° 29' 44" W, a distance of 122.66 feet by said present business zone, thence running N 23° 11' 56" E, a distance of 114.30 feet, thence running S 69° 14' 54" E, a distance of 121.45 feet, thence running S 22° 35' W, a distance of 122.28 feet to the point of beginning by withdrawing said portion from General Residence and establishing same as Business as shown by a map thereof to accompany said amendment and made a part thereof and thereby altering the existing boundaries to conform to such change of district boundaries.

Voted: Indefinite Postponement.

ARTICLE 7. To see if the Town will vote to amend the existing zoning by-law by altering the district boundaries established under Section 17 of said by-laws with respect to that portion of the present Manufacturing District namely, beginning at a point on the present line between the Single Residence and Manufacturing zones, said point being N 1° 13' 29" W a distance of 149.78 feet along the easterly line of Neponset Street from the stone bound at the intersection of said easterly line of Neponset Street and the northerly line of Access Road and N 88° 46' 31" E a distance of 400.00 feet from said easterly line of Neponset Street; thence running N 88° 46' 31" E a distance of 521.98 feet along said present zoning line; thence turning and running N 5° 51' 19" W a distance of 195.13, thence running S 82° 57' 54" W a distance of 107.47 feet; thence running N 37° 10' 06" W a distance of 212.96 feet; thence running N 24° 05' 57" W a distance of 369.30 feet; thence running S 42° 55' 31" W a distance of 24.00 feet; thence running N 21° 18' 34" W a distance of 114.44 feet; thence running N 23° 52' 14" W a distance of 60.47 feet; thence running N 2° 35' 34" W a distance of 144.72 feet; thence running N 79° 16' 58" W a distance of 60.90 feet to said present zoning thence turning and running southerly along said present zoning line a distance of 1003. feet more or less to the point of beginning, said line being parallel to the above mentioned easterly line of Neponset Street and 400.00 feet easterly and withdrawing said portion from Manufacturing and establishing same as Single Residence as shown by a map thereof to accompany said amendment and made a part thereof and thereby altering the existing map showing existing boundaries to conform to such change of district boundaries.

Voted: To so amend.

Meeting dissolved at 8:55 P.M.

Attest: WALTER A. BLASENAK

SPECIAL TOWN MEETING

May 3, 1957

On a warrant duly issued by the Selectmen under the date of April 17, 1956, and signed by Alonzo F. Swift, Jr., Charles D. Rich, James J. Drummey, Harry B. Butters and John A. Abdallah, Selectmen of Norwood, the meeting was called to order by the Moderator, Francis C. Foley. The proper service of this warrant was duly attested by James E. Quinn, Constable of Norwood.

The articles contained in the warrant and the action thereunder is as follows:

ARTICLE 1. To see if the Town will appropriate a sum of money for Mosquito Control in accordance with a bill now before the Legislature entitled "An Act Creating a Mosquito Control Project in Norfolk County", said appropriation to be provided for by transfer from Surplus Revenue.

Voted: By transfer from Surplus Revenue, the sum of \$1,628.00.

(ARTICLES 2, 3 and 4)

ARTICLE 2. To hear and act upon the report of the Committee of Seven appointed by the Moderator pursuant to action under Article 18 of the Adjourned Special Town Meeting of June 21, 1955 to obtain plans and estimates for an addition to the Junior High School.

ARTICLE 3. To see if the Town will vote to raise and appropriate a sum of money for the purpose of constructing and originally equipping and furnishing an addition to the Junior High School Building; determine whether the money shall be provided for by appropriation from available funds in the treasury, by taxation, or by borrowing under the authority of Chapter 44 of the General Laws and Chapter 645 of the Acts of 1948 as amended by Chapter 528 of the Acts of 1950; appoint a Committee to expend said sum of money for said purposes or take any action in relation thereto.

ARTICLE 4. To see if the town will vote to raise and appropriate a sum of money for the purpose of acquiring by purchase or by taking by right of eminent domain the following described parcels of land: Parcels 1 and 2

shown on a plan entitled "Town of Norwood, Mass. Plan of Land to be acquired for School Purposes" by A. W. Thompson, Town Engineer, said parcels together containing 15 acres more or less and being bounded southerly by Prospect Street; Westerly by land of Eckhardt, Donahue, Mitchell, Pasionek, Brown, Grover and Gustafson; Northerly by land of Zoppo; Easterly by land of Zoppo and Forbes Hill Estates, Inc., said land to be used as a site for a new school to determine whether the money shall be provided for by appropriation from available funds in the treasury or by borrowing under the authority of Chapter 44 of the General Laws and Chapter 645 of the Acts of 1948 as amended by Chapter 528 of the Acts of 1950 or take any other action relating thereto.

Voted: That Articles 2, 3 and 4 be taken up and acted upon after Article 8.

ARTICLE 5. To see if the Town will vote to amend the existing zoning by-law by altering the district boundaries established under Section 17 of said By-Law with respect to that portion of the present General Residence District, namely, on the easterly side of Lenox Street and southerly of Nahatan Street, bounded as follows: Beginning at a point in the southerly line of Nahatan Street said point being S 57° 07' 30" E and distant 315 feet from the end of the curve connecting the easterly line of Lenox Street with the southerly line of Nahatan Street and said point being on the northeasterly terminus of present Manufacturing zone and runs thence S 57° 07' 30" E a distance of 102.53 feet by the southerly line of Nahatan Street, thence southeasterly by a curve of 1866 foot radius a distance of 310 feet by the southerly line of Nahatan Street, thence S 3° 34' W a distance of 352 feet, thence N 79° 26' 00" W a distance of 153 feet, thence N 15° 24' 30" W a distance of 466 feet by the easterly line of the present Manufacturing zone to Nahatan Street and the point of beginning and withdrawing said portion from General Residence and establishing same as Business as shown by a map thereof to accompany said amendment and made a part thereof and thereby altering the existing map showing existing boundaries to conform to such change of district boundaries.

Voted: To so amend.

ARTICLE 6. To see what action the Town will take relative to the management agreement between the Town of Norwood and Boston Metropolitan Airport, Inc., executed by the Selectmen in behalf of the town pursuant to action of town meeting on February 19, 1942.

Voted: That the Selectmen be and hereby are instructed, authorized and empowered in the name and in behalf of the Town of Norwood to terminate and cancel the existing management between the Town of Norwood and Boston Metropolitan Airport, Inc., executed by the Selectmen in behalf of the town pursuant to action of town meeting on February 19, 1942.

ARTICLE 7. To see if the town will vote to amend Article VIII of the town by-laws entitled "Regulations Governing the Acceptance of New Streets through Private Property" by increasing the width requirement for such streets from forty feet to fifty feet.

Voted: To amend Article VIII of the town by-laws entitled "Regulations Governing the Acceptance of New Streets through Private Property" in the following manner:

Amend Section 1 by striking out the words "forty feet" and inserting in place thereof the words "fifty feet"; by striking out the words "January 1, 1914" and inserting in place thereof the words "January 1, 1956" and by adding the following words to said section "or unless a subdivision plan showing such street or way has received final approval of the Board of Survey or Planning Board prior to the effective date of this by-law so that Section 1 as amended will read as follows:

Section 1. No street or way shall be accepted by the town of a width of less than fifty feet unless the same shall have been actually opened and used for public travel prior to January 1, 1956 or unless a subdivision plan showing such street or way has received final approval of the Board of Survey or Planning Board prior to the effective date of this by-law.

Amend Section 6 (b) by striking out the words "forty feet" and inserting in place thereof the words "fifty feet" so that section 6 (b) as amended will read as follows:

Section 6 (b) Every such street or way shall be at least fifty feet wide and have a roadbed equal to at least two-thirds of the width of said street or way, except, that any such street or way may, if its use is limited to one way traffic, be constructed with a roadbed of a width of not less than eighteen feet if the Selectmen so determine.

ARTICLE 8. To see what sum the town will vote to raise by transfer from Surplus Revenue and appropriate for the purpose of constructing a parking area in the location between Washington, Cottage, Maple and Nahatan Streets or take any other action in the matter.

Voted: By transfer from Surplus Revenue, the sum of \$60,000.00.

ARTICLE 2, 3 and 4.

Voted: That Article 2, 3 and 4 be laid on the table and acted up at the adjourned session of this meeting and that this meeting be adjourned to May 17, 1956 at the Junior High School Auditorium on Washington Street at 7:30 P.M.

Meeting adjourned at 9:32 P.M.

Attest: WALTER A. BLASENAK

Town Clerk and Accountant

**RECOUNT OF VOTES CAST FOR TOWN COMMITTEE FOR THE
DEMOCRATIC PARTY AT THE PRESIDENTIAL PRIMARY ON**

APRIL 24, 1956

On a recount held on May 4, 1956, of votes cast for the Town Committee for the Democratic Party, the results of said recount were as follows:

Harry B. Butters had four hundred and seventy-two (472) votes
Robert A. Browning had three hundred and sixty-two (362) votes
John H. Collins had three hundred and sixteen (316) votes
Nicholas J. Connolly had three hundred and sixty-four (364) votes
Michael J. Curran had three hundred and sixty (360) votes
Frank A. Davidauskas had three hundred and two (302) votes
Lola DiBerto had three hundred and twenty-four (324) votes
Rosemarie R. Fanning had three hundred and forty-five (345) votes
Thomas V. Fennessey had two hundred and ninety-five (295) votes
Thomas F. Finley had three hundred and fourteen (314) votes
James V. Flaherty had three hundred and forty-six (346) votes
Paul L. Gallagher had three hundred and fifty-two (352) votes
Inez J. Gallazzi had three hundred and nineteen (319) votes
Mary J. Hayes had three hundred and nineteen (319) votes
William F. Hennessey had three hundred and thirteen (313) votes
John T. Flynn had three hundred and twenty-one (321) votes
George W. Jiannette had three hundred and eighteen (318) votes
Madeline Joseph had three hundred and twenty-two (322) votes
John Torrey Kenney had three hundred and seventeen (317) votes
Stanley G. Kalis had three hundred and twenty-two (322) votes
Charles James Marathas had three hundred and eleven (311) votes
Frederick A. McDonough had three hundred and thirty-three (333) votes
Joseph H. McEttrick had two hundred and ninety-seven (297) votes
Thomas K. McManus had three hundred and fifteen (315) votes
John J. Mulvehill had three hundred and thirty-five (335) votes
Peter A. Murray had two hundred and seventy-eight (278) votes
William F. J. Nolan, Jr. had four hundred and fifteen (415) votes
Dennis P. O'Leary had three hundred and eighty-five (385) votes
Edward V. Paduck had three hundred and six (306) votes
K. Virginia Riley had three hundred and thirty-two (332) votes
Edward E. Runci had two hundred and eighty-seven (287) votes
William A. Wall had three hundred and fifty (350) votes
Thomas V. Walsh had seven (7) votes
Alfred E. Butters had six (6) votes
Scattering, thirty-two (32) votes
Blanks, fifteen thousand nine hundred and eight (15,908)

Thomas V. Walsh elected.

Alfred E. Butters elected.

Town Clerk and Accountant

SPECIAL TOWN MEETING**May 17, 1956**

On a notice duly attested by the Town Clerk and Accountant, Walter A. Blasenak and dated May 7, 1956, the Special Town Meeting adjourned from May 3, 1956, was called to order by the Moderator, Francis C. Foley. The proper service of this notice was duly attested by James E. Quinn, Constable of Norwood.

The articles in the warrant and the action thereunder is as follows:

ARTICLE 2. To hear and act upon the report of the Committee of Seven appointed by the Moderator pursuant to action under Article 18 of the Adjourned Special Town Meeting of June 21, 1955 to obtain plans and estimates for an addition to the Junior High School.

Voted: That this report be laid on the table and that the Committee of Seven be instructed to have new plans and estimates of cost prepared to be submitted to a meeting to be called for the purpose two weeks from tonight and that these new plans make provision for additional classrooms not revising the provision for special facilities on the second and third floor as shown on the present plans.

The report of the Committee of Seven on the above article is as follows:

REPORT OF THE COMMITTEE OF SEVEN**To Obtain Plans and Estimates for an Addition to The Junior High School****May 17, 1956****TOWN MEETING MEMBERS:**

Following the report given by the Committee of Nine in response to Article 18 of the Special Town Meeting of June 21, 1955, it was VOTED:

"That the Moderator appoint a Committee of Seven to obtain plans and estimates for an addition to the Junior High School and that \$8,000. of the funds made available for this purpose at the Special Town Meeting of April 16, 1953, be appropriated for the use of said Committee in engaging the services of an architect in connection therewith".

It should be pointed out here that the Committee of Nine's recommendation by majority vote to the Town Meeting was:

"that a 12 room, 3 story and basement addition be constructed at the Junior High School for Junior High School purposes, to be ready for occupancy as soon as possible and not later than September of 1957, and that the Moderator appoint a Building Committee of 7 members at this time to secure the services of an architect for the preparation of plans and estimates of cost."

This Committee was appointed in September and had its first meeting shortly thereafter. Since that date, we have had 14 meetings, and in addition have conferred with the Superintendent of Schools, the Administrator of the School Building Assistance Commission of the Commonwealth of Massachusetts, the Architect, and his assistants, and others who have some direct connection with the problem

We proceeded with the job of obtaining plans and estimates for an addition to the Junior High School, and are bringing our work to completion submitting them to you for whatever action Town Meeting Members wish to take.

The Committee felt that the preparation and distribution of the printed brochure you have received in the mail was the best method of acquainting you with the results of our work. In it you observe a drawing of the proposed addition, several cuts showing the plans of the various floors with types of rooms designated, our Committee's brief report, the Architect's comments concerning the additional space provided, the projected student enrollments provided by the School Department, and the estimate of cost.

It should be mentioned that at the outset the Committee Members were aware that the sum of \$8,000. was inadequate for complete working plans and specifications for such construction, but knew that the sum was sufficient with which to get started. However, it was the unanimous opinion of the Members that we could serve the Town just as well at this time by engaging an Architect who would go along with us in preparing a preliminary report which otherwise may be termed tentative limiting the expense to not more than \$1,000. as we had no desire to commit the Town to a larger sum due to the controversial nature of the subject of school facilities. We believe that we have accomplished something which can be projected further if the Town so desires at which time additional expenditures of money will be in order.

As pointed out in the brochure, we are most fortunate in having Korslund, LeNormand, and Quann, Inc., of Norwood as our Architect. Not only have we had the utmost cooperation from these men, but in addition we have their personal interest in serving the Town of Norwood. Mr. Korslund is here tonight to answer questions about the plans, estimates, and any other matters pertaining to their part of this job.

**PRELIMINARY PLANS AND ESTIMATES
FOR JUNIOR HIGH SCHOOL ADDITION
NORWOOD, MASSACHUSETTS**

**REPORT OF COMMITTEE OF SEVEN TO
TOWN MEETING MEMBERS**

In accordance with the vote on Article 18 of the Special Town Meeting of June 21, 1955 this Committee of Seven was appointed early in September by the Moderator to obtain plans and estimates for an addition to the Junior High School. After extensive investigation and consideration the Committee was unanimous in selecting the firm of Korslund, LeNormand and Quann, Inc. of Norwood as Architects. Although the appropriation was larger the Committee was unanimous in requesting the architect to submit for its consideration preliminary plans and estimates only, the cost not to exceed \$1,000.00. The members feel that the information supplied can be developed into working plans and specifications.

We desire to record the committee's affirmation of the plans submitted as the addition of these specialized rooms are necessary to round out the Junior High School program if and when the town desires to proceed with this project.

Projected Enrollment

This graph shows the projected enrollment for Kindergarten thru grade 9 for the years 1955-56 to 1960-61 and grades 7-8-9 for the years 1961-62 thru 1966-67. The figures shown for 1955-56 are actual.

(Data for graph was compiled by the Norwood School Department)

SECOND FLOOR PLAN

THIRD FLOOR PLAN

Description of Building Addition

The design of the building is functional for efficiency in use and operation, to harmonize with the existing building, and for economy in first cost and maintenance.

The structure is of modern fire-resistive construction with concrete foundations; masonry and steel frame; concrete and steel floor slabs; insulated fire-proof roof deck covered with 20-year bonded tar and gravel roof; exterior face brick to match existing structure bonded into masonry block units; wood sash; non-bearing fire-proof interior partitions; resilient composition tile floors; wood doors with metal door frames; acoustic ceilings; steel stairs with composition treads in enclosed stair cases.

There will be provided the usual service elements in accordance with good school practice, including fluorescent lighting, zone-controlled heating and ventilating, program signaling electric clocks, radio and public address system, visual aid facilities, metal wall lockers in the corridors, etc.

Estimate of Cost

It is estimated that the proposed building Addition will cost \$460,000.00. This amount includes fire resistive construction of the Building, the Architect's and Engineering Fees, Site work, Science Laboratory and Art Room Equipment, Cafeteria Seating, Kitchen Equipment and all other furnishings and equipment.

This amount is allocated as follows:—

Construction of the Addition	\$319,500.00
Work in Existing Building	50,000.00
Fees—Architect and Engineering	28,000.00
Site Work	5,000.00
Equipment and Furnishings	45,000.00
Contingencies	12,500.00
	\$460,000.00

COMMITTEE OF SEVEN

Harold T. Young, Chairman
 John J. Cavanaugh
 John J. Coakley
 Mrs. John W. Flaherty
 C. Roger Pearson
 Mrs. Channing W. Souther, Jr.
 Edward H. Thompson
 Elizabeth V. Syverson, Clerk

Architects: Korslund, LeNormand & Quann, Inc.
Norwood, Mass.

Early in our work, we had a two hour conference with the Administrator of the School Building Assistance Commission, understanding that this was the proper procedure if the Town of Norwood was to receive a state grant toward construction of a school facility. It was and is our sincere

desire to be awarded such financial aid thereby reducing the cost of the addition to the Town.

Our Committee's job was to bring in plans and estimates for an addition to the Junior High School, and we wanted to know if assistance would be forthcoming. The Administrator confirmed this meeting with him in writing, on January 11, 1956, by stating that his office would make an enrollment projection, after receiving information from the School Department, and then would review this information, and then visit the Junior High School. This was done and the following letter was received from the School Assistance Commission.

April 9, 1956

Mr. Harold T. Young, Chairman
School Planning Committee
Box 482
Norwood, Massachusetts

Dear Mr. Young:

Pursuant to our January 11 conference with the representatives of your Building Committee, we sent you and Superintendent Lynch on January 27 our projection of Norwood's public school enrollment. On March 8 I visited Norwood Junior High School, along with Mr. Black of our staff, to make a tabulation of spaces in the building and secure data for an evaluation of Norwood's school building problem.

Our evaluation of the problem was transmitted to Superintendent Lynch in a letter dated April 3, which I understand has been transmitted to you. In summary of the views of our staff on the problem, I would direct your attention to the following points.

1. Norwood needs a long-range plan for accommodating its school growth; to be acceptable, this plan should include adequate provision for elementary, junior high school, and high school pupils.

2. I am unwilling to recommend a state construction grant for any addition to Norwood Junior High School until such a long-range plan has been developed, accepted in Norwood, and accepted by our staff.

3. No long-range plan is likely to be acceptable to this office that proposes housing Norwood's long-range Junior High School enrollment (about 1350 pupils by 1967) through additions to the existing building.

4. Present enrollment pressures seem to indicate the need for additional elementary school construction, which will also have the affect of relieving pressures at the Junior High.

I should urge that the immediate attention of appropriate committees be directed to the need for a sound long-range plan. Our staff would be glad to confer with your Committee further to this end.

Very truly yours,

/s/ JOHN E. MARSHALL

Administrator
Massachusetts School Building
Assistance Commission

May we say that it was the opinion of the Architect and the hope of this Committee, that assistance would be forthcoming because of the type of rooms being added, which educational authorities consider necessary to make possible a modernization of the Junior High School curriculum.

Below is an excerpt taken from the report of Dr. William K. Wilson, Educational Consultant—(printed in the 1954 Norwood Town Report, page 75)

"With the growth in the junior high school grades, this building will need to be expanded to meet the needs of an acceptable junior high school program. Such expansion needs cannot be met merely by the addition of more classrooms; there is sufficient number of those now. The expansion needed will be in the special facilities, and the architectural planning of these facilities should follow a careful study of the total building needs in terms of the educational program desired by the Town and the school authorities."

We wish to comment on the plans as they are drawn. They constitute rooms which are specialized providing special facilities and we understand are entirely acceptable to the School Department in meeting the needs of a modernized well balanced Junior High School program. We understand further that with this addition as presented there will be approximately eight of the present non-specialized classrooms released for further use. The construction of this addition as proposed will in effect, be the equivalent of a 12-room addition.

We also wish to call to your attention the cafeteria which with newly designed furniture and equipment may be used as an assembly hall or study hall when desired, thereby providing additional assembly space.

May we refer to the estimate of Cost and make a comment concerning the item "Work in Existing Building", in the amount \$50,000. Included in this figure is an item of approximately \$30,000. to cover the Massachusetts Department of Public Safety requirement that ventilation ducts be completed in the present Junior High School Building. These ducts were not completed in the original building when constructed and are not in use. It is necessary to complete this work if an addition is to be built. In addition the balance is an allowance for the installation of an additional boiler which will be required to heat the addition.

This Committee recommends that this Report be accepted and upon the settlement of any outstanding accounts, the Committee be discharged.

Respectfully submitted,

HAROLD T. YOUNG, Chairman

JOHN J. CAVANAUGH

JOHN J. COAKLEY

MRS. JOHN W. FLAHERTY

C. ROGER PEARSON

MRS. CHANNING W. SOUTHER, JR.

EDWARD H. THOMPSON

ARTICLE 2. To hear and act upon the report of the Committee of Seven appointed by the Moderator pursuant to action under Article 18 of the Adjourned Special Town Meeting of June 21, 1955 to obtain plans and estimates for an addition to the Junior High School.

Voted: That this report be laid on the table and that the Committee of 7 be instructed to have new plans and estimates of cost prepared to be submitted at a meeting to be called for the purpose two weeks from tonight and that these new plans make provisions for additional classrooms, not revising the provisions for special facilities on the second and third floor as shown on the present plans.

ARTICLE 3. To see if the Town will vote to raise and appropriate a sum of money for the purpose of constructing and originally equipping and furnishing an addition to the Junior High School Building; determine whether the money shall be provided for by appropriation from available funds in the treasury, by taxation, or by borrowing under the authority of Chapter 44 of the General Laws and Chapter 645 of the Acts of 1948 as amended by Chapter 528 of the Acts of 1950; appoint a Committee to expend said sum of money for said purposes or take any action in relation thereto.

Voted: That this Article be laid on the table and to be acted upon at the Special Town Meeting to be called for May 31, 1956.

ARTICLE 4. To see if the town will vote to raise and appropriate a sum of money for the purpose of acquiring by purchase or by taking by right of eminent domain the following described parcels of land: Parcels 1 and 2 shown on a plan entitled "Town of Norwood, Mass. Plan of Land to be acquired for School Purposes" by A. W. Thompson, Town Engineer, said parcels together containing 15 acres more or less and being bounded southerly by Prospect Street; westerly by land of Eckhardt, Donahue, Mitchell, Pasioneck, Brown, Grover and Gustafson; northerly by land of Zoppo; easterly by land of Zoppo and Forbes Hill Estates, Inc., said land to be used as a site for a new school; to determine whether the money shall be provided for by appropriation from available funds in the treasury or by borrowing under the authority of Chapter 44 of the General Laws and Chapter 645 of the Acts of 1948 as amended by Chapter 528 of the Acts of 1950 or take any other action relating thereto.

Voted: That the Selectmen be and hereby are authorized and empowered in the name and on behalf of the Town to so acquire said parcels of land and that the sum of \$33,740.00 be appropriated from available funds in the treasury for the purpose of such acquisition.

Meeting dissolved at 12:38 A.M.

Attest: WALTER A. BLASENAK

Town Clerk and Accountant

SPECIAL TOWN MEETING**May 31, 1956**

On a warrant duly issued by the Selectmen under the date of May 22, 1956, and signed by Alonzo F. Swift, Jr., Charles L. Rich, James J. Drummey, Harry B. Butters and John A. Abdallah, Selectmen of Norwood, the meeting was called to order by the Moderator, Francis C. Foley. The proper service of this warrant was duly attested by James E. Quinn, Constable of Norwood.

The articles contained in the warrant and the action thereunder is as follows:

ARTICLE 1. To see what sum of money the Town will vote to transfer from Cemetery Available Receipts and appropriate for the purpose of acquiring additional land for cemetery purposes.

Voted: By transfer from Cemetery Available Receipts, the sum of \$21,845.00.

ARTICLE 2. To hear and act upon the report of the Committee of Seven appointed by the Moderator pursuant to action under Article 18 of the Adjourned Special Town Meeting of June 21, 1955, to obtain plans and estimates for an addition to the Junior High School.

Voted: That the Committee of Seven as read be accepted and the Committee be discharged.

The Report of the Committee of Seven on the above Article is as follows:

REPORT OF THE COMMITTEE OF SEVEN

To Obtain Plans and Estimates for an Addition to The Junior High School
May 31, 1956

Mr. Moderator and Town Meeting Members:

Following the report given by the Committee of Seven in response to Article 2 of the Adjourned Special Town Meeting of May 17, 1956, it was VOTED:

"That this report be laid on the table and that the Committee of Seven be instructed to have new plans and estimates of cost prepared to be submitted and that these new plans make provisions for additional classrooms, not revising the provisions for special facilities on the second and third floors as shown on the present plans."

Acting on the instructions contained in this vote the Committee of Seven has worked earnestly with Architect Harry J. Korslund in a concerted effort to present Town Meeting Members with the information requested and all pertinent facts along with the estimated cost. The time allowed to do this was limited. It was only through the complete cooperation of everyone with whom this Committee has worked that we are able to give you our report tonight.

Although time did not permit sending out any printed information about our continued study of this proposed Junior High School addition, Mr. Korslund has prepared several drawings from which slides have been made and

will be shown and explained to you. May I suggest that we again follow the procedure used at the previous Town Meeting, namely, that following Mr. Korslund's explanation, the Committee of Seven be permitted to complete its report, following which comments and inquiries are invited.

May I present Mr. Korslund.

Explanation and Slides

Now, Ladies and gentlemen at the risk of some repetition, the Committee wishes to make some remarks about these various plans. You were shown Diagramatic drawings of the proposed addition with the Cafeteria located in the basement. You were advised by Mr. Korslund (1) that the Department of Public Safety of the Commonwealth of Massachusetts would not approve such a location if that space is to be used also for assembly and study hall purposes (2) You would be faced with construction problems as evidenced by the test excavations made on the grounds this past week. For these reasons we consider this plan impractical. We, the Committee of Seven, are not in favor of a facility which cannot be used for assembly and study hall purposes.

Mr. Korslund showed you a slide of a four story addition lowering the heights of the various floors and eliminating the mezzanine section with its Junior High School health facilities and Teachers' Room as shown on our original plan.

You were shown a drawing of a four story addition. This is the same **length** and **width** as the addition proposed in the printed brochure and includes the Cafeteria on the First Floor, non-specialized or regular classrooms on the second floor and specialized classrooms on the second floor and specialized classrooms on the third and fourth floors as per the original plans.

Such an addition does not have the recommendation of the Committee of Seven for the following important reasons:

1. Cutting the height of the Cafeteria eliminates its use as an assembly or study hall which use is necessary to take care of the growth of the school enrollment.
2. Provides no quarters for the Junior High School much needed health and guidance facilities.
3. Provides additional non-specialized classrooms which are not needed nor are they desired by school authorities.
4. State aid will not be forthcoming for any addition to the Junior High School, which includes non-specialized classrooms.
5. Of necessity the architecture of the addition will be different than that of the present building.
6. The estimated cost would be the **same** as the **larger addition of the type** proposed originally; that is \$493,000. Let me state again that such an addition does not have the recommendation of the Committee of Seven.

Finally you saw the three story and mezzanine addition. The slide showed the addition proposed in our brochure plus the 15 feet in length as recommended by the Finance Commission's Report to the Townspeople. Our Committee believes this to be the best addition for our particular needs.

Because of the additional length there are several changes as outlined by Mr. Korslund and we consider them improvements on the original proposal. The addition includes the various special facilities needed to serve the growing Junior High School population providing them with the needs of a modern program.

May we acquaint Town Meeting Members with the fact that a personal visit by the Chairman and one member of the Committee of Seven to the school again this week, and examination of its current space for special purposes reaffirms our belief that this is the type of addition essential as soon as possible, which opinion is accepted and approved by the entire Committee of Seven.

(1) These revised plans show the Cafeteria (assembly and study hall space) enlarged to take care of 375 students (2) a Special Room for special students which space could still be used for Health and Guidance if so desired. (3) Additional space in the Home Economics and Art rooms which is advantageous to those departments, and (4) an addition or third Science Room and a Music Classroom on the third floor, both of which are desirable. The estimated cost for this addition is as mentioned heretofor, approximately \$493,000.

In conclusion, while the Committee of Seven acknowledges that others have studied school problems generally, our problem has had to do solely with an addition to the Junior High School. Our search for what is best has been an exhaustive one. Our desire since the beginning of our work has been to present to you, not just an addition or rooms, but an addition of **necessary** rooms and facilities to make our Junior High School a modern and adequate school to take care of our children's needs for years to come. At the same time we want value for dollars spent. We believe that our original plans fulfilled these aims but we believe the revised plans, with the additional 15 feet in the length of the building, are even more desirable.

This Committee recommends that this report with our original plans revised by the addition of 15 feet in length as stated be accepted and upon the settlement of any outstanding accounts, the Committee be discharged.

Respectfully submitted,

HAROLD T. YOUNG, Chairman
JOHN J. CAVANAUGH
JOHN J. COAKLEY
MRS. JOHN FLAHERTY
C. ROGER PEARSON
MRS. CHANNING SOUTHER
EDWARD H. THOMPSON

ARTICLE 3. To see if the Town will vote to raise and appropriate a sum of money for the purpose of constructing and originally equipping and furnishing an addition to the Junior High School Building; determine whether the money shall be provided for by appropriation from available funds in the treasury, by taxation, or by borrowing under the authority of Chapter 44 of

the General Laws and Chapter 645 of the Acts of 1948 as amended by Chapter 528 of the Acts of 1950; appoint a committee to expend said sum of money for said purposes or take any action in relation thereto.

Voted: That the sum of \$493,000.00 be raised and appropriated for the purpose of constructing an addition to the Junior High School building and for originally equipping and furnishing said addition, and that to meet said appropriation, the sum of \$13,000.00 be transferred from Surplus Revenue and that the Treasurer, with the approval of the Selectmen be and hereby is authorized to borrow the sum of \$480,000.00 under the authority of Chapter 44 of the General Laws and to issue bonds or notes of the Town therefor, payable in accordance with the provisions of Chapter 44 of the General Laws so that the whole loan shall be paid in not more than 20 years from the date of issue of the first bond or note, and that the Moderator appoint a committee to expend said sum of money for said purposes, and that the alternate plan of the Committee of Seven providing for an additional 15 foot increase over the original plan of said committee and shown on the plan dated May 29, 1956 as Scheme 2 be followed.

Meeting adjourned at 10:30 P.M.

Attest: WALTER A. BLASENAK

Town Clerk and Accountant

SPECIAL TOWN MEETING

June 21, 1956

On a warrant duly issued by the Selectmen under the date of June 5, 1956, and signed by Alonzo F. Swift, Jr., John A. Abdallah and Harry B. Butters, Selectmen of Norwood, the meeting was called to order by the Moderator, Francis C. Foley. The proper service of this warrant was duly attested by James E. Quinn, Constable of Norwood.

The articles contained in the warrant and the action thereunder is as follows:

ARTICLE 1. To see if the Town will vote to authorize the Moderator to appoint a committee or committees, to select a site or sites, upon which to erect an elementary school or schools, and further, to see what sum of money the town will appropriate for the use of such committee or committees, or to take any other action or actions in the matter of providing additional elementary school housing facilities.

Voted: That the Committee of Nine be instructed:

(1) To prepare a comprehensive report of the kindergarten and elementary school housing requirements in the Town of Norwood, embodying specific recommendations in regard to sites and buildings and present such report to a town meeting to be held on or about October 15, 1956, the report of their findings having been previously submitted to the town meeting members for their study, and

(2) That it be further instructed to prepare and insert articles in the warrant of said town meeting, which would permit action with respect to the selection of an elementary school site or sites for construction; and also, with respect to appointment by the moderator of a building committee, or committees, to prepare preliminary plans and estimates for such building, or buildings as may be necessary, and

(3) Further, that the sum of \$500.00 be appropriated and transferred from available funds in the treasury for the use of the Committee of Nine in connection with this emergency study.

Voted: That this meeting be adjourned at 8:25 P.M.

Attest: WALTER A. BLASENAK
Town Clerk and Accountant

SPECIAL TOWN MEETING
August 28, 1956

On a warrant duly issued by the Selectmen under the date of August 14, 1956, and signed by Alonzo F. Swift, Jr., Charles L. Rich, James J. Drummey, John A. Abdallah and Harry B. Butters, Selectmen of Norwood, the meeting was called to order by the Moderator, Francis C. Foley. The proper service of this warrant was duly attested by James E. Quinn, Constable of Norwood.

The articles contained in the warrant and the action thereunder is as follows:

ARTICLE 1. To see if the Town will vote to amend the existing zoning by-law by altering the district boundaries established under Section 17 of said by-laws with respect to that certain portion of the present General Residence District namely: That area located on the easterly side of Pleasant Street and beginning S 74° 50' E, and distant 170 feet along the present Manufacturing zone and runs thence S 74° 50' E, 1251.54 feet to the present Trunk Highway B zone, which is 150 feet westerly and parallel to the westerly line of the Boston-Providence Pike a distance of 820 feet, thence N 76° 20' W a distance of 1560 feet, thence N 51° 37' E, 226.24 feet, thence northeasterly by a curve of 670 foot radius a distance of 127.26 feet thence N 30° 44' E a distance 156.43 feet, thence northeasterly by a curve of 350 foot radius a distance of 116.36 feet; thence N 49° 47' E, 324 feet to the point of beginning, by withdrawing said portion from General Residence and establishing same as Manufacturing as shown by a map thereof to accompany said amendment and made a part thereof and thereby altering the existing map showing existing boundaries to conform to such change of district boundaries.

Voted: To so amend.

ARTICLE 2. To see if the Town will vote to amend the building by-laws by adding to Section 10 thereof the following:

CONCRETE SLAB TYPE HOUSES

Slab type houses shall have foundations extending 4' below finish grade and one (1) foot above grade.

All bearing partitions shall be supported by an 8" foundation extending 4 ft. below finish grade or by a grade beam supported by concrete piers extending down to a grade of bottom of outside foundation walls. Piers shall be 10' on center maximum. All grade beams shall be reinforced to the satisfaction of the Inspector of Buildings. Grade beams shall have a width of 8" and depth of 14".

No concrete shall be poured for footings or foundations without concrete forms.

Footings shall be placed under foundations if in the opinion of the Building Inspector they should be deemed necessary.

No concrete shall be poured without first notifying Inspector of Buildings and receiving approval for same.

No concrete shall be poured on Saturdays without written permission of Building Inspector.

The Building Inspector may require a concrete inspector who shall be paid by the Builder.

Rigid insulation shall be installed on inside of foundation wall and under concrete slab adjacent to wall.

Specified depth of foundation and piers shall be considered as minimum.

Top of foundation to be at least 2' above grade of center line of street.

The sill on this type of construction shall be 4" x 4".

Voted: Indefinite Postponement.

Attest: WALTER A. BLASENAK

Town Clerk and Accountant

SPECIAL TOWN MEETING

September 6, 1956

On a warrant duly issued by the Selectmen under the date of August 28, 1956, and signed by Alonzo F. Swift, Jr., James J. Drummey, and John A. Abdallah, Selectmen of Norwood, the meeting was called to order by the Moderator, Daniel E. Callahan, Jr. The proper service of this warrant was duly attested by James E. Quinn, Constable of Norwood.

The articles contained in the warrant and the action thereunder is as follows:

ARTICLE 1. To see if the Town will vote to accept and allow as a new town way, a way opposite Morse Street at Pleasant Street and running easterly from Pleasant Street to the Boston-Providence Turnpike as laid out and reported by the Selectmen, and according to a plan on file with the Town Clerk, to be known as Morse Street; to raise and appropriate a sum of money to meet the expense of the cost of construction of said way including land damages; to determine whether the money shall be provided from available funds in the treasury and by borrowing or take any other action in the matter.

Voted: To so accept and allow.

ARTICLE 2. To see what sum the town will vote to appropriate for sewer construction; to determine whether the money shall be provided from available funds in the treasury and by borrowing or take any other action in the matter.

Voted: That the sum of \$11,000.00 be appropriated for sewer construction and to meet the aforesaid appropriation the sum of \$11,000.00 be borrowed under the provisions of Chapter 44 of the General Laws for a period not to exceed ten years.

ARTICLE 3. To see what sum of money the town will vote to raise and appropriate to meet the further expense of water construction, said appropriation to be provided for by borrowing, or take any other action in the matter.

Voted: That the sum of \$19,000.00 be appropriated to meet the further expense of water construction and to meet aforesaid appropriation the sum of \$19,000.00 be borrowed under the provisions of Chapter 44 of General Laws for a period not to exceed ten years.

ARTICLE 4. To see what sum of money the town will vote to raise and appropriate for fire department salaries, said sum to be in addition to sums heretofore appropriated for said purpose; determine whether the money shall be provided from available funds in the treasury or otherwise, said sum to provide for the appointment of six permanent fire fighters.

Voted: The sum of \$3,000.00 by transfer from the Excess and Deficiency Account.

ARTICLE 5. To see what sum of money the Town will vote to raise and appropriate for Police Department Salaries, said sum to be in addition to sums heretofore appropriated for said purpose; determine whether the money shall be provided from available funds in the treasury or otherwise, said sum to provide for the appointment of four permanent police officers.

Voted: The sum of \$100.00 by transfer from Surplus Revenue.

Voted: That this meeting adjourn at 11:00 P.M.

Attest: WALTER A. BLASENAK
Town Clerk and Accountant

SPECIAL TOWN MEETING
October 25, 1956

On a warrant duly issued by the Selectmen under the date of October 9, 1956, and signed by Alonzo F. Swift, Jr., Charles L. Rich, James J. Drummey, John A. Abdallah and Harry B. Butters, Selectmen of Norwood, the meeting was called to order by the Moderator pro tem, Daniel E. Callahan, Jr. The proper service of this warrant was duly attested by James E. Quinn, Constable of Norwood.

The articles contained in the warrant and the action thereunder is as follows:

ARTICLE 1. To see if the Town will vote to amend the building by-laws by adding to Section 10 thereof the following:

Concrete Slab Type Houses

Slab type houses shall have foundations extending 4' below finish grade and 8" above finish grade. Finish grade shall slope away from foundation walls to insure proper drainage of lot.

All bearing partitions shall be supported by an 8" foundation extending 4 feet below finish grade or by grade beams supported by concrete piers extending down to the grade of bottom of foundation walls. Piers shall be 10' on center maximum. All grade beams shall be reinforced to the satisfaction of the Inspector of Buildings. Grade beams shall be constructed according to good engineering practice.

No concrete shall be poured for footings or foundations without concrete forms. Concrete footings; constructed according to good engineering practice; shall be required where the soil will not properly sustain the weight of the proposed structure. No concrete shall be poured without first notifying Inspector of Buildings and receiving approval for same.

The Building Inspector may require a concrete inspector who shall be paid by the Builder.

Rigid insulation shall be installed on inside of foundation wall and under concrete slab adjacent to wall.

Specified depth of foundation and piers shall be considered as minimum.

The sill on this type of construction shall be 4" x 4" and shall be properly bolted to the foundation.

No concrete walls, footings or piers shall be poured on filled ground. Concrete walls, footing and piers shall rest on undisturbed soil.

Voted: To so amend.

ARTICLE 2. To see if the Town will vote to authorize the Moderator to appoint a committee to study a plan classifying any or all positions, other than those filled by popular election and those under the direction and control of the school committee, into groups and classes doing substantially similar work or having substantially equal responsibilities, and a plan establishing minimum and maximum salaries to be paid to employees in positions so classified, such board to report to a Town Meeting on or before April 30, 1957, with recommendations of a proposed by-law embodying such plans as authorized by the provisions of the General Laws, Chapter 41, Section 108A. (On petition of the Charter Committee)

Voted: To so authorize the Moderator to appoint such committee; to report to a Town Meeting on or before January 31, 1957.

ARTICLE 3. To see what sum of money the Town will vote to raise and appropriate for Election and Registration Incidentals, said sum to be in addition to sums heretofore appropriated for said purpose; determine whether the money shall be provided from available funds in the Treasury or otherwise.

Voted: The sum of \$1,800.00 by transfer from Surplus Revenue.

ARTICLE 4. To see what sum of money the Town will vote to raise and appropriate for Maintenance and Control, Police Department Incidentals, said sum to be in addition to sums heretofore appropriated for said purpose; determine whether the money shall be provided from available funds in the Treasury or otherwise.

Voted: The sum of \$3,000.00 by transfer from Surplus Revenue and appropriated for Maintenance and Control, Police Department Incidentals.

ARTICLE 5. To see if the Town will authorize the Moderator to appoint a committee of five to study the need for the construction of a new central fire station and that the said committee be instructed to report back at the annual town meeting of 1957 with recommendations as to site, together with preliminary plans and estimates of the cost of the erection and furnishing of a new central fire station, and to see what sum of money the Town will vote to raise and appropriate for said purpose; determine whether the money shall be provided for from available funds in the Treasury or otherwise.

Voted: To so authorize the Moderator, and further the sum of \$1,500.00 be transferred from Surplus Revenue and appropriated for said purpose.

ARTICLE 6. To hear and act on the progress report of the Committee of Nine.

Voted: On amended motion, the verbal report of Mr. Carlson, Chairman of Committee be accepted as a report of progress and the Committee of Nine be instructed to report its final report on or before December 1, 1956.

Meeting dissolved at 10:00 P.M.

Attest: WALTER A. BLASENAK

Town Clerk and Accountant

Town Clerk and Accountant

SPECIAL TOWN MEETING**December 5, 1956**

On a warrant duly issued by the Selectmen under the date of November 20, 1956, and signed by Alonzo F. Swift, Jr., Charles L. Rich, James J. Drummey and John A. Abdallah, Selectmen of Norwood, the meeting was called to order by the Moderator pro tem Daniel E. Callahan, Jr. The proper service of this warrant was duly attested by James E. Quinn, Constable of Norwood.

All the requirements of the statutes and by-laws relating to elections and town meetings were complied with. The warrant calling the meeting was read by Town Clerk and Accountant, Walter A. Blasenak. The meeting was opened with a prayer by Most Rev. J. F. Minihan.

The articles contained in the warrant, and action thereunder being as follows:

ARTICLE 1. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for Particular Sewers, said appropriation to be provided for by transfer from Surplus Revenue, and or from available balances in existing appropriations for the current year.

Voted: The sum of \$2,200.00 by transfer from "Engineers Personal Services" and the sum of \$800.00 by transfer from "Printing of Annual Town Reports."

ARTICLE 2. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for Vacations and Pensions, said appropriation to be provided for by transfer from Surplus Revenue, and or from available balances in existing appropriations for the current year.

Voted: The sum of \$2,000.00 by transfer from "Improvement of Parking Areas rear of Theatre and adjacent to the Municipal Building."

ARTICLE 3. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for Sick Leave for Public Works Division employees, said appropriation to be provided for by transfer from Surplus Revenue, and or from available balances in existing appropriations for the current year.

Voted: The sum of \$2,500.00 by transfer from the account "Flags for Washington Street."

ARTICLE 4. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for Water Department House Connections, said appropriation to be provided for by transfer from Surplus Revenue, and or from available balances in existing appropriations for the current year.

Voted: The sum of \$3,000.00 by transfer from "Repairs to Airport."

ARTICLE 5. To see what sum of money the Town will vote to raise and appropriate to meet the further expense for Electric Light Department Purchase of Electric Energy, said appropriation to be provided for by transfer from Surplus Revenue, and or from available balances in existing appropriations for the current year.

Voted: The sum of \$105,415.00 by transfer from the accounts as indicated:

Surplus Revenue	\$43,000.00
Schools Instruction Salaries	7,000.00
Schools Janitors Salaries	2,000.00
Light Construction	20,000.00
Light Operation	5,000.00
Light Utilization	5,000.00
Enclosing Culverts Codman Road	2,871.00
Refilling Borrow Pit, Ellis Avenue	5,544.00
Repairs to Airport	15,000.00

ARTICLE 6. To see if the Town will vote to appropriate an additional sum of money for the acquisition of a land site for off street parking, in the so-called Talbot site, and determine if said appropriation shall be met from taxation, borrowing or otherwise.

Voted: The sum of \$25,000.00 to be borrowed under the provisions of Chapter 44 of the General Laws for a period not exceeding four years.

ARTICLE 7. To see if the Town will vote to appropriate an additional sum of money for the construction thereon of off street parking facilities, in the so-called Talbot site, and to determine if said appropriation shall be met from taxation, borrowing or otherwise.

Voted: The sum of \$35,000.00 to be appropriated for the original construction and surfacing of the municipally owned and operated off-street parking area on the so-called Talbot site, said sum to be in addition to the sum heretofore appropriated for the same purpose, and to meet said appropriation, the sum of \$35,000.00 be borrowed under provisions of Chapter 44 of the General Laws for a period not exceeding four years.

ARTICLE 8. To see if the Town will vote to amend the existing zoning by-law by altering the district boundaries established under Section 17 of the present Single Residence 2 District, namely that area on the southerly line of Union Street as follows: Beginning at a point on the southerly line of Union Street a distance of 152.54 feet along the present Trunk Highway B Zone from the intersection of said southerly line of Union Street with the easterly line of the Boston-Providence Turnpike, thence running S 27° 26' 30" W, a distance of 74.00 feet, thence southwesterly by a curve of 2690.53 foot radius a distance of 271.00 feet, thence S 51° 35' 40" E a distance of 70.00 feet, thence S 39° 35' 40" E a distance of 485.00 feet, thence N 67° 24' 20" E a distance of 290.90 feet, thence N 18° 44' 50" W a distance of 522.81 feet, thence N 73° 02' 00" W a distance of 217.53 feet to the point of beginning, by withdrawing said portion from Single Residence 2 and establishing same as Trunk Highway B as shown by a map thereof to accompany said amendment and made a part thereof and thereby altering the existing map showing existing boundaries to conform to such change of district boundaries.

Voted: Motion declared lost.

ARTICLE 9. To hear and act upon the report of the Committee of Nine appointed to make a survey with reference to the need and location of additional school buildings and to see if the Town will vote to determine a site

or sites for a new school building or school buildings; to appoint a committee to obtain plans and estimates for a suitable building or buildings on such site or sites as the Town may determine; to raise and appropriate a sum of money for the use of said Committee; to determine whether the money shall be provided by appropriation from available funds in the treasury or otherwise; or to take any other action in relation thereto.

Voted: That the report of the Committee of Nine be accepted and acted upon.

REPORT OF THE COMMITTEE OF NINE

to make a survey with reference to the need
and location of additional school buildings

Submitted to Special Town Meeting December 5, 1956

This is the report of the Committee of Nine on elementary school needs. Subsequent reports will be made on secondary school needs.

Conclusions and Recommendations

It is the conclusion of the Committee of Nine that two new elementary schools be built: one on the Nichols st. (Westover) site and one on the Prospect Street (Forbes) site and that a Committee of Nine should be appointed in due course to report by October 30, 1959 on the practicability of a third new school on the Neponset Street site or further additions to then existing schools.

To accomplish this the following recommendations are made:

1. That a Committee of Seven be appointed:
 - a. To secure the services of an architect or architects, have preliminary plans and estimates of costs prepared for the two elementary schools to contain 14 classrooms each, two of which would be for kindergarten purposes, with auxiliary facilities and that the committee report to a Town Meeting as soon as possible and not later than June 1, 1957 with these plans and estimates of costs.
 - b. To proceed, as soon as funds are made available by Town Meeting, with the construction of the school on the Nichols Street site to be opened not later than September 1958 and with the construction of the school on the Prospect Street site to be opened not later than September of 1959.
2. That the committee of 7 confer with the Committee of 9 and have access to its records during the planning stage.
3. That the Moderator appoint a Committee of 9 in January of 1959 to consider the school needs as they then exist and to report to Town Meeting not later than October 30, 1959.

The Need

(1) Norwood's present need for additional elementary school classrooms stems basically from two causes: (a) the record birth-rate of recent years, and (b) a significant population growth through real estate development. This growth has been town-wide with no section truly dominating the picture.

(2) The fifty-three classrooms in elementary school buildings can presently accommodate 1590 pupils in grades 1 through 6, if the desirable number of pupils per class is limited to 30. The total enrollment in these grades as of October 1, 1956 is 1770. This leaves 180 pupils, 114 of whom are being housed in classrooms at the Junior High School and the remainder are distributed throughout the elementary school system by having more than 30 pupils in some classes. In 1958, the projected overage will be 408 and will increase to 656 by 1961.

(3) The following table illustrates how the enrollment pressures will increase significantly over the next five years.

TABLE I
Enrollment — public schools only

	Actual		Projected		1960	1961
	1956	1957	1958	1959		
1st Grade	291	360	394	394	386	421
2nd Grade	334	291	360	394	394	386
3rd Grade	299	334	291	360	394	394
4th Grade	320	299	334	291	360	394
5th Grade	307	320	299	334	291	360
6th Grade	219	307	320	299	334	291
Total	1770	1911	1998	2072	2159	2246
Kindergarten	481	517	540	558	621	

See Exhibit G for complete statistical projection

(4) Allowing for distortions that can enter any method of projecting school population, it is the judgment of this Committee that the figures cited in Table I warrant the conclusion that major additional elementary school facilities should be provided.

The Problem

(5) As previously mentioned the enrollment growth has been town-wide and, as an expediency, temporary use of classroom space for elementary purposes has been made of the centrally located Junior High School building.

(6) Although the conclusion that additional elementary school facilities will be needed shortly is quite apparent, the location of the new facilities to serve best the interests of the entire community has been the primary concern of this Committee.

(7) At the present time the town owns four plots of land for school construction purposes—the Nichols Street (Westover) site, the Prospect Street (Forbes) site, the Neponset Street site and the so-called Hennessey Field site. Study has been made of each, as well as a plot of land adjacent to the Fr. MacAleer Playground.

(8) Consideration has been given to the present school population in each of the areas in which these plots lie, the indicated births within each, the rate of building within each and the available but unbuilt-upon house lots in each. Beyond this, this Committee has endeavored to ascertain the probable time element and extent of new dwelling construction on available

house lots. In short, a systematic analysis has been made to determine not only present need, but probable need for elementary facilities. The following tables set forth the data which was compiled and which would seem to have a significant bearing upon the solution of the problem.

TABLE II
Elementary School Population and Normal School Capacity—By Schools
October 1, 1956 — Grades 1 through 6

Normal capacity computed at 30 pupils per room

	Population	Normal Capacity
Shattuck	252	240

* These figures also include "Balch East of Route 1"

NOTE: In the Union-Sumner St. area there are 210 undeveloped house lots not included in the above figures.

Discussion of Need in Relation to Sites:

(9) The Nichols Street site, comprising 19 acres, is located between Nichols Street and Walpole Street, approximately opposite Westover Parkway. A school on this site could take care of all the future growth of this section of the town to the Walpole line. This area has a building potential of about 1200 units, the majority being in the Westover and Holmwood developments.

To illustrate the present need, two circumstances are noteworthy. First, there are 38 pupils in grades 1 through 6 attending the Junior High Elementary School Unit who would ordinarily be housed in the Winslow or West Schools. Second, despite this expediency, crowded conditions exist in the Winslow School.

Also, the westerly portion of the Shattuck School district is within walking distance of this site which would enhance administrative flexibility. If in the future it is deemed advisable by the School Department to withdraw the Winslow and/or West Schools from service, a school on the Nichols Street site would cover the service areas of these units.

Considering the present need and exceptional building potential of this area, the construction of a new elementary school is considered wise on this site.

(10) The Prospect Street site, comprising 15 acres, is located just east of Pine Street and on the northerly side of Prospect Street.

At the present time there are in the Junior High School Elementary Unit 47 pupils who would ordinarily attend the Shattuck School. The enrollment situation in the Shattuck School is as crowded as is the case in the Winslow-West Schools.

From the standpoint of births, there have been more in this school district than in any other with the exception of the Callahan, for the years 1950 through 1955.

Finally, the building potential is considerable, amounting to 550 house lots in the Forbes Estate alone.

A school on this site would also permit withdrawal from service of the Shattuck School, if such action is considered proper by the School Department at a later date. Also, with the provision of suitable street cross-over facilities, pupils from the northerly end of the Callahan School district could attend a school on this site, thereby relieving attendance pressure on the Callahan School.

Considering the urgent present need and building activity of this area, the construction of a new elementary school is deemed advisable on this site.

(11) The Neponset Street site, comprising 9.3 acres, is located just south of Dean Street and on the westerly side of Neponset Street.

The steady growth of the Neponset Street area east of Route 1 commands close attention as a prospective school location. The increase in enrollment in this area has been remarkably steady.

Available house lots total about 300. The annual rate of new construction has been about 50 units per year. This indicates a steady growth which may possibly support a school for this area in the future.

However, the present school enrollment from this area, approximately 200 in grades 1 through 6, if housed in a new school built at this time, would lack administrative flexibility.

In addition to the factors above mentioned, this is an area from which all students are transported at public expense; therefore the situation warrants frequent surveys in an effort to determine the nearest time when a school on the Neponset Street site will be economically and administratively feasible.

(12) The Hennessey Field site, comprising 12.4 acres, is located between Cross Street and Lenox Avenue, west of Pleasant Street.

This site is unsuitable for consideration as an elementary school site at this time. It is located at the intersection of the Balch and Callahan school districts. Its usefulness is further decreased by its proximity to the Boston-Providence Highway which cuts off the Neponset Street area from safe walking routes to such a school. The topography of this site suggests very high construction costs.

(13) A plot of land adjacent to Fr. McAleer Playground, 6.6 acres, in tax title and other land privately owned has been considered. It is the opinion of this Committee that this site has less merit than that of others already owned for school purposes on the westerly side of Washington Street.

First, time would be required to obtain clear title to the entire plot. Second, the normal school districts of a school built on this site would overlap considerably that of a school on the Nichols site and the Prospect Street site.

Respectfully submitted,

Voted: 1. That a Committee of Seven be appointed by the Moderator:

a. To secure the services of an architect or architects, have preliminary plans and estimates of costs prepared for the two elementary schools to contain 14 classrooms each, two of which would be for kindergarten purposes, with auxiliary facilities and that the committee report to a Town Meeting as soon as possible and not later than June 1, 1957 with these plans and estimates of costs. And be it further voted the sum of \$5,000 be transferred from Schools Instruction Salaries and appropriated for the above purpose.

b. To proceed, as soon as funds are made available by Town Meeting, with the construction of the school in the Nichols Street site to be opened not later than September 1958 and with the construction of the school on Prospect Street site to be opened not later than September of 1959.

2. That the Committee of Seven confer with the Committee of Nine and have access to its records during the planning stage.

3. That the Moderator appoint a Committee of Nine in January of 1959 to consider the school needs as they then exist and to report to Town Meeting not later than October 30, 1959.

Voted: To amend the above motion, by striking out the words Prospect Street and inserting in place thereof the words Neponset Street.

Meeting dissolved at 10:36 P.M.

Attest: WALTER A. BLASENAK

Town Clerk and Accountant

REPORT OF TOWN COUNSEL

The Honorable Board of Selectmen
Alonzo F. Swift, Jr., Chairman
Norwood, Massachusetts

Gentlemen:

I submit herewith in summarized form the fourteenth annual report of my conduct of the Legal Department of the town.

Frequent changes in the laws applicable to municipal government bring requests for interpretation of the law which require constant study of the new legislation in its relation to our activities in order to competently advise those charged with the conduct of our own government.

Much of the service rendered was advisory in nature and was furnished to the various departments of the town through written opinions upon request therefor.

Additional service was rendered by attendance at hearings and conferences, court appearances, drafting of articles for town meeting warrants and motions to be offered thereunder, drafting of deeds, agreements and various other instruments.

The service rendered dealt with practically every phase of municipal activity.

Litigation and Claims

Various claims for personal injuries and property damage were made against the town arising out of alleged defective conditions in public ways concerning which opinions as to liability on the part of the town were given and recommendations made as to disposition of the claims.

Other matters as to which service was rendered by way of advice and opinion are referred to under the headings of the departments and officials concerned.

Selectmen

Advice with reference to existence of or anticipation of contract with town by member of board.

Conferences and advice with reference to abatement of alleged non-conforming use with respect to gravel removal.

Preparation of orders of taking relating to parking areas.

Conferences with reference to acquisition of Forbes property so-called for school purposes.

Drafting of deed and easement with reference to Lenox Street land and utilities and recording same — Holliston Mills — E. V. Forrest.

Advice with reference to airport management agreement.

Advice with reference to statutory provisions accepted by town relating to Fire Department and matter of call fire department abolition.

Advice with reference to provisions of law relating to establishment of exterior lines of public ways in connection with accrual of damages.

Advice with reference to betterment assessments in relation to taking for public way.

Advice with reference to use of property in manufacturing district for storage of materials used in connection with business.

Advice with reference to jurisdiction in matter of enforcement of zoning by-law.

Advice with reference to airport commission and jurisdiction in relation to management agreement.

General Manager

Advice with reference to Forbes property.

Examination and approval as to form of water main contract.

Advice with reference to applicability of zoning by-law to Rock Street property and effect of recording plan prior to by-law provision.

Conferences with landowners, Town Engineer, Mass. Dept. Public Works engineer with reference to location of Neponset Street, Access Road.

Advice with reference to Glacier Sand and Gravel contract.

Advice with reference to clause in article and vote allowing assessment of betterments in matter of taking for public way.

Conferences and advice with reference to parking area takings and related problems.

Advice and attention given to matter of various claims resulting from alleged defective condition of public ways and matter of notice required by statute.

Advice with reference to statutory requirements in layout of town way.

Building Inspector

Advice and conferences with reference to zoning by-law provisions relating to property at Rock and Oliver Streets.

Advice with reference to zoning by-law set-back requirements.

Conference and advice with reference to proposed change in building by-law dealing with slab construction.

Conferences and advice with reference to interpretation of decisions relating to non-conforming uses in various situations.

Town Clerk and Accountant and Clerk of Selectmen

Advice with reference to applicability of provisions of G.L. C138 and form of notice to Town Clerk.

Advice with reference to annuity provisions under G.L. C32.

Advice with reference to recount procedure.

Advice with reference to law relating to laborer's pension and retirement.

Advice with reference to contributory retirement deductions of former county employee.

Advice with reference to provisions of law applicable to injury of fireman.

Advice with reference to provisions of law relating to life insurance coverage of municipal employees.

Advice with reference to election officers and other details.

Conferences and advice re articles for special and annual town meetings and motions to be offered thereunder.

Advice with reference to committee appointments by moderator pursuant to town meeting action.

Planning Board

Examination and correction of printer's proof of zoning by-laws.

Advice with reference to zoning by-law section relating to gravel removal.

Review of notice with reference to hearing and preparation of article for town meeting action increasing set-back requirements in Trunk Highway Districts Divisions A & B from fifty to seventy-five feet under section 16.

Conferences and advice with reference to jurisdiction of the board involving the interpretation and applicability of statutory provisions dealing with sub-division control in various situations.

Town Engineer

Conference with reference to Forbes property.

Conference and title work with reference to pole yard property on Washington Street.

Conference with reference to matter of Detroit Controls and land for highway.

Conferences and advice with reference to takings in connection with public parking areas and related problems.

Conferences in relation to utilities in matter of Lenox Street properties.

Retirement Board

Advice with reference to provisions of G.L. C32 Sec. 77.

School Committee and Superintendent of Schools

Advice to superintendent with reference to interpretation of G.L. C71 Sec. 42A.

Airport Commission

Advice with reference to management agreement modification and preparation of article and vote for town meeting action.

Study of law and advice with reference to interpretation and applicability of statutory provisions relating to municipal airports.

Library Trustees and Librarian

Advice with reference to contributory retirement payments.

Advice with reference to statutory provision for filling vacancy on Board of Trustees of Library, G.L. C41 Sec. 11.

Town Treasurer and Collector of Taxes

Advice with reference to status of tax title foreclosure proceedings.

Advice and attention to matter of writs served in connection with various legal proceedings instituted against the town.

Board of Appeal

Advice with reference to statutory requirements in connection with hearings pursuant to requests for variance in application of zoning by-law.

Finance Commission

Advice and preparation of motions with respect to appropriation recommendations under town meeting warrant articles.

Advice with reference to expenditure of funds appropriated under vote indicating specific purpose for which funds to be expended.

Board of Public Welfare and Agent

Advice with reference to O.A.A. Lien Law provisions.

Preparation and filing of petition for enforcement of support and appearance at court hearing.

Conferences with agent with reference to provisions of law dealing with recovery by town of payments made.

Attention to and advice with reference to suits and claims for care and relief involving other cities and towns.

Conclusion

I am grateful for the privilege of having served the town as legal counsel since 1943. During my period of service I have been constantly aware of the great responsibilities attendant upon the position in a growing community such as ours has been. The uniform spirit of cooperation and friendliness extended to me by town boards, committees, officials and friends throughout these years has greatly aided me in the performance of my duties and I shall be ever mindful of their loyalty and friendship.

Respectfully submitted,

FRANCIS C. FOLEY

Town Consel

REPORT OF GENERAL MANAGER

To the Honorable Board of Selectmen:

Submitted herewith are the reports and activities of the various departments over which the General Manager has administrative control.

The record of the accomplishment during the calendar year 1956 was good.

The new sub-station for the Light Department at Washington and Chapel Streets has been completed and put into operation. This is a tremendous step forward in the progress of the Light Department.

The Public Works Department has carried out its portion of the program in a very excellent manner.

The Engineering, Recreation and all other departments of the Town have carried out their assignments very efficiently.

I want to place special emphasis on the good work and excellent co-operation my immediate office staff gave me during the year. They kept the situation under control at all times and saw to it that the business of the Town was carried out expertly and properly.

I want to express my gratitude to all Town Officers and employees who cooperated so well with me during the past year and to extend to them my special thanks for the excellent cooperation which they gave me.

In closing, inasmuch as on January 7, 1957 I am taking over my new position as City Manager of Medford, Massachusetts, I want to express to the Town Officials past and present and to the Town Employees who served with me, my deepest gratitude for the excellent cooperation and courtesies which they extended to me during my nearly seven years as your General Manager, and I want to tell the people of Norwood that they contributed very greatly to seven years of happiness for me and my family.

I thank you for the opportunity which you gave me and I shall always look back with gratitude and pleasure upon my term of office as your General Manager.

Respectfully and gratefully submitted,

JOHN B. KENNEDY

General Manager

REPORT OF CLERK OF PURCHASES

Mr. John B. Kennedy
General Manager
Norwood, Massachusetts

Dear Sir:

The total amount of purchase orders issued by this department during the past year was 1761. These orders were placed in response to requisitions received by me from all Town departments during 1956.

In connection with each requisition received and each order placed, the spirit of competitive bidding was used to the fullest extent. All requests were processed promptly so that all departments could carry out their program without delay due to lack of materials and equipment.

Prices on paper products increased several times during the year and seem to be more stable near the end of the year. Copper and steel products varied from week to week with increases and decreases in the market.

Deliveries on all materials improved during the year and I am looking forward to better deliveries in the coming year.

I wish to thank all department heads for their cooperation in forwarding their requisitions for materials well in advance of their needs so that this department had ample time to process requests for quotations and bids and the Town obtain the best prices available.

Very truly yours,

JOHN J. McAULIFFE
Clerk of Purchases

REPORT OF COMMITTEE ON INDUSTRIAL DEVELOPMENT

Mr. John B. Kennedy
General Manager
Town of Norwood, Mass.

Dear Sir:

The Committee on Industrial Development of the Town of Norwood hereby tenders its fifth public report.

During the year 1956, Mr. Walter Dempsey was appointed general chairman. The entire Industrial Committee would like to commend Mr. Charles L. Rich, former chairman, for the excellent work he accomplished during his term as chairman.

The Sub-Committee of Facts and Statistics working together with the Sub-Committee of Publicity prepared and printed a new brochure for the town.

The Control Engineering unit of Detroit Controls Corporation purchased a large tract of land on Morse Street extension for future expansion, and at the present time they have a new building under construction at this site which will house about 200 new employees.

Hawes Engineering Company of Hyde Park is planning to build a factory next to Brooks Molding on Dean Street. Present plans call for a building of 12,000 sq. feet and personnel of 60. The company is engaged in Electronics.

The American Brake Shoe Company has moved from Norwood and negotiations are under way to reoccupy their plant with a new company.

During the past year, the Committee donated a great deal of time to the Neponset River Valley Area. The Massachusetts State Department of Commerce will call a meeting, shortly, to discuss this area with all the interested parties. This is the last large area in Norwood that is available for industry.

The Committee's Accomplishments could not have been realized without the complete cooperation and support of the entire General Committee. Their splendid effort in behalf of the Committee and the Town are deeply appreciated. The Committee also wishes to acknowledge the cooperation received from various official boards of the Town as well as personnel in the various departments of the Town who have so generously given of their time and energy.

FREDERICK R. VALENTINE
Publicity Chairman
Committee on Industrial Development

REPORT OF MUNICIPAL LIGHT DEPARTMENT

Mr. Walter A. Blasenak
General Manager

Dear Sir:

I herewith submit my report as Superintendent of the Municipal Light Department for the year 1956.

A comparison of the kilowatt hours purchased show that the growth of our Light Department has doubled in the preceding five year period. This tremendous growth has made many problems for the Department and it is with much pleasure that I can report that much was accomplished in 1956 to alleviate the demands on our existing facilities. Most noticeable was the placing in service of our new 10,000 K.V.A. Sub-Station in early December in time for the heavy load period. Also four Regulators were installed at our Central Street Station so we can maintain good voltage. A new Transmission Line was installed from the Boston Edison Company and has increased our firm line capacity.

The increase in power consumed was 16.34% greater than that of the previous year and the prospects for 1957 point to a similar increase.

I would like to express my thanks to all members of the Light Department as well as all other Departments of the Town for their cooperation.

Following is the statistical data relative to the operation of the Light Department for 1956:

In Memoriam

MR. JOHN F. BLASENAK

John F. Blasenak was born April 30, 1893 and started working for the Municipal Light Department in 1920 as a lineman. He was promoted to Line Foreman in 1933 and continued in that capacity and served the Town faithfully until his retirement December 1, 1950. He passed away August 24, 1956.

In his memory we express our gratitude for long and loyal service and to his family we express our sincere sympathy.

Superintendent

REPORT OF CEMETERY DEPARTMENT

Mr. John B. Kennedy
General Manager
Town of Norwood, Mass.

Dear Sir:

Following is the annual report of the Cemetery Department for 1956:

This year was marked by late heavy snow storms even into April. This left us a very short period of time in which to prepare for Memorial Day.

It was a struggle but we were ready on time and launched on our summer activities which means keeping the grass mowed, trimming around the monuments and edging the walks and roads.

Towards the fall when the grounds did not need such frequent mowing, we found time to build 188 linear feet of black top walks four (4) feet wide in Section 19. In addition, we built 210 feet of these walks in the single grave area adjacent to Section 12.

Providing for our needs three (3) sections of single graves were laid out and each one marked with an identifying number.

Rock removal and digging over for future development was continued in Section 45.

During the year we prepared for and took care of 204 funerals. We also built foundations for 67 new monuments and set 17 grave markers.

Action on expansion is in progress and it is hoped that more land will be available in the near future.

Very truly yours,

LOUIS J. D'ESPINOSA
Superintendent

PATRICK J. COYNE

Born: February 15, 1896

Died: July 9, 1956

Patrick J. Coyne was appointed a member of the Norwood Police Department on June 1, 1920, and served as a Patrolman until he was promoted to a Sergeant on April 7, 1936. He was appointed a Lieutenant on January 29, 1944, and appointed Chief of Police, on November 1, 1950, and served the Town of Norwood faithfully until his retirement on July 15, 1952. The Town of Norwood expresses its gratitude for his faithful service, and extends its sympathy to his family.

Death by Auto Accident	6
Defective streets reported	43
Defective street lights reported	100
Defective water pipes reported	19
Disturbances suppressed without arrest	231
Dogs killed by Police	4
Funeral escorts	119
Lodgers at Police Station	13
Lost children returned to parents	33
Mental Patients	9
Missing persons reported	25
Money escorts	797
Sick and injured assisted	136
Summonses served	294
Suspension of Motor Vehicle License	49
Vacant homes checked	150

I wish to thank the Board of Selectmen, General Manager and the members of the other Town Departments for their cooperation with the Police Department.

Respectfully submitted,

MARK F. FOLAN

Chief of Police

REPORT OF DOG OFFICER

Town Manager
Norwood, Mass.

Dear Sir:

I hereby submit my report as Dog Officer for the Town of Norwood for the year ending December 31, 1956.

Number of Dogs licensed	1247
Males	681 @ \$ 2.00 \$1362.00
Females	102 @ 5.00 510.00
Females Spayed	464 @ 2.00 928.00
Kennel Licenses	19 @ 10.00 190.00
Kennel Licenses	2 @ 25.00 50.00
	\$3040.00
Dog notices sent out	524
Dog complaints investigated	710
Dogs lost and found—to owners	253
Dogs destroyed	108
Dogs lost and found—to non-residents	25
Calls—personal to home of dog owner	730
Dead Dogs picked up	77

Respectfully submitted,

MYER DOCTORMAN

REPORT OF SEALER OF WEIGHTS AND MEASURES

Mr. John B. Kennedy
General Manager
Town of Norwood, Mass.

Dear Sir:

I present you, herewith, the annual report for the Dept. of Weights and Measures of the Town of Norwood, for the year ending December 31, 1956.

Number of units tested	895
Number of units sealed	874
Number of units adjusted	224
Number of units not sealed	2
Number of units condemned	19

Fees collected and paid to Treasurer (\$508.50) shows more than a 10% increase over last year.

This department which should be one of the most interesting of public services is rather regretfully and pathetically the least known and the least recognized or attentively assisted. Its basic function is to preserve the equities between buyer and seller in quantity determinations. This activity concerns practically every individual in our business and industrial life, also, very particularly yours; the largest single industry within the town or country—"The Housekeeping Industry". Since food is the most important item in housekeeping and particularly now when costs are at such a high peak; more concentration of time should be allocated towards its supervisional inspections.

The "Spot Checking" of essential food items upon which surprise testings were conducted during the past year totaled some 2263 units: 1610 were found correct, 148 were found under weight, and 505 were found overweight.

There were three complaints brought to the sealer's attention, two of which pertaining to foods were deemed of such a deplorable nature as to have warranted a presentation to the board of selectmen in executive session so as to acquaint the board of the department demands. Such investigations entail some evening hours and one included time on a Sabbath day prior to the prescribed hearings conducted in the state house in which the sealer cooperated with state officials in concluding the propriety of these matters. However, the problems of human element are ever present and must be constantly watched as errors occur whether by design or carelessness and this phase of work is of a time-consuming and demanding nature involving the study of these prepackaged items.

The past year has seen new developments in devices with the innovation of indicating weight in decimal fractions of the pound. Speed and automation seems to be appearing in every conceivable enterprise and way of life today. Our increased population is indicative of the fact that three of our fuel dealers have increased the number of their metered vehicles which may now well exceed some ten million gallons passing through these tested meters realizing well over a million dollars yearly. There is now a minimum

of approximately \$50,000 retail sales of meat items alone per week in Norwood. There has also been a 20% increase of (1½ ton) scales in industry. The phase of peddlers and hawkers observed, were less troublesome this year. Now, these and other work phases too numerous to list, together with the growth of consumer and commercial transactions, do warrant provisions for increased and adequate enforcement facilities if this department supervision is to hold its own and give the proper protection. This report makes it more imperative that inspection activity be adequate from the dual phase of protection of the buyer and protection of the honest dealer against unfair competition.

As previously stated, this department is the least recognized, since all town department salaries were included in the recent study except the Sealer; also, the townspeople have been repeatedly impressed that all budgets were well scrutinized and often times studied repeatedly—yet, the finance committee made recommendations for this department last year without consulting or conferring with the Sealer. Obviously, this important law enforcement department is ironically considered as only a part-time necessity but the general laws prove otherwise.

It is not the intention of the Sealer to cause embarrassment but rather to report the facts and findings as obligated, trusting the electorate in viewing this report, may be more enlightened and provide equitable consideration toward their sealer, all of which might at least be equal to other towns of comparable size and performance.

Latest Figures taken from State Reports of Comparably Sized Towns

Town	Pop.	Salary	Units Sealed	Fees Collected	Reweighs	Dept. Costs
Walpole	14,000	\$1455.	650	\$350.00	1200	\$331.00
Wellesley	20,000	2509.	941	394.05	—	527.00
Attleboro	23,809	2300.	404	272.50	388	365.00
NORWOOD	22,000	1400.	874	508.50	2263	560.00

These figures show the smaller town of Walpole (8,000 less) which performs less duties, has more regard for their department than the more progressive and higher classed town of Norwood. The Norwood Sealer has requested an averaged salary of \$2500 and can incontestably prove that his departmental report and town is superior to those listed and should at least be compensated equal to the most comparable town of Wellesley.

This advised request is not literally an increased cost of government—it doesn't cost the taxpayer a thin dime because it saves money for the taxpayer—far beyond the cost of the fantastic service.

I wish to thank the Manager, the Board of Selectmen, the Police Department, officials of the Commonwealth, together with Norwood's merchants, industrial representatives and their respective customers, for their cooperation with this department in making it possible to quietly and efficiently realize the achievement of the records herein contained.

Very respectfully,

FREDERICK F. BROWN

Sealer of Weights & Measures

REPORT OF BOARD OF ASSESSORS

To the Citizens of Norwood:

The Board of Assessors herewith submit their annual report for the year 1956 together with a statement showing comparison of tax rate recapitulations for the years 1955 and 1956.

A table showing the comparison of valuations, tax rates, and taxes assessed over the past years is attached herewith as a supplemental report.

Organization

On March 27, 1956 Thomas J. Foley was reappointed by the Selectmen as an assessor to serve for the term of three years ending April 1, 1959.

Tax Rate for the Year 1956

On April 17, 1956, the Board of Assessors determined the tax rate for the year 1956 to be \$51.00 per each one thousand dollars of valuation, an increase of \$1.00 over the 1955 tax rate of \$50.00. The School Tax Rate was determined to be \$16.80 and the General Tax Rate \$34.20.

Motor Vehicle and Trailer Excise

6172 motor vehicles and trailers were assessed for the year 1956 and excise in the amount of \$188,628.72 was committed to the Collector of Taxes. The 1956 rate for motor vehicles and trailers was \$54.43 per thousand.

Personnel

Due to the increase in the work load, one new employee had to be added in 1956 to the office force. As of December 6, 1956 Joanne T. Lipinsky, a graduate of the Peabody School, and who had filled the position on a temporary basis since February 1956, was appointed as a permanent Junior Clerk-Stenographer.

Appellate Tax Board Cases

There were pending as of January 1, 1956 the following appeals before the Appellate Tax Board :

Levy of the Year	Location of Property	Owner
1954, 1955	211 Central Street	Athens Realty Trust
1954, 1955	483-489A Washington Street	Mary M. DeQuattro
1954	126 Winter Street	Don H. & Elena Fountain
1954	130 Winter Street	Edith D. Davenport et al
1955	95 Washington Street	Edward F. & Katherine E. Shaughnessy

All these appeals were called for hearing in December, 1956 but were all withdrawn following compromise settlements.

During the year an appeal was taken to the Appellate Tax Board on the levy of the year 1955 by Neponset Reservoir Corporation on land on Brook Street and the case is still awaiting a hearing.

Eleven appeals from valuations of the Assessors relating to the year 1956 were taken to the Appellate Tax Board during the year.

Respectfully Submitted

REPORT OF THE FIRE DEPARTMENT

To the Honorable Board of Selectmen
Norwood, Massachusetts

Gentlemen:

I submit herewith the annual report of the Chief of the Fire Department for the year ending December 31, 1956.

The Department answered a total of 545 alarms during the year 1956, classified as follows:

- 217 — Box alarms
- 3 — Second alarms
- 289 — Still alarms
- 36 — Special assistance

These are further classified as to types of fires in the following:

- 26 — Misc. such as: refrigeration, gas-leaks, etc.
- 43 — Automobile accidents and fires
- 71 — Aid to persons
- 136 — Building fires
- 21 — False alarms
- 19 — Inhalator calls
- 11 — Calls for mutual aid rendered
- 3 — Calls for mutual aid received
- 214 — Brush and woods fires

One hundred twenty (120) inspections made and permits issued for fuel oils, inflammable fluids, gasoline, gasses, blasting and complaints investigated. Fire drills were conducted in our public and parochial schools.

I would like to mention at this time that I have recommended to the school committee that automatic sprinklers be installed in every school in the town of Norwood. I know it would be costly, but if the program should take care of one school a year, until the job is done; it would save the town a lot of money over a short period of time. In these days where we are losing more than 20 schools and churches a day throughout the country through arson, accident or otherwise, I think this would be a wise investment.

In addition 55,200 feet of various size hose was laid, 2006 feet of ladders raised, including the aerial ladder, and 255,799 gallons of water used during the year 1956.

The estimated valuation of both buildings and contents endangered by fire in 1956 was \$4,032,950.00 with actual loss resulting of \$123,190.00 of which loss, \$104,191.00 was covered by insurance and the same amount paid, leaving an un-insured loss of \$18,999.00.

During the year, periodic departmental drills were held by officers of the department. Instruction was given on firefighting and rescue evolutions as well as fire prevention matters and first-aid instruction. The drill program has been intensified and will be maintained as the personnel of this department grows.

My membership in the various fire chiefs' organizations has proved extremely valuable. I feel that the membership and attendance at these conferences is most beneficial to me, the department and the town as well. Modern fire fighting procedure and technique as well as changes in general laws are generally the topic of these meetings and information obtained is relayed to the officers and men of the department.

My budget of 1957 estimates contains no recommendations for station improvements, including painting and repairing pending the report of the committee, appointed by the Town Meeting, as to the necessity of a new fire headquarters and town meeting action thereon. I have previously submitted to the Honorable Board of Selectmen a 5-year plan detailing the department needs to modernize and render a more efficient department. In this report I recommended construction of a 5-door fire headquarters which, in my opinion, will meet our needs for many years to come. The present station is inadequate, in a very undesirable location as to traffic conditions. On three or four days a week it is next to impossible to leave the station on short notice. As you well know quick response is most important in our operation. Over-crowded conditions prevail in every respect.

Last year saw the abolishing of the Call Fire Force in Norwood. Legal entanglements prevented the appointment of 6 permanent fire-fighters, authorized by the Town Meeting in September, to replace the Call Men. I am expecting, and recommending at the earliest possible town meeting that this authorization again be passed and my 5-year program be further advanced.

I am also recommending the purchase of a 1000 gallon engine to replace the present Engine #1 which has reached the age where it will be costly to keep in repair and maintain. Our records indicate this equipment was a partly rebuilt truck following a serious accident in 1940. I feel it is no longer reliable.

Appended to this report is my 5-year plan which was submitted to the Honorable Board of Selectmen following my appointment as Chief of your department. This report details in greater length all of my recommendations to give Norwood a completely modern, efficient fire department. I sincerely hope that each and every citizen will take the time to read and study the same, thereby, becoming acquainted with my problems and plans to solve them.

In Retirement

Mr. Henry Otis Millin joined the fire department in April 1932. He served the Town of Norwood faithfully until he was officially retired October 25, 1956. An illustrious career of devotion to duty came to an end on this date. We wish him many happy years in his retirement.

In closing my first annual report, I would like to express my sincere thanks to the officers and permanent men of the department for their fine spirit and cooperation during the year, to all Town Officials who have so ably given their time and help, to our Police Department for their cooperation and help, and to the Fire Departments of Westwood, Dedham, Walpole and

Canton for their aid during the year. To each and every citizen of Norwood my sincere thanks for their kind support, and extend to all a most cordial invitation to visit their fire station and better acquaint themselves with the operation of your fire department.

Respectfully submitted,

HARRY J. BUTLER
Chief of Department

5-YEAR PROGRAM FOR FIRE DEPARTMENT

Honorable Board of Selectmen
Town of Norwood
Massachusetts

Gentlemen:

At the beginning of this year, I discussed with you the overall problems of the Norwood Fire Department. They are many and varied and all costly to rectify. As a result of this and other meetings, I was commissioned to submit a written report enumerating these problems together with specific recommendations to correct the same.

It was further suggested that these recommendations be submitted in such a manner as to enable the town to go forward on an annual program basis to meet the needs of the Fire Department.

The following report is therefore presenting a five-year program which will provide a modern and efficient fire department properly manned, equipped, and housed.

Recommendation A — Manpower:

The manpower situation is acute for two reasons.

1. A permanent force of 27 men and 4 officers is not adequate to afford proper protection for a community as heavily populated as is Norwood, or for a department answering as many alarms.

The distribution of this force provides nine men and one officer on duty at all times provided we are operating with a full complement. Depletion of the manpower is caused by vacations, sickness, or ambulance duty. It has been a costly, but necessary expense to employ substitutes for prolonged illnesses and vacations.

A further concern of mine is the constantly rising number of simultaneous alarms, for which there is literally no adequate manpower available which does not entail serious delay.

Delayed alarms and delay in answering alarms is the difference between a small and easily controlled fire and one which rages out of control and means serious losses. Much valuable time is lost in sounding a recall of men off duty, and mutual aid from other towns.

Neither of these two aids are minimized herein, nor do I propose to recommend an addition to the department which would entirely eliminate

the necessity of employing both of these. I am recommending, in my opinion, a proper balance of relation between men on duty, men subject to recall, and mutual aid from other towns.

2. Norwood has 8 call firemen on its payroll, and this call men setup has never been clearly defined, or authority to make it work, manifest. Of these 8 part time firemen, 2 are members of the Police Department; 2 are members of the Electric Light Department; 2 are totally disabled and are unable to respond to fires. The remaining 2 are, theoretically available for fire duty, if in town and not working at their regular employment. Gentlemen, may I repeat, in case of a real serious disaster or emergency, six of these men would not be available to the fire department. Again, because of the number of alarms your department answers each year, the employment, or replacement of call men is not possible. Industry and town department heads refuse to release men as often as is required to permit answering these alarms.

In the year 1955, the town of Norwood spent approximately \$12,000 for salaries of call men and substitutes, all of which would be eliminated by the adoption of the following proposal:

That the complement of permanent firefighters be increased from 27 privates and 3 officers to 50 privates and 6 officers, not including the chief of the department.

That the increase in manpower be instituted on the following annual basis:

1957	5 privates and 1 Lieutenant
1958	5 privates
1959	5 privates and 1 Lieutenant
1960	4 privates
1961	4 privates and 1 Lieutenant

This increase in personnel would permit the department to operate with three crews consisting of 17 men and 2 officers. A first alarm assignment would consist of 1 officer and 12 men responding to same, and 1 officer and 3 men remaining in quarters available for response to a second fire or as a second alarm crew along with our recall and mutual aid program.

Recommendation B — Equipment:

Our present fire fighting apparatus consists of the following:

1	1927 Seagrave 750 gallon pump.
1	1938 Maxim 750 gallon pump (rebuilt in 1940.)
1	1949 International 500 gallon pump (Engine #3.)
1	1953 International 500 gallon pump (Engine #4.)
1	1945 85-foot aerial ladder.

As you are aware, the 1956 budget contained funds for the replacement of the obsolete Seagrave. A department whose function it is to protect a community the size of Norwood cannot operate efficiently with old or inadequate equipment.

I am recommending that in the next five years all of this old or inadequate equipment be replaced with modern and efficient apparatus. The type of

apparatus that is designed from front to rear. from wheels to ladders, and from motor to auxiliary equipment to fight fires. We then will have dependable fire trucks.

The goal of your fire chief is to equip this department with three 1000 gallon pumping engines. Norwood has operated with two 750 gallon pumping engines for the last 30 years and the growth of our town warrants 1 additional engine company to be added to the department.

I would replace the present Engine #3, built on an International chassis, with a modern rescue and disaster truck, equipped with a 500 gallon pump and large water tank.

This truck, by its very nature, design and construction could be assigned for emergency duty of all kinds.

It would be invaluable in affording maximum protection against disaster on our busy streets should any of the many gasoline transport trucks become involved in an accident which would cause fire and explosion on our streets. Such an accident could spray death and destruction along 2 or 3 blocks of Washington Street, before our present facilities could successfully cope with this ever existing danger.

It would be used in conjunction with our local airport which is expanding at a very rapid pace. Large planes. landing and taking off present a very serious problem to the fire department when it master plans Norwood's protection.

I submit this problem for your most serious consideration.

It is possible to use 1 small 500 gallon pumper on a commercial chassis for brush or grass fires.

I further suggest to the Honorable Board of Selectmen that Norwood should consider the purchase of a second aerial ladder. An aerial ladder is the truck most used in rescue operation, and in a town where we are concerned with simultaneous alarms, the danger of one ladder truck being tied up at a fire prohibits the possibility of dispatching it to a second fire. I am aware that this equipment is expensive but I am also aware that when the need for it is at hand, none would hesitate to expend the funds.

This program for the modernization of equipment for the Norwood Fire Department can be realized also over a five-year plan as follows:

1957 — Replacement of present Engine #1, a Maxim 750 gallon pumping engine, with a new 1000 gallon pumping engine and also, the purchase of a rescue and disaster wagon to replace the present Engine #4.

1958 — A new 1000 gallon pumping engine.

1960 — The purchase of an additional ladder truck.

Recommendation C — Housing:

The problem of housing our personnel and equipment in adequate quarters presents two possibilities:

1. The construction of a new four or five door station, more centrally located which would provide proper facilities for officers and men, and much needed

space for our apparatus. It would provide a fire station built to meet present day requirements.

2. The town could spend considerable money repairing and modernizing the present fire station and, then be faced with the construction of a second fire station, smaller in design than what is recommended in item 1 to be located perhaps in the South Norwood section of the town. The demand would most certainly be forthcoming from other sections for other stations, and it is possible that 3 or 4 stations might easily be in operation 10 years from now if this alternative is adopted. I submit that the present station was built and occupied in 1907, when Norwood had a population of six or seven thousand, its equipment was horse drawn and personnel all volunteers.

The only extensive expenditure made on this building was the installation of a cement floor some few years ago. Certainly, a building this old could not be considered adequate for our needs today, and any effort to make it so, would be costly and results questionable.

As Chief of your fire department, I am prepared to recommend the construction of a new 5 door station, to be erected on the Southwest corner of the civic property at Washington and E. Hoyle Streets, and when it is ready for occupancy, the present fire station to be abandoned for fire department purposes.

I know of no community our size operating with a single fire station. In fact, if this recommendation is adopted we would probably be the only town in the country, of comparable size without 2 or 3 fire stations. My approach will undoubtedly be criticized in the light of this situation. However, I make this recommendation for two reasons.

1. **Economy** — It is far less expensive to operate a single, yet large unit when it would be to operate 2 or more units. Maintenance and operational costs would be less, personnel would not have to be spread thin or divided into six groups, rather than the three which we now have and would be continued in larger quarters.

Under the plan of 2 or more stations, the present fire station would be used after considerable expense of modernization, but we can never get away from the fact that this is essentially an old structure and will be costly to operate and maintain.

2. **Area of the Town** — Norwood is 10 or 11 square miles, and because of the relatively small area, a large single fire station is possible for the town.

If centrally located, response to the borders of our town would mean approximately 2 miles of travel in all directions. This is not uncommon in planning fire department coverage.

The construction of the new fire department headquarters should be undertaken not later than 1957 and should be a part of the capital outlay program of the town for that year.

Gentlemen, may I point out that the fire department has not kept pace with the growth of our town, and I trust this program will not be stalled

NORWOOD FIRE DEPARTMENT—1956

on the planning boards until disaster strikes, and public demands the action recommended herein. Such a condition existed in a town not too many miles from here, not too long ago. When six children lost their lives in a series of fires, the town began its improvement of the department. Let us not be shortsighted when considering human life. The time is none too soon to institute this program for the rebuilding and modernization of your fire department.

Respectfully submitted,

HARRY J. BUTLER
Chief of Department

REPORT OF BOARD OF PUBLIC WELFARE

To the Honorable Board of Selectmen

Gentlemen:

The Norwood Board of Public Welfare submits its annual report for the year ending December 31, 1956.

On May 1, 1956 the Selectmen appointed the following persons to serve as the Board of Public Welfare for a term of one year—Martin J. Foley, Richard G. Nead and Ernest G. Paciorkowski.

At a regular meeting of the Welfare Board Mr. Richard G. Nead was elected Chairman.

A monthly summary of the number of active Aid to Dependent Children, Disability Assistance and General Relief cases, and showing the total number of people aided, follows this report.

Employment conditions throughout the year were such that there was no large influx of new cases added to the Welfare rolls. Cases which were added involving an employable person were the result of sickness, accident, and in some instances domestic difficulties.

The number of Aid to Dependent Children cases dropped off a little during the year, and it is felt that a minimum has been reached.

There is an increasing tendency for people to move to suburban areas, and Norwood will receive its share of indigent persons due to this population trend.

Disability Assistance cases remained on a fairly constant level during the first eleven months of 1956. However, due to chapter C53 of the 1956 Acts and Resolves certain recipients of Disability Assistance became eligible for Old Age Assistance.

Those eligible cases were transferred during the month of November 1956 to the Old Age Assistance Category.

The Aid to Dependent Children and Disability Assistance categories are participants in the Federal Social Security Program. As such the Town receives cash grants-in-aid from the Federal Government as part payment of these categories.

1956 PUBLIC WELFARE CASE LOAD

Month	Aid to Dependent Children	Disability Assistance	General Relief	Boarding	Institu- tional	Hospital	Total	
							Cases	People
January	14	25	33	6	3	0	81	137
February	14	25	30	6	3	0	78	128
March	13	25	27	5	3	0	73	116
April	15	25	27	5	3	0	75	124
May	16	23	26	4	3	0	72	119
June	15	23	27	4	3	0	72	120
July	15	24	25	5	3	0	72	103
August	15	24	26	4	3	0	72	120
September	13	24	25	4	2	0	68	109
October	12	24	26	4	2	0	68	109
November	12	14	17	4	2	0	49	89
December	12	11	18	3	2	0	46	86

The Federal Government also shares in the Administrative Expenses of the Welfare Department and allows cash grants-in-aid on a percentage basis.

The Commonwealth of Mass. via the State Department of Public Welfare shares in the cost of the Aid to Dependent Children and Disability Assistance categories. These funds are paid to the Town Treasurer and are available for the future use of the Town.

The Medical Care Plan as set up by the State Department of Public Welfare in July 1954 continues in effect. There has been no improvement in the services rendered because of the plan and consistent appeals to the State Department of Public Welfare for modification in order to adjust the plan to the problem existing in the Town, have been to no avail.

The cost of Medical Care in all categories continues to be a major item in the care of Public Assistance recipients.

The Town Clerk and Accountant's report shows in detail the receipts and expenditures of the Welfare Department.

The members of the Board of Public Welfare take this opportunity to thank all Town Departments and Officials for their co-operation during the year.

Respectfully Submitted:

RICHARD G. NEAD
ERNEST G. PACIORKOWSKI
MARTIN J. FOLEY

REPORT OF THE BUREAU OF OLD AGE ASSISTANCE

To the Honorable Board of Selectmen

Gentlemen:

The Norwood Bureau of Old Age Assistance submits its annual report for the year ending December 31, 1956.

Listed below is the number of active Old Age Assistance cases as of the first of each month. Each case represents one person:

January	172	July	163
February	171	August	160
March	164	September	160
April	166	October	159
May	165	November	178
June	164	December	181

The average monthly case load from January 1, 1956 to October 31, 1956 was 164.2.

The rise in the number of active Old Age Assistance cases during November and December is due for the most part to Chapter 653 of the 1956 Acts and Resolves that amended the Old Age Assistance Law to allow certain aliens to become eligible for this type of Public Assistance commencing as of November 7, 1956.

This amendment made a group of persons receiving General Relief and Disability Assistance eligible for Old Age Assistance.

These cases were transferred to the Old Age Assistance category during November 1956. *

Commencing as of July 1, 1956 the Cost of Living budget adjustment was increased from 14.2% to 20%. This was an added cost that was not anticipated when the 1956 budget was made up.

The State Department of Public Welfare Medical Plan has not been revised and the local Bureau has been unable, up to the present time, to make desired changes so that local Old Age recipients receive Medical Care in the local hospital.

Regular cash grants-in-aid are received from the Federal Government for use in the Old Age Assistance Category.

Quarterly grants-in-aid for Administrative purposes are received from the Federal Government by the Town.

The Commonwealth of Massachusetts through the State Department of Public Welfare pay to the Town Treasurer a portion of the total cost of Old Age Assistance. These funds are available for appropriation by the Town.

The Town Clerk and Accountant's report shows the detail of the receipts and expenditures with respect to the Old Age Assistance category.

The Bureau of Old Age Assistance thanks all persons, organizations and Town Officials for the co-operation given during the past year.

Respectfully Submitted

RICHARD G. NEAD
ERNEST G. PACIORKOWSKI
MARTIN J. FOLEY

* With the growth of population in Norwood it is believed there will be a gradual rise in the number of active Old Age Assistance cases during the next few years.

REPORT OF RECREATION DEPARTMENT

Mr. John B. Kennedy
General Manager
Norwood, Massachusetts

Dear Mr. Kennedy:

It is my happy privilege to submit to you my eighth annual report of the activities of the Recreation Department, the twelfth such report submitted since the Department has been in existence on a full time basis.

1956 was another very successful year in every respect in the Recreation Department with the many programs and activities of the Department enjoying record numbers of participants. The general increase in numbers in the youth and older age groups has been reflected in an increase in participants in activities planned and conducted for both groups. We have continued to strive to offer interesting and worthwhile activities for these and all other groups in Norwood.

We have set down below a brief description of the various programs and activities sponsored by the Recreation Department. Along with this we have set down recommendations for improvements and changes in programs and facilities which we have found to be indicated, based on our experiences over the past year.

Summer Playgrounds

With ideal weather conditions and no polio epidemic such as we experienced in 1955, our Playground program enjoyed one of its most successful seasons to date. During the entire nine week season, Playgrounds were forced to cancel activities on only three days because of inclement weather, with the result that all Playgrounds and all activities had capacity attendance throughout the season.

Playgrounds operated from Monday June 25 through Thursday August 23 for a total of nine weeks. They were opened daily Monday through Friday from 9:00 a.m. to noon, and from 1:30 to 4:30 p.m.

Playgrounds were run at the six School Department areas—Callahan, Shattuck, High School, Winslow, Balch, and Cedarcrest. They were also run at the Recreation Department areas—Endean, Wilson Street, Father McAleer's, Cleveland Park (Bond Street), Pleasant Park, and the Recreation Center. Cedarcrest and Cleveland Park had only a female Playground Leader, the Recreation Center only a male leader, with all other areas having both a male and female Playground Leader to supervise the activities of the children.

Overall attendance figures for the Playgrounds show a substantial increase over 1955 and as a matter of fact are in the highest group for the period since we have been keeping such records. Favorable weather, lack of health conditions such as the polio epidemic of 1955, interesting programs, and excellent leadership accounted for the most part for the fine attendance.

A one day Playground Leadership Institute was held the Friday prior to the opening of Playgrounds for the purpose of familiarizing personnel

with their duties and giving them helpful training in their functions as Playground Leaders. Included in the subjects presented at the Institute were: Playground Management, First Aid, Arts and Crafts, Games Leadership, Sports and Athletics, and other valuable subjects. Assisting our own staff in the conduct of the Institute were members of the staff of Community Recreation Service of Boston and Mr. Joseph McAuliffe of the Norwood Fire Department.

Further training and orientation was provided staff personnel through weekly staff meetings held at the Recreation Center on Tuesday afternoons at the close of Playground for the day. Discussion was held at these meetings of various phases of the playground program and from the meetings came many worthwhile suggestions, comments, and criticisms.

As we have indicated many times in the past, the key to a successful Recreation program is able leadership. It in fact constitutes as much as ninety percent of the program. We are happy to say that during the past season we had a most able, willing, and cooperative staff. The overall success of the Playground program is due largely to the enthusiasm and interest which the staff showed toward their work with the children on Playground.

During 1956 we reorganized our supervisory staff somewhat. All sports and athletics were under the supervision of a Supervisor of Sports. Mr. John J. Doyle handled this assignment most satisfactorily, carrying out the job of keeping the various girls' and boys' leagues and other activities running smoothly in an excellent manner. Miss Jean Charron handled the position of Supervisor of Arts and Crafts extremely well in the first year that we have had a person assigned to this position exclusively in many years. We found that this new supervisory set-up enabled us to do a much more thorough job in every way throughout the season.

The Crafts Supervisor visited each Playground once a week during the season. There was a weekly project planned, the Supervisor providing basic instruction in the project, thereby enabling the youngsters at the Playground to continue work on the project even after the Supervisor left to move on to another location. Many useful and attractive articles were made by the children during the year. The individual Playground Leaders were enthusiastic in the approval of this new approach to the Crafts program.

A complete program of sports and games was conducted for both boys and girls, this phase of the Playground program being under the immediate supervision of the Supervisor of Sports and Athletics. Leagues were conducted for Intermediates and Midgets in both baseball for the boys and softball for the girls. In addition, an informal league was conducted for Pee Wees in baseball. In all, better than two hundred twenty five games were played as part of the sports program. Besides baseball and softball, the children took part in volleyball, horseshoes, and many other games of interest to the different age groups attending Playground.

Several Playground-wide events were sponsored during the course of the season with each being received with a great deal of success. Examples of these activities are the Horseshoe Tournament, the Playground Swimming Meet, the Boys' Field Day, the Leaders versus Intermediates Baseball Game, Pet Shows, Doll Shows, Talent Shows, and many such interesting activities.

Norwood Playgrounds were the guest of the Boston Red Sox for their game on August 9 with Baltimore. The largest crowd of children to attend in eight years made this trip in ten busses—upwards of four hundred fifty children. During the final week of Playground, more than three hundred fifty children attended the all-day outing conducted at Nantasket Beach. Another special event of great interest to the younger children in particular was the visit to the Recreation Center Field by the Boston Children's Theatre Stagemobile for the presentation of two performances, one in the morning and one in the afternoon. Hundreds of children from all playgrounds attended the two performances.

A complete program of Tennis Supervision and Instruction was offered at the Recreation Center courts, with Mrs. Sally Peter again doing an outstanding job in her capacity as Supervisor of Tennis. Persons of all ages availed themselves of the opportunity for instruction in the fundamentals of Tennis. The Department provided rackets and balls for those not having them, thereby making the game available to that many more individuals. Weather-wise it was an excellent year for tennis, and the large number in attendance each day at the courts attested to the popularity of the program again this year.

The following suggestions and recommendations are presented as a result of the observations, comments, and criticisms of the Playground Leaders, the Playground Supervisors, and of the Recreation Superintendent.

1. That we continue to add to the amount of playground equipment such as swings, slides, etc., now on hand at the various playgrounds. With Norwood's growth leading to increased attendance at our playgrounds, it is imperative that we keep pace by providing adequate facilities at the playground locations. Further specific recommendations for next year.

2. That a Male Playground Leader be assigned to Cedarcrest Playground.

3. That sand boxes be installed where not now located, these being particularly good for small children.

4. That volleyball poles be put up at certain locations in order that nets may be strung.

5. That work be continued to improve Pleasant Park in the area beyond the fence around the ball field and that shade trees be planted there.

6. That facilities be developed and supervision provided for children in the Ellis Gardens area.

7. That work be started without delay on Father McAleer Playground so as to have it ready for the 1957 season.

Junior Twilight Baseball League

There were six teams in the Junior Twilight Baseball League during the 1956 season. This league is conducted for boys up through the age of 18. Games were played at three different Recreation Department Fields on two nights of the week, with all equipment and personnel (umpires) provided by the Recreation Department. A total of sixty games were played during the season with more than one hundred boys taking part.

Recreation Softball League

The Superintendent of Recreation again served as Softball Commissioner for the Norwood area for the Amateur Softball Association of America. There were nine teams in the league in 1956 with better than one hundred fifty men availing themselves of the opportunity for physical exercise. Games were played four nights of the week at two different locations, with spectators taking in the games at the two fields. Organization and general supervision was provided by the Recreation Department, with the individual teams providing for equipment and umpiring personnel through an entry fee.

Swimming Program

Hawes Brook Pool opened for general public swimming on Monday, June 25th and remained open through Wednesday, September 5th. The same factors that contributed to high attendance in the Playground program also led to a good year attendance-wise at the Pool, with no drop off in attendance at the end of the season as we have experienced in recent years. We point once again to another year without a serious accident of any sort at the Pool, a record due in large part to the conscientious way in which the staff of Lifeguards carried out their duties. Their job is a most responsible and at times a most tedious one, and they are to be complimented for the fine way in which they conducted themselves at all times.

Working in cooperation with the Water Safety Division of the American Red Cross, of which the Superintendent is the local Chairman, in excess of one thousand boys and girls were registered through the local schools for swimming classes. From July 2nd through August 24th, classes were conducted mornings at the Pool with members of the Lifeguard staff serving as Instructors. Red Cross and Recreation Department certificates were awarded to two hundred and twelve youngsters who successfully completed their courses, a figure regarded as being outstanding. Of this total, approximately one hundred seventy five were beginners who could not swim at all at the start of the course.

Our accomplishments in this area are due in large measure to the contribution of the Norwood Women's Community Committee in continuing to make two scholarships available for members of the Lifeguard staff to attend Red Cross Aquatic School at the start of the season. Of our staff of five Lifeguards, four had had the training at Aquatic School through the efforts of the Women's Community Committee. We are deeply grateful for the continued support by this group of our Swimming program.

As we have done several times in the past, we wish to recommend installation of equipment at the Pool needed to bring it up to standard. This involves adequate toilet, locker, and water purification and recirculation facilities. In order to be guaranteed a safe and clean Pool, these facilities are essential.

Golden Age Club

One of the most popular and best attended programs of the Department has continued to be the Golden Age Club. This is a group organized for men over age 65, intended to provide leisure time activities. Begun in 1953 with only ten members, the Club now boasts a membership of more than one-

hundred. Monthly meetings are held with interesting programs arranged for the meetings. Trips to sporting events, points of interest around Boston, and other such special events are also arranged. Assisting us in carrying out the program have been the Norwood Lions Club which has most generously provided bus transportation on the occasion of trips, and the Norwood American Legion Post #70 which has permitted use of their quarters at the Recreation Center as a Lounge for the Club members. The members have use of the Lounge four afternoons of the week for card playing, checkers, TV, and such other activities. Norwood was one of the first communities in the state to organize a Golden Age Club and has seen it grow most successfully.

Baton Twirling

In the second year of classes, attendance has continued high in the Baton Twirling group. In the spring of last year, an Open House was held at the Recreation Center with parents and friends of the girls in the program having the opportunity to come down to see first hand the results of the one short year of classes. Competition was held for various age groups, with appropriate awards made to the winner in each group. Classes were resumed in the fall of the year with Mrs. Faye Mullarkey returning to provide instruction and supervision over the girls. Classes are held one afternoon of the week with the girls assigned to groups according to age and ability. Approximately seventy-five girls are currently enrolled in the program. A highlight of the program in the past fall was the participation by the girls in the Veterans Day parade where they made an extremely good showing for their first public appearance. Cooperation has been exceptionally good on the part of parents of girls taking part in the program.

Rifle Club

The Norwood Recreation Junior Rifle Club has continued to enjoy great popularity with in excess of sixty boys continuing to take part in its activities under the supervision of Mr. Paul Cronan. A complete course of instruction in the use of firearms is offered the boys in the Beginners Group and after they have mastered the fundamentals, they begin firing the various qualification courses conducted by the Department of the Army and the National Rifle Association. The boys also take part in postal matches and in shoulder-to-shoulder matches with other teams of comparable skill. The Club meets two evenings of the week, one night set aside for the Beginners and one for the Advanced Group with both meetings being held at the range on the top floor of the Municipal Building.

Recreation Basketball League

The Recreation Basketball League is operated from December through February for young men beyond high school age to provide them with needed physical exercise and healthy competition. With the resumption of the program in December there were eight teams entered for the current season which means that close to a hundred young men will be participating this season. The Recreation Department provides supervision and equipment for the league and pays rental costs to the School Department for the Senior High School gym on the nights when games are played. Three games are

played on each of the two nights of the week that the league is operated with many spectators on hand to enjoy the games.

Girls' Drama

The program of Girls' Drama has grown at a much faster rate than any other program in the Department, with more than one hundred girls registering in September of 1956 at the time of resumption of the meetings. Mrs. Virginia L. Bergeron has continued to perform most successfully as Supervisor of Drama. The increase in participants this fall caused us to engage the services of an assistant for Mrs. Bergeron on two of the four afternoons that the girls meet. Mrs. Patricia Devlin is assistant in this capacity. The girls are divided into groups according to age, with each group meeting one afternoon of the week. During the year, Open Houses are held at which time parents and friends of the girls have the opportunity to see the types of activities in which the girls take part during their sessions. Capacity audiences have been on hand for each of the Open Houses during the past year. The girls, who incidentally range in age from seven through fourteen, take part in various types of dramatics, including plays, pantomimes, tableaux, skits, etc., sometimes even writing their own material.

Halloween Program

On Halloween night two parties were conducted for the young people of the town, one at the Recreation Center for boys and girls of the seventh and eighth grades, and one at the Norwood Armory for young people in grades nine through twelve. Supervision at the parties is provided by members of the summer staff of the Department who are in the area and who generously volunteer their services for the evening. We are deeply grateful to these young men and women for volunteering to help us. Both parties this year were most successful with large numbers in attendance at each. Our goal of keeping the young people busy and entertained on Halloween was achieved as evidenced by the fact that once again Norwood's record of damage and destruction was low.

Youth Center

With the exception of the summer months, socials are held each Saturday evening for high school age young people at the Recreation Center. An orchestra plays for dancing in Social Hall, and in Swimming Pool Hall, ping-pong, cards, checkers, a juke box, and a refreshment counter are available for the young people in attendance. Members of the Recreation Department staff provide supervision during the evening with an average attendance of between one-hundred fifty and two-hundred at each dance. A token admission charge is made with proceeds turned over to the Treasurer.

Friday Evening Dances

On each Friday evening of the year with the exception of the summer months, dances are held for the junior high school age young people at Social Hall of the Recreation Center. Music is provided by a small orchestra with supervision being furnished by members of the Recreation Department staff. A token admission charge is made with proceeds turned over to the Treasurer. The refreshment counter in Swimming Pool Hall is also open

during the dance. At these dances, the boys and girls learn dancing and at the same time how to conduct themselves socially. An average of between two-hundred twenty-five and two-hundred seventy-five attend these dances.

Boys Activities

From approximately November first through the middle of April, Swimming Pool Hall of the Recreation Center is converted into a gym with supervision available each afternoon after school and on Saturday mornings for boys to play basketball and other games. Attendance at the sessions is excellent with sometimes as many as seventy-five boys present. Everyone who attends has the chance to play with informal games conducted in addition to the provision of basic instruction in basketball.

Symphony Orchestra

Mr. Raymond F. Fleck has continued to serve on a voluntary basis as Director of the Orchestra with some twenty-five people from Norwood and nearby communities making up the Orchestra. Rehearsals are held each Tuesday evening at Memorial Hall of the Municipal Building from September through May with concerts arranged from time to time in Norwood and surrounding towns.

For the third successive year the Department sponsored the Norwood Christmas Festival of Music with the Orchestra joining with the choirs from six local churches to present an evening of Christmas and church music to usher in the Christmas season in Norwood. Bad weather kept the size of the crowd down this yast year, but the program was no less well received and participation was at an all time high. We are most appreciative of the cooperation of all in making the Festival a success.

Fourth of July Celebration

The Recreation Department served as the organization conducting the General Manager's Fourth of July Celebration. Last year a dance was held the Night Before the Fourth at the local Armory with a gigantic display of fireworks being set off near midnight at Hartshorn's Swale. The morning of the Fourth, activities were conducted at the individual playgrounds throughout town with ice-cream distributed to every youngster in attendance.

Miscellaneous Activities

The Recreation Department during the past year took part in many other local community projects. The Department cooperated with the Public Works Department in coasting and skating areas and in maintaining and improving various other recreational areas. The Department cooperated with the Public Works Department in coasting and skating areas and in maintaining and improving various local organizations in their activities. The Superintendent served on various committees in Norwood concerned with recreation and allied matters. The Superintendent also took part in state-wide recreational projects and activities, serving on the executive committee of the Massachusetts Recreation Association.

Conclusion

The Recreation Department is deeply grateful for the continuing cooperation and support afforded by the various town officials and departments at all times. Particularly are we appreciative of the assistance of the General Manager, the Board of Selectmen, and the Selectmen's Recreation Advisory Committee.

The continuing growth of the town compels us to keep looking ahead in our efforts to provide worthwhile and wholesome recreational activities for all Norwood's citizens. Realizing the importance of offering programs to fill at least some of the leisure time of the population, we cannot relax our efforts. We look forward to 1957 as a year sure to offer new challenges and we look back on 1956 as a most satisfying year. To all who played any part in our successes during 1956, we are deeply grateful.

Respectfully submitted.

RICHARD E. READY
Superintendent of Recreation

REPORT OF NORWOOD HOUSING AUTHORITY

To: State Housing Board
Dept. of the Auditor
Town of Norwood

Dear Sir:

Enclosed is a copy of the Annual Report of the Norwood Housing Authority for the year 1956.

Very truly yours,

LAWRENCE J. O'BRIEN
Executive Director

ANNUAL REPORT OF THE NORWOOD HOUSING AUTHORITY 1956

Meetings: First and third Wednesdays in Room 24, Norwood Municipal Building.

Members: John J. Mulvehill, Chairman; Roger J. Connolly, Vice Chairman; Anthony F. Turinese, Treasurer; John E. Bamber, Assistant Treasurer; Daniel Collins.

Personnel: Lawrence J. O'Brien, Executive Director-Secretary; Sullivan & Schwartz, Accountants; Atty. Dennis P. O'Leary, Legal Representative; Walter J. Dempsey, Insurance Representative.

The Norwood Housing Authority has jurisdiction over Washington Heights, a 75 unit Veterans Housing Development completed in December of 1950 under Chapter 200 of the State Housing Laws. The development consists of 33 single units, 12 duplex, and 6 triplex. It was erected to accomodate Veterans of low-income with minor dependents and dependent parents, who were unable to purchase homes or procure rentals because of their economic situation. All tenants pay rentals in proportion to their incomes and number of dependents. Admission limits are from \$3,350. to \$4,000. annual depending upon the number of dependents. There is also a Maximum Continued Occupancy Limit, and once the Tenant exceeds this limit, he receives a Notice To Vacate. Incomes are verified annually by sending forms directly to the employer. Since 1950, 49 tenants have vacated, as their economic condition improved, and have either purchased homes or procured private rentals. This is the fundamental purpose of the State Housing Program— to provide decent and suitable housing for families of low income at rents they can afford to pay until such time as they are able to buy or rent private housing.

The Authority expresses deep regret at the resignation of Daniel Collins, who has served as a member since the Authority was founded in 1948. Mr. Collins resigned in November because of ill health. He was one of the most active members of the Board and followed the business of the Authority with a deep interest. Mr. Collins served as Chairman of the Board in 1955.

The Authority also expresses regret at the resignation of the Manager-Accountant, Arnold S. Donovan, who resigned in March because of ill health. The members of this Authority convey a heartfelt wish for his complete recovery.

The members of the Authority take this opportunity to thank all Town Departments for their cooperation during the year.

Respectfully submitted,

THE NORWOOD HOUSING AUTHORITY

JOHN J. MULVEHILL, Chairman

ROGER J. CONNOLLY

ANTHONY F. TURINESE

JOHN E. BAMBER

L. J. O'BRIEN

REPORT OF MORRILL MEMORIAL LIBRARY

To the Citizens of Norwood:

We transmit herewith the annual narrative and statistical reports of the Morrill Memorial Library, for the year ending December 31, 1956.

Respectfully submitted,

Board of Trustees

MARY L. DUNN, Chairman

RACHEL P. MARTIN

VERN H. RICHARDS

MARTIN B. CURRAN

per E. P.

GERTRUDE A. TANNEYHILL

per E. P.

WE'RE GROWING FAST

In appreciation of the valued service, the important responsibilities well met for over twenty-five years, and personal esteem, the Board of Trustees presented Martha C. Eaton, Assistant Librarian and Cataloger, and N. Dorothy Shumaker, Junior Department Librarian, with pins and earrings of imported crystal set in white gold, at a reception held in their honor at the home of Dr. and Mrs. John Martin.

It has been said that Norwood goes farther than most towns of its size in having a Reference Librarian and Readers' Consultant. Mary E. Locke, holding this position, and Esther C. Hallet, Circulation Librarian, head the Adult Department's activities. 5,392 more books for adults were lent at the Main Library this year than last.

Discussion Groups, the Arts, Music, and a Book Club

A series of five discussion groups with brief talks on "Gardens for the Small Place," included book presentations and featured speakers who were horticultural experts. This spring series recognized the keen interest in attractive grounds by the residents in our many new developments.

In the fall another discussion series was started on "Notable Current Books". It has drawn an enthusiastic group.

This library is one of only two or three receiving the once-a-month traveling exhibits of excellent reproductions from the Boston Museum of Fine Arts.

The record collection is outgrowing its space. Miss Locke and Mrs. Hallet report that the musical experience of patrons and staff has been enriched by the use of a FM-AM radio and record player, a gift from Edna Phillips, Librarian.

"The Johnny Appleseed Reading Club" presented by the Junior Department Librarian, N. Dorothy Shumaker, and the South Norwood Branch

A NEW SERVICE FOR LANGUAGE STUDY THROUGH RECORDINGS

THE NORWOOD LIONS CLUB PRESENTS NEW LANGUAGE RECORDS

THE JOHNNY APPLESEED READING CLUB

Librarian, Doris Allen, had 157 active members plus 25 from the South Norwood Branch, and was the most popular summer project the library ever had. It closed with an entertainment by Mr. Ted Moynihan, storyteller, at which all who had read 12 or more books received Reading Certificates.

For Business, Industry, and Labor

Five book exhibits, artistically arranged, have been placed in Norwood store windows.

Non-resident, fee-paying borrowers from eight towns help bring people to Norwood.

Industrial and business indices such as Moody's have active use. There are increased requests for service from our industries.

The Lions Club has generously presented the library with two Holt language records, Italian and Spanish.

For the Sick and the Handicapped

Weekly bedside service at the Norwood Hospital including the Children's Ward, is now in its 14th year. Mrs. Hallet, in charge, assisted by Bettina Cottrell, Substitute, reports circulating 7,779 books and magazines.

Miss Phillips was asked to speak on "Library Service to the Sick and the Home-Bound" by the Hospital Group Meeting at the New England Library Association Conference.

The library is in frequent contact with the Massachusetts Division of the Blind to assure our not missing a chance to be useful to local people who are sightless.

Service has been started to patients at the Norwood Nursing Home.

Toward Wider Horizons

A new service was started this year in the purchase of language-study records in Spanish, French, and German; and a gift (elsewhere mentioned) of a duplicate set in Spanish and one in Italian.

Residents of foreign origin are among those enjoying books borrowed from the Massachusetts Division of Library Extension in Lithuanian, Finnish, Arabic, Russian, Swedish, Italian, Polish, and German.

Miss Locke and Mrs. Harry Fraser, Senior Assistant, have stressed vital issues of world concern in the subject exhibits they arranged and which are a drawing feature in the library lobby.

"The Middle East and the Arab World" is the topic chosen for the next meeting of the Notable Current Books Discussion Group.

Music of many countries is continuously being added to our Record Lending Service—one of the ways of communication between peoples.

Travel by staff members has helped widen horizons. Miss Phillips vacationed in Yucatan, Guatemala, and Mexico City; Miss Locke in cities on the Pacific coast, Miss Folan in Florida, Miss Eaton in Washington, D.C., and Mrs. Allen in Williamsburg.

Invisible Services of Great Importance

Book selection, aided by the best reviews and evaluating tools, is a constant occupation of the librarian and all senior members of the staff.

Martha C. Eaton, Assistant Librarian and Cataloger, aided by Mrs. Fraser, cataloged 2,711 books and 144 recordings and effected their acquisition. Among Miss Eaton's responsibilities is the five-year inventory of books which, with the assistance of all staff members, was taken this year. With a total book collection of 47,575, and over a five year period, only 460 books and one recording are missing. This year a long project of changing call numbers on individual biography from "Cutter number" to "B" was completed. In the last three years over 700 books were thus processed.

The greater part of the work is completed in a five-yearly, book-by-book inspection to withdraw any no longer useful.

Maintenance of building and grounds by Carl B. Pearson, Senior Building Custodian, aided by John Wraga, Custodian Substitute, is done with judgment and results.

Records work is a technically important part of library life carried by Dorothy C. Folan, Records Assistant.

The care of books in all parts of the Main Library and South Norwood Branch is largely done by high-school pages, initially trained by Mrs. Hallet.

A Library in Touch . . .

. . . With the best of it's day is a spring—If not, it is a pond.

One or more Norwood librarians have attended meetings of nine library associations, national, regional, state, and local.

Library Outreach

Numerous talks in the interest of library extension have been given by Miss Phillips and Miss Shumaker and they hold a number of local offices.

News from all parts of the Library is constantly sent to the local papers.

Less privileged readers in three New England villages made use of books no longer physically up to standard here.

Thirty-six window displays at the South Norwood Branch reached the person on the street—reader and non-reader.

"Marked Increase in Boys' and Girls' Reading."

There was a circulation gain of 3,043 in the Junior Department, with two record-breaking days. 3,106 books were sent in collections to the schools—200 more than last year.

Five-hundred children in small groups from more than three grades, came for instruction and practice work. Two-hundred and twenty-five children from nine classes came to the South Norwood Branch for similar aid.

Twelve story hours were held with an average attendance of 35. Twenty-two story hours were held at the Branch. Both programs included a puppet show. Both the Junior Department and the Branch are urgently in need of better facilities for book presentation to children in ways they love, such as story hours.

A "New Life" five-unit charging desk, plus a corner section, was installed, greatly helping the service and enabling two staff members to work at the same time. Rubber matting in green has been laid in heavy-traffic areas. A book-nook for toddlers is another development. With its tiny chairs, it is an engaging spot to watch.

Ida Ross, Junior Assistant, resigned the end of the year to go to another position, to the regret of all.

Brisk Branch Business

Doris Allen, Branch Librarian, South Norwood Branch, reports a circulation gain of 2,447, with a record day of 311 (109 adults, 202 junior). On two days a week it has become necessary to send a staff member from Main Library to help in rush times. Next year an added day of branch opening is expected.

Among the services to South Norwood readers were:

Answers to 700 reference questions.

1800 volumes borrowed from Main Library on rotating loan.

Collections of books in eight languages.

We Thank Our Friends

The Lions Club gift is elsewhere mentioned.

The Norwood Woman's Club presented a carved wooden base for flower arrangements.

The Norwood Garden Club arranged Christmas decorations in Adult and Junior Departments.

The Women of the Moose made a gift of children's books to the Junior Department.

Miss Bernice Everett gave the Junior Department a doll collection which had been there for some time on loan.

Mrs. Theresa Hurney presented a number of books in memory of her son; Mrs. Otis Swain, a former trustee, a book in memory of her husband; and Mr. Eugene Nelson, a former trustee, a book in memory of Mr. James Crowley.

Library Expansion

The Librarian prepared a survey of the library in tabulated form, of facts, figures and library standards. Together with an appendix of related comment these were submitted to the Board of Library Trustees as one of the aids in determining library expansion needs. In this connection the Librarian visited five new libraries and additions and branches of four, and attended a panel on "Library Building and the Community."

At the request of the Board of Trustees, Mr. Harry J. Korslund of Korslund, le Normand and Quann, Inc. studied the survey and then met with the Board and the Librarian to give his opinion on building needs.

Mr. Korslund is now making tentative drawings of plans he suggests for an addition.

A Librarian is fortunate indeed to work with a Board of Trustees, a Staff, and a Custodian like those at the Morrill Memorial Library.

Respectfully submitted,

EDNA PHILLIPS, Librarian

To the Board of Trustees:

REPORT OF BUILDING INSPECTOR

Mr. John B. Kennedy
General Manager
Town of Norwood, Mass.

Dear Sir:

The following is the annual report of the Department of Building Inspection for the year of 1956:

	No. Permits	Estimate Cost
New dwellings	206	\$2,169,700.00
Dwelling alterations	78	73,175.00
Manufacturing	3	515,500.00
Manufacturing alterations	10	101,800.00
Commercial buildings	9	213,892.00
Commercial alterations	20	52,450.00
Garages (private)	34	40,470.00
Minor out buildings	5	1,350.00
Private club	1	15,000.00
Repairs of fire damage	3	16,435.00
Buildings razed	6	
Totals	375	\$3,199,772.00
Fees charged for permits		\$5,424.00
Fees charged for water permits since August 8, 1956	67	\$1,980.00

All buildings for which permits were issued were inspected and approved for structural stability and fire safety.

All passenger elevators have been inspected and approved.

Respectfully submitted,

HENRY J. CRONAN

Building Inspector

REPORT OF ANIMAL INSPECTOR

The Honorable Board of Selectmen

Gentlemen:

I submit herewith my report as Inspector of Animals for the year 1956.

I quarantined 29 dogs for biting. All were released at the end of the required legal quarantine period and none showed any signs of Rabies at any time.

I made the annual inspection of livestock required by the Massachusetts Division of Livestock Disease Control and it revealed the following: 113 cows, 2 horses, 33 heifers, 8 calves, 5 bulls, 75 swine and 26 sheep.

Respectfully submitted,

THOMAS U. MAHONEY

Inspector of Animals

REPORT OF PLANNING BOARD

The Planning Board was organized for the year 1956 as follows:

Albert P. Nelson, 1959

Robert F. Gallivan, 1958

John E. Bamber, 1957

James V. Flaherty, 1961

Harold S. Burns, 1960

The organizational meeting of the Board was held January 23, 1956. John E. Bamber was elected Chairman and Harold S. Burns elected Secretary.

Public Hearings

A Public Hearing was held January 23, 1956 re: subdivision of land bordering Lane Drive and Stratford Road—Albert P. Nelson, Petitioner.

A Public Hearing was held February 13, 1956 re: subdivision of Alpine Road and Springvale Road—A. Shagoury—Petitioner.

A Public Hearing was held March 26, 1956 re: extension of Peabody Road and Bellevue Avenue.

A Public Hearing was held April 9, 1956 re: zoning change, Nahatan and Lenox Streets from general residence to business. This hearing was continued on April 16, 1956. The board unanimously voted to make a favorable recommendation to the Town Meeting on the proposed change from general residence to business.

A Public Hearing was held April 23, 1956 re: zoning change at Nahatan and West Border Roads from general residence to manufacturing,—James Flaherty—Petitioner.

A Public Hearing was held May 14, 1956 re: subdivision of land on Alpine Road and Ivy Road— Abraham Shagoury—Petitioner. Plan approved.

A Public Hearing was held May 14, 1956 re: subdivision of land on Heather Drive, Yew Drive, Meadow Road and Ridgewood Drive. John Rizzo—Petitioner. Plan Approved.

A public Hearing was held July 2, 1956 re: rezoning at Nahatan Street and West Border Road—James V. Flaherty—Petitioner.

A Public Hearing was held August 20, 1956 re: rezoning between Route 1 and Pleasant Street in vicinity of Morse Street.

A Public Hearing was held November 5, 1956 re: rezoning of Route 1 and Union Street. Harry Fraser was the Petitioner. The Board voted to recommend the change to the Town Meeting.

A Public Hearing was held January 7, 1957 re: subdivision of property located northwesterly of Walpole Street from Walpole town line—Frank Simoni—Petitioner.

Meetings were held with various boards and town officials:

On March 14, 1956 the Board met with Mr. Stevens of the Massachusetts Department of Public Works who requested the Board to take action to revise the zoning law to increase the depth of truck highway "B" to 150 feet from the proposed new state highway.

NORWOOD PLANNING BOARD—*Seated*: Harold S. Burns, Secretary; John E. Bamber, Chairman; Inez J. Gallazzi, Clerk; *Standing*: Albert P. Nelson; Walter R. Ryan, Engineer; James V. Flaherty; and Robert F. Gallivan.

May 7, 1956 the Board met with Mr. Leo Young of the Planning Division of the Massachusetts Department of Commerce who appeared to discuss Section 710, Title VII, of the Housing Acts of 1954 which provides for assistance to local communities who lack adequate planning resources.

On November 26, 1956 the Board met again with Mr. Leo Young who explained in greater detail the advantages of a master plan to the town and how to obtain financial assistance from the Federal Government for such a program.

During the year the Board conducted thirty-nine meetings and spent a total of 119 hours at the meetings. During the year several field trips were made by various members of the Board and by the Board Engineer, Walter Ryan, to make special studies or to get on-the-spot first hand information concerning some of the problems. The number of hours so spent was not recorded.

Forty-two plans not requiring subdivision control were signed and 4 plans were signed requiring subdivision approval covering a total of 113 lots.

Future Planning Program

The Planning Board proposes to develop a master plan in accordance with the General Laws of the Commonwealth from which our Board gets its authority. We plan to take advantage of the program of State and Federal financial aid and other assistance available to us. We have quite a few elements of a master plan now in existence and these can be revised to keep the cost within reason. But, several elements of a plan have never been done or are too old to bother revising.

The Planning Board proposes the following program:

- A. Land use survey
- B. Population study
- C. Highways—traffic-off-street parking
- D. Sewerage and drainage
- E. Schools
- F. Recreation
- G. Future land use plan
 - 1. Residential and industrial development
- H. Revision of zoning by-law
- I. Revision of building code
- J. Prepare a housing code
- K. Prepare a capital improvement program.

This program would be developed by an expert selected by the Planning Board and the completed plan would be presented to Town Meetings for adoption.

Respectfully submitted:

JOHN E. BAMBER, Chairman
ROBERT F. GALLIVAN
ALBERT P. NELSON
JAMES V. FLAHERTY
HAROLD S. BURNS, Secretary

REPORT OF BOARD OF HEALTH

REPORT OF MILK INSPECTOR

The following is the report of the Milk Inspector, Leonard E. Curran for the year 1956.

Licenses for the sale of milk and oleomargarine were issued to milk dealers, stores and restaurants.

Licenses were issued for the manufacture of ice cream and frozen deserts.

Inspections of Pasteurization plants were made for general cleanliness, proper operation, and conformity to the laws governing the pasteurization of milk.

Nine hundred thirty-three (933) laboratory tests were made on one hundred ninety four samples of milk and cream in 1956. The results of these tests indicate that milk and cream sold in Norwood is within the requirements of Massachusetts State Law.

LEONARD E. CURRAN

Inspector of Milk

REPORT OF PLUMBING INSPECTOR

The following is the report of the Plumbing Inspector for the year 1956:

January	42 Inspections	July	34 Inspections
February	37 Inspections	August	44 Inspections
March	27 Inspections	September	40 Inspections
April	49 Inspections	October	43 Inspections
May	29 Inspections	November	56 Inspections
June	32 Inspections	December	17 Inspections

HARRY A. SHANNON

Plumbing Inspector

REPORT OF SCHOOL DENTIST

Board of Health
Norwood, Mass.

Gentlemen:

Herewith is submitted the report of the School Dentist for the year ending December 31, 1956:

Public School

Number of children completed	436
Number of children not completed	2
Number of temporary fillings	857
Number of temporary extractions	199

Number of permanent fillings	458
Number of permanent extractions	14
Number of cleanings	386
Number of children examined	3363
Number of children O.K. at examination	1801

Parochial School

Number of children completed	159
Number of children not completed	0
Number of temporary fillings	261
Number of temporary extractions	76
Number of permanent fillings	194
Number of permanent extractions	1
Number of cleanings	146
Number of children examined	991
Number of children O.K. at examination	447

Respectfully submitted,

TIMOTHY J. CURTIN

School Dentist

REPORT OF ST. CATHERINE'S SCHOOL NURSE

The annual report of the School Health Program of St. Catherine's School is herewith submitted.

Dr. Thomas H. O'Toole, the school physician, made weekly visits in addition to the examination of children recommended for physical examinations. The parents are notified of any physical defects found at the time and in many cases remedial work was done. Diphtheria immunization is given to children who desire to be immunized and booster doses are also administered.

Audiometer Test

All children from grades I through Eight were given the Maico Audiometer Test.

975 children were tested.

15 children failed the final individual test

12 children were seen by an ear specialist

There are three children attending the Lip Reading Class weekly.

Vision Test

Following is a report of the children in Grades I through Grades Eight who were given the Massachusetts Vision Test.

976 children were tested.

58 children were re-tested.

55 children were seen by an Eye specialist.

Dental Clinic

The Dental Clinic is held each week at the Junior High School. In September all the school children were examined by Dr. Curtin and Mrs. Curran. Parents are notified of work to be done and the children have the opportunity to attend the school clinic or have the necessary work done by their own dentist.

Communicable Diseases

During the school year of 1955-1956 the following number of children were excluded because of contagious disease.

Mumps	8	Scarlet Fever	1
Chicken Pox	5	Ger. Measles	210

We wish to thank the parents for their co-operation in assisting in the isolation of contagious diseases.

Mrs. Rose Nicholson conducts classes for children having speech difficulties as recommended by the classroom teacher.

Weighing and measuring is done twice a year.

Salk Vaccine

The children at St. Catherine's School have taken advantage of the opportunity in receiving the necessary inoculations against the dreaded disease of Polio.

I wish at this time to thank all those who have made my first year as School Nurse at St. Catherine's such a pleasant one.

MRS. TOBIN

St. Catherine's School Nurse

REPORT OF PUBLIC HEALTH NURSES

The following is the report of the Public Health Nurses for the year 1956.

Visits Made During 1956

Medical	4404	Tuberculosis	94
Surgical	580	Para-Typhoids	5
Premature Babies	16	Orthopedic	9
Obstetrical	158	Polio	20

The services we offer under the direction of the physicians are:

Nursing care of acute and chronic illness and instruction in the care of the patient.

Rehabilitation of the handicapped.

Treatment and medications such as:

Surgical dressings

Hypodermic injections

Irrigations

Instructions in maternal and infant care during pregnancy and after the baby comes.

BOARD OF HEALTH—*Front Row*: James F. Foley, Roy T. Lydon, M.D. Chairman, John P. Dixon; *Second Row*: Bartley J. King, Agent,
Nora P. Hayes, Clerk.

Our staff who give this service are graduated registered nurses.

Our services are available to anyone in Norwood who needs care in the home. Some visits to eligible recipients are paid for by other agencies through contract agreements, such as Blue Cross-Blue Shield, Veterans Administration and Cancer Society.

We have office visits Monday through Friday from 1:00 to 2:00 o'clock P.M. at the Municipal Building. Ambulatory patients may come here for their treatment for fifty cents (50c) a visit. We had four hundred and sixteen (416) office patients in 1956.

The regular charge for a home visit ranges from \$1.00 to \$2.50 according to the treatment given.

The Chest X-Ray Clinic is held every third Wednesday from 1:30 to 4:00 P.M. in the Municipal Building and is conducted under the direction of Dr. N. R. Pillsbury and his staff. Dr. Jenkins is our presiding physician who examines all of the patients at the clinic who are x-rayed. Mr. Thomas Turner is our capable x-ray technician. This Clinic is a great asset to the Town of Norwood and vicinity. It is a consultant clinic for all chest cases referred by the family physician. All tuberculosis patients and their contacts are examined and x-rayed periodically. Children under twenty are given the Tuberculin Skin Test. There were 269 patients who attended the clinic this year.

Clinics were held for polio vaccine administration at the Memorial Hall, Municipal Building for all pre-school children. The first vaccination was held in May and the second in August. Three thousand and nine children were given the inoculations. The third clinic will be held in February, 1957.

(Mrs.) MARION O'NEIL, R.N.

Public Health Nurse

REPORT OF BOARD OF HEALTH

Chest X-Ray Clinic

The Board of Health chestx-ray clinic has continued to be a success. A total of three hundred and twelve (312) people were referred to the Clinic in 1956 by their family physician.

The Clinic was held on the third Wednesday of each month under the supervision of Dr. Nahum R. Pillsbury and the staff of the Norfolk County Hospital.

Any Norwood resident over fifteen years of age can attend the Clinic upon the recommendation of their family physician.

Norfolk County Mosquito Control Project

On September 21, 1955 the Norwood Board of Health sponsored a meeting of public officials interested in establishing effective mosquito control measures in Norfolk County.

A Bill was prepared and filed with the State Legislature in December of 1955. The Bill ran into some difficulty in the Senate but after several con-

ferences the objectionable section of the Bill was amended and the Act was finally signed by the Governor on May 14, 1956 with an emergency preamble attached.

The Norfolk County Mosquito Control Project came into being on July 1, 1956. Almost at once the project was faced with a major problem when in early August southeastern Massachusetts was threatened with an outbreak of eastern equine encephalities.

Initial control measures were directed against the adult mosquito as the quickest means of intercepting the course of a possible serious outbreak of the disease.

There were fourteen (14) cases of encephalities reported in the State in humans, forty-one (41) horse cases and seventeen (17) pheasant farms reported illness within their flocks.

Salk Vaccine Program

The Salk Vaccine program was continued in the public and parochial schools. Pre-school clinics were conducted in Memorial Hall of the Municipal Building. At the close of 1956 all participating children in Norwood from grade two to ten had received three inoculations of Salk Vaccine.

All pupils from grade ten to twelve received two inoculations. All pre-school children from six months and including pupils in grade one received two inoculations.

The program will continue until all eligible young people in Norwood from birth to age twenty have received three inoculations of Salk Vaccine.

The Town of Norwood did not have a case of poliomyelitis to report in 1956.

Subdivision Control

The Board of Health approved plans for the sanitary water supply, sewage disposal and drainage for four sub-divisions with a total of one hundred and thirteen (113) building lots.

Norfolk County Hospital

The Board of Health had sixteen patients at Norfolk County Hospital in 1956. There were eight cases discharged, condition on discharge arrested. Two were terminal cases, leaving six hospitalized cases at the close of the year.

Plumbing Regulations

The Board approved new regulations for plumbing and house drainage which are now effective in Norwood.

Sanitary Inspections

Sanitary inspections were conducted during the year of food stores, eating places, institutions and all business establishments requiring Board of Health approval for licensing purposes.

ROY T. LYDON, M.D., Chairman
JOHN P. DIXON
JAMES F. FOLEY

REPORT OF CIVIL DEFENSE

The Honorable Board of Selectmen

Gentlemen:

The Office of Civil Defense for Norwood herein submits its annual report for the year ending December 31, 1956.

The all-volunteer organization of Civil Defense for Norwood has been maintained in strength and with but few changes among the heads of the Specialized Groups, as listed below:

Director: George T. Mahoney
Deputy Director: John R. Russell
Executive Officer: John B. Kennedy
Communications Service: John Dziubaniuk
Coordination: Dr. William F. Lovell
Education and Training Officer: John J. Corcoran
Engineering Officer: William Hyland
Fire Service: Chief Harry J. Butler
Ground Observer Corps Supervisor: Winslow F. May
Identification Officer: Thomas R. Bowler
Medical and Health Service: Charles A. Richardson
Mutual Aid and Sector Coordinator: Charles L. Donahue
Plant Protection Officer: Harry F. Howard
Police Service: Chief Mark Folan
Police Service Auxiliary: Robert A. Baxter
Rescue Service: John E. Bamber
Shelter Officer: Henry J. Cronan
Technical Service: Maurice S. Baker
Utilities Service: Albert W. Thompson
Welfare Service: Leslie J. Latham

Civil Defense activities during the year were regular weekly meetings of the Auxiliary Police and Communications Service.

The organization participated fully in operation ALERT for 1956.

This nation-wide "Staff Exercise" continued for two days involving 75 men.

A short course in Explosive Ordnance Reconnaissance was given to the Auxiliary Police.

During the year Norwood was represented at every State and Sector meeting by the Director, and/or John A. Russell, Dr. William F. Lovell, Winslow F. May, Robert A. Baxter, John Dziubaniuk.

The Civil Defense organization in Norwood exists by virtue of the Civil Defense Act, Chapter 639, Acts of 1950, Massachusetts law. This act authorizes and directs the town to establish an organization in accordance with the state civil defense plan and program which means "the preparation for and the carrying out of all emergency functions, other than the functions

for which military forces other than the national guard are primarily responsible, for the purpose of minimizing and repairing injury and damage resulting from disasters caused by attack, sabotage, or other hostile action or by fire, flood, earthquake, or other natural causes; said functions shall include specifically, but without limiting the generality of the foregoing fire fighting and police services, medical and health services, rescue, engineering, and air-raid warning services, evacuation of persons from stricken areas, emergency welfare services, communications, radiological, chemical and other special weapons of defense, emergency transportation, existing or properly assigned functions of plant protection, temporary restoration of public utility services and other functions."

The Civil Defense Director wishes here to thank all the members, heads of the Specialized Groups and the General Staff for the generous donations of their efforts and their time.

Respectfully submitted,

GEORGE T. MAHONEY
Director

**REPORT OF NORFOLK COUNTY MOSQUITO
CONTROL PROJECT**

Office of the Board of Selectmen
Town of Norwood
Norwood, Massachusetts
Gentlemen:

Attached is a copy of the report of the Norfolk County Mosquito Control Project for the period from July 1, 1956 to December 1, 1956. This information is submitted for inclusion in your Annual Report if you desire.

Please feel free to call on me at any time should any questions arise.

Very truly yours,
JOHN C. KUSCHKE

NORFOLK COUNTY MOSQUITO CONTROL PROJECT
Report to Town of Norwood

Chapter 341 was enacted by the Legislature on May 19, 1956 creating the Norfolk County Mosquito Control Project. On July 1, 1956 actual Mosquito Control operations began. The 22 towns within the project include: Avon, Bellingham, Canton, Dedham, Dover, Foxborough, Franklin, Holbrook, Medfield, Medway, Millis, Milton, Needham, Norfolk, Norwood, Plainville, Randolph, Sharon, Stoughton, Walpole, Westwood, and Wrentham. The aggregate annual appropriation for the project is \$70,000.00 This report covers the period from July 1 to December 1, 1956.

Annual Appropriation	\$4,886.00
Expenditures to Dec. 1	\$1,186.19
Balance	\$3,699.81

AIR VIEW OF NORWOOD MEMORIAL AIRPORT

On August 2, 1956 a human case of Eastern Equine Encephalitis (Horse Sleeping Sickness) was reported to the State Health Department. There followed in rapid succession a number of other human cases as well as infections in horses and pheasants, the latter believed to be a reservoir for the virus disease. To combat the outbreak within the project area, funds made available by the State were used by the project in the town of Norwood as follows:

Aerial Spraying	800 Acres
Mist Blower Spraying	500 Acres*
Total Acres Sprayed	1300 Acres

*Mist-blowing was done by the equipment and personnel of the town of Norwood Public Works Department. The Insecticide was supplied by the project.

The operational headquarters of the Norfolk County Mosquito Control Project are located in Norwood at Building #6 in the Atlantic Properties on Endicott Street.

REPORT OF NORWOOD AIRPORT COMMISSION

To the Honorable Board of Selectmen:

The Norwood Airport Commission hereby submits its report for the year 1956.

Since this report of the activities of the Norwood Airport Commission for the year 1956 is the first report of the Commission to be printed in the Annual Town of Norwood Report, it is well to give a brief summary of the establishment of the airport in Norwood.

The Norwood Memorial Airport was established by vote of the Norwood Town Meeting in 1942 authorizing the agreement between the Town of Norwood and the United States Government, for the construction of an airport, with federal money, to be operated and maintained by the Town and to be kept available to the United States Government for defense.

The original cost of the airport paid for by the Federal Government was approximately \$1,000,000, and to date the Town of Norwood has expended approximately \$33,000.

The above arrangement was made possible by a Deed of Gift of 430 acres of land by the Boston Metropolitan Airport Inc. and by a management agreement between the Town of Norwood and the Boston Metropolitan Airport Inc., for the management operation and routine maintenance of the airport. This agreement which was to expire in 1962 was extended and amended in 1956.

Improvements at the Norwood Airport are paid for under the following basis: 50% by the Federal Government, 25% by the State of Massachusetts and 25% by the Town of Norwood.

The physical plant of Norwood Airport consists of two paved 4,000 foot runways, taxiways, ramps and all necessary service facilities including an aviation store, government certified flight school, repair and overhaul station, line service and storage facilities. The plant includes twelve of the privately owned buildings on the airport.

The Administration Building provides dispatching service, up to date weather information, a unicom unit for contacting planes in the air, a Link Trainer, an attractive lounge and office quarters leased to the Civil Aeronautics Administration and Wiggins Airways.

The private investment in buildings, machinery and equipment other than aircraft amounts to about \$250,000 and the value of the seventy-five or more aircraft regularly based at the airport is in excess of \$500,000. Fifty to seventy-five people are regularly employed.

The annual income to the town from taxable property is in excess of \$3,500 previous to the new construction of 1956 and will continue to increase. The airport purchase of electrical energy from the town ranges from \$4,000 to \$5,000 annually.

It is estimated that during the summer and fall the number of landings made at Norwood is from 3,000 to 5,000 per month, and that each week more than 100 business aircraft visit here at least once to conduct business in Norwood, Dedham, Needham, Canton or some other neighboring community. Many of these aircraft are owned by companies prominent throughout the nation.

The fleet of four helicopters based at Norwood Airport successfully sprayed or dusted for pest control during the 1956 season between 40,000 and 50,000 acres of orchards, cranberry bogs and mosquito districts as well as 2,500 miles of Massachusetts double lane highways. Over 6,000 miles of power lines were patrolled and inspected by the same machines. During the Christmas Season approximately 20 aerial Santa Claus projects were flown.

Another new service facility is the installation by Esso of a new underground storage tank and pumping unit adjacent to the service ramp for 100 octane gasoline in addition to the 91 octane and 80 octane gasoline previously available. A powerful tractor, or tug, has also been acquired to facilitate the moving of large aircraft. Such aircraft will be gassed directly from the new pit and a newly acquired large tank truck will facilitate the servicing of smaller planes using the 91 or 80 octane.

The most recent addition to the facilities at Norwood Airport is the installation of a radio beacon known as a "Homing" beacon or "H" facility. The purpose of this unit is to provide navigational guidance to airplanes to land at Norwood when the weather requires instrument approach.

During the year 1956 many improvements have been made on the airport property—more than in any previous year. These include a new ten unit airplane storage hangar costing approximately \$30,000, clearing, filling and grading, \$8,500; bituminous paving around hangars, ramp and car parking areas, \$9,000; and security steel fencing, \$500—all with private funds. In addition, projects still incomplete for clearing of runway approaches, lighting

the North-South runway and for taxiway and parking facilities to accommodate the larger aircraft are progressing with the use of public funds available. Toward these projects the town has contributed twenty-five per cent. It is expected that the work will be completed in the early spring of 1957.

Present contracts for construction projects at the Airport consist of taxiway, clearing approaches, plane parking apron and lighting on the NW/SE runway at a total cost of \$63,083.42 of which the Federal Government will pay \$31,541.71, the State of Massachusetts \$15,770.83 and the Town of Norwood \$15,770.83.

In the receiving of Federal and State Funds the Town of Norwood must agree that it will operate the Airport for the use and benefit of the public on fair and reasonable terms and without unjust discrimination and if needed will be turned over to the United States Government for defense purposes.

The Norwood Airport Commission is composed of nine members and elect a chairman and clerk each year and meet the first Monday of each month with a record being kept of all meetings.

Respectfully submitted,

WILLIAM C. KENDRICK, Chairman

REPORT OF BUILDING COMMITTEE FOR THE CALLAHAN SCHOOL ADDITION

Mr. Jack J. McAuliffe
Acting Town Manager
Norwood, Mass.

Dear Sir:

Enclosed is final report of the Building Committee of the Callahan School Addition. Mrs. Wilford suggested that I send this report directly to you thinking that you may wish to include it in the new Town report.

Yours very truly,

C. ROGER PEARSON

REPORT OF THE BUILDING COMMITTEE FOR THE CALLAHAN SCHOOL ADDITION

The Building Committee for the Callahan School Addition was appointed by the Moderator following vote at a Special Town Meeting on January 7, 1954.

This committee, with the assistance of Architect Harry J. Korslund, obtained bids for construction of the addition and the contract was subsequently awarded to the lowest bidder, Brick and Concrete Construction Corporation of Brighton, Mass.

The addition consists of four classrooms and a remedial reading room on the first floor and one classroom, teacher's room, kitchen, cafeteria and teacher's dining room on the ground floor.

The school addition was built within the original estimate of cost. The total amount appropriated by the Town for plans and specifications and for construction was \$168,000. The total amount spent, as shown on approved vouchers in the office of the Town Accountant, is \$167,912.49, leaving a balance of \$87.51.

The Building Committee worked closely with the Massachusetts School Building Assistance Commission and, as a result, the Commission has approved a grant to the Town of Norwood amounting to 23.88% of the cost of the new addition. This will amount to approximately \$38,000, making the total net cost to the Town about \$130,000.

Respectfully submitted,

C. ROGER PEARSON, Chairman
DR. HARRIET E. ROGERS
JOHN J. CAVANAUGH
JOHN J. COAKLEY

REPORT OF BOARD OF APPEAL

Board of Selectmen
Norwood, Massachusetts

Gentlemen:

The following hearings were heard by the Board of Appeal during the year 1956:

January 30—George M. Eysie—23 Concord Avenue

Variance granted to erect wooden building 18'x30' to the rear of present store which is located at 1237 Washington Street, said wooden building to be 10' from rear boundary line and 30' from side boundary.

HARRY J. KORSLUND - ARCHT.
NORWOOD - MASS DEC 23 - '53

SKETCH OF ADDITION TO CALLAHAN SCHOOL
NORWOOD - MASS

March 19—Margaret E. Foley—403 Railroad Avenue

Variance granted to convey lot of land measuring less than 10,000 sq. ft., said lot having been registered before change in zoning.

March 19—John F. Rockett—50 Gay Street

Variance of Section 10, Paragraph B of zoning laws granted to build an addition to present house not to exceed ten feet (10') from boundary line.

March 26—Abraham Shagoury—209 Winter Street

Variance granted to erect dwelling on lot with less than 15,000 sq. ft. but approximately 12,000 sq. ft. on Nichols Street.

March 27—Harry Schofield—27 Fales Avenue

Temporary permit granted on month-to-month basis for the removal of sand and gravel from property located off Neponset Street and Norton Drive. Permit given subject to restrictions and conditions regarding amount taken, oiling of roads, and regrading as work progressed. The Board has made periodic inspections to satisfy itself as to whether restrictions have been complied with. The Board has reserved the right to revoke permit at will.

May 21—Walter E. Lunsman—84 Walpole Street

Variance of zoning laws to permit use of premises at 82-84 Walpole Street for a Funeral Home and Chapel denied.

May 28—Edward F. & Gertrude Babel—32 Prospect Avenue

Variance granted to erect a dwelling on the corner of Elm and Roxanna Street with dwelling placed 10' from Roxanna Street instead of required 20'.

April 16—Antonina Starta—46 Concord Avenue

Variance granted to sub-divide and convey a lot of land approximately 11,000 sq. ft. into two lots of approximately 5600 sq. ft. and 5400 sq. ft. respectively.

April 30—William J. Burke—43 Mountain Avenue

Variance granted to construct a dwelling on Lot 74, Mountain Avenue to be set seven feet (7') from boundary line instead of the required ten feet (10'), the size of lot being 4830 sq. ft.

June 11—Frank & Bessie Davidauskas—27 Weld Avenue

Variance granted to allow moving present garage to a point no nearer than two feet (2') from boundary line.

June 25—Anthony F. & Mary Turinese—54 Mountain Avenue

Variance granted to allow conveyance of lot of land of less than 8,000 sq. ft. on grounds that lot existed prior to present zoning changes.

September 10—Joseph McKinnon—17 Pleasant Place

Variance granted to add a breezeway and garage to present dwelling, said addition to be built five feet (5') from boundary line.

September 10—Frederick Trainor—12 Woodland Road

Variance granted for the addition of breezeway and garage to present dwelling up to a point of seven feet (7') from boundary line.

September 24—Robert J. Stevens—246 Sunnyside Road

Variance granted for construction of one-car garage 7' 3" from boundary line.

October 1—Konstanty Jankowski—57 Valley Road

Variance granted to allow decreasing and conveying portion of lot thereby reducing frontage from 80' 60" to 78' 60" and the rear of property reduced by 4' 6" because of faulty surveying.

October 1—Harold E. Rickard—51 Valley Road

Variance granted to allow construction of garage to be situated two feet (2') from boundary line between properties.

October 5—Edward F. Reardon—81 Pellana Road

Variance granted for the addition of breezeway and garage to present dwelling up to a point of five feet (5') from boundary line.

October 8—Lester J. Hamelin—415 Railroad Avenue

Variance granted for the addition of two rooms to present dwelling, construction to be built up to a point of eight feet (8') from boundary line.

November 5—Charles Chaffalo—225 Sunnyside Road

Variance granted for the construction of a two-stall garage to be built up to a point of seven feet (7') from boundary line.

December 17—Electronic Realty Corp—1594 Hyde Park Ave., Hyde Park, Mass.

Variance granted to permit land located on Dean Street, in a General Residence district to be used for passage, utilities and other uses accessory to land of Electronic Realty Corp. in an adjoining manufacturing district.

**December 17—Revere Sugar Refinery and/or United Fruit Company—
80 Federal Street, Boston**

Variance granted for the use of premises formerly owned by W. Cameron Forbes and also less than three acres of land, for a residence and laboratory for bacteriological experimentation on various fruits and vegetables.

Respectfully submitted,

BOARD OF APPEAL

FRANCIS J. DORAN, Chairman

JAMES J. CALLAHAN

JOHN C. METTERS

REPORT OF THE FINANCE COMMISSION

To The Citizens of Norwood:

The Finance Commission was organized for the year 1956 as follows:

Andrew M. Monahan, Chairman
 Frank E. Mauritz
 Frederick A. McDonough

Mr. Mauritz resigned November 23, 1956 and the town will miss the capabilities of this able and industrious public servant.

On January 1, 1956 the debt of the Town of Norwood was \$795,000.00 with maturities in 1956 of \$109,000.00. The sum of \$188,000.00 was borrowed during the year for the following purposes:

Light Construction	\$50,000.00
Off Street Parking	60,000.00
Highway Construction	48,000.00
Sewer Construction	11,000.00
Water Construction	19,000.00

The sum of \$480,000.00 was authorized to be borrowed for School Construction by vote of the Special Town Meeting of May 31, 1956. This loan is unissued.

In addition to the above the town is obligated to pay to the Commonwealth of Massachusetts the sum of \$950,000.00 as its share of the cost of constructing the water main from the present Metropolitan distribution system to the Norwood-Westwood town line.

With the opening of this new water main, the town assumes three costly items in this department. First, the original cost must be repaid within 10 years on an attractive interest-free basis as the result of a wise contract negotiated by Ex-Town Manager John B. Kennedy and the 1954 Board of Selectmen which included Harry B. Butters, Chairman, Daniel E. Callahan, C. Lothrop Rich, A. Franklin Swift and Walter J. Dempsey. Second, with the rising cost of the system, it is imperative that reasonable rates reflecting true costs be installed. A Selectmen's Advisory Committee is active on this problem. Finally, a major modernization program is in progress in regard to our distribution system.

Placing our two revenue producing departments on a business-like basis is a continuing goal, and in 1956, the Selectmen made a significant contribution in the creation of the position of Business Manager to administer the non-technical affairs of the light and Water Department under the General Manager.

The major item of the Finance Commission's budget was the preparation of a wage survey of all positions of the town, excluding school and library department professional employees. A report was rendered by Griffenhagen and Associates in August and distributed to the townspeople.

After examining the request for appropriation submitted by the various departments the commission met with department heads and committees charged with the disbursement of appropriations and discussed in detail the basis for such requests.

On completion of the work of the commission, a public hearing was held prior to the adjourned Town Meeting.

The sum of \$35,000.00 was appropriated for the Reserve Fund and transfers were made as follows:

Public Welfare Administration Personal Services	\$165.00
Removal of Veterans Homes	1,275.00
New Committee of Nine	250.00
Health Personal Services	300.00
Expense of Officials Out-of-State	75.00
Health Incidentals	30.00
Health Polio Clinics	1,283.96
Town Game Warden Incidentals	125.00
Annuities to the Dependents of Firemen	75.00
Particular Sewers	3,000.00
Acting Town Counsel's Salary	1,300.00
Public Works Incidentals	850.00
Police Incidentals	202.00
Insurance	74.83
Expense of Officials Out-of-State	135.00
Annuity to the Dependents of Sgt. McNulty	2,310.00
Annuity to the Dependents of Fireman Ross	1,890.00
Finance Commission Incidentals	1,500.00
Public Health Personal Services	100.00
Group Insurance	3,270.27
Fire Incidentals	670.00
Expense of Officials Out-of-State	35.00
Vacations & Pensions	1,350.00
Certification of Notes	284.00
Old Age Assistance	3,000.00
Town Counsel Incidentals	950.00
Annuity to the Dependents of Chief Coyne	750.00
Fire Incidentals	300.00
Maintenance & Control of Traffic	500.00
Expense of Committee to study pay classification plan for town employees	500.00
Morrill Memorial Library Incidentals	55.17
Public Health Personal Services	226.36

FINANCE COMMISSION—Left to Right: Frank E. Mauritz, Andrew M. Monahan, Chairman, Frederick A. McDonough. Standing: Bartley W. Connolly, Secretary.

Maintenance of Municipal Building Incidentals	27.22
General Government Incidentals	.17
Police New Equipment	24.83
Police Salaries Special	6.95
Particular Sewers	218.91
Police Department—Paid Holidays	165.00

REPORT OF PUBLIC WORKS DEPARTMENT

Mr. John B. Kennedy
General Manager
Norwood, Massachusetts

Dear Sir:

I herewith submit the report of the Public Works Department for the year ending December 31, 1956.

HIGHWAYS

Street Cleaning and Patching

All sections of the Town were swept in the spring, and during the year different streets were swept wherever there was accumulation of gravel, sand, stone and leaves.

General patching of holes in streets, trenches and depressions was done as usual.

OILING

The following streets were treated with R-C5 asphalt and covered with 3/8" crushed stone.

Audubon Road—Sixth Street to West Border Road
Arnold Road—Sixth Street to West Border Road
Sixth Street—Arnold Road to End
Jacobsen Drive—Dean Street to Redwood Drive
Westview Drive—Neponset Street to Hillcrest Road
Longwood Terrace—Westview Drive to Hillcrest Road
Elda Drive—Longwood Terrace to Westview Drive
Orchard Lane—Westview Drive to Hillcrest Road
Jefferson Drive—Roosevelt Avenue to Neponset Street
Franklin Street—Willow Street to Hillside Avenue
Chapel Street—Washington Street to Walpole Street
Nichols Street—Nahatan Street to Cottage Street
Irving Street—Prospect Street to End
Everett Street—Route #1 to Westwood Line
Washington Street—Hoyle Street to Press Avenue
Washington Street—Lenox Street to Short Street

MC3 Asphalt and Sand

Access Road—Neponset Street to Route #1
Ridgewood Drive—Neponset Street to Kenwood Drive
Azalea Drive—Meadow Street to Kenwood Drive
Juniper Drive—Meadow Street to Kenwood Drive
Meadow Street—Neponset Street to Juniper Drive
Richland Road—Dean Street to Cranmore Road
Belnap Road—Cranmore Road to Richland Road
Prescott Road—Belnap Road to Richland Road
Cranmore Road—Richland Road to Richland Road

Tamworth Road—Dean Street to Cranmore Road
 Factory Mutual Road—Pleasant Street to End
 Allandale Parkway—Washington Street to End
 Edgehill Road—Dean Street to End
 Glendale Road—Dean Street to Edgehill Road
 Lancaster Lane—Dean Street to Edgehill Road
 Windsor Road—Dean Street to Edgehill Road
 Sixth Street—E. Cross Street to Arnold Road
 West Border Road—Gay Street to Audubon Road
 Nahatan Street Ext.—Winfield Street to E. Cross Street
 Ridge Road—E. Cross Street to Neponset Street
 Fisher Street—Walpole Street to Nichols Street
 Emerson Drive—Longfellow Road to Fisher Street
 Longfellow Road—Fisher Street to Berwick Place
 Mylod Street—Washington Street to Walpole Line
 Chapel Court—Chapel Street to End
 Lane Drive—Bruce Road to Near Stratford Road
 Bruce Road—Chapel Street to Stratford Road
 Stratford Road—Bruce Road to Lane Drive
 Berwick Street—Chapel Street to Walpole Street
 Cemetery Road—Winter Street to End

Other Highway Work

MC 1-2 and MC3—Asphalt and Sand

Richland Road Ext.—Cranmore Road to End
 Johnson Place—Johnson Court to End
 Pine Street Extension
 Railroad Avenue Extension

Gravel was added to the above streets before the asphalt was applied.

Chapter 90 Maintenance Oiling

RC5 Asphalt and 3/8" Stone

Neponset Street—Pleasant Street to Canton Line

Special Test Work

The following Streets were treated with both RC5 and 3/8" stone and an Asphalt from the Berry Asphalt Company that had a rubber content in it.

Plimpton Avenue—Lenox Street to Monroe Street
 Andrews Street—Monroe Street to Rock Court
 Rock Court—Andrews Street to Rock Street
 Nichols Street—Rosemary to Eliot Street

Half of each street was treated with RC5 Asphalt and the other with the Berry Company Asphalt and an application of 3/8" stone covered the asphalt so that the wearing quality could be observed and watched.

The following streets were capped with Hot Top:

Broadway—Park Street to Winter Street
 Nahatan Street—Central Street to Broadway
 Pleasant Street—Dean Street to Neponset River

Intersection of Dean Street and Pleasant Street
 Pleasant Street—Rock Street to E. Cross Street
 Sunnyside Road—Hillside Avenue to 300' So. to Birch Road
 Sunnyside Road—Bird Road to 250' No. to Birch Road
 Intersection of Sunnyside Road and Hillside Avenue
 Lyman Place—Central Street to 200' East of Armory

New Street Signs

New street signs were erected where they were needed.

Bridges and Culverts

All bridges and culverts were inspected during the year.

Brush Along Road Side

Brush on all road sides was cut by a hired tractor cleaned up and hauled away.

Drain Maintenance

All catch basins, drain manholes were cleaned during the year with the use of the Catch Basin Educator.

During the year six private drain connections were installed in houses by the Public Works Department.

Sewer Department

All dead end mains were flushed out several times during the year.

Also all sewer mains and laterals were cleaned with the Flexible Sewer Rod Equipment.

There were 98 plugged sewer services opened during the year 1956.

Total number of new connections added this year by the Public Works Department in 1956 was 122.

Total number of new connections put in for developers by their own contractors in 1956 was 150.

Sewer Construction

Pleasant Street—Garfield Avenue to Cambridge Road
 Cambridge Road—Pleasant Street to Fisher Field
 East Cross Street—Neponset Street to Trunk Line
 Allen Road—Connecting lower end of Allen Road into Trunk
 Line on Pleasant Street
 Prospect Street—Extension to take in Shagoury Development.

Water Department

Miles of Mains at end of year	81.86
Total number of services	5276
Total number of services in use at end of year	5276
Total number of meters in use at end of year	5361
Number of meters set (new)	225
Number of meters replaced	306
New water services added	249

Water Service renewals	7
New hydrants installed by developers	18
Number of hydrants in service	647
New hydrants installed by Town	7 (MDC Line)

Water Construction

Providence Highway—Westwood Line to East Cross St. Main Trunk Line for Metropolitan Water. Work done by Zoppo Construction Co.

Pine Street Extension—125 ft. 6" C.I.C.L. Pipe

Nichols Street Ext.—Churchill Drive to beyond Westover Entrance 1400 feet 12" C.I.C.L. Pipe and 3 hydrants.

Hydrants Replaced

Front of 33 Hill Street
 Front of 111 Cross Street
 Front of 30 Lenox Avenue
 Front of 247 Prospect Street
 Front of 93 Walnut Avenue
 Front of 22 Adams Street
 Front of 435 Washington Street
 Front of 87 Walpole Street
 Front of Church on St. James Avenue
 Front of Band Stand Park—Washington Street

800,993,030

M.D.C. October 30, 1956—December 31, 1956 79,500,000

Greatest amount of water pumped or used in any one day

August 14, 1956 3,442,000 gallon

Greatest amount of water pumped or used in any week

July 22-28, 1956 19,577,500 gallon

Gallons of water supplied to distributing mains during year 880,493,030

FORESTRY

Early in the spring all elm trees were sprayed with 12% solution and later all trees along the streets and roadside were sprayed with a 6% solution of D.D.T.

The Joseph Hart Co. of Randolph, Mass. removed many dead Elm trees as well as many others and also trimmed many trees in all sections of the Town.

The Public Works Department tree men trimmed other trees when it was necessary.

One hundred twenty new trees were purchased and planted in front of property owners' homes in all sections of the Town.

RUBBISH COLLECTION

The rubbish collection is getting to be quite a problem. The Town is growing and the town should be redistricted.

We are still having the problem of people overloading large metal drums and also placing garbage in said barrels.

SNOW REMOVAL

The year 1956 was normal for snow removal until the blizzard of March 16th and March 17th hit us.

Much damage to our plowing equipment was done by this storm.

Over 1500 tons of sand was used during the 1956 season as well as 5 freight cars of salt (approximately 800 bags to a car).

Coasting signs were maintained on streets designated by the Selectmen.

PARKS AND PLAYGROUNDS

All the Playgrounds, Parks, and Baseball Fields were cleaned, material added, and rolled early in May. During the season the grass was mowed and turned at all locations.

The playground equipment was repaired, erected and painted. Also, new equipment that was purchased was erected at the different sites.

The Civic Tennis Courts were graded as usual.

The shrubbery in all Parks and Playgrounds was trimmed and shaped.

MISCELLANEOUS WORK

Mowing of grass and cutting of hedge on the Light Station Grounds was also done.

CEMETERY

All the avenues were patched and a few walks were capped with Hot Top.

WINTER STREET DUMP

Additional gravel was hauled from the Town Pit to cover the rubbish. The roadway to the dump was oiled during the oiling season.

MAINTENANCE AND CONTROL OF TRAFFIC

Traffic lines, cross-walks, parking stalls, center lines, etc. were painted by the Public Works Department men this year.

A new marking machine was purchased in order to do the above work.

"Go Children Slow" signs were erected at locations selected by the Police Department. Also, "One Hour Parking" signs and "No Parking to Corner" signs were erected on different streets designated by the Police Department.

Traffic meters were erected by contract and white parking lines were painted by the department. The meters are maintained by this department.

In conclusion, I wish to express my appreciation for the cooperation given me by the personnel of this Department and all officials and personnel of other departments of the Town.

Respectfully submitted,

ALBERT E. CASEY

Superintendent of Public Works

IN RETIREMENT

Bruno Campisano started work for the Town in the Public Works Department in 1915 as a Laborer.

He retired in August, 1956 and has gone back to Italy to be with his family.

Bruno was a very faithful worker and the Town of Norwood wishes him good health in his retirement for his many years of faithful service.

IN MEMORIAM

Henry Mulkern came to work in the Public Works Department in 1928. He was a chauffeur and utility man.

He retired in August, 1955 due to ill health, and died June 18, 1956.

The Town of Norwood extends this expression of gratitude for his long period of faithful service, and records its appreciation and its expression of condolence in his departure.

Respectfully submitted,

ALBERT E. CASEY

Superintendent of Public Works

REPORT OF ENGINEERING DEPARTMENT

Mr. John B. Kennedy
General Manager
Norwood, Massachusetts

Dear Sir:

I herewith submit my report as Town Engineer for the year 1956.

As the Town continues to grow the work load on the Engineering Department continues to increase each year. The various housing developments require continuous service of the Town Engineers in order to maintain some sort of control over the installation of water mains, sewer mains, drain mains and house connections. With the limited number of engineers in the department it is impossible to leave some of our engineers on the jobs to maintain continuous inspection and from past experience many of the developments need continuous inspection. All departments and the many special committees require engineering work and advice and these requests are so numerous that it is impossible to list them all.

A brief review of the more important requests and work done are listed as follows:

Plans, budget estimates, contract documents, lines and grades and inspections were furnished for the following jobs:

Sewer Construction by Town Contracts

Access Road—Field Line 727' 10" C.I.—32' 8" C.I.
Pleasant Street, Cambridge Road to Garfield Avenue 363' 8" V.C.
Allen Road—Pleasant Street westerly 513'—8" & 6" V.C.
Prospect Street 535'—10" V.C.
Cambridge Road—81'—8 " V.C.
East Cross St. Field Line 1541'—10" V.C.
East Cross St. Route 1 to Neponset St. 1007'—8" V.C.
Pine Street end—140'—6" C.I.
Maxwell Avenue—165'—8" V.C.
Lyman Place—268'—6" V.C.
Prospect Street to Ash Road—590'—12" V.C.
Nahatan Street to Westwood High School—800' 8" V.C.
Everett Street—960'—21" R.C.
Everett Street—770'—15" V.C.

Drain Construction by Town Contracts

Everett St. Purgatory Brook to Upland Road 625'—24" R.C.P.
Upland Road 1308'—24" R.C.P.
Rosemary St., Walpole St. to Walters Road 825'—15" & 12" R.C.P.

Bond St., Walpole St. to Main Drain 409'—24" R.C.P.

Elm Street 205'—12" R.C.P.

Water Construction by Town Contracts

Boston Providence Pike—Westwood Line 2540'—24" C.I.P.

Boston Providence Pike to East Cross St. 8263'—16" C.I.P.

Pine Street 170'—6" C.I.P.

Approval of plans, estimates for completion bonds, inspection for sewer mains, water mains and drain mains installed by the various developers and reports to the Planning Board were furnished for the following:

Azalea Drive, Industrial Way, Bornwood Drive, Stearns Drive, Cushing Drive, Alpine Road, Ash Road, Deerfield Road, Churchill Drive, Lane Drive, Stratford Road, Heather Drive, Yew Drive, Varwood Circle, Hillcrest Road, Pellana Road, Woodlawn Road, Lawndale Road. Length of sewer mains in the above developments added to the Town system is approximately 10,000 feet of 8" to 21" pipe. Length of water mains added to the Town System is approximately 7,000 feet of 8" to 10" pipe. Drain added to the Town System is approximately 7,000 feet of 10" to 30" pipe.

Miscellaneous Work

1. Plans and descriptions of zoning changes:
 - Nahatan St. at Lenox St.
 - Nahatan St. at Westborder Road
 - Route 1 at Union St.
2. Taking plan Prospect St. school site.
3. Locating and posting tree removal notices.
4. House locations, measurements and calculations on 450 buildings for the assessors.
5. Plotting 1956 land transfers on Assessors Maps.
6. Plans and descriptions of tax titles sales.
7. Plans and staking out new burial sections at Cemetery.
8. Plotting 1956 burials on lot plans.
9. Estimating sewer and water connections to new houses.
10. Installing master meter for checking water use complaints.
11. Various reports for state agencies.
12. Attendance at various appropriation meetings relative to construction costs.
13. Conferences and plans relative to the Norwood Airport.
14. Investigations and reports on various drainage conditions.
15. Gas main locations on various streets.
16. Plotting water, sewer and drainage extensions on record maps.
17. Traffic plans at various intersections.
18. Plans and amounts for sewer assessments.

19. Parking study plans and estimates.
20. Plans for parking meter locations.
21. Planning Board—Various reports on estimates of cost, progress reports on various streets in new developments.
22. Lines and grades for the construction of bituminous concrete sidewalks on Peabody Rd., Belmont St., Prospect St., Oak Rd., Elm St., Fulton St., Casey St., Lydon St., George St. and Lyman Place, a total of 2280 sq. yds.
23. Lines and grades for the construction of granolithic sidewalks and curbing on Nichols St., Dean St., Vernon st. and Hawthorn St., a total of 560 sq. yds. of walk and 600 ft. of curbing.
24. Layout of George Willett Parkway.
25. Layout of Peabody Road Extension.
26. Street Acceptance Plans on 20 streets.
27. Plans and contract documents on Callahan School, Balch School and Peabody School Parking areas.
28. Plans and contract documents of Morse Street Extension.
29. Filing of sewer construction orders at the Registry.

The work load in the Engineering Department is such that it is impossible to do it all and the shortage of qualified engineers is still acute. The shortage of engineers for municipal and state work is common throughout the State of Massachusetts and will continue to be so until salary rates are raised to induce qualified men to accept these jobs.

Respectfully submitted,

ALBERT W. THOMPSON

Town Engineer

REPORT OF TOWN TREASURER**January 1 to December 31, 1956**

Committee Meetings

The regular meeting of the School Committee is held in the Committee Room, Room 100, Junior High School Building, at eight o'clock on the third Wednesday of each month.

Superintendent of Schools

LINCOLN D. LYNCH, 21 Florence Avenue, Telephone NORwood 7-1266

The Office of the Superintendent of Schools is at the Junior High School, and is open from 8 A.M. to 5 P.M. every day, from Monday through Friday inclusive. Telephone NORwood 7-0133.

Secretary and Clerks

Elizabeth V. Syverson, 15 Park Street, Telephone NORwood 7-0021, Secretary to Superintendent of Schools and Clerk of School Committee.

Elvie A. Schaier, 44 Highview Street, Telephone NORwood 7-2227-R, Senior Clerk and Stenographer.

School Calendar

Wednesday, September 5, 1956—10:30 A.M. Principals Meeting; 2:00 P.M. Faculty Meetings, 4:00 P.M. General Teachers Meeting.

Thursday, September 6, 1956—Grades 1-12 in session.

Monday, September 10, 1956—Kindergarten in session.

Friday, October 12, 1956—Columbus Day.

Friday, October 26, 1956—Teachers Convention.

Monday, November 12, 1956—Veterans Day.

Wednesday, November 21 noon, November 22, November 23—Thanksgiving Recess.

Friday, December 21 at noon—Christmas vacation begins and schools re-open on Wednesday, January 2, 1957.

Friday, February 15, 1957—School Closes for Winter Recess. Schools re-open on Monday, February 25, 1957.

Friday, April 12, 1957—School closes for Spring Recess.

Monday, April 22, 1957—Schools re-open. (Good Friday, April 19th—Easter Sunday, April 21st.)

Thursday, May 30, 1957—Memorial Day.

Tuesday, June 11, 1957—Senior High School Graduation.

Thursday, June 21st, 1957—Tentative closing of schools.

No School Signals 2-2

Repeated at 7:15 A.M. No sessions, Kindergarten through 12th grade, all day.

Repeated at 7:30 A.M. No Forenoon sessions, Kindergarten through 9th grade.

Repeated at 7:45 A.M. No Forenoon sessions, Kindergarten through 6th grade.

Repeated at 12:15 P.M. No afternoon session, Kindergarten through 9th grade.

Repeated at 12:30 P.M. No afternoon session, Kindergarten through 6th grade.

Note: When the NO SCHOOL signal is sounded, all street lights are illuminated, if possible, for three minutes.

Radio Stations (WBZ, WEEL, WHDH, WNAC), will broadcast notices between 7 and 8 A.M. and when possible, at noon and at night.

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Norwood:

The reports of the Superintendent, Principals, and Supervisors, present vital facts related to Norwood Schools. Items which the School Committee regards reportable and not included in the aforementioned reports are submitted herewith.

Special Class

One of the accomplishments of this year just closed in the completion of arrangements to provide additional service to the people of Norwood in the establishment of additional Special Classes for Retarded Children.

The first of two such classes is now under way for such children in the younger age group (7-10) and is being conducted in the Winslow School. This class will provide for the needs of retarded children who are "educable." The next, when space can be found, will be for the trainable (so-called), group of the same age level.

New School Housing

Since 1952, the School Committee has been keenly aware of the need for additional school housing facilities. Its efforts in this direction were unavailing largely due to a set of circumstances over which it had no control. No useful purpose can be served by a restatement of the case. Reference to earlier Town Reports will support the statement that failure to supply new school housing construction is not due to lack of foresight in School Committee representations.

Notwithstanding the School Committee is unanimously in approval of and in accord with the action taken by the Town Meeting in its vote to proceed with plans for two new elementary school buildings and thus in addition to the action taken by the March 21st Town Meeting to take steps to improve the Junior High School housing problem.

Concurrently, and possibly together, the problem of Senior High School housing and Junior High School housing requires us to "take another look" at our expanding Secondary School requirements, with a view to presenting a one-best solution to the problem.

Long Range Program

School Committee members were much pleased when called upon to present for the use of such public authorities, as might be interested in a Long Range Program for Norwood's School Buildings. For the benefit of those who may be interested, the Plan is presented herewith.

SCHOOL COMMITTEE PLAN

Norwood School Building Needs Elementary

STEP I—Erect a building to house 14 classrooms—including 2 kindergarten rooms—capacity 460 pupils. Add—administration, health, auditorium, boiler, and lunchroom facilities—NICHOLS STREET SITE.

Procedure:

1. Close West School and Junior High Elementary Unit.
2. Transfer all children who live east of Route #1 including Union Street (so-called) group to new school.

Advantages:

1. West School is an uneconomical unit.
2. JHS Elementary unit is an expedient and the Junior High School will need the room space for Grades 7, 8, and 9.
3. Children who live east of Route #1 (all are now transported to Balch School) will be transported to a school which will have adequate lunchroom facilities. They will not be in crowded classrooms. They will attend a modern school with modern facilities.
4. New building will provide a lunchroom facility for all children who live West of Washington Street (whether in the Shattuck or Winslow district) and who, because of distance of residence from school, must stay at school during the entire school day.
5. Such building will provide school housing facilities for the larger of two relatively undeveloped residential areas. One area is Westover-Holmwood, the other Forbes—(so-called). (The School Committee members believe that, as between the two, the Westover-Holmwood area will develop sooner and more completely.)
6. Certain children who now live in the Cleveland Park Area and who live more than $1\frac{1}{4}$ miles from either the Callahan or Balch School may also attend such new school if it seems administratively wise to plan their attendance at the new school. Such would be the case if their transportation to the Callahan School would be either more expensive or if (more likely) the Callahan School were crowded.
7. The Balch School will be relieved of enrollment pressures. The Callahan School could be relieved by re-routing of buses(if necessary).

STEP II—Erect a building (expandible) to house not less than 10 classrooms. Its size will be determined following study of present enrollments, housing trends, and the possibility of greater patronage (enrollment wise) of the public school facility because of its proximity to residences in the neighborhood. Capacity 330 pupils. DEAN-NEPONSET SITE.

Add—administration, health, boiler, and all-purpose room facilities. (Plan so that addition may be constructed if later, it is found necessary).

Procedure:

1. Re-transfer to this school all children who live east of Route #1 except those who live in the Union Street Area.

Advantages:

1. In this geographically small area, all public school elementary children live within reasonable walking distance to and from school, all transportation costs and all lunchroom costs will be saved.
2. All day absence of children from home will be unnecessary.
3. A neighborhood school, meeting-place, and improved playground will be "at hand."

STEP III—Reserve for school purposes 6 acres (more or less) of land, most of which is now held in tax title, and adjacent to Father McAleer Playground—area located at the end of Prospect Avenue (extension). Acquire for school purposes 3 lots of land located within the area and now owned privately.

Later—if, as, or when: the Shattuck School, or the Winslow School, or both are declared obsolete or are destroyed or used for other purposes and, if, at that time, all existing facilities designed for the purpose, will not house the Town's elementary school enrollments without crowding—a school building should be erected on this site.

It will, in much likelihood be more centrally located and more accessible to the people who will live in the area than any other site in that sector of the town appears likely to be.

Secondary

STEP I—Alternate 1

Proceed with the construction of the addition to the Junior High School as recently voted by Town Meeting, and plan concurrently for an addition to the Senior High School.

Advantages:

1. Crowding enrollments at Elementary and Junior High levels will be relieved in the shorter time. (Plans are now being drafted.)
2. The Junior High School Grades 7-9 organization will have been maintained and housing for these grades will be assured for the foreseeable future.
3. Specialized services will be provided by the addition of necessary lunchroom and other special rooms, thereby modernizing the building to meet the demands of an up-to-date program.

Alternate 2

1. Erect an addition to the Senior High School—designed to house all pupils in Grade 9-12 (Total Capacity, including addition) 1500 pupils.

Include in plans provision for vocational school expansion, auditorium, and 25-30 classrooms of the larger type. Expandible addition is indicated.

Advantages:

1. Transfer of ninth-grade Junior High School enrollees will make room for expanding 7th and 8th grade enrollments—thereby postponing the immediate necessity for an addition to the Junior High School building.
2. If, as, or when it appears that the Junior High School and the Senior High School together will not house all enrollments from grades 7 through 12, sufficient time will have elapsed, and town growth and promise of future growth will have been more clearly indicated than can be predicted now, so that it will be easier to determine the direction in which the next step should be taken.

Explanation: At present it is difficult to determine whether enrollments in grades 7-9 inclusive will exceed the 1300-1400 mark and by what margin.

It is not difficult to determine, on the basis of current enrollment trends, the probability of an enrollment of 1500 in grades 9-12 within a few years (1961).

Although it can be predicted safely now that there will ultimately be more than 1800 pupils in grades 9-12 in Norwood, it will later be more accurately determined when and where new construction or new additions should be planned, (having in mind the probability of re-transfer of grade 9.).

We believe that, after the first new school is opened, many of the activities of our school program which today fall short of adequacy as a result of lack of space will be restored to their full potential.

A Look to the Future

As we contemplate the need for additional secondary school housing, we are hopeful of a more complete and satisfactory program for adolescents.

With respect to this area, we are challenged to evaluate our present High School Program, our Vocational School Program, and the possibility of post High School offerings.

There will be much greater demand in the future for education beyond the High School. Unless institutions for higher education are enlarged or increased in number, every community in the Commonwealth will be challenged to assist in provision of a solution of the problem. This could easily bring about the establishment of area Junior College facilities.

CHANGES IN PERSONNEL—1956**Resignations**

Miss Martha MacQuarrie, Kindergarten teacher, to teach elsewhere.
Mrs. Julia Van Veen, Elementary teacher, to stay at home.
Miss Patricia Whalen, Elementary teacher, to be married.
Miss Agnes Bagley, Elementary teacher, to be married.
Miss Eleanor Gleeson, Junior High School, to be married, and to teach in California.
Miss Rita E. McLaughlin, Division of Special Services, to teach in New York.
Mr. Francis Lambert, Elementary teacher, to teach in Wellesley.
Mrs. Alma Gibbons, Elementary Teacher, to stay at home.
Mrs. Trina Pross, Elementary teacher, to stay at home.
Miss Penelope Kickham, Kindergarten teacher, to be married.
Miss Gloria Innes, Special Class Teacher, to teach in Chelsea.
Miss Joan Dwane, Elementary teacher, to be married.
Mr. James Curran, Junior Building Custodian, to Police Department.

Retirements

Mrs. Marie S. Brown, Junior High School teacher.
Mr. Frank Richardson, Junior High School, Senior Building Custodian.

Transfers

Mr. Charles E. Goff, Junior High Elementary teacher, to Special Class.
Mr. Fred Richardson, Junior High School, to Boys Vocational School.
Mrs. Kathryn Paige, from Elementary to Junior High School.
Mrs. Gertrude Butler, from Elementary to H. O. Peabody School.
Mrs. Helene Goepner from H. O. Peabody to Junior High School.
Mrs. Elizabeth Stowe from Elementary to Kindergarten at Callahan School.
Miss Mary Donovan from Junior High School Elementary to Callahan School.

Appointments

Miss Joan Chase, Art Department, Senior High School.
Mr. John Levitsky, to Supervisor of Art.
Mr. John Faucett, Music in Senior High School.
Mr. Richard Talanian, Elementary Teacher.
Miss Janet Connolly, Elementary teacher.
Mr. Philip Fassnacht, Junior High School Industrial Art.
Mr. Eugene Lavery, Junior High School.
Mr. Richard Mahoney, Elementary Physical Education.
Miss Barbara Ann Decker, Kindergarten teacher.
Miss Ruth M. Murphy, Elementary teacher.
Miss Jo Anne Rogers, Special Class teacher.

Mrs. Margaret Crowley, Elementary teacher.

Mr. Kevin Barry, Elementary teacher.

Mr. Salvatore D'Espinosa, Junior Building Custodian.

Mr. John Fulton, Junior Building Custodian.

Mr. John King, Junior Building Custodian, provisional.

Mr. Arthur Henry, Junior Building Custodian, provisional.

Mr. Robert Thompson, Junior Building Custodian, provisional.

Deaths

Mr. Joseph Fanning, Junior Building Custodian.

Appreciation

We, the members of the Norwood School Committee, appreciate the willingness of the employees of the Norwood Schools in the performance, each according to his capacity to contribute, of the many and difficult tasks they have so generously undertaken.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Herewith I submit my twenty-first report as Superintendent of Schools. There are included in my report such statements as may well have been, but, for one reason or another, have not been made by others in the Report of the School Committee.

School Plant

The generous support, provided by Town Meeting, in meeting the School Plant needs of our school buildings for the past several years have made possible many improvements which have made our schools more attractive and serviceable.

On the whole, building exteriors and interiors appear to be more attractive as well as functional. True, there is more to be done, but progress is being made with each passing year.

During this past year, a beginning has been made in provision for the installation of modern fluorescent lighting in all classrooms. When the project is completed each classroom in the entire town will be provided illumination of at least 30 foot candles. The fixtures have been purchased and contracts awarded for their installation.

The older incandescent lighting was quite inadequate both from the standpoint of illumination and wiring. The installation of quantities of fixtures which have been purchased for the Balch, Shattuck, and Winslow Schools must wait until new electric services and, in most cases, new wiring is installed in these older schools.

A new transformer vault together with many new service panels and much new wiring has been installed this year at the Senior High School making it possible to complete the installation of new fluorescent lighting in the entire Senior High School building.

Contracts have been signed for large areas of bituminous concrete surfaces, on the Balch School grounds, play area adjacent to the Henry O. Peabody School for parking, and at the Callahan School for a bus loading and unloading areas.

Plans are being prepared for the building of a parking area in front of the Junior High School building.

The problem of adequate parking areas and traffic congestion at all older school locations will be a matter of concern and attention for many years to come.

Likewise, the building of hard surfaced, multiple-use play area facilities to be constructed upon all existing school locations, commands attention.

The creation of a bleacher and fieldhouse facility for the use of Senior High School athletic teams, appears to be a must in the near future. The existing bleachers, constructed of wood, and now nearly 30 years old, are inadequate, worn out and (could be) dangerous and ought to be replaced immediately.

The tennis courts could be replaced, at modest expense, with the construction of a hard, multiple-use surface which would permit its year-round use. It would make for a more efficient and profitable use of a valuable area which for years, has been costly to maintain and used to an extremely limited extent.

Plans are made for provision of hot and cold water facilities in each of our school buildings and "on" each of the floors in our schools in locations where required and convenient. The Winslow School and the Shattuck School have this year been so equipped. It is hoped that next year all schools will have been so supplied.

Large quantities of new, up-to-date furniture have been purchased during this past year to provide for additional enrollments as well as to replace old and inadequate furniture. Except for a few new teachers' desks and filing cabinets, most of the new equipment includes classroom installation of children's desks and chairs. The older type of desk has proved to be small and inadequate in meeting the needs of the modern classroom.

Of special concern and demanding early solution is the problem of adequate lunchroom facilities in the Junior High School building. In the past the problem was not serious, due to the fact that the school is centrally located geographically. Years ago, few Junior High School children lived in the more distant sections of our Town, making the lunchroom problem less

difficult. Now, however, an increasingly large number of our children are transported to school by bus and provision must be made for an enlarged and improved lunchroom facility. Elsewhere, in this, and earlier reports attention has been drawn to the immediacy of need for planning to house a much larger secondary school program than can be accommodated in the existing facilities. The Senior High School plant is, in my opinion, the logical place where new construction must first be planned and provided.

In earlier reports, and for several years, I have urged provision for additional elementary school housing which is now, though late, recognized to be a serious problem and well on its way as a result of recent Town Meeting action. Many of the administrative and educational problems of all elementary and, even the Junior High School, will be solved when the proposed new elementary schools are ready for occupancy.

The present crowding of classrooms and use of rooms poorly suited for the purpose to which they are put, will be obviated.

I have long had a strong conviction that one of the great voids in public consciousness is an appreciation of the importance of Mental Health. Parents, teachers, and school administrators alike, seem to feel that the whole area of behavior is something which belongs to the expert—to study—to understand and to relate to the everyday problems of personal and emotional adjustment.

In an intuitive sort of way, normal and reasonably well-adjusted people seem to regard and to adjust to the behavior of our friends and neighbors in an understanding manner.

However, it is only recently, that the tremendous impact of mental health or its lack, has been made a subject of conscious awareness in the minds of people.

Yes, the "ideal school" demands an awareness of and willingness to apply the principles of good mental health teaching in the organization, planning, and execution of the school program.

The simple fact of failure to recognize deviate behavior even on the part of those who profess some capability to do so is ample evidence that there is a challenging demand that we do something about it.

Personally, it gives me much satisfaction to find among members of our teaching staff a willingness, in fact, an eagerness to do something about it.

I believe that, come next year, there will be much more progress to report than can be reported this year.

Elementary School Institute

This year, every Wednesday afternoon, our elementary schools are closed so that our teachers may have the benefit of sharing experiences, "know-how" and understandings.

All facets of the elementary school education problems are explored under the guidance of trained experts. Some of our leaders are members of

our own staff. Others are coming "from the outside". Each contributes according to his capacity to do so, and all of us feel that the general tone of professional competence is being elevated in a most appreciable manner. Parents, teachers, supervisors, administrators, and especially School Committee members have been most cooperative, understanding, and best of all, hopeful that the program will bring about a desirable change where indicated and progress toward a fulfillment of our purpose—a better school program.

May I take this opportunity to express to our new teachers a word of welcome, to our older teachers and other co-workers a word of gratitude, and to the School Committee, a word of appreciation for the helpful support and encouragement which has been given me.

In Memoriam

JOSEPH J. FANNING

Joseph J. Fanning was appointed a Junior Building Custodian on April 18, 1955. Mr. Fanning served the Town of Norwood as a member of the School Department until his death on September 25, 1956.

In his memory we express our gratitude for his valued service.

* Includes 12 pupils in Class for Exceptional Children.

REPORT OF THE PRINCIPAL OF THE SENIOR HIGH SCHOOL

I have the honor to present my eleventh annual report as Principal of the Senior High School.

Generally speaking a community has the kind of schools it wants and deserves. If it is sensitive to the real needs of youth, it provides the school personnel and the school facilities necessary to meet those needs. Students at Norwood Senior High School have been fortunate both in the competence and devotion of their teachers and in the physical facilities provided to make good teaching fully effective. While we would readily agree that here as elsewhere the best educational program is yet to be devised and the best teaching methods yet to be discovered we are nonetheless conscious of steady progress towards these stated goals. Indeed the record which graduates of the school have made in all fields is eloquent to attest to the interest and concern Norwood has had over the years to provide superlative educational opportunities for its young people.

Discipline

Next to swelling enrollments perhaps the most frequently discussed phase of today's high school is the discipline of its students. Recent magazine articles and books by unhappy ex-teachers and others describe almost unbelievable conditions of misbehavior in some of the high schools of the nation. The personal and social loss entailed in any such negation of the school's proper function is, of course, beyond calculation. I am happy to report that the discipline at Norwood High School is excellent. Indeed it has long been our view that discipline comes first and that there can be no worthwhile teaching unless and until the teacher has adequate classroom controls.

This is not to say that we may not have in the future an occasional instance of misbehavior by high school students as indeed we have had in the past. Realistically such must be expected. It is to say that in a well-run school discipline is never a major problem. In such a school, teachers combine sympathetic understanding of young people with a capacity for firm insistence on good behavior. In such a school those in the higher eschelons of authority always are willing to accord teachers the fullest support in disciplinary problems. This is our steady policy at Norwood High School. It will continue.

During the year faculty members have again underlined the importance of solid achievement in all the classes in the school. Through the excellent work of our Guidance Department and other services, each teacher has been encouraged better to know each of his pupils and in the interest of the continuity of that pupil's growth to provide for him learning experiences of particular and peculiar appropriateness.

The new type of Honor Roll adopted in the spring of 1955 is specifically designed to motivate pupil achievement. At the end of each marking period it has been found that approximately 20% of the student body at the High School has reached honor grades. While this is a commendable figure, yet we hope that in the not distant future it may increase substantially. Indeed

it is believed that in today's world avoidable mediocrity is a dangerous luxury for those who in the years ahead hope to continue to enjoy the freedoms now typical of the American way of life. Parents and others are urged to give appropriate attention to the Honor status of high school students.

TABLE I**Class Honor Roll Membership by Terms**

	Term II (55-56)	Term III (55-56)	Term IV (55-56)	Term I (56-57)
Class of 1956	24*	22*	19*	
Class of 1957	14	17	15	24
Class of 1958	20	17	17	13
Class of 1959				26*

Table I above shows for each of the last four marking periods the percentage of those in each class who were on the Honor Roll for that term. For each term, the class with the highest percentage of Honor Roll membership has been starred.

Student Exchange Program

Last summer Miss Virginia Kent, now a Senior at Norwood High School, by arrangement with the American Field Service spent almost three months in Westhafen, Germany, as an exchange student. This marked the first time that a Norwood High student had gone to a foreign country under the international exchange program. Virginia returned to us in the fall with new and deepened understanding of the meaning of friendship between peoples. She has already presented several most interesting illustrated talks on her experiences of the summer before student groups and others.

During the present scholastic year our international exchange student in Norwood is Miss Jorun Knap who also by arrangement with the American Field Service has come to us from Oslo, Norway. We are deeply indebted to Mr. and Mrs. Charles P. Kent of Norwood who have so generously and graciously provided a home for this young lady here in our community. We are grateful also to the organizations and individuals who assisted the exchange program financially and otherwise during the year.

Parent Teachers Association — Scholarship Banquet

During the year the Senior High School Parent Teachers Association reached the highest level of membership since its inception in 1950. More than 300 parents attended the P.T.A. sponsored "Meet the Teachers Night" held early in December at the High School. Parents and others whether P.T.A. members or not may be certain of a cordial welcome at the school at any time.

We are also indebted to the Norwood P.T.A. Council for its part last June in underwriting the cost at the Lord Fox of the first Scholarship Banquet ever held in the history of the Senior High School. This was a memorable occasion not only for the students honored but also for the parents, the faculty members, and other friends of the school who attended.

While there had been over the years, and most appropriately, many banquets in honor of our athletic teams, none had ever before been held to honor those who had achieved outstandingly in the classroom. It is our hope that this practice may be continued. The students honored for high scholarship at the banquet last June were:

Adele Antonitis	Meredith Marsh
Marie Auciello	Judith McNally
James Bagley	Gail Munson
Mary Dowd	Frederick O'Brien
Marie Doyle	Angela Rizzo
Cinda Eisnor	Julia Ruotolo
Ruth Flood	Olivia Russell
Louise Honeth	Nancy Sansone
Marilyn Hutchings	Marjorie Sastavickas
Elaine Johnson	Jean Schaier
Virginia Kent	Eleanor Stitt
Nancy Kilcup	Dorothy Stravinski
Timothy Lynch	Joan Thompson
	Mirja Wahe

Enrollment — A Critical Problem

In my report of a year ago I stated that additional instructional space would be imperatively needed at the Senior High School when school reopened in the Fall of 1957. Attention is again drawn to this critical problem. The Senior High School will be overcrowded next September. Parents and others should realize that whether these needed facilities are in fact provided in 1958 or in 1959 or later, there will yet be no way in which to recoup the instructional losses which will be continuously and increasingly sustained throughout the period of inadequacy. For this reason it is earnestly hoped that this period, inevitable as it now is, may yet be of the shortest possible duration.

TABLE II

Enrollment (as of October 1, 1956)

	Boys	Girls	Totals
12th grade	89	74	163
11th grade	100	116	216
10th grade	131	119	250
Voc. Boys	27		27
P. G.	2		2
			658

TABLE III**Estimated Enrollment (as of October 1, 1957)**

Seniors	186
Juniors	250
Sophomores	312
Voc. Boys	30
	778

TABLE IV**Enrollment (1954-1960)**

1954	553	1957	778*
1955	593	1958	885*
1956	658	1959	955*
		1960	940*
	estimated	1961	1040

A comparison of Tables II and III above indicates that next September we shall have at the Senior High School an enrollment of approximately 778 students or about 120 more than our present membership of 658. In this connection it should be realized that even with our present enrollment, this year it has been necessary to use the school lunchroom as a studyhall during part of each school day. The maximum number of students that can be accommodated at the Senior High School without serious instructional loss is 700. However, next fall our enrollment will exceed that figure by about 78. This will mean that beginning next September, not only homeroom and study groups, but also during some periods, regular classes will have to be assigned to the library and/or to the Cafeteria.

Furthermore in September 1958 as indicated in Table IV, we shall be faced with the impossible situation of having to provide for the instruction of approximately 185 more pupils than present facilities permit. It may also be helpful in understanding this enrollment situation to realize that in September 1961, i.e., four years from next September, the Senior High School population will in all probability be almost twice as large as it was seven years before. In other words between September 1954 and September 1961 the Senior High School enrollment will have almost doubled. The need for immediate action would seem to be obvious.

A Forward Look

To provide for this increased enrollment, in the years immediately ahead we shall need at the Senior High School:

1. 25-30 additional classrooms (regular and special purpose)
2. An auditorium capable of seating at least 900 students.
3. Enlarged gymnasium facilities, including additional locker-rooms and showers.

4. Enlarged Science laboratory facilities.
5. Enlarged Cafeteria facilities.
6. Enlarged library facilities (plus a full-time librarian)
7. Enlarged facilities for the expansion of our Boys' Vocational School.
8. A modern intercommunication system between all parts of the new and old building, and
9. Most important of all—the best teachers to be found anywhere to staff the new facilities.

Personnel

In June, Mr. John Levitsky, Art Instructor at the Senior High School, was chosen Art Director for the entire system. Miss Joan Chase was elected to take over Mr. Levitsky's instructional duties at the Senior High. Also Mr. Raymond Fleck, Music Instructor at the Senior High School, was transferred to the Elementary Division, and Mr. John Faucett was named to teach music at the Senior High School. Miss Chase came to us from Boston University where she taught Arts and Crafts in the School of Education. Mr. Faucett, a graduate of Bucknell University School of Music, before coming to Norwood taught in the schools of Lewisburg, Pennsylvania, and Norwich, New York.

In September, Mr. Fred Richardson, previously assigned to the Junior High School, assumed full-time instructional duties in the Boys' Vocational Division of the Senior High School.

In Conclusion

To Superintendent Lynch, to the members of the School Committee, and to all who have assisted us in any way during the year we are most grateful. This report will close with a list of those members of the graduating class who received special honors at the 1956 graduation and with a copy of the program followed on that occasion.

High School Orchestra

INVOCATION Rev. Joseph E. McDonald

"Oklahoma" Richard Rodgers

Chorus and Orchestra
arr. William Stickles

Brand new state! Brand new state!
 Gonna treat you great!
 Gonna give you barley, carrots and pertaters,
 Pasture fer the cattle, Spinach and termayters.
 Flowers on the prairie where the June bugs zoom,
 Plen'y of air and plen'y of room
 Plen'y of room to swing a rope!
 Plen'y of heart and plen'y of hope.
 Oklahoma, where the wind comes sweepin' down the plain
 And the wavin' wheat can sure smell sweet.
 When the wind comes right behind the rain.
 Oklahoma, Ev'ry night my honey lamb and I
 Sit alone and talk and watch a hawk
 Makin' lazy circles in the sky.
 We know we belong to the land
 And the land we belong to is grand!
 And when we say Yeeow! A-yip-i-ooo-ay!
 We're only sayin' You're doin' fine.
 Oklahoma! Oklahoma O. K. Yeeow!

ADDRESS

Dr. Harry S. Broudy
 Professor of Psychology and Philosophy
 State Teachers College at Framingham

"May The Good Lord Bless and Keep You" Meredith Willson
 Chorus and Orchestra
 arr. William Stickles

May the Good Lord Bless and Keep You,
 Whether near or far away
 May you find the long awaited golden day today.
 May your troubles all be small ones,
 And your fortune ten times ten.
 May the Good Lord Bless and Keep You til we meet again.
 May you walk with sunlight shining,
 And a bluebird in ev'ry tree,
 May there be a silver lining
 Back of ev'ry cloud you see
 Fill your dreams with sweet tomorrows,
 Never mind what might have been.

REPORT OF THE PRINCIPAL OF NORWOOD JUNIOR HIGH SCHOOL

I herewith submit my seventeenth annual report as principal of the Norwood Junior High School.

Our Guidance and Testing services are areas which are regularly reviewed because of the change in emphasis in recent years in such programs. Each year we administer certain tests as part of a Guidance program, and last March we gave to all pupils the Stanford Achievement Test. Results indicate that teachers in our school are doing commendable work, for extremely good performance is recorded in several areas. Our concern, apart from the guidance benefits of the test to the individual pupil, is to strengthen

areas which are not in line with the best results. With this in mind, we have devoted a series of teachers' meetings to the analysis and interpretation of the overall tests results in preparation for curriculum revision which will move forward in the ensuing year.

The improvement of instruction, in which curriculum development is one of the areas, is the first obligation of the principal. With the demands of administrative and managerial duties, there is less time for supervisional duties, which are the most important if instruction is to be improved. This will continue as long as enrollments climb and as new teachers are added to our staff. These new teachers should be aided by the principal's supervision so that they will develop to a level of efficiency that will ensure their success, for beginning teachers should not be expected to develop by themselves, but should advance in the direction of superior teaching by the time-consuming supervision and advice on the part of the principal. New teachers in our school recognize the need for adequate supervision to help them to develop their potential, and they appreciate the help which they receive.

I point up this phase of my work because I do not have sufficient time to devote to it now, and I shall have proportionately less in the future. Principals with whom I meet regularly believe that one-third of a principal's time should be spent on supervision, while the State of Kentucky, in an official bulletin defines a principal as "a person who devotes at least 50% of his time to the improvement of instruction." If I am to perform this phase of my work adequately while enrollment continues to rise, I will need a submaster so that I can spend sufficient time on this extremely important phase of school work.

In common with schools everywhere, our enrollment is increasing and will continue to increase. At present there are approximately eight hundred pupils in the Junior High School in Grades 7, 8, and 9. With five rooms occupied by an elementary unit, our building has nearly reached its capacity. After the next school year, 1957-1958, our building will not be able to accommodate the elementary unit, but present plans call for a new elementary school to be ready for occupancy in September, 1958. If the new building will be completed at that time, our enrollment can be accommodated for that year. In the following school year, however, another substantial increase in our enrollment will take place, and this increase will continue in successive years.

An addition to the Junior High School has already been voted by our townspeople, who have seen the wisdom of the school authorities in insisting on rooms and facilities for the specialized purposes of secondary education. While a building committee is still working so that the addition can be constructed in accord with the town meeting mandate, the committee may be reluctant to push for speedy construction until the building needs of the Norwood Senior High School are also considered. While we shall welcome the several special areas of the proposed addition to our school, because they will help us to round out our educational program, we are not averse to waiting to see how the Senior High School's expansion needs will be met before our building program is undertaken.

The needs of our building are about the same as those mentioned in

my report last year. Since comprehensive building plans are underway, there is no need for me to reiterate our needs, most of which are directly caused by our increasing enrollment.

I again take this opportunity to thank you, Mr. Lynch, as well as our School Committee, for your continuing interest and support.

JOHN CORCORAN

Principal

**REPORT OF THE DIRECTOR OF THE
HENRY O. PEABODY SCHOOL**

I hereby submit the fifteenth annual report of the Henry O. Peabody School.

The year 1956 marked the Fifteenth Anniversary of Vocational Education in Massachusetts. The Governor proclaimed a special week designated for observation in the Vocational Schools throughout the Commonwealth, from October 21st through October 27th. Recognition of this outstanding accomplishment comes at a time when the onrush of growing school enrollments has forced a nationwide appraisal of the potential of vocational education and positive support for further growth and broadening of the program.

The rapidly increasing enrollment demands more programs of a practical nature in order to better hold and serve the larger number of students who plan to prepare for a job. Those of us who have an opportunity to develop programs know there is more respect and an increasing demand for well-trained graduates of vocational schools, and the scope of training has been broadening immeasurably in the last ten years. The future of our school will be shaped by these forces.

The Henry O. Peabody School, in its fifteenth year, is well established. The success of the present course offerings, in terms of placement and demand for our graduates, certainly shows a practical outcome of the training given. Nearly all who come for training complete the course entered and are placed satisfactorily on a job. (See list of graduates and enrollment chart.)

Transportation is still a major problem for most nonresident pupils who travel from distances to take advantage of the opportunities offered in Norwood. Nevertheless, they are applying in increased numbers and make up over 50% of our present enrollment.

Definite changes in our enrollment create many problems. The greater number now applying for admission are graduates of high schools. Each of our courses has high school graduates enrolled, and applications received for September, 1957, show that this trend will continue.

Our advertising program has been reduced considerably on the basis of the few inquiries received from this source. We feel that continued radio schedules during the summer months announcing the courses and opening

In Retirement

FRANK E. RICHARDSON

Frank E. Richardson was appointed a Senior Building Custodian on February 23, 1936. Mr. Richardson served the Town of Norwood as a member of the School Department faithfully and conscientiously until his retirement July 25, 1956.

date of school will be sufficient at this time. The publication of a new catalog can be deferred for another year.

The following excerpts are from the annual report of the Massachusetts Department of Education, Vocational Division:

Day School

"This school is progressing splendidly under able leadership.

"Constant effort has been made to accept only those pupils who have definite ability and interest in their chosen trade, yet at the same time there has been willingness to give an individual pupil an opportunity to prove his or her worth when circumstances have warranted.

"This school is recognized for the quality of the related placements made for the graduates. A definite effort has been made to place the right person in a specific job and with concerns where there will be an opportunity for the graduate to continue to learn and advance.

"In view of the present small enrollment in the Dressmaking Department, some adjustment in the amount of teacher service is presently under consideration, advisedly.

"Teaching organization and teachers recommended for approval.

"The following departments are recommended for approval: Dressmaking—Power Stitching, Food Trades, and Scientific Care of Hair and Skin.

"All records examined, found to be acceptable, and School recommended for approval in these particulars."

Evening School

"Standards of workmanship indicate a fine teaching program underway in Norwood. It is recommended that subjects of interest to a wider cross section of the community be considered to perhaps replace certain subjects (Decorated Ware and Hooked Rugs) which have been offered for years and in which the interest seems to be waning.

"Teaching organization and teachers recommended for approval.

"The following courses are recommended for approval: Braided Rugs, Clothing, Decorated Ware, Hooked Rugs, Jewelry, Millinery, Slip Covers, Upholstery."

The Business Department by installing newer equipment in the calculating, transcribing, and bookkeeping sections has increased its ability to cope with modernized office situations.

A new electric Comptometer, a Burroughs Sensimatic Bookkeeping Machine, a DeJur Stenorette Dictator-Transcriber, an electric Monroe Calculator, and a newer type Gray Audograph Transcriber have been added, all of which will enrich the offerings of the present program and add to the training of those now enrolled in the business machines course.

A request to organize a formal co-operative training program with our Business Department came this year from one of the larger industrial companies in Norwood. The Peabody School has operated on a similar basis since its inception, although, no formal plan has ever been instituted with any particular company. Most of the full-time business students are placed in part-time positions when ready, which ultimately results in permanent employment.

I should like to recommend, at this time, a new survey of business requirements throughout this area to better serve both the student and the employer.

The Beauty Culture Course represents approximately one-third of the school enrollment this year. It has taxed all our physical facilities for the department and has necessitated additional equipment and teaching assistance. Our student lounge room had to be converted into a classroom to accommodate the overflow.

Several specialists skilled in teaching new techniques in hair coloring and styling make regular visits to the school. Our own instructors have been attending clinics offered by the industry to keep abreast with the latest methods.

The training program of the Commercial Foods Department has attracted the attention of the foods industry. Representatives of the Massachusetts Food Service Educational Council visited the school during Vocational Education Week. This organization is interested in co-ordinating the efforts of all foods groups in stimulating interest in the field and in attracting people to train for the industry.

Mr. Edward R. Dickhaut, President; M. Alexander Armour, Secretary and Treasurer of the Council; and Miss Frances Buzzell, President of the Massachusetts Restaurant Association, were much impressed by their visit. As a gesture, to show their interest in our young students, they have planned to hold the spring dinner meeting of this organization at the Peabody School. Our Foods Department students will prepare and serve the dinner, as well as take part in the program.

Much of the equipment in the Commercial Foods Department has been in use for nearly fifteen years. From time to time, small equipment has been added or replaced. In view of the reputation which we now enjoy, I should like to recommend that we consider modernizing our kitchens in keeping with the changes in the industry. Replacements of large equipment should be done on a long-range planning basis and should be in keeping with any new building which may be anticipated in the near future.

The training offered in the Fashion Department ranges from Dress-making to Fashion Design, including technical aspects of pattern design, drafting, and grading. Initial placements in dress manufacturing this year will lead to additional placements in the future.

A graduate of this department, majoring in Fashion Design, was awarded the Scholastic Magazine National Scholarship for 1956 and is now attending Washington University in St. Louis.

Equipment for the Dressmaking Department is adequate at present, but I should like to replace the Professional Model Sewing Machines with one or two of the latest models.

Other than part-time assistance in the Beauty Culture Department, there have been very few changes in the faculty. Mrs. Helene Goepner, teacher of Social Studies, transferred to the Norwood Junior High School. Mrs. Gertrude Butler was elected in September to teach Social Studies at the Peabody School.

I wish to express my appreciation for another satisfying year to the faculty who makes the major contribution to our success; to the Superintendent of Schools, Mr. Lincoln D. Lynch, for his constant leadership; to the School Committee; and to the Trustees of the Henry O. Peabody Fund, Inc., for their continued interest and support.

REPORT OF THE VOCATIONAL-INDUSTRIAL ARTS DEPARTMENT

Submitted herewith is my annual report as Director of the Vocational-Industrial Arts Department.

Vocational Education

In prior annual reports, I have evaluated the department on its merits of performance and its needs, an indication that our trade program was an effective one. During the past year, attempts to strengthen the program were made, that we might conform to the urgent request of the State Department of Vocational Education. This was accomplished, and the use of regular high school teachers for our academic and related subjects was abolished.

In September, Mr. Fred Richardson was transferred from Junior High School and appointed to our faculty to teach English, history, and related subjects. Since his appointment, the program has taken on a new stimulus of student interest and improvement.

The following is an excerpt from the annual report of the Massachusetts Department of Education, Vocational Division, Industrial Boys' Day Trade School.

"It has been definitely settled that there will be a reorganization of the related work."

"A study should be made to determine if the need of industry are being met by the offerings of this school."

"Greater effort should be made to contact industry."

"Teaching organization and teachers recommended for approval."

"The following department is recommended for approval:
Cabinetmaking."

"All courses recommended for approval."

"All records examined, found to be acceptable, and school recommended for approval in these particulars."

In September, nine boys were accepted as students in grades nine and ten. Of this number, only four boys from our Junior High School. This fact promotes a feeling of serious concern in regard to our program of Public Relations in the future. A stronger and more vigorous program to encourage Norwood boys to look into the opportunities for trade training will be undertaken.

A very busy construction program placed the vocational shop on a schedule of making some of the most ambitious projects the school has yet undertaken. We fulfilled orders for cabinets requested by the kindergarten classes, and cabinets for the Henry O. Peabody School. Each order had to conform to specific measurements to fit properly into spaces selected for them. Upon completion, the cabinets were installed by the students. Orders from customers in the community supplied us with sufficient work of a varied nature, and helped considerably to give our students the necessary work experience needed to meet trade requirements.

Industrial Arts

The program in Arts and Industries at the Junior High School continued the exploratory experience with several subjects. The department presented a variety of subject areas, where the student could explore, to the best of his ability, the fields which some day might be his source of livelihood. We felt he was better able to judge for himself what he wished to make his life's work after he had been able to see the workings of a prospective occupation.

In September, Mr. Philip Fassnacht was appointed to succeed Mr. George Ronan. Under his direction, Industrial Arts took on a new meaning. Procedures were exemplified by the requirements of exactness in thought and manipulative skills. The students were instructed the value of keeping things orderly and neatly.

Mechanical Drawing in the Senior High School attracted more students than usual. Students are realizing that their living today is greatly affected by an industrial influence.

A representative from the Mason-Neilan Company proposed a plan to have drafting students work afternoons at the close of school, and on Saturdays. This company is in need of young people who are capable of working on the board, after some preliminary experience with blue printing techniques.

This fall, representatives came to us from the Factory Mutual Engineering Division, interested in setting up a Cooperative Training Program for High School students. The plan called for part time work, from 1:00 P.M. to 4:30 P.M., for five to ten students, boys or girls. The program was as follows: (a) Patch plans for request work, (b) Lettering, (c) Regular engineering report sketches, and (d) Date plans (preparing small plans from inspector's field notes). Due to the inconvenience of the time schedule requested, we have not proceeded with the plan, but in the future we hope to develop a solution, to these, and similar problems.

With the installation of new lighting facilities, eye strain on dark and gloomy days is now entirely eliminated. The lights do away with all dark shadows which previously created a serious handicap.

In conclusion, I believe that the year 1956 has revealed progress, as well as a very busy and productive school year. I wish at this time to express my sincere thanks to the faculty and to everyone who cooperated so graciously in advising me on matters of administration problems.

CLIFFORD H. WHEELER

Director

REPORT OF DIRECTOR OF GUIDANCE AND PLACEMENT

Herewith I submit my second annual report as Director of Guidance and Placement:

The high school student of today is surrounded by constant demands for his service. Nearly every professional and labor group is vying for the attention of our youth.

Much attention is paid to the salaries involved or to the patriotic duty or to the good one can accomplish. Very little is said of the need for satisfaction or happiness that is inherent in man.

We are attempting, here, to put first things first. We are trying to help each student see the potential within and trying to show them the best way to achieve it.

One of the chief obstacles to the success of our program, as we see it, is the attitude taken by parents whose children do not have the scholastic aptitude necessary to achieve goals for which they are aiming.

No parent is ashamed of a child who does not grow as tall as others or if one child is not as handsome as another. Why, then, should a child not be permitted to be just what he is so far as aptitude is concerned.

Since we have been in our present position we have been very busy working with the rapidly forming Norwood Area Mental Health Clinic. At the present time this office is also chairman of the finance committee.

This position requires a great deal of extra work after hours. However, the great good that can come to the Norwood school's through this association justifies any amount of work.

Your director has taken advantage of the inservice training program held weekly for all elementary teachers. Because of serious lack of time we have been able to be present only twice, but have done much to cement the bonds that should exist between all teachers and this office.

Last spring we came upon the information that some years back a large group of teachers had prepared a recommended testing and recording plan for all the schools of Norwood. We scouted around and finally came up with the materials they had prepared.

This material was discussed carefully and presented to the elementary group for reconsideration. Upon their request we have submitted the plan to the school committee, and requested sufficient funds to put the plan into operation.

Last year we notified you that we would be in our office every Wednesday night from 7 until 9. It was our experience that only one person came to avail himself of that opportunity. Therefore, we have discontinued the practice. Let it be clearly understood, nevertheless, that we are willing to make appointments for evening visits with adults if they so indicate.

Guidance

The director of guidance is a position, primarily, of administration and the director should be free from class assignments in order to fulfill, more nearly, the duties of the office.

Last year, with fewer boys and working nearly every day from 7:45 to 5:00 and every Wednesday night from 7 to 9, your director was barely able to keep pace with the work because he was teaching three classes a day.

This year, with more boys and still with three classes, we find ourselves again barely meeting minimum requirements. However, it is hoped that by the time this message is in print there will be an adjustment in the teaching load.

In the opinion of authorities in the field of guidance, your director should not do any teaching and should not do the high school counseling.

It is your director's opinion that he should be responsible for the organization and administration of a complex program embracing every child in the system.

It is hoped that next year will find that we have made great strides in the improving of our guidance practices because we will have been given the necessary time and help.

We are deeply indebted to Miss Ryan, all of the Principals, to Mr. Lynch and to the School Committee for the wonderful assistance they have given us in our efforts to perform our work well.

During the course of last year we personally interviewed every junior boy and discussed with him the results of the Vocational Battery. Each boy was given a profile chart which he might take home to use in conference with parents. This single visit is by no means ideal, but represents only a fraction of what should be done.

Every boy and girl who felt that they would not go on to college was given a mechanical aptitude test by the state employment agency and was interviewed as to the indicated results.

Every boy who planned to enter college was interviewed at least once during the winter.

In the spring this office had over a hundred interviews on elective choices by sophomores and juniors. Many changes were recommended and changes were made.

During the course of the year at least one hundred personal letters were mailed from this office to the home of students who were not working up to standard. Very few of these letters were acknowledged, and even fewer brought personal contact.

Of last years graduating class, the following picture might be drawn:

Went to college	34
Business Schools	2
Junior College	3
Teachers College	5
Nurses	4
Preparatory Schools	4

With the exception of one or two, all of the other members of this class are successfully employed through the area.

Placement

The work of director of placement proceeds very smoothly because of the large demand for personnel evident in our area.

The placement of girls in permanent positions is really no problem at all. But, there is some problem for the boys because of the fact that they will have to plan on interruptions for service functions. However, the problem is very slight.

We have had several calls for graduates of our school for positions that sound reasonably good. Unfortunately, we have no active file on graduates interested in other work. The only channel we have now is the student body.

It is the feeling of this office that we should have an active file and we are attempting to begin one this year.

On part-time work we have been instrumental in arranging meetings between employers and students that have resulted in employment for approximately 55 youngsters.

Every effort is made by this office to determine that the environment of any job situation is desirable.

This office spent a good deal of time working with the officials of a large local firm, hoping to spell out the beginning of a sound part-time program for students who are not properly motivated to function successfully in the classroom. To date there has not been much success.

THOMAS J. ROCHE

Director of Guidance and Placement

REPORT OF THE DIRECTOR OF ATHLETICS AND PHYSICAL EDUCATION

The Report of Athletics and the Physical Education Department for the year ending December 31, 1956, is respectfully submitted.

Introduction

Education in America has a responsibility, as have other great social institutions, to help boys and girls effectively in a democratic society. Education dedicated to the democratic ideals of this society must provide—

An opportunity to deal honestly and realistically with problems which come within the experience of boys and girls and within the experience of teachers.

A program rich in knowledge, skills, techniques, and understandings in all areas of life.

An opportunity to recognize and deal effectively with needs and purposes of boys and girls.

An opportunity to translate ideals of democratic society into everyday living and teaching.

Physical education has the same responsibilities and the same objectives as education in general. It is that area of education which, because it deals with the body in action, in movements, has for one of its major aims the development of the more sensitive control of this instrument for more effective functioning. It is significantly that area which deals constantly and continuously with the individual in his most dynamic learning, for he moves, sees, thinks, feels at once in situations of social and democratic import.

An opportunity for the promotion of vigorous normal growth through a wide range of large motor activities such as natural activities of daily life, free and individual play, games and sports, dance, athletics, self-testing activities, relaxation and rest, remedial and adapted activities, co-educational and co-recreational activities, trips, and parties.

An opportunity for the development of sound attitudes, habits, and knowledge of wholesome living.

An opportunity to develop interest, joy, and satisfaction in many skills, and these skills in terms of sports, dance, and recreational activities, now and which will continue in the mature use of leisure time.

This year the School Department inaugurated a physical education program in all elementary schools under the supervision of Richard H. Mahony.

Briefly, the activities we include at the intermediate grade level consist of football, soccer, basketball, volley ball, softball, kickball, and baseball skills. We also have units in rhythemics, rope skipping, tumbling, track and field, health, and posture. At the primary grade level we are developing in the children basic skills such as running, hopping, and skipping through low organized games, story plays, singing games, and rhythemics. We also give, at all levels, calisthenics before every physical education class. This is to tone up the childrens muscles before an activity starts.

Physical Education Program

Junior High School — Girls

The girls physical education program is under the direction of Miss Ellen Gifford. This program consists of corrective exercises, apparatus, marching, dancing, hiking, and posture work.

An extensive after-school program is carried out in games such as tennis, tenniquoit, volley ball, archery, badminton, basketball, and softball.

Junior High School — Boys

The program under the supervision of Mr. John Dixon consists of calisthenics, marching, apparatus, first aid, group games, dancing, and a sports club.

The athletic program consists of the following: Varsity—basketball, baseball, hockey; Intramural—basketball, baseball, and touch football. The varsity basketball and baseball consists of games played with teams in the Bay State League. These schools are: Dedham, Walpole, Needham, Milton, Framingham, Wellesley, Natick, and Norwood.

Health and Hygiene Education

Health education classes are organized in the sophomore classes for boys and girls. These classes are taught by the following: Miss Erna Kiley, Miss Mary Canning, Miss Katherine Ryan, and Orlando Scafati. A different phase of health is taught by each of the instructors. This is a weekly class.

Hygiene is given weekly to the seniors at the High School.

The general objectives of the health program are: To improve the general condition of the individual so that he may function normally, avoid disease, and fit himself for his life work, and to develop in the pupils an interest in good body mechanics through self appraisal and group judgment.

Physical Education and Athletic Program — Senior High School

An integrated program of physical education that included calisthenics, group correctives, apparatus, badminton, marching, games, and some group posture work.

The Athletic program consisted of the following sports:

- Varsity football
- Junior Varsity football
- Varsity basketball — boys and girls
- Junior Varsity basketball
- Hockey
- Outdoor track
- Golf
- Varsity baseball
- Junior Varsity baseball
- Tennis—Boys and Girls

The Varsity basketball team played fourteen games with teams in the Bay State League. The team had an excellent record of eleven wins and three losses. They were selected to play in the Tech. tournament and were eliminated by Needham.

The junior varsity also played a fourteen game schedule with junior varsity teams in the Bay State League. The junior varsity was coached by John Doyle, a former Norwood High School player.

Hockey under the supervision of Mr. George Ronan held practice sessions at the Boston Skating Club, Boston Arena, Blue Hills skating rink, Worcester Arena, and, when outdoor ice was available, at Pettys Pond. They enjoyed one of the finest seasons winning seven games, losing three, and tying one. They were defeated by Walpole for the Championship of the Bay State League. At this writing they have won three straight games.

Boys tennis under the supervision of Mr. Thomas Roche held matches with teams in the Bay State Tennis League. The competition was very keen, and the boys enjoyed a fine season.

Mr. Frank Galvani, the track coach, greeted over thirty-five boys on opening day. The boys gave a good account of themselves. We had several outstanding boys on the team. Matches were held with teams in the Bay

State League, and the Massachusetts State Relays held at the University of Massachusetts.

The baseball team won the championship of the Bay State League. We defeated Brockton and Durfee in tournament play. Newton defeated us in the semi-finals. Our record for the season including tournament play was fourteen games won and three losses. Peter Wall did a terrific job of pitching us to the championship by winning ten games during the season.

The junior varsity team also played a fourteen-game schedule. They had a fine record, and several of the boys will play for the varsity this coming year.

The golf team, coached by Mr. Everett Learnard, competed with teams in the newly formed Bay State Golf League. Our home golf course was the Norfolk Country Club.

Football candidates reported on August twenty-ninth, this being the date set by the Headmasters. The showing was poor compared to other years, but this was the same throughout other schools. We carried a squad of approximately forty-five boys who worked very hard throughout the season. Our season's record was four wins and five losses. We again defeated Dedham for the sixth straight year 23-13.

My assistant coaches, Frank Galvani, Thomas Roche, and Arthur Gulla, played a very important part in our team play.

The junior varsity had a very successful season, and we should receive a lot of help from this group next fall.

As I have mentioned many times in the past, we need ninth grade football if we are to win our share of football games. Every school that we play has a well-organized football program on this level. There are some schools that have organized football below the ninth grade. I feel this is a must if we are to continue playing the teams that we do. I feel that our boys are placed at a disadvantage every time they play a team where there is a Junior High School football schedule. I can point to the success of our hockey teams of last year and that of this year. Many of that group were started in the seventh grade, and the results are heartwarming to all of us. Therefore, I feel the same can be accomplished in football.

Senior High — Girls

This program under the supervision of Miss Erna Kiley includes corrective exercises, badminton, marching, dancing, games, and group posture work.

The after-school athletic program consists of basketball, archery, badminton, and tennis.

The girls basketball teams will play an eight-game schedule this year with teams in the newly formed Bay State League for girls. An intra-mural program in basketball is run for all girls before and after the regular season.

Girls' tennis under the supervision of Miss Ruth Johnngren enjoyed a fine season. They held matches with teams from neighboring towns.

I sincerely thank the Superintendent of Schools, School Committee, Principal, faculty, and the Physical Education Department for their splendid cooperation and assistance this past year in aiding me to realize the aims and objectives of our physical education program.

ORLANDO M. SCAFATI

Director of Athletics and Physical Education

REPORT OF HOME ECONOMICS EDUCATION

I herewith submit a report on Home Economics Education for the year ending December 31, 1956.

Home Economics in Norwood continues in its former pattern as to offerings, viz:

Junior High School

Grades 7 & 8—Required of all girls. Basic, fundamental Homemaking training. Grade 9—Major course. (Elective). Both practical and technical instruction in Foods, Clothing, Home Membership.

Senior High School

Grade 10—a. Major Elective Course (5 diploma credits), b. Short Elective Course (1 diploma credit); Grade 11—a. Major Elective Course (5 diploma credits), b. Required course for all Junior Girls in "Youth Problems" 1½ points; Grade 12—a. Major course in "Gracious Living" 5 points, b. Major course in "Family Living" 5 points.

We have an excellent enrollment in this department in both Junior and Senior High Schools and feel that the pupils are profiting from this type of instruction which fits so naturally into their everyday lives.

Teen-agers constantly face new and important problems—those which include just growing-up, developing personality, getting along with the family and other people as well as their education for life and a future occupation. In Home Economics courses, we try to help them with personal and home-life problems, first showing them how to get a better picture of themselves in order that they may understand the problems which are typical of their own age group. After helping them to recognize their problems we encourage them to start doing something constructive about solving them. Learning about themselves and others proves to be a most valuable experience, as well as great fun. All this, in addition to the technical instruction which is essential in order to cover all the usual activities of any household, goes toward making up the content of our Homemaking and Family Life courses. All Home Economics teaching is directed toward building a happy, successful life. As our courses progress and advance, thorough coverage is given not only to personal living but also to every phase of modern home and family living.

For a number of years we have been evaluating our material and methods of approach in an attempt to change the former more technical homemaking teaching into a program of education for family living and have woven into the traditional foods and clothing programs such goals as:

1. Family centered experiences
2. Pupil help in planning home-life experiences
3. Teaching in the present with a look toward the future
4. Consideration of the pupil's background
5. Helping pupils to understand themselves
6. Saving teaching time in order to explore new areas
7. Living happily with family and friends
8. Personal growth and development

In our "Youth Problems" classes we make a complete survey of the personal problems of teen-agers and those problems which the pupils themselves find most disturbing and troublesome receive our first attention. Through discussion we finally arrive at a positive approach to their daily living problems and eventually we lead this group to an understanding of the pleasures and satisfactions to be found in participating in the wholesome activities of the home, school and community.

It will be seen that it is not enough to center our courses on foods, clothing and home management or other economic factors as important as these areas of home-life education may be. Therefore, we are getting away from the "perfect" standard to an ideal which can be approached in simple practical ways with whatever materials we may have at hand. We find that a functional approach dealing with the relationships in current family life contributes much toward the development of meaningful insights. As a result pupils are finding more and more ways to express themselves through our Home Economics teaching and many find with us the way to develop their abilities and personalities.

We believe that effective teaching, given by understanding Home Economics teachers and focused on principles that make for happy family life under present day conditions can be of vital help to all of our pupils and should result in raising the standards of home life. As we help to build homes, we are helping to build countries. United and sympathetic in our efforts, Home Economics Education can be a powerful force in building a free world. We hope that we are contributing a large share toward these ends.

We have been enjoying the attractive and efficient new electric and gas ranges with which our foods laboratories at both Junior and Senior High Schools have been equipped. At Senior High School a new plastic tile floor inlaid with pattern to designate and set apart the several unit kitchens has called forth many favorable comments and has added much to the modernization and general appearance of the room. At Senior High we also have new fluorescent lights in all of our rooms, adding cheer and efficient lighting. Our continuously increasing patronage at the Senior High School Cafeteria has made it essential that we expand our storage and deep freeze facilities. We have also been obliged to add to our service personnel. All of this of course spells a healthy growth in this phase of our department work.

Our pupils have assisted with teas, refreshments and decorations at class parties, receptions, dances, faculty meetings and other social functions,

always willingly and with enthusiasm. Thus the department provides practical assistance where it may be needed and profits by the experiences provided for their pupils.

This year the Norwood Mothers' Club increased their award for excellence in Home Economics, given at graduation time to include a gold token as well as the usual check. This was a thoughtful gesture which was much appreciated by the Home Economics Department and I wish to extend my sincere gratitude to the Norwood Mothers' Club for their continued interest in our efforts for "Better Homes for America".

May I take this opportunity to extend to the Federal Lunch Organization, The Norwood Mothers' Club, the Norwood School Committee, all School administrators, Home Economics department members, our cafeteria workers and all who have given their cooperation to the Home Economics Department this past year, my sincere appreciation.

AGNES M. BRIDGES

Supervisor of Home Economics Education

REPORT OF THE ART SUPERVISOR

I herewith submit my first annual report of the art program for the year 1956.

The transition from classroom art teacher to the position of supervisor came as a welcome challenge. It presented an excellent opportunity to organize a program, and then to foster its development from the expressive first grade to the mature concepts of the high school student.

When "pattern work" is removed from an art program, something constructive and useful to the teacher must be put in its place. This replacing factor has to be based on good, contemporary art education principles.

That is why this year I am submitting to each teacher, printed information on each art activity that will be presented to their classes. A compilation of this printed matter at the end of a year or two shall be the art curriculum. These outlines are flexible, and shall be changed on evaluation of the project in relation to the students. Our art curriculum shall evolve as a natural consequence of day-to-day art activity.

A sequence of satisfactory art experiences from year to year is the backbone of the art program; and at the very outset I established a schedule whereby each teacher in the system was given equal time consideration. The framework of our whole program is so dependent on each teacher, that with the organization of the Institute, I felt here was an opportunity for a logical consistency in our program.

The Institute

Our Wednesday afternoon meetings are not only useful in organizing our total art program in relation to the child, but also it enables the teacher to feel more of a kinship to the field of art. Direct experiences with materials and methods provides the teacher with a more sympathetic response to the

Resolution

MARIE S. BROWN

We, Members of the Norwood School Committee, in appreciation of the excellent service rendered our schools and our Town by Mrs. Marie S. Brown over a period of thirty-eight years, extend our best wishes for continued good health and fortune.

We are mindful of her intense devotion to her work and are most appreciative of her interest and effort in behalf of the hundreds of Norwood children whose privilege it was to be numbered among her pupils and friends.

We trust that there are ahead for Mrs. Brown many years during which she may look back upon and derive much satisfaction from her excellent record as a servant of our Town and its people.

MISS FRANCIS L. BLANCHOT, Chairman
MRS. ROBERT H. HEMMAN
JOHN F. KILEY
JOHN J. CAVANAUGH
JOHN F. REYNOLDS
EUGENE A. NELSON
EDWARD H. THOMPSON

children's work. The teacher feels more capable and qualified to assist the child in his art experiences. Another realization that is being fostered by the teacher's actively participating in art activities is that basically, each person can enjoy the activity, regardless of varied capabilities. To say that we worked in clay sounds empty and hollow in relation to the class of 28 teachers that pounded, pushed and pulled the clay to the limits of its creative possibilities. Mural construction, unless a person directly experiences it, has many facets that can reduce the procedure to a discouraging experience. The final result should be secondary to the actual work of the organized group. At the Institute the teachers become part of a working group and were better able to understand the innermost workings of mural construction. These problems and others were then given to the children, and I know that the teachers were able to help the students to a richer and more meaningful experience through having participated in them themselves.

On the last day of the Institute this year, we shall have an exhibit of teachers' art work done at these Wednesday meetings.

Our Handicrafts Program

A program, designed to present to the children experiences with materials, was started this year. Miss Pacheco, from the Peabody School, guided the teachers at the Institute, and then visited the classrooms to assist in the presentation of the project. The program started out with simple stitching experiences that resulted in some fine articles, finished in time to be given for Christmas presents. Our handicraft experiences thus far have involved simple stitching and elementary work with cloth. As the students' capabilities increase, the program shall become richer with the introduction of more materials and different procedures. Many of the teachers have said that the students, at home, have continued their handicraft experiences. That in itself established the value and need of the course. The success of the course is due to the tireless work of Miss Pacheco, who has gone to great lengths to present a fine course to the school system. Miss Kingsbury, the director of the Peabody School, deserves our thanks for her concern and help in starting the handicraft course.

The Senior High School Art Program

This year we welcomed Miss Joan Chase as the new art teacher at the High School. Due to an increased enrollment in Art, one class has sessions at the Peabody School, with Miss Page as instructor.

At this level, the student puts all of his past art training to use. Art in relation to everyday living is of prime concern. This year, for instance, the students discussed house designs. A family was established, husband, wife and two children; income and habits of the family were decided on. Operating within these real limits, the student was asked to draw a floor plan of a house. Location and size of rooms were discussed; position of doors, traffic flow, position of furniture were considered. Using cardboard, pins, cement, and razor blades, the students then built the house over the floor plan, using that as a foundation. Individual rooms were painted, appropriate color schemes, or swatches of wall paper used. The exterior was then painted and the landscaping was designed. A meaningful project like this will intellectu-

ally and aesthetically motivate the high school student, and give to him experiences that are helpful in later life.

Miss Chase has been instrumental in guiding the students in organizing attractive bulletin board displays, and at the Christmas assembly. a large simulated stained glass window design greatly enhanced the performance. The art department at the High School also contributed to the success of the senior play, with a very capable job of scenic design.

I would like to add a word of thanks to Miss Page for the fine way in which she is teaching the over flow group from the High School.

Junior High School Art Program

Mr. Lindgren is always capable of presenting to his students the more mature concepts of art for which they are ready at this level. Ceramic work, lettering, perspective, an understanding of figure drawing, work in black and white, water color and tempera painting are presented to the students. The emphasis tends to be in the field of design, and for many students who will not have a formal art course again, this area tends to give what they can constructively use in adult life. What is a well designed object? What is good taste? What kind of furniture shall I buy? Is this table suitable for its use? How can I make this room seem larger? Mr. Lindgren, by discussion, visual examples, and problems gives to the student better capability of selection to answer these questions. The club program is concerned with materials that cannot be given to the total student body. Copper enameling is an example; earrings and pins are fashioned for use by the students.

Elementary Schools

A traveling exhibition of a Japanese school's children's work was organized and shown at all of the elementary schools in Norwood. Miss Canning, our school nurse, loaned an interesting collection of Japanese articles, a kimono, a decorative fan, wood carvings, block prints, etc.—for another traveling exhibition which was in transit throughout the town. Both displays were making the rounds of the schools at the same time, and were on exhibit at each school for about a week. In the future we hope to organize more travelling exhibits.

I am going to arrange an exhibition of our children's art work to send to the Japanese school whose work we have exhibited.

By utilizing the cafeteria table at the various schools, I hope that we can introduce more of a painting program for the elementary levels. The classrooms are not physically set up for this activity. Recently I experimented with groups at the Callahan School, and each painting session was very successful.

Each school put forth a fine display of bulletin board designs, both in the main hallways, and in the individual classrooms.

For Christmas gifts, some of the classes did ceramic objects. ceramic earrings, a decorative green felt Christmas tree pin, a needle card.

Because there were so many ambitious, unique activities throughout the year, and because we wanted permanent records of the work, Mr. John Sullivan, the Camera Club director, referred two High School camera enthusiasts

to me. They snapped colored slides which we hope to have duplicated, one for the classroom teacher and one for my records. On the last day of the Institute, besides our exhibition, we shall present a showing of these slides.

Although unique presentations attract attention and assume a certain distinction—as well they should—it is to the individual classroom teacher of our system that I should like to direct your attention; who, through day by day contact with the students, has done a good job. I thank them for their help and co-operation.

To the Principals, Mr. Lynch, and the School Committee, thanks for your support of the Art program.

JOHN LEVITSKY

Art Supervisor

REPORT OF THE SCHOOL HEALTH DEPARTMENT

My twentieth annual report for the School Health Department is herewith submitted.

The scope of the school health program has changed considerably in these twenty-nine years. Currently emphasis is placed not only on the prevention of disease as then, but on health promotion and rehabilitation when it is indicated. The school nurse works as a member of a team dedicated to furthering community health. Her activities bring her in contact and co-operation with the school, the home, the clinic, the health center, the family doctor, and the family dentist. Her program must be adapted to meet the changing needs of the community. She is concerned not only with the physical handicaps of the child but his mental and social ones as well. There is a greater need for the dissemination of reliable health information to combat the half truths with which the public is being bombarded by radio, TV, and the press. This is accomplished through health teaching and health counseling. So too must the nurse be aware of the social problems which are predisposing factors to delinquency as well as the need for treatment and correction of these conditions as a preventive measure. The nurse recognizes her responsibilities and accepts them by sharing in the planning and action of the other team members to attain one goal—better health for the child and the community. Her work is not spectacular nor is it uninteresting. Many necessary routines are monotonous but they do make an important contribution to the over-all picture of the child's school health program.

Screening Tests

The school health appraisals by the school physicians, George R. Allen, M.D., and Harriet E. Rogers, M.D., include each child in the system from grade K through 12. At each level there is a clamoring each fall to have examinations completed early so that the child may participate in all school activities. It is customary to start with the senior high group since their physical education and sports program is of a more strenuous nature following with the junior high and elementary grades

The over-all health of the children is good. This does not mean however, that defects of a major and minor degree were not found. Many children had no defects while others had several. Some 4016 defects were noted on their records including 1760 dental defects, 10 emotional, 358 nutritional, 273 eye and ear, 567 nose and throat, 122 cardiac, 121 posture, 10 feet, and 793 other defects. Of the 4016, 2404 were referred to family doctors and dentists for diagnosis and treatment.

The dental examinations by the school dentist, Dr. Timothy J. Curtin, were made on all children from grade K through 12. 3492 were examined and 1760 found to be in need of treatment at that time. 453 had necessary work completed at the dental clinic while 827 were completed by the family dentist. 160 others were in the process of completion at the close of school in June.

Current literature paints a dark picture on the incidence of dental caries. It advances no specific means of control other than constant education to the end that the child and the parent learn the importance of proper nutrition, fluoridation of the water supply, and routine care of the teeth at all age levels. Over the period of years since we have had an active preventive dental program in Norwood there has been an appreciable improvement in the appearance of the teeth but there is still much to be accomplished in this area.

All children in the school system are screened for visual defects with the Massachusetts Vision Test. 3568 were tested. 206 failed the test and were referred to the ophthalmologist. 199 were accepted as needing attention. In addition, our other children already wearing glasses, had routine follow-up for necessary changes in their refraction.

The School Eye Clinic under William F. Ryan, M.D., held 21 clinics during the year. 184 new patients made 369 visits to the clinic. 124 of this group had their refractive work done under drop therapy. 18 were treated for diseased conditons of the eyes and lids and 8 were referred elsewhere for more intensive therapy than the clinic could handle. The eye clinic is not conducted under what might be termed ideal conditions. The room is badly crowded when the children and the parents are all present. Any privacy in the examination is impossible. Lighting, ventilation, and heating are inadequate. It is a case of too much or too little most of the time.

Screening for hearing losses is done with the Maico Puretone Audiometer. Group tests are conducted for children in grades 2 through 12 and individual tests for all who fail the group test and for all children in grade K and 1. This latter group is a large one. Individual testing is tedious and exacting since every effort must be made to avoid unnecessary referrals of hearing losses. The lack of sufficiently sound-proof rooms adds to the difficulties since the testing must be done in competition to the usual noises found in any school building. The teachers help to keep the children as quiet as possible. Of the 3568 children tested, 67 were found defective and referred to an otologist for diagnosis and treatment. 63 were accepted as correct referrals.

Lip reading and special seating in the classrooms was arranged for children with permanent hearing losses. Our senior high students have had

no lip reading this fall because of the shortage in the special services department. One child entered Horace Mann School for the Deaf.

The 232 routine chest X-Rays of the twelfth graders and all new students in the foods department of the H. O. Peabody School in October showed no evidence of pulmonary infection. Negative reports were found for the 14 school personnel who were checked at the same clinic. The follow-up X-Rays and examinations for the tuberculosis contact children were done at the Tuberculosis Clinic held at the Town Hall each month in the Board of Health Rooms. Much time is thus saved that was formerly lost going to the Norfolk County Hospital in Braintree for them to have their check.

The number of children who take advantage of the diphtheria-tetanus program decreases each year as the children receive their inoculations from their family doctor during their pre-school years. It would seem that the school has served its purpose in educating the parents to take advantage of this important treatment in preventing these infections so that this work might be taken over entirely by the family doctor or the Board of Health in instances where there is no family doctor and relieve the school of that responsibility.

The Polio Program, previously concerned with only the younger elementary children, was extended in May to include the children from 6-15, and in October for the 15-20 group. If the results continue to show the drop in incidence on paralytic polio as noted to date, the time and effort expended in conducting these clinics will be well spent. To say some 5000 injections were administered this year and that over 90% of our school children have been immunized at school or from family doctors gives little indication of the great amount of time and effort consumed in securing the parental consents, preparing for and administering the vaccine, cleaning up after the clinics, recording the date and lot numbers of the vaccine on the immunization record and health card, and making reports of same to the Board of Health. The 419 in the 15-19 age group will receive their booster injection in May 1957. Many of the school personnel took advantage of the opportunity to have the vaccine. We are greatly indebted to many volunteer nurses and doctors who helped make this program a success.

Because of the pressure of the increased enrollment it has been deemed advisable to discontinue monthly weighing and measuring, unless specifically indicated in any particular case, and adopt a schedule of weighing and measuring in September, February, and June only.

Accident and Safety Education

Again I would like to stress the need for more specific safety education at all age levels. We have only to see the enviable record of our boys' Vocational Class at the senior high to appreciate what can be accomplished in that area. Even though we do have an excellent insurance policy for accident coverage every effort should be made to reduce the number and severity of accidents. A survey of the accidents reported this past year shows that a majority of them occurred between 11:00 a.m. and 2:00 p.m. and many of these during the noon recess with children not going home for lunch.

Mental Hygiene

It is interesting to note in my first report that in 1929 we were fortunate to have had the services of the Habit Clinic for children from birth to 9 for a year and a half and that a second Guidance Clinic had been added to care for those children from 9 years on. Both were sponsored by the Division of Mental Health. We continue to hope that the time when we will be able to refer our children with mental and emotional problems to a Mental Hygiene Clinic is not too distant. Such reports as are available seem to indicate that the chances for an early clinic are excellent.

Home Nursing

The junior girls at the H. O. Peabody School earned their certificates in the Red Cross Home Nursing class. If this class could be offered to girls in the senior high school it would meet a need long recognized, for many of the girls step directly into matrimony after graduation and could use this training to good advantage in their homemaking.

In-Service Training Program

The Health Department participated in this program for elementary teachers in orienting them to the health services available in Norwood, the function of the school health program, and the role of the teacher and the nurse in this program. The health of the teacher was also considered. Sources of health education materials and exhibits of available materials were provided. In addition the consultant services of Mrs. Frances Pitts, Health Education Director for the Norfolk County Tuberculosis and Health Association, were made available to help the teachers in organizing and implementing their health and safety education program.

Professional Improvement

To meet the current standards and qualifications for practising school nurses as recommended by the State Departments of Health and Education and of the Public Health Section of the American Nurses Association Miss McDonough and Miss Canning completed studies at Boston University for a Bachelor of Science degree in June 1956. In addition, Miss Canning received her Masters degree in Education from the same university in August 1956.

Records

There is a tendency to minimize the importance of the time required and spent in keeping accurate records. The nursing service receives no clerical assistance so if records are to be kept the nurse must keep them. The notations to be made on the cumulative health records alone mount up to numbers that would outdo even Amos and Andy figures when one considers all new cards must be started when a child enters school and are continued through the years to graduation. In addition to the initial entries of family history and pre-school development are noted all physical findings of the doctor and dentist, the corrections of defects, heights, weights, eye and ear tests, illnesses, accidents, operations, inoculations, health problems, home visits, and such other data as may be helpful to the teacher or nurse working with that particular child. A child leaving the system takes his card with him

and it is expected that the child entering from another system will have one. This is not true. The turnover is rapid these days and it is not at all unusual to have to start hundreds of new cards for these new students in one year. In addition there are many reports and records to be kept during the year which show little for the time taken but which are important when working with others to help the child.

Suggestions For Improving Health Services

The Health Department is feeling the pressures of an increased enrollment not only from the angle of the work itself but as a result of the lack of adequate facilities which interfere with the best use of professional services in carrying out even simple routine techniques. If, as, and when future schools are built it would be well to consider the need for providing health rooms where all work can be done to avoid our present situation where it cannot. Such planning would assure effective use of the nurses' and doctors time, provide better service, and facilitate the entire program in contrast to our present "make the best of a bad bargain situation." The more crowded the schools become the more difficult it is for us to find places where we may do our work.

In general the health facilities do not measure up to the standards that the educators set for these services. Privacy and quiet are non-existent for physical examinations unless children awaiting their turn remain in the corridors.

In particular may I point out the inadequancies of the existing facilities. The nurses' room of the Callahan School, originally was located on the first floor opposite the principal's office, was moved to the second floor to make way for the school library. Access to this room is by a narrow wooden staircase so routine work such as weighing, physical examinations, immunizations, etc., must be done in the assembly hall to avoid hazardous congestion on the stairs. A sick child might easily be overlooked in the absence of the nurse from the school. Since 1950 requests have been made to have this room repainted to make it as clean and cheerful as a health room should be.

No longer does the nurse have a room in the Winslow School where she may do her testing. She, with the special service teachers, must share the teachers' room and in so doing deprive the teachers of its use. Weighing must be done in the corridor, eye testing and immunization clinics in the downstairs playroom, and physical exams squeezed in as best she can.

At the Shattuck School the nurse shares the use of the teachers room and does her testing and routines in other sections of the school.

The Junior High School nurses room is a poor example of health room. It is such a distance from the main office on the first floor that many times when a nurse is not scheduled for the school a sick child is left without attention because no one is aware she is in the room. Such lighting as is available is from a dusty skylight and old time hanging lamps. New type lights were never installed as in the rest of the building. Ventilation is poor. During the winter months the room is seldom warm enough and usually there is such a draft from the fan room that fur boots are in order. An unsuccessful attempt has been made to shut off this draft by using masking tape and a curtain over the fan room door.

The nurses room at the Senior High School is still without the benefit of hot water despite the many requests made for it since 1950. Here too, the room is inadequate for the testing program. An area where the physical exams can be done without noise that masks heart and lung sounds is in order. Nor can private counseling be given without asking the students who are waiting to go to the library or wait in the corridor.

New Equipment

It is imperative that new files be provided for the increasing number of health records to be filed. Children with Lincoln Health Records are adequately cared for but we must make provision for those in grades 4-12 having Massachusetts Health Cards. Polio immunization cards and consent letters need proper filing accommodations.

With the increasing use of the Audiometer for individual hearing tests a second machine is indicated. If in no other way, this machine might be provided as new equipment for a new building. Our present earphones for group testing have been in constant use since 1929 and will need to be replaced in the not too distant future.

Registration for children entering grade K and 1 takes place each spring. It is suggested that each school have a separate registration day so that all the nurses may be in attendance to talk with the parents about health problems the child might have, to explain the importance of the child having all physical defects corrected before entering school, the need for immunizing them against diphtheria, tetanus, whooping cough, smallpox, and polio before this time, and to encourage the mother to have the child seen by the family doctor to find any remedial defects and to have them corrected.

Conclusion

We of the Health Department thank all in the schools and the community who have given us their interest, cooperation, support, and encouragement in our work and our program.

MARY A. CANNING, R.N., Ed.M.
Supervising School Nurse

REPORT OF THE ATTENDANCE OFFICER

I herewith submit my twenty-fifth annual report as Attendance Officer for the year ending December 31, 1956.

Total number of investigations	251
Number of Truancies	24
Number of illness cases investigated	124
Assisting at home	19
Investigation of cases where home permits were desired	2
Investigation of cases where working certificates desired	3
Miscellaneous cases	79
Total number of children returned to school	19
Number of court cases	0

HENRY F. BREEN, JR.
Attendance Officer

FORTY-THIRD REPORT

OF THE

TOWN ACCOUNTANT

OF THE

TOWN OF NORWOOD

CLASSIFIED SUMMARY OF TOWN DEBT
December 31, 1956

To the Honorable Board of Selectmen:

Gentlemen:

The foregoing is submitted as the report of the Town Clerk and Accountant for the year ending December 31, 1956, setting forth abstracts of the records of town meetings and elections, vital statistics and statements of the appropriations and expenditures and the receipts from each source of income, also statement of funded debt, information relative to maturities and debt, the balance sheet showing assets and liabilities at the close of the fiscal year.

I certify that I have examined the securities and savings deposits of the Trust Funds in the hands of the Town Treasurer and find them to be correct as shown in the following schedule.

Having been appointed General Manager of the Town of Norwood by the Board of Selectmen on January 15, 1957, this is my final report to you in the capacity of Town Clerk and Accountant. I am deeply grateful for the privilege and honor of being allowed to serve the Town of Norwood as Town Clerk and Accountant for the past seventeen years. I am also grateful for

the confidence, cooperation and consideration extended to me by the Selectmen and all other town officials. I also wish to express my appreciation to the employees in the office of Town Clerk and Accountant for their cooperation and consideration given me during the years that I served as Town Clerk and Accountant, and to all other persons who have so generously given to me of their time and efforts, I express my deepest personal appreciation.
